

AVPH Receives a Gift of Wheels

The Alaska Veterans and Pioneers Home (AVPH) in Palmer recently received a wonderful donation from the Disabled American Veterans (DAV) charity - two person quadricycles! While quadricycles may not be as well-known as their bicycle counterparts, these wonderful contraptions are far more comfortable and a much “cooler” way to get around, just ask our elders! These new sets of wheels were donated by Walter Petru, a representative of DAV, who received them and fixed them up before gifting them to the elders of AVPH. Mr. Petru’s gift has not only brought joy to the Home, it also provided a fun new way to explore Palmer and get some exercise in the process!

Thank you to Mr. Petru and DAV from all here at the Alaska Pioneer Homes!

Above Left: AVPH Protective Services Specialist III, Adrianna Shipowick, bids adieu as AVPH Administrator, Josh Shaver, takes an elder out for spin on one of the new quadricycles.

Above Right: A beautiful day made for the perfect day to try out the newly gifted quadricycles.
