

## *Introduction*

**A**s part of the responsibility to promote and protect the well-being of Alaskans, the Alaska Department of Health and Social Services provides a broad array of health and human services supported through grants to nonprofit agencies, Alaska Native entities, and municipalities around the state. Grants issued to date are first tabulated in reports by program, with a subsequent report providing a summary of grants by Election District. Significant changes have been implemented within the department this year, with strategies designed to improve statewide service coordination and delivery. Those who are familiar with the department's programs and this annual publication will note an increase in program funding combined with a considerable reduction in the total number of grants. This reduction has been accomplished through consolidation of grants to help ease the administrative and reporting burden for grantee agencies, and by supporting ongoing efforts to integrate and improve related services.

In fiscal year 2006, more than \$137 million of the department's annual budget is estimated for award through grants, with additional services supported through contracts and Provider Agreements, where those mechanisms better serve the targeted populations. The department and its employees continue their commitment to the provision of responsive and effective community-based services.

Karleen K. Jackson, Ph.D.  
Commissioner

**Alaska Traumatic Brain Injury Advisory Board (ATBIAB)**

**Authority:** AS 47.30 Community Mental Health Services; 7AAC 78 Grant Programs

**Priorities:** The State of Alaska conducted a federally funded two-year planning process, which culminated in the creation of the ATBIAB, identification of the Division of Behavioral Health (DBH) as a lead state agency and formulation of a state plan. The State of Alaska has identified an acute need for support and services for individuals with Traumatic Brain Injuries (TBI) and their families. In addition to other activities, the ATBIABs function is to conduct Advisory Board quarterly meetings for purposes of overseeing statewide planning for program services and support. At least one quarterly meeting per year will be held in a rural location.

**Target Group:** Services are provided statewide to Alaskans with a Traumatic Brain Injury and their families.

**Resource Allocation:** The appropriation of funding for the ATBIAB is specifically identified in the State of Alaska's approved federal grant from the Health Resources Services Administration (HRSA) and the Alaska Mental Health Trust Authority.

**Criteria:** Criteria for awarding this grant is derived from regulation 7 AAC 78.095(a)2, as the ATBIAB is the only agency with the capability to accomplish the goals of the grant project; being specifically identified as the sub-recipient in the State of Alaska's federally approved TBI Implementation grant.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

**Alaska Traumatic Brain Injury Advisory Board (ATBIAB)**

<b>Grantee</b>	<b>Area(s) Serviced</b>	<b>Region(s)</b>	<b>Election District(s)</b>	<b>Service(s)</b>	<b>Fund Source(s)</b>	<b>Award Amount(s)</b>
Alaska Traumatic Brain Injury Advisory Board	Statewide	Statewide	17 - 32	Svc Planning for Traumatic Brain Injury	MHTAAR	\$150,000

**Grant Award 602-06-851 Total: \$150,000**

**Total Awards: \$150,000**

### Alcohol Safety Action Program (Adult & Juvenile)

**Authority:** AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7AAC 78 Grant Programs.

**Priorities:** Priorities of the program are alcohol and substance abuse screening, referral, and monitoring education or treatment requirements of misdemeanor cases. Quarterly reports and program reviews demonstrating performance and Advisory Board recommendations are also considerations. Each program has an adult component and may have a juvenile component.

**Target Group:** Adult ASAP: Services are intended for clients who have a current or pending misdemeanor criminal case. Most clients are referred directly from the court as a condition of their sentence, although they may be assigned prior to their conviction as a condition of release.

Juvenile ASAP: Services are intended for clients who are served for adolescent assessment, referral, and treatment related to underage drinking and drug offenses. Juvenile ASAP serves clients aged 14-21 who have been convicted of a minor consuming, minor in possession, or tobacco violation. Most clients are referred directly from the court as a condition of their sentence, although they may be assigned prior to their conviction as a condition of release.

**Resource Allocation:** Criteria for allocation of funds for these services are 1) cost per case; 2) size of caseload and; 3) support of the local justice system. Geographic consideration is based on the number of cases in each court location. Award of Juvenile Alcohol Safety Action Program funding is made only to grantees that currently have an adult ASAP infrastructure in place. A 25% match is required except where reduced by approved exemption.

**Criteria:** Criteria for awarding grants are derived from statute and regulation and include evaluation of component costs, budget summary and narrative, program narrative, and goals and objectives. Recommendations are made by an evaluation of statistical data reported from the courts and the information provided in applications. Final funding decisions are made by the Commissioner of Health and Social Services.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Alcohol Safety Action Program (ASAP)

**Behavioral Health Provider Association**

**Authority:** AS 47.30.520 - 620 the Community Mental Health Services Act and AS 47.376 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Grant Programs.

**Priorities:** To enhance behavioral health services and quality of life for all Alaskans by providing leadership, which ensures high quality, affordable behavioral health services.

**Target Group:** This grant targets primary providers of behavioral health services in Alaska.

**Resource Allocation:** Funds for this grant are identified in the Division of Behavioral Health Federal Block Grant.

**Criteria:** The Alaska Behavioral Health Association is the only statewide association eligible under 7 AAC 78.030, whose members are the primary providers of behavioral health services in Alaska.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

### Behavioral Health Provider Association

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Alaska Behavioral Health Association	Statewide	Statewide	99	Mental Health	Fed Rcpts	\$55,200

**Grant Award 602-06-923 Total: \$55,200**

**Total Awards: \$55,200**

**Bridge Home - Housing and Housing Retention Support Services**

**Authority:** AS 37.14.041 and AS 47.30.056 Use of Trust Settlement Income Account; 7 AAC 78 DHSS Grant Programs

**Priorities:** The Alaska Mental Health Trust Authority allocated funding for grants to provide rental subsidies and related housing costs, as well as residential support services, for up to 40 adult individuals. Participants will receive intensive, on-site residential support services and living skills development, as well as supportive employment training. 24-hour outreach services will be available to respond in time of need.

This program provides funding to address a critical gap in our system for long-term housing assistance to a population that is excluded from current programs. Clients are offered a chance to demonstrate the ability to remain in stable housing and reestablish eligibility for the HUD Housing Choice Voucher program.

**Target Group:** The pilot Bridge Home program targets adults who are exiting institutions with a serious, chronic mental illness and a history of cycling from the Department of Corrections, Alaska Psychiatric Institute and homelessness.

**Resource Allocation:** This is a demonstration project to begin in the Anchorage area with a single grant to provide services to the highest density target population. The pilot is anticipated to be made available to other Alaska communities in the future.

**Criteria:** The successful proposal must demonstrate a thorough understanding of the goals and outcomes anticipated by the Department and the project must meet or exceed the anticipated outcomes. Program goals include: ensuring public safety; reducing criminal and clinical recidivism; providing a supported housing alternative to corrections; assisting clients to achieve self-sufficiency by accessing mainstream resources, such as a social security benefits and federal housing subsidies; and demonstrating the overall cost savings to the State of Alaska for the use of supported housing vs. institutionalization.

**Appropriation:** Funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Services to the Seriously Mentally Ill

### Bridge Home - Housing and Housing Retention Support Services

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Anchorage Community Mental Health Services, Inc.	Anchorage	Anchorage	17 - 32	Supported Housing	MHTAAR	\$750,000

**Grant Award 602-06-980 Total: \$750,000**

**Total Awards: \$750,000**

**Bring The Kids Home**

**Authority:** AS 18.08.010, AS 44.29.150, AS 47.30.477, AS 47.30.520 - 620, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, and 7 AAC 71.010 - 71.300 Community Mental Health Services; 7 AAC 29, State Standards for Alcoholism Programs and 7 AAC 78 DHSS Grant Programs

**Priorities:** The program goal is to enhance or establish an array of services statewide through pilot projects to ensure that all children in out-of-state custody have appropriate treatment options within their community or close to their families. Having treatment options and family support within their own community enhances the child's likelihood of success for returning home. Pilot projects include enhancing in-home treatment services and resources for the prevention of crisis situations; crisis nursery/treatment preschool; individualized support services for transitional aged youth 16-21; mental health respite/stabilization homes; treatment resource homes; therapeutic group homes; and individualized high risk therapeutic group homes.

**Target Group:** The program serves children in out-of-state treatment care; children aged 1-10 in need of crisis treatment, and transitional aged youth, aged 16-21, in need of individualized support services.

**Resource Allocation:** Programs and funding have been allocated statewide.

**Criteria:** Eligibility criteria for this program includes the criteria found in 7 AAC 78.030, and requires the applicant have the ability to bill Medicaid. Applicants, as well as their proposed project partners must have prior experience providing similar services.

**Appropriation:** Grant funds for this program were allocated to the Division of Behavioral Health from the Alaska Mental Health Trust Authority.

**RDU:** Behavioral Health

**Component:** Services for Severely Emotionally Disturbed Youth

**Chemical Dependency Professionals Certification**

**Authority:** AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Grant Programs.

**Priorities:** This grant provides a certification process in Alaska for substance abuse counselors. The grantee also reviews and approves all trainings required for the certification process.

**Target Group:** The grant serves individuals desiring certification for the provision of substance abuse services within the state of Alaska.

**Resource Allocation:** Resources are specifically directed for the support of the certification process.

**Criteria:** The grantee is the only entity statewide providing substance abuse certification services.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

### Chemical Dependency Professionals Certification

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Alaska Commission for Behavioral Health Certification	Statewide	Statewide	99	Chemical Dependency Certification	Alchl/Drug	\$45,833

**Grant Award 602-06-301 Total: \$45,833**

**Total Awards: \$45,833**

**Comprehensive Behavioral Health Prevention and Early Intervention Services**

**Authority:** AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; AS 47.37.045 Community Action Against Substance Abuse; AS 47.30.475 Grant-in-aid program; AS 47.30.470-AS 47.30.500; Public Health Service Act, as amended, Title V, Part B, Section 501(d)(5), 42 U.S.C. 290aa; State FAS Comprehensive and Integrated Project. 7AAC 78 Grant Programs. The suicide prevention funding is based on recommendations contained in the March 1988 report of the Senate Special Committee on Suicide Prevention.

**Priorities:** The goal of this program is to provide comprehensive, integrated behavioral health prevention and early intervention services related to substance use and abuse, suicide, fetal alcohol spectrum disorders, youth development and resiliency, and promotion of community, family and individual wellness across Alaska. This program is representative of the new focus of Division of Behavioral Health on a broader behavioral health direction to integrate social and health services into intertwined holistic services that will lead to improvement in our suicide rates, family wellness, reduced drinking among teens and adults, healthy pregnancies free of alcohol-related disabilities, and stronger and healthier communities, families and individuals.

**Target Group:** Statewide, focusing on prevention and early intervention services across the life span (all ages). Primary focus will be on the individuals we know are at higher risk including children whose parents have a problem with alcohol and/or drug addiction and dependency. Attention will be given to regional location of grant programs, making sure there is a fair distribution of grant funds across the state and among rural and urban populations.

**Resource Allocation:** Funding is from a combination of federal funding, general funds and alcohol tax funds. A 25% match is required except where reduced by approved exemption.

**Criteria:** Eligible applicants include nonprofit organizations; municipalities and Regional Educational Attendance Areas or other political subdivisions of the state; other State agencies; Alaska Native Tribes; or a combination of these entities. Funding is issued through a statewide competitive solicitation process. Proposals are solicited that address the goal of promoting communities utilizing effective practices and partnerships.

Proposals are categorized in four (4) categories based on community size and agencies offering multi-programs or programs to multi-communities. Proposals must contain tangible evidence of participation in community association, partnership or collaborative agreements that will enhance the applicants ability to achieve program goals and desired outcomes.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**Comprehensive Behavioral Health Treatment Programs**

**Authority:** AS 47.520, Community Mental Health Services Act; AS 47.37.130, Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Grant Programs

**Priorities:** Grants are intended to support integrated treatment through community coalitions of providers, across the spectrum of behavioral health services including: psychiatric emergency services; services to adults with serious mental illness; services to seriously emotionally disturbed youth; services for individuals with co-occurring mental health and substance use disorders; individuals with substance abuse disorders - including pregnant women, IV drug users, women with dependent children, youth, and other persons and families whose presenting problem is addiction to, dependency on, or chronic disabling use/abuse of alcohol and other drugs, including prescribed and over-the-counter medications and household/general use products that contain inhalant chemicals and substances.

**Target Group:** Statewide, focusing on treatment across the life span (all ages).

**Resource Allocation:** Programs and funding are allocated statewide.

**Criteria:** Proposals are evaluated for the criteria contained in 7 AAC 78.100, as well as the grant in aid process as provided for in AS 47.30.475 and AS 47.30.540.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health  
Departmental Support Services

**Component:** Alcohol Safety Action Program (ASAP)  
Behavioral Health Grants  
Community Action Prevention & Intervention Grants  
Facilities Maintenance  
Health Planning & Facilities Management  
Psychiatric Emergency Services  
Services for Severely Emotionally Disturbed Youth  
Services to the Seriously Mentally Ill

## Evidence Based Practices

**Authority:** AS 47.30 Mental Health; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Grant Programs.

**Priorities:** Evidence Based Practices (EBP) are those programs that are scientifically tested to demonstrate that they improve client outcomes. Integration of mental health and substance abuse treatment services, an EBP, was the first major step in developing a phased statewide behavioral health system. Pilot projects under this program represent additional steps towards implementing program designs that current evidence suggest will be the most successful therapeutic and cost effective program models.

**Target Group:** Women and Children programs deliver services for addressing special treatment needs of women with children, for women with substance abuse problems: health services, mental health treatment, child care, transportation, safe housing and parenting skills training, as well as problems arising from histories of domestic violence and sexual assault. Youth with Families programs deliver services for adolescents and their families, addressing unique treatment needs of adolescents and issues that play significant roles in their lives, such as cognitive, emotional, physical, social and moral development, and family and peer environment.

Illness Self-Management & Recovery refers to peer-facilitated services to help people cope with mental illness more effectively and facilitate their ability to care for themselves. Collaboration between consumer organizations and community mental health centers are encouraged to maximize resources, and share expertise.

Supported Employment - Competitive work in integrated work settings, consistent with the resources, priorities, abilities, and informed choice of individuals for whom competitive employment has not traditionally occurred, has been interrupted or intermittent as a result of a significant disability.

SED Children and Youth with FASD program promotes development of an Alaskan model, combining promising practices in wraparound for children and youth with SED, with research contributing to the evidence base of best practices for treating children with FASD. This project is intended to provide needed individualized services, and add to the evidence base for promising practices for children and youth with these multiple diagnoses.

**Resource Allocation:** Funding is allocated statewide.

**Criteria:** Grantees provide independent project evaluation to assess the process and outcome of evidence based practices delivered.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants  
Services for Severely Emotionally Disturbed Youth  
Services to the Seriously Mentally Ill

### Evidence Based Practices

### Family Recovery Camps

**Authority:** AS 47.30.056 Use of money in the mental health trust settlement income account; AS 47.30.475-477 Grant-in-aid program; AS 47.30.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Grant Programs.

**Priorities:** This grant program makes funds available for the development and operation of Family Recovery Camps. These camps are intended to promote the health and preservation of Alaskan families and communities by providing substance abuse treatment services to individuals and their families, and by reducing or eliminating the abuse of alcohol, other drugs, and inhalants. This program differs from other treatment programs in that it is community-based, located in rural settings, admits and works with all family members, and relies heavily on the use of culturally-relevant treatment modalities. This project is perceived by the Mental Health Trust to have high potential for partnering. Opportunities to form partnerships with other funding entities are encouraged. While no specific amount of match (in kind or cash) is required, the project requires significant resources from local communities and/or other tribal entities.

**Target Group:** The primary target populations for family recovery camp services are those persons and families whose presenting problem is addiction to, dependency on, or chronic, disabling use or abuse of alcohol or other drugs, including prescribed and over-the-counter medications and household general use products that contain inhalant chemicals and substances.

**Resource Allocation:** Resources are allocated to rural settings, statewide, with grants initially determined through competitive solicitation.

**Criteria:** Proposals are evaluated based on criteria established in the solicitation. Grant applicants are required to describe their organization and project management structure, previous grants, program description and description of individuals to be served. A complete description of equipment to be purchased, coupled with the program need is also required. The applicants must provide information on their project's financial feasibility. Evaluation recommendations are submitted to the Commissioner of the Department of Health and Social Services, who has final authority over approval of the grant awards.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

### Family Recovery Camps

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Curyung Tribal Council	Bristol Bay	Bristol Bay/ Kodiak	37	Family Recovery Camps	MHTAAR	\$150,000

**Grant Award 602-06-901 Total: \$150,000**

**Total Awards: \$150,000**

### Independent Case Management and Flexible Supports

**Authority:** AS 47.30.520-620 Community Mental Health Services Act; 7 AAC 78 Grant Programs.

**Priorities:** Independent Case Management offers an option, especially in larger communities, of case management services by independent entities as an alternative to services from local community mental health centers. This allows consumer choice for this crucial service, in turn promoting increased accountability in the system of care. Independent case managers help initiate and attain appropriate housing, and employment services, along with other community support services.

Flexible Support Services are linked with the Recovery by Choice concept, which was designed to reduce recidivism at the Alaska Psychiatric Institute. The intention is to bring intensive services in a community setting to people identified as at risk of re-hospitalization and is an adaptation of assertive community treatment models across the nation. Flexible Support Services are also designed to validate consumers' recognition of their need and understanding of necessary and effective services prior to the existence of an emergency situation. Funding for these services would be available only if other sources are not available in a timely manner. Specific limits on expenditures per client will be established. Eligible services could include medications, psychiatric care, counseling, peer support, medical care, housing or other emergent necessities.

**Target Group:** Serious mentally ill person means a person who is 18 years of age or older and who satisfies both of the following criteria:

1. Must be diagnosed as having a major Psychotic or Mood Disorder or another serious persistent mental disorder; and
2. Must have impaired role functioning, consisting of at least two of the following:
  - a. Social role: an inability to function independently in the role of worker, student, or homemaker;
  - b. Daily living skills: an inability to engage independently in personal care (grooming, personal hygiene, etc.) or community living activities (handling personal finances, using community resources, performing household chores, etc.); or
  - c. Social acceptability: an inability to exhibit appropriate social behavior, which results in demand for intervention by the mental health and/or judicial system.

**Resource Allocation:** This is a new program funded through the Alaska Mental Health Trust Authority. Independent Case Management funds requested are for startup costs, which will transition to Medicaid billing as agencies establish operations.

**Criteria:** The intent of this project is prevention of institutionalization, promoting service effectiveness, choice, recovery, and accountability, all within a consumer-centric perspective.

**Appropriation:** Funds are appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants  
Services to the Seriously Mentally Ill

### Independent Case Management and Flexible Supports

<b>Total Awards: \$89,400</b>						

Division of Behavioral Health

**Integrated Treatment of Children and Families with Trauma History**

**Authority:** AS 47.30.520 - 620 Community Mental Health Services Act; 7AAC 78 Grant Programs

**Priorities:** The program services will directly address trauma as the core issue for all presenting behavioral, learning and emotional problems. All presenting problems, emotional disturbances, and diagnosed disorders including (but not limited to) substance abuse and dependence, delinquent activity and conduct disorders, shall be addressed wholly within an integrated treatment paradigm.

**Target Group:** The program services requested shall be designed as a Pilot Project established upon current literature, research and existing evidence based practices for trauma specific screening, assessment, and treatment services to children and their families identified as having an immediate, recurring or past history of trauma experiences.

**Resource Allocation:** This program is open to providers statewide without regional allocations. The intention of the Division of Behavioral Health is to fund one project for an agency to pilot a new and innovative approach to trauma treatment.

**Criteria:** Proposals are evaluated based on the criteria established in the solicitation. The providers must propose their own service delivery strategies as an innovative approach to service delivery.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health from the Federal Mental Health Block grant.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

### Integrated Treatment of Children and Families with Trauma History

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Alaska Women's Resource Center	Anchorage	Anchorage	17 - 32	Treatment for Children and Families with Trauma History	Alch/Drug	\$125,000

**Grant Award 602-06-302 Total: \$125,000**

**Total Awards: \$125,000**

### Jail Diversion Project

**Authority:** AS 47.30.520-620 Community Mental Health Services Act; 7 AAC 78 Grant Programs.

**Priorities:** The program is focused upon the development and evaluation of pre-trial jail diversion alternatives in Anchorage. The grantee will work with the University of Alaska, Anchorage, Behavioral Health Research Services (BHRS) to complete the following services and goals:

- 1) Intervene early in the process before the individuals actually enter the court system,
- 2) Create service linkages between individuals, and groups that provide services, to persons with a severe mental illness and co-occurring disorders who have committed non-violent misdemeanor offenses,
- 3) Demonstrate successful strategies to reduce legal and clinical recidivism.
- 4) Assist consumers to establish the skills and resources necessary for successful community living.
- 5) Engage in program evaluation and dissemination of findings, to demonstrate the program outcomes, and quality and completeness of service implementation.

**Target Group:** Adults with serious mental illness who have committed non-violent misdemeanor offenses.

**Resource Allocation:** Resources are specifically directed for targeted capacity expansion for jail diversion in the Anchorage area.

**Criteria:** The grantee is identified as the partnering agency in the federal SAMHSA grant. Proposed services are evaluated according to the criteria required in 7 AAC 78.100.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health

**RDU:** Behavioral Health

**Component:** Services to the Seriously Mentally Ill

### Jail Diversion Project

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Anchorage Community Mental Health Services, Inc.	Anchorage	Anchorage	17 - 32	Svc Capacity Expansion for Jail Diversion	Fed Rcpts	\$231,019

**Grant Award 602-06-975 Total: \$231,019**

**Total Awards: \$231,019**

### Rural Human Service System

**Authority:** AS 47.30.470-500 Mental Health; 7 AAC 78 Grant Programs.

**Priorities:** The program was developed in response to the critical need for a stable system of behavioral health providers in rural Alaska by hiring, training, supporting, and supervising culturally competent village-based counselors, and counselors that serve relocated villagers. The program provides the opportunity for rural people to achieve their goal of helping their own people. Training is provided through the Rural Human Services Training Program in the University of Alaska College of Rural Alaska from one of its designated RHS campuses.

**Target Group:** Eligible applicants include substance abuse programs, community mental health centers, and other human social service programs whose service areas include villages, usually with a predominantly Alaska Native population.

**Resource Allocation:** Resources will be designated according to the following service priorities:

- 1) Programs currently funded and adequately performing.
- 2) Expansion to new regions of the state.
- 3) Expansion of existing grantees to allow for the addition of villages not currently serviced by RHS counselors.
- 4) Funds to non-rural agencies for tuition, room/board, and travel costs related to attending training.

**Criteria:** Criteria for allocation of funds for these services are: 1) Those programs working to fulfill the goal of a counselor in every village of rural Alaska; 2) Those programs sending RHS graduates to the RHS II training program; 3) Those urban programs serving people relocated from rural Alaska.

Criteria for awarding grants are derived from statute and regulation and evaluation of applications includes proposed costs, project description and goals. Recommendations are based on evaluation of the information provided in applications.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Rural Services and Suicide Prevention

### Enforcing Underage Drinking Laws Program

**Authority:** AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The program's priority is to support a reduction in underage drinking. The method of accomplishment is to educate and mobilize youth in addressing underage drinking, including training of youth on state and federal policy with respect to underage drinking; environmental prevention strategies; media literacy and advocacy; and peer mentoring.

**Target Group:** The division seeks statewide delivery of services.

**Resource Allocation:** Resources will be allocated based on a demonstration of need, program capacity and level of youth-led involvement.

**Criteria:** Prior experience in youth education and mobilization specific to underage drinking is required. Mobilization plans must include development of statewide media campaigns; in-school peer presentations; community presentations; and a cooperative working relationship with the Department of Public Safety, Alcohol Beverage Control Board investigators.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Enforcing Underage Drinking Laws Program

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Mothers Against Drunk Driving	Anchorage	Anchorage	17 - 32	Underage Drinking Prevention	Fed Rcpts	\$30,000
<b>Grant Award 609-06-071 Total: \$30,000</b>						
Nat'l Council on Alcoholism & Drug Dependence	Southeast	Southeast	1 - 5	Underage Drinking Prevention	Fed Rcpts	\$20,000
<b>Grant Award 609-06-073 Total: \$20,000</b>						
Nome Community Center, Inc.	Nome	Kotzebue/ Norton Sound	39	Underage Drinking Prevention	Fed Rcpts	\$20,000
<b>Grant Award 609-06-074 Total: \$20,000</b>						
<b>Total Awards: \$70,000</b>						

**Federal Formula Native American Pass-Through Grants**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The Division of Juvenile Justice receives and administers the Formula Grant through the Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP Act). The priority is compliant with the JJDP Act's four core mandates: de-institutionalization of status offenders; sight and sound separation of juvenile and adult offenders; removal of juveniles from adult jails and lockups; and addressing disproportionate minority contact with the juvenile justice system.

**Target Group:** The target group is delinquent youth offenders or youth at risk of becoming delinquent.

**Resource Allocation:** The proportion of funds to be made available to eligible tribes is based on the proportion of the state youth population under age 18 residing in the geographic area in which the tribe performs law enforcement functions.

**Criteria:** Eligibility for these non-competitive grants is limited to Alaska Native organizations that provide law enforcement functions. The organizations must be in compliance with the four core mandates of the JJDP Act and must identify the juvenile justice needs to be served by the funds.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Federal Formula Native American Pass-Through Grants

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Aleutian/Pribilof Islands Association	Aleutian/Pribilofs	Aleutian Islands	37	Delinquency Prevention & Early Intervention	Fed Rcpts	\$16,500
<b>Grant Award 609-06-001 Total: \$16,500</b>						
Kodiak Area Native Association	Kodiak	Bristol Bay/ Kodiak	36	Delinquency Prevention	Fed Rcpts	\$3,509
<b>Grant Award 609-06-002 Total: \$3,509</b>						
Maniilaq Association	Kotzebue	Kotzebue/ Norton Sound	40	Delinquency Prevention & Early Intervention	Fed Rcpts	\$5,525
<b>Grant Award 609-06-003 Total: \$5,525</b>						
<b>Total Awards: \$25,534</b>						

**Federal Formula Non-Secure Attendant Shelter Care Grants**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The Division of Juvenile Justice receives and administers the Formula Grant through the Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP Act). Formula Grant funds support a variety of grant programs that assist the State in maintaining compliance with the core requirements of the JJDP Act; i.e., de-institutionalization of status offenders; sight and sound separation of juvenile and adult offenders; removal of juveniles from adult jails and lockups; and addressing disproportionate minority contact with the juvenile justice system. Non-secure attendant care shelters assist the State in complying with the first three core mandates by providing short-term staff -secure placement and facilities for youth who do not require secure detention. This provides an alternative to incarceration until a parent or legal guardian can be located or until the youth can be transported to another facility.

**Target Group:** The target group is youth who are in need of protective custody and/or youth who do not require secure detention.

**Resource Allocation:** Allocations are made to communities according to the service demand in each area.

**Criteria:** Whenever possible, applicants should be licensed youth centers. If a care facility is not available, applicants from other facilities that meet detailed service parameters established by DJJ may be acceptable.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Federal Formula Non-Secure Attendant Shelter Care Grants

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Kenai Peninsula Community Care Center	Kenai Peninsula	Southcentral	33 - 35	Provide Attendant Shelter	Fed Rcpts	\$20,000
<b>Grant Award 609-06-013 Total: \$20,000</b>						
Youth Advocates of Sitka	Sitka	Southeast	2	Provide Attendant Shelter	Fed Rcpts	\$12,000
<b>Grant Award 609-06-017 Total: \$12,000</b>						
<b>Total Awards: \$32,000</b>						

**Serious and Violent Offender Re-Entry Initiative**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The purpose of the grant is to provide and enhance aftercare and community re-entry services to serious, high-risk offenders upon release from long-term treatment in juvenile justice facilities. Grantees work in partnership with the Division of Juvenile Justice.

**Target Group:** This program is directed to serious and violent offenders being released from long-term treatment in DJJ facilities. The State's demographics and locations of juvenile justice facilities lend an emphasis to Anchorage, although other research-based practices are suitable for statewide implementation.

**Resource Allocation:** Grant awards are made through competitive solicitation under 7 AAC 78.050. Limited competitive interest may result in a waiver of competition as authorized under 7 AAC 78.095.

**Criteria:** Grantees are required to partner with the division to develop, strengthen and expand re-entry and aftercare programs based on research-based practices such as Functional Family Therapy and mentoring programs.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Serious and Violent Offender Re-Entry Initiative

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Alaska Children's Services, Inc.	Anchorage	Anchorage	17 - 32	Re-entry Svs for Youth from Confinement	Fed Rcpts	\$124,412
<b>Grant Award 609-06-051 Total: \$124,412</b>						
Big Brothers Big Sisters of Alaska	Statewide	Statewide	99	Re-entry Svs for Youth from Confinement	Fed Rcpts	\$80,000
<b>Grant Award 609-06-052 Total: \$80,000</b>						
<b>Total Awards: \$204,412</b>						

### Title V Local Delinquency Prevention Grants

**Authority:** Juvenile Justice and Delinquency Prevention Act of 1974; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The 1992 reauthorization of the Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP Act) added Sections 501-506, the Title V Local Delinquency Prevention Incentive Grants program. The purpose of these grants is to support delinquency prevention and early intervention programs in communities that comply with the core mandates of the JJDP Act: de-institutionalization of status offenders; sight and sound separation of juvenile and adult offenders; removal of juveniles from adult jails and lockups; and addressing disproportionate minority contact with the juvenile justice system.

**Target Group:** The target group is at-risk youth.

**Resource Allocation:** Consideration is given for geographic distribution of services.

**Criteria:** Eligible entities are restricted to city and borough governments, and Indian tribes that provide law enforcement functions and are recognized by the Secretary of the Interior. Applicants must have convened a local Policy Prevention Board and developed a comprehensive three-year Delinquency Prevention Plan. They must also provide a 50% cash or in-kind match. Awards are granted based on a statewide competitive process utilizing the guidelines set out in the Request For Proposals and evaluated according to the criteria contained in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Title V Local Delinquency Prevention Grants

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

**Victim Advocate for Victims of Juvenile Crime**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The purpose of the grant is to support a Victim Advocate position in Anchorage to work with victims of juvenile crime, especially in complex cases pending trial. Priority services include: providing notification to victims about court hearing dates, times, and locations; providing court accompaniment for victims to hearings and trials; appearing on behalf of victims in hearings; assisting victims with referrals to other resources; helping victims gather information and documentation that will be used to determine appropriate restitution; and providing the Juvenile Probation Officer with information about victim concerns.

**Target Group:** Given the Victim Advocates role and responsibilities, the position is Anchorage-based and offers services in Anchorage.

**Resource Allocation:** A single grant was issued to an agency to provide continued funding for a Victim Advocate position dedicated to victims of juvenile crime.

**Criteria:** This grant has been awarded with competitive requirements waived as approved under 7 AAC 78.095.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

**Grant Award 609-06-083 Total: \$25,000**

**Total Awards: \$25,000**

### Youth Courts/Community Panels

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The program's priorities are to prevent and control delinquent behavior, and to reduce further delinquent behavior. The means are through a broadened range of accountability-based services for youth who commit nonviolent first or second misdemeanor offenses.

**Target Group:** The target group is nonviolent juvenile offenders with no more than two misdemeanor offenses.

**Resource Allocation:** The Division is seeking service delivery statewide. Resources will be allocated based on demonstrated need and available data. Grant funding recommendations will be made based on an equitable distribution of services throughout Alaska, taking into account the significant geographic and demographic extremes across the state. Allocations are made to communities with active youth courts/community panels, to communities developing youth courts/community panels, and also to providers of training and technical assistance to existing and new youth courts/community panels programs.

**Criteria:** Existing providers of direct services to communities that identify a need for development of local youth courts and community panels are eligible to submit applications. Direct services include screening, adjudication, disposition and case management. Grants to providers are awarded through competitive proposal solicitation. Project services must include the provision of training and technical assistance services, materials and expertise on beginning and effectively maintaining a youth court or community panel.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

**Adult Basic Education Tutors**

**Authority:** 7 AAC 78 Department Grant Regulations; Workforce Investment Act of 1998, Title II, Adult Education and Family Literacy and Alaska; and 8 AAC 99.200, Adult Basic Education (ABE) Grants.

**Priorities:** To provide increased access to and supports for ABE services, especially tutoring for GED participants in rural communities. In these areas many adults cannot meet the minimum educational requirements (High school diploma or GED) for jobs available in their community.

**Target Group:** Adult Temporary Assistance recipients within the communities of the Northwest Arctic and North Slope Boroughs.

**Resource Allocation:** The Federal TANF High Performance Bonus award, places some restraints on the availability of funds.

**Criteria:** Available funding is awarded to two agencies that are designated by DOL as the ABE providers for their regions.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Work Services

### Adult Basic Education Tutors

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

**AK Temporary Assistance Program - Refugee Work Services**

**Authority:** 7 AAC 78 Department Grant Regulations, AS 47.27.050

**Priorities:** These work services are designed to assist ATAP refugee families to successfully assimilate into their new communities and to achieve self-sufficiency.

**Target Group:** ATAP Refugees residing within the Municipality of Anchorage, Matanuska-Susitna Borough, and community of Delta Junction.

**Resource Allocation:** Allocation of funds, Temporary Assistance for Needy Families Block Grant

**Criteria:** Available funding is awarded to one agency designated by Administration for Children and Families, Office of Refugee Resettlement.

**Appropriation:** Grant funding is appropriated to the Public Assistance, Work Services component, from Temporary Assistance for Needy Families Block Grant.

**RDU:** Public Assistance

**Component:** Work Services

### AK Temporary Assistance Program - Refugee Work Services

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Catholic Social Services	Anchorage, Fairbanks, Matsu	Interior Anchorage Southcentral	99	Work Services Case Management	Fed Rcpts	\$238,000

**Grant Award 604-06-005 Total: \$238,000**

**Total Awards: \$238,000**

**Capacity Building, Technical Assistance and Training**

**Authority:** 7 AAC 78 Grant Programs

**Priorities:** The development of Regional Advisory Councils is intended to help the department to set direction, define priorities and advise on appropriate and more integrated systems for the provision of services.

**Target Group:** Services will be Statewide with special emphasis in Fairbanks, Mat-Su, Southeast and Northwest areas.

**Resource Allocation:** State General Funds from multiple divisions, and the TANF Block Grant.

**Criteria:** The grantee will provide support in four areas: Leadership Development, Organizational Development, Program Outcomes and Services, Funding and Community Engagement. Ideally, the regional councils would have oversight and accountabilities across the breadth of services and investments in at least four major domains: economic development, workforce development, education, and healthy communities.

**Appropriation:** TANF funds are appropriated to the Division of Public Assistance.

### Child Care Licensing

**Authority:** State Authority: AS 47.35.005 and 4 AAC 62 Child Care Licensing; and 7 AAC 78 Grant Programs.

**Priorities:** Within the Municipality of Anchorage, the grantee verifies and evaluates information supplied by child care providers seeking to obtain a child care license. Services include: processing licensing applications, coordinating orientation and training sessions for new providers, reviewing screening assessments, monitoring compliance with program requirements, issuing child care licenses, responding to complaints, and managing hearings.

**Target Group:** Child care providers within the Municipality of Anchorage.

**Resource Allocation:** Allocation of funds is based on anticipated demand for services, projected costs of providing services, and availability of funds.

**Criteria:** This grant is awarded to a municipality that has been delegated child care licensing authority.

**Appropriation:** Funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Child Care Benefits

### Child Care Licensing

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Anchorage, Municipality of	Anchorage	Anchorage	17 - 32	Child Care Licensing	Fed Rcpts	\$1,247,000

**Grant Award 604-06-940 Total: \$1,247,000**

**Total Awards: \$1,247,000**

### Child Care Resource & Referral

**Authority:** Federal Authority: 42 USC 9801, PL 104 193, PL 105 33, 45 CFR Parts 98 and 99; State Authority: 7 AAC 78 Grant Programs.

**Priorities:** Within their designated areas, these grantees support families through the active operation of a child care referral and consumer education service. The grantees support existing and prospective individuals and programs that care for children through professional development and assistance, to increase the availability, affordability, and quality of child care.

**Target Group:** Services are provided for families seeking child care and child care providers.

**Resource Allocation:** Allocation of funds is based on anticipated demand for services, projected cost of providing the services, and availability of funds.

**Criteria:** Grants are awarded to eligible local government and nonprofit agency applicants within a geographic area.

**Appropriation:** Funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Child Care Benefits

**Gambell Job Center Child Care**

**Authority:** Federal Authority: 42 U.S.C. 601, PL 104-193; State Authority: AS 47.27.005-990 Alaska Temporary Assistance Program; 7 AAC 78 Grant Programs.

**Priorities:** This grantee will provide quality child care services on a drop-in basis for families using the Gambell Job Center services. This service, is the first of its kind in an Alaskan Job Center. It is expected that the provision of child care services will enhance service delivery for people looking for jobs, interested in job training, or needing Temporary Assistance.

**Target Group:** The target group includes children of Alaska Temporary Assistance Program (ATAP) recipients, ATAP applicants, and others using the services of the Gambell Job Center in Anchorage.

**Resource Allocation:** Allocation of funds is based on the availability of funds, the projected child care needs at the Job Center, and the anticipated costs of providing this service.

**Criteria:** Funds were awarded through a Request for Letters of Interest. Interested organizations were required to submit specific documentation as evidence of their ability to provide the requested services. Only a single agency submitted the necessary documentation to provide services. Grant proposals are evaluated by the criteria contained in 7 AAC 78.100 and by compliance with service standards.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Work Services

**Healthy Marriages Initiatives**

**Authority:** PL 104-193 Federal Authority, 7 AAC 78 Grant Programs

**Priorities:** This grant program is limited to community and faith-based organizations that will support the formation and maintenance of married, two-parent families. Proposed programs or services must be innovative, demonstrate effective collaboration with other community or regional organizations through cooperative agreements or operational coalitions, and clearly define and describe programmatic measures and outcomes.

**Target Group:** Married, two parent families and young adults.

**Resource Allocation:** The program funds grants statewide, up to a maximum of \$50,000 per grant.

**Criteria:** Program evaluation is driven by the innovative nature of the services and the outcomes identified by the applicants and in accordance with the criteria in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

### Native Family Assistance Program

**Authority:** Federal Authority: 42 U.S.C. 601 and 612, PL 104-193; State Authority: AS 47.27. 005-990 Alaska Temporary Assistance Program; 7 AAC 78 Grant Programs.

**Priorities:** These grantees are authorized by the federal government to administer Native Family Assistance Programs as defined by PL 104-193. Grantees receive direct funding from the federal government in the form of a Tribal Family Assistance Grant. This grant essentially supplements federal funds and is used by grantees to pay benefits directly to eligible Native families to assist them in moving from reliance on welfare to self-sufficiency through employment.

**Target Group:** The service population includes all families within the service area that meet the definition provided by the Native Organization. This may vary between Native Organizations. In some areas, the Native Organization will operate a regional program that includes all families eligible for assistance, regardless of race, when this is the most efficient approach and there is agreement between the State and the Native Organization. The service area is defined by the Native Organization to include all or some communities located within the federally recognized Native Organization's region.

**Resource Allocation:** Allocation of funds is based on the grantees' share of statewide clients and available state general funds.

**Criteria:** The criteria for the award of funds is that the grantee administers a Native Family Assistance Program, approved and authorized by the federal government.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Alaska Native Assistance Programs

### Native Family Assistance Program

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Association of Village Council Presidents, Inc.	Bethel	Yukon/ Kuskokwim	38	Assistance & Employment	Gen Fund	\$3,313,900
					I/A Rcpts	\$297,500
<b>Grant Award 604-06-300 Total: \$3,611,400</b>						
Central Council Tlingit & Haida	Southeast	Southeast	1 - 5	Assistance & Employment	Gen Fund	\$2,281,200
					I/A Rcpts	\$158,600
<b>Grant Award 604-06-310 Total: \$2,439,800</b>

**Transportation Services**

**Authority:** Federal Authority: 42 U.S.C. 601, PL 104-193; State Authority: AS 47.27.005-900; 7 AAC 78 Grant Programs

**Priorities:** Accessible, reliable transportation remains out of reach for a majority of Alaska's Temporary Assistance clients. This is particularly true for Matanuska-Susitna Borough, Kenai, and Fairbanks Temporary Assistance families. In Mat-Su and Kenai, grant funding under this program will assist local non-profit transportation entities develop the necessary match for two earmarked federal Job Access and Reverse Commute (JARC) grants. The intent of these federal grants is to promote more systematic approaches to alleviate transportation barriers by the expansion of existing, or the creation of new transportation systems.

In Fairbanks, funding under this program will be used to continue Temporary Assistance client transportation services provided by the Love INC Call-A-Ride Transportation program. Love INC is the only organization in the Fairbanks North Star Borough that provides free transportation services to Temporary Assistance clients.

**Target Group:** Alaska Temporary Assistance families who live in the Matanuska-Susitna Borough, Kenai Peninsula, and the Fairbanks North Star Borough.

**Resource Allocation:** Allocation in the Mat-Su Borough and Kenai Peninsula is based on providing 20% of the anticipated operating costs for one year of services. In Fairbanks, allocation is based on providing funding for a full-time transportation coordinator, 30% funding for a program manager, and costs for hotline and voice mail software.

**Criteria:** A request for alternative method of solicitation was approved to allow an award to Mat-Su Community Transit, the only public transportation service available in the Matanuska-Susitna Borough eligible to receive JARC funds; Central Area Rural Transport System, the only public transportation service on the Kenai Peninsula eligible for JARC funding; and Love INC in Fairbanks, the only organization in the area that provides free transportation services to Temporary Assistance clients.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Work Services

**Abstinence Education Program**

**Authority:** AS 44.29.020; AS 47.05.015; 7AAC 78 DHSS Grant Programs; and Section 510 of the Title V (Maternal Child Health) Block Grant provides limited funds for abstinence education

**Priorities:** The primary purpose of this grant program is to provide funds for abstinence education to students in grades 7 and 8, and their parents, through peer outreach and education. The program is also available to high school aged students who serve as peer educators in the program.

**Target Group:** The target audience for this funding is middle school students, before they have become sexually active. Research has found that prevention efforts are most effective when they are started before the concerning behavior has begun. Selected high school students will be trained to become cross-age, peer educators of the Postponing Sexual Involvement (PSI) curriculum for middle school students.

**Resource Allocation:** Funds will be awarded to one agency, which is located in a community with a school district that has at least three years of experience with the PSI project. Due to the limited amount of funding available, PSI will be coordinated by one local, non-profit, youth-serving agency, able to work with six school districts in the state, which are implementing the PSI curriculum. These school districts currently are the Kenai Peninsula Borough, Mat-Su Borough, Fairbanks/North Star Borough, Ketchikan, Kodiak, and Juneau School districts.

**Criteria:** The criteria for awarding funds includes a match of local cash or in-kind services in the amount of 3 non-federal dollars to every four federal dollars, agreement to comply with the federal and state abstinence education definitions/criteria, completion of all state and federal program reports and evaluations, and inclusion of a youth-adult partnership and a training component. Participating schools must: 1) document their history of experience working with peer education programs; and 2) have youth involved in planning, and teaching and evaluation. The Abstinence Education coordination agency also must have: 1) experience delivering health education and promotion efforts for adolescents; 2) experience working with school districts; 3) experience working with peer education programs; 4) have youth as members of program planning, evaluation, or governance; and 5) experience coordinating conferences, training or other events for other agencies/schools regionally or statewide.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

### Alaska Trauma Registry

**Authority:** EMS Authority: AS 18.08.010-18.08.090. EMS Regulations: 7AAC 26.720 - 26.745; and 7 AAC 26.999; and DHSS Grant Program Regulations 7 AAC 78. Guidelines include publication: Alaska EMS Goals: A Guide for Developing Alaskas Emergency Medical Services System, and the Alaska Trauma Registry User Manual.

**Priorities:** The Alaska Trauma Registry is used for the development of injury prevention strategies statewide, injury prevention education, program planning, quality improvement efforts in hospitals and ambulance services, and to review the quality and effectiveness of the statewide trauma care system. The grantee is required to focus on recording data on injured patients admitted to a hospital and to use the data to review quality of trauma care in hospitals and ambulance services. Grant activities are administered by a single grantee.

**Target Group:** Grant activities are statewide, including the abstracting of trauma data at all acute care hospitals in the state. Approximately 5,000 records of hospitalized injuries are abstracted yearly.

**Resource Allocation:** Statewide services are provided by a single coordinating agency to include trauma data at more than 20 acute care hospitals in the state.

**Criteria:** The grantee must have the technology, knowledge and expertise to effectively accomplish the goals of the project.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Community Health/Emergency Medical Services

### Alaska Trauma Registry

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Southern Region EMS Council, Inc.	Statewide	Statewide	99	Trauma Registry Administration	Fed Rcpts	\$37,500
					Gen Fund	\$12,500

**Grant Award 601-06-056 Total: \$50,000**

**Total Awards: \$50,000**

**Breast & Cervical Health**

**Authority:** AS 44.29.020, AS 47.05.015; and DHSS Grant Regulations 7AAC 78.

**Priorities:** Services required from the organizations receiving these grants must include a variety of outreach efforts that are creatively specific to the community. All activities are designed to bring women of the target population to screening for breast and cervical cancer.

**Target Group:** The target groups include income eligible women who are at or below 250% of the poverty level and who are under or uninsured and are not covered by Medicaid or Medicare for these services. Income eligible women age 18 to 64 receive a clinical breast exam, pelvic exam and cervical cancer screening; women 50-64 years of age may also receive a screening mammogram. Geographic areas served include those towns or cities where one or more medical providers with a signed Breast and Cervical Health Check (BCHC) Provider Agreement are operating, and which have the capacity to accept referrals for screening into their clinical practice; and where BCHC one-to-one outreach projects are currently operational.

**Resource Allocation:** Grant funds are awarded to communities who have a BCHC screening provider who has indicated a willingness to accept women into their clinical practice recruited through outreach. Resources are allocated based on screening provider capacity, community need and available funding from the Centers for Disease Control and Prevention.

**Criteria:** Criteria for awarding funds are based on the needs experienced by or projected for an area, federal priorities, and the amount of federal funds received. Grantees must demonstrate knowledge of community assessment and successful one-to-one outreach methods which allow the grantee to find, refer and provide assistance in getting hard to reach women into screening services. Quarterly progress and financial reports are required, along with any specified deliverables. The Division may require changes in project activities based on project evaluation, and will develop methodologies for implementing such changes in consultation with the grantee.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

### Breast & Cervical Health

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

YWCA of Anchorage	Anchorage	Anchorage	17 - 32	Breast/Cervical Cancer Outreach & Prev.	Fed Rcpts	\$87,500
<b>Grant Award 606-06-004 Total: \$87,500</b>						
<b>Total Awards: \$166,900</b>						

### Clinical Family Planning Services

**Authority:** Title X, Family Planning; AS 44.29.020 and 7 AAC 78 DHSS Grant Programs.

**Priorities:** Kachemak Bay Family Planning Clinic (KBFP) provides confidential, clinical family planning services to approximately 1000 low-income women and men on the lower Kenai Peninsula. Services include clinical breast examinations, Pap smear screening and pelvic examination, counseling and screening for sexually transmitted diseases and a contraceptive method. In addition to clinical services, KBFP provides client education and referral to other local agencies regarding infant adoption, abstinence education and other risk-reduction counseling.

**Target Group:** This program serves low-income women and men residing on the lower Kenai Peninsula.

**Resource Allocation:** The Division of Public Health receives federal funding awarded by the Office of Population Affairs (OPA) to administer the Title X Family Planning Services grant for high-risk, low-income women and men. As a recipient of funds through the federal Title X Family Planning Services Program, KBFP must follow very strict Title X policies and procedures for determining eligibility and enrolling women and men.

**Criteria:** Historically, there have been limited family planning funds available in Alaska. In order to ensure that funds were allocated to areas with the highest need, the census areas with the highest number of unintended births (based on Alaska Pregnancy Risk Assessment Monitoring data) were identified as priority areas for family planning funds. The Kenai Peninsula census area has the third highest number of unintended births in the state, and KBFP is the only non-profit provider of clinical family planning services to low income women and men on the lower Kenai Peninsula. Providers in the census areas with more unintended births have been able to identify other funding sources to continue to provide limited family planning services to low income women who are not eligible for Medicaid. KBFP is the only agency with no other funding sources for this care, and would have to terminate family planning services to approximately 1000 low-income, non-Medicaid eligible women and men if they did not receive Title X funds. KBFP has been approved by OPA/Title X as a family planning provider.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

### Clinical Family Planning Services

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Kachemak Bay Family Planning Clinic	Kenai Peninsula	Southcentral	33 - 35	Clinical Family Planning	Fed Rcpts	\$111,480

**Grant Award 606-06-008 Total: \$111,480**

**Total Awards: \$111,480**

**Community Health Aide Training and Supervision**

**Authority:** AS 44.29.020 and AS 18.28.010; 7 AAC 78 DHSS DHSS Grant Programs

**Priorities:** Services are for the training and supervision of Community Health Aides (CHAs) and Community Health Practitioners (CHPs). The training is established by and monitored by the Academic Review Committee and the Review and Approval Committee; committees established by and under the direction of the Community Health Aide Director's Association.

**Target Group:** CHA/Ps are located predominantly in the rural areas where more advanced medical personnel are unavailable. These grants target the CHA/Ps themselves and the rural population they serve. All regional and local health organizations that receive contract funds from the federal government for a community health aide program are eligible for funding through this program. The program provides funding for CHAs to complete approximately 2,500 training courses, including CHA training, ETT/EMT training, and continuing medical education. Additionally, CHA supervisors are expected to make over 15,000 contacts with CHAs as part of training and supervision. Finally, CHAs are expected to have close to 300,000 patient encounters during each fiscal year. These projections are based on required self-reporting.

**Resource Allocation:** The funding level is derived from a formula established during the 1985 legislative session. It is adjusted based on the amount of funding appropriated.

**Criteria:** The potential grantee must have a contract with the Indian Health Service for community health aide services.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Diabetes**

**Authority:** AS 44.29.020 and 7 AAC 78 DHSS Grant Programs

**Priorities:** Required services include: 1) Facilitate the development, implementation, and evaluation of evidence-based community Diabetes project; 2) Facilitate ongoing diabetes educational updates to translate current scientific knowledge into clinical practice; 3) Support community interventions to prevent or postpone the onset of diabetes; 4) Facilitate culturally appropriate interventions to reduce the health disparities among the racial/ethnic minorities at higher risk for development of diabetes and its complications; and 5) Provide ongoing statewide monitoring of diabetes, its risk factors, and complications.

**Target Group:** Target groups are people with diagnosed diabetes and people at high risk of developing diabetes. Geographic areas and project boundaries may be specified in the Request For Letters of Interest and grant agreement. The potential service area is statewide. It is estimated that we will annually serve approximately 22,600 Alaskan adults with diabetes and another 90,000 Alaskan adults at increased risk for diabetes.

**Resource Allocation:** Funding levels are based on the needs experienced by, or projected for an area, federal priorities, and the amount of federal funds received.

**Criteria:** Applicants for grants are asked to demonstrate a history of: 1) involvement in developing/implementing community-based diabetes intervention projects; 2) providing diabetes services to minorities, medically underserved and/or elderly known to be at high risk for developing diabetes and its complications; and 3) monitoring health outcomes. The potential grantee is required to specify goals, objectives, activities, timelines for implementation, an itemized budget, and evaluation mechanisms to address the area(s) identified in the solicitation. Quarterly progress and financial reports are required, along with specified deliverables. Changes in project activities may be required based on project evaluation, and methodologies for implementing such changes will be developed in consultation with the grantee.

**Appropriation:** Grant funds are appropriated to the Division of Public Health.

## Emergency Medical Services

**Authority:** EMS Authority: AS 18.08.010 - 18.08.090. EMS Regulations: 7AAC 26 and 7 AAC 16.10-16.90. Authority provides for the publication, Alaska EMS Goals: A Guide for Developing Alaska's Emergency Medical Services System. 7 AAC78 DHSS Grant Programs

**Priorities:** The EMS regional grant-in-aid program helps to accomplish the goals and objectives of the EMS system, as recommended in the State EMS planning guide, Alaska EMS Goals, A Guide for Developing Alaska's EMS System. Two primary services are received from the grants:

- 1) planning, development and coordination of regional EMS systems; and
- 2) training and certification testing for emergency medical personnel, including those working with ground and air medical services.

A statewide system of local, regional, and state EMS councils has been organized for client input. The councils provide two primary services. First, they provide direct input regarding the needs and abilities of each respective community and region. Secondly, because an EMS system is highly complex, involving many disciplines, the councils traditionally are composed of knowledgeable people in many different fields, from physicians and nurses to pre-hospital EMS providers and communications experts.

**Target Group:** Services are targeted to the entire state population through regional providers. Whenever a life or limb threatening injury or illness strikes suddenly, the EMS system serves to stabilize and transport a patient to the most appropriate treatment facility as quickly as possible. Prompt stabilization and timely transportation are often the keys to saving a life. The EMS program also provides specialized emergency medical training to physicians, mid-level practitioners, and nurses in the pre-hospital, rural clinic, and hospital settings. EMS grants to regions will result in approximately 4,000 pre-hospital emergency medical providers being trained or certified. These emergency medical providers will transport an estimated 40,000 patients to hospitals by ground ambulance during the year and perform several thousand emergency air ambulance transports. Based on a history of required self-reports, approximately 2,000 additional people will be provided Emergency Trauma Technician (ETT), CPR, and first aid training during the year. In addition, councils work with local communities to identify, prioritize and seek funding for essential equipment. Finally, councils operate injury prevention programs, which provide information and materials regarding injury prevention activities to many thousands of persons each year.

**Resource Allocation:** Resources are allocated statewide, through regional organizations, which include three native organizations that provide Emergency Medical Services under their multi-program grants.

**Criteria:** Grantees are required to address all 14 nationally and state recognized components of an EMS system in terms of goals, objectives, and methodology for achieving those goals. The 14 components of an EMS system include personnel, training, communications, patient transport/transfer, facilities/equipment/supplies, coordination with public safety agencies, accessibility to care, coordinated record keeping, public education and information, evaluation, disaster response, mutual aid agreements, medical direction, and injury prevention. In addition, grantees are required to show what has been achieved in the first six months of each respective year in terms of their stated goals and objectives.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Community Health/Emergency Medical Services

### EMS Code Blue Phase V Capital

**Authority:** AS 18.08.080 - 18.08.090 and 7 AAC 78 DHSS Grant Programs

**Priorities:** The Code Blue project is intended to identify, prioritize, and obtain funding for essential equipment for rural emergency medical services in the following categories: patient transportation (ambulances and transport vehicles), patient care, and training. The Department works closely with regional EMS offices and funding agencies to promote consistent evaluation of requests and to ensure that the limited funds available are used to maximum effect.

**Target Group:** Rural ambulance services, first responder services, clinics, and hospitals statewide.

**Resource Allocation:** Resources are allocated based on a statewide needs assessment and planning process.

**Criteria:** Equipment requested under the Code Blue Project must be considered essential and must fall into one of the categories listed in the Priorities section of this narrative.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Community Health/Emergency Medical Services

**Health Promotion**

**Authority:** AS 44.29.020 and 7 AAC 78 Grant Programs.

**Priorities:** The objective of this program, as defined in the Preventive Health and Health Services Block Grant agreement with the Centers for Disease Control and Prevention, is to make progress toward the goals identified in the Department of Health and Human Services report, Healthy People 2010: National Health Promotion and Disease Prevention Objectives, through identified risk reduction objectives and strategies. All states that receive this block grant are obligated to establish an advisory committee chaired by the State Health Officer (Director of Public Health) for the purpose of recommending appropriate uses of these funds to supplement, not supplant, State programs for preventive health activities. The Division of Public Health provides a grant to the Alaska Health Fair for rural health screening services to assist the State of Alaska in meeting key Healthy Alaskans 2010 Goals and Objectives.

**Target Group:** Alaska's Preventive Health and Health Services Block Grant designates funding for rural and remote communities to reach disparate populations through the organization of community health fairs, training and health screening throughout the state.

**Resource Allocation:** The grant program is intended to provide services throughout the state.

**Criteria:** The grantee has demonstrated prior experience providing quality and cost effective community health promotion and screening services and monitors the impact of these services and programs on health issues. The grantee must: 1) meet at least three of the allowable Healthy Alaskans 2010 Objectives; 2) provide a detailed project description identifying the need and target population; 3) demonstrate community support and provide evidence of the applicant's community leadership ability in working cooperatively with other community organizations; 4) show that proposed activities will not duplicate or supplant existing activities; 5) produce a clearly written project work plan; and 6) project a budget that is appropriate, cost effective, and supports objectives.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Epidemiology

### Health Promotion

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

**HIV/AIDS Care/Ryan White**

**Authority:** Public Health Service Act, Section 317; AS 44.29.020 and 7 AAC 78 DHSS Grant Programs

**Priorities:** The following are required: 1) Provide case management services to persons living with HIV and their families; 2) Purchase high priority outpatient medical/dental and supportive services as well as health insurance for eligible HIV positive individuals, and purchase FDA approved medications for eligible individuals not covered by the AIDS Drug Assistance Program (ADAP); 3) Assist the States ADAP contractor with eligibility determination for the AIDS Drug Assistance Program; 4) Establish/maintain HIV Care Consortia in areas most heavily affected by HIV to determine priority services to be purchased with HIV Care funds and to facilitate access to comprehensive outpatient health and support services. Priority services are established annually, based on federal requirements and state/local needs.

**Target Group:** Target populations include HIV positive individuals and their families. Geographic areas and project boundaries may be specified based on morbidity and/or other needs. The potential service area is statewide. It is estimated that these funds will serve 300-375 HIV positive individuals annually.

**Resource Allocation:** The relative number of HIV positive people projected to be served in each area, federal priorities, and the amount of federal HIV Care funds received by the State determine funding levels.

**Criteria:** Potential grantees must: demonstrate a history of providing services to persons with HIV and AIDS; identify services to be provided/purchased; specify objectives, activities, and timelines for implementation; identify evaluation mechanisms; and provide an itemized budget to address the area(s) identified in the Request for Proposals. Grantees provide quarterly progress, data and financial reports; complete federal data forms annually; and provide any specified deliverables. The Division may require changes in project activities based on project evaluation, and will develop methodologies for implementing such changes in consultation with the grantee.

**Appropriation:** Grant funds are appropriated to the the Division of Public Health.

**RDU:** Public Health

**Component:** Epidemiology

### HIV/AIDS Care/Ryan White

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Alaska AIDS Assistance Association	Statewide	Statewide	99	HIV Care	Fed Rcpts	\$343,152

**HIV/AIDS Prevention**

**Authority:** Public Health Service Act, Section 301, 42 U.S.C. 241  
2004-2006 Alaska HIV Prevention Plan, AS 44.29.020 and 7 AAC 78 DHSS Grant Programs

**Priorities:** Required services include one or more of the following, depending upon the populations for which they are proposed: 1) partner notification services for newly reported cases of HIV, AIDS and STDs; 2) targeted street and community outreach; 3) community-level intervention; 4) single or multiple session group health education/risk reduction interventions, using interactive approaches and based on curricula shown to be effective; 5) individual health education/risk reduction counseling; 6) non-clinic HIV counseling and testing; 7) prevention case management; and 8) health communications/public information activities. Priorities are established biannually by the Division of Public Health in conjunction with the Alaska HIV Prevention Planning Group, based on federal requirements and state needs.

**Target Group:** Priority target populations are specified in the 2004-2006 Alaska HIV Prevention Plan and include HIV positive persons, men who have sex with men, incarcerated individuals, Alaska Native and other ethnic minority heterosexual women whose sexual partners are HIV positive or at high risk of HIV infection, youth at increased risk of infection, and injecting drug users. The potential service area is statewide. An estimated 10,000 Alaskans will be served through these funds annually.

**Resource Allocation:** Funding levels are determined based on priorities established collaboratively with the Alaska HIV Prevention and Planning Group, federal funding agency requirements, state needs, the quality of the proposed interventions, and the amount of federal funds available.

**Criteria:** A potential grantee is required to demonstrate capacity to reach the target population and carry out the activities proposed; to specify objectives, activities, and timelines for implementing interventions likely to be effective; to specify evaluation mechanisms; and provide an itemized budget to address the area(s) identified in the Request for Proposals. Quarterly progress, data, and financial reports are required along with any specified deliverables. The Division may require changes in project activities based on project evaluation, and will develop methodologies for implementing such changes in consultation with the grantee.

**Appropriation:** Grant funds are appropriated to the Division of Public Health.

**RDU:** Public Health

## Immunizations

**Authority:** AS 44.29.020 and 7 AAC 78 DHSS Grant Programs

**Priorities:** Services from the organization receiving the grant require that vaccines are made readily available to children to help prevent and control communicable disease.

The grantee is to: 1) provide outreach, follow-up and immunization clinics that are conveniently available to parents, such as on Saturdays; 2) provide immunization education to parents and medical providers; 3) perform special studies needed for immunization records; and 4) maintain vaccines according to established procedures.

**Target Group:** The target group is all children in the Anchorage area.

**Resource Allocation:** Funding levels are based on the needs experienced by, or projected for the area, federal priorities, and the amount of federal funds available.

**Criteria:** A history of successfully providing health care services to the general public is required. Proposals must specify goals, objectives, activities, timelines, and develop an itemized budget and an evaluation mechanism to measure success in reaching children needing to be vaccinated against childhood diseases.

**Appropriation:** Grant funds are appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Epidemiology

### Immunizations

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Anchorage Neighborhood Health Center	Anchorage	Anchorage	17 - 32	Immunization of Children	Fed Rcpts	\$40,000

**Grant Award 601-06-173 Total: \$40,000**

**Total Awards: \$40,000**

**Parent Navigation**

**Authority:** AS 47.04.020; and 7 AAC 78 DHSS Grant Programs

**Priorities:** The purpose of this project is to develop, implement and evaluate parent navigation services at state-sponsored cleft lip and palate (CL/P) clinics. This project was initiated in response to feedback from families attending CL/P clinics. In addition, this project will further at least one of the core outcomes outlined by the Maternal, Child Health Bureau, Children with Special Health Care Needs program, the funding source for this project. The goal states that community-based services systems will be organized so families can use them easily. These Clinics offer clients, many who are first-time visitors and unfamiliar with clinic flow, the opportunities to ask questions and request clarification on issues identified by providers at the clinic.

**Target Group:** The Cleft Palate Program serves Alaska families of children ages 0 to 21 years who experience a cleft lip and/or palate. Services are available statewide through clinics held in Anchorage, Bethel, Fairbanks and Juneau.

**Resource Allocation:** Available funding is provided to one agency to provide services statewide, coordinating state-sponsored Cleft Lip and Palate clinics.

**Criteria:** To maximize the use of limited resources and efficiency of services, funds were awarded to a single entity in the state that has developed and delivered a statewide Parent Navigation Service model exclusively for medical settings; and is an effective change agent/system-builder collaborating with various agencies around Alaska to assist in developing family-centered systems of care for children with disabilities and their families.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

### Parent Navigation

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Stone Soup Group	Statewide	Statewide	99	Parent Navigation at Cleft Lip Clinics	Fed Rcpts	\$21,000

**Grant Award 606-06-007 Total: \$21,000**

**Total Awards: \$21,000**

**Public Health Nursing**

**Authority:** AS 44.29.020, AS 47.05.015 and 7 AAC 78 Grant Programs.

**Priorities:** The grantees are expected to provide a range of public health nursing services to area residents with emphasis given to the areas of vaccine preventable diseases, infectious disease control, maternal child health services, and community mobilization/interagency coordination on public health emergency preparedness and response activities. Services include: infectious and chronic disease prevention and control; childhood immunizations; tuberculosis prevention and control services; sexually transmitted disease services; health risk reduction education; teen pregnancy prevention; health & development screening of high-risk children; support and case management for high risk pregnant women and children; family planning education and services; public health emergency preparedness planning and response activities; and continuous assessment and evaluation of population-based public health needs and concerns.

**Target Group:** MUNICIPALITY OF ANCHORAGE:

City of Anchorage and the Eagle River/Chugiak community. Services are available to all residents, with medically underserved and/or high-risk populations targeted.

NORTH SLOPE BOROUGH:

Public health nursing services are provided in the community of Barrow and on an itinerant basis to the villages of Atkasuk, Kaktovik, Nuiqsut, Point Lay, and Wainwright.

**Resource Allocation:** Funds are awarded based on the amount of funds available from State and Federal sources. Historical allocations, division priorities, as well as the grantees request are also considered. In addition to these grants, services are provided under the Multi-Program grants to Regional Native Health Organizations.

**Criteria:** These grants are awarded under 7 AAC 78.095(a). Grantees are required to provide a detailed description of their projects including goals, objectives, work plans, evaluation plans, as well as detailed budgets. Quarterly financial and activity reports are also required. The Municipality of Anchorage has provided a full range of public health services to area residents for over 20 years. The North Slope Borough has received support from the State to provide a full range of public health nursing services to Barrow and the surrounding villages since the early 1980s. The North Slope Borough is the governmental agency for the region and the region's only nonfederal health agency. Grants with the Municipality of Anchorage and the North Slope Borough are deemed the most effective means of providing area-wide public health nursing services.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Nursing

### Public Health Nursing

**Public Health Preparedness and Response for Bioterrorism**

**Authority:** AS 44.29.020 (Department Authority); and 7 AAC 78 Grant Programs

**Priorities:** Organizations receiving grants will increase preparedness for and response to bioterrorism, outbreaks of infectious disease, and other public health threats and emergencies, and participate in development of a statewide assessment of needs, communication plans and targeted communication strategies.

Alaska Native Tribal Health Consortium: (1) Develop a plan that describes the Alaska Native health System's role in a bioterrorist attack and ensure Native health system issues and resources are identified in and coordinated with the State of Alaska plans; (2) Promote participation of the Native health system organizations and personnel in federal drills and exercises; (3) Surveillance for key infectious disease syndromes; (4) Support preparedness training for Native health facility and organization staff statewide.

Municipality of Anchorage, Department of Health and Human Services: (1) Enhance direct surveillance activities; (2) Increase capacity for planning and coordinating activities, including pharmaceutical caches; (3) Coordinate testing the Municipality Health Department's Emergency Response Plan; (4) Participate in development and implementation of the Health Alert Network; (5) Develop a training plan for public health staff and assist in their continued participation in the Alaska Public Health Training Network.

Alaska State Hospital and Nursing Home Association: The prime focus will be to develop and implement regional terrorism preparedness plans and protocols for hospitals, outpatient facilities, EMS systems and poison control centers in collaborative statewide or regional models. This grant also assists with preparation for non-terrorist epidemics of rare diseases and exposure to chemical toxins and radiological materials, and mass casualties due to explosions.

**Target Group:** Target groups are: (1) Alaska Native healthcare facilities and the people they serve; (2) the population within and around the Municipality of Anchorage, training to the health department staff and other healthcare professionals in Anchorage; (3) Hospitals, emergency medical systems, poison control centers, community health centers, rural health clinics, federally qualified health centers, tribally-owned health care facilities, and other outpatient facilities that serve as vital points of entry into the health care system.

**Resource Allocation:** Funding levels are based on the federal priorities and the amount of federal funds available to the State.

**Criteria:** The grantee must provide a work plan for enhancing public health infrastructure and coordinate planning, exercises, and response efforts with the State of Alaska, Division of Public Health with specified goals, objectives, activities, and timelines for implementation.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Community Health/Emergency Medical Services

**Tobacco Prevention and Control (Community Based Grants)**

**Authority:** AS 44.29, AS 47.050.010 and 7AAC 78 DHSS Grant Programs

**Priorities:** The mission of the Tobacco Prevention and Control (TPC) Program is to improve the health of all Alaskans by decreasing death, disability and economic burden caused by tobacco use and exposure to second hand smoke. Tobacco use continues to be Alaska's number-one public health problem. This grant program provides funding to communities that are actively involved in population-based, policy-focused tobacco prevention and control strategies.

The Alaska TPC Program has developed four major public health goals:

- (1) to prevent initiation of tobacco use among young people;
- (2) to promote quitting among adults and young people;
- (3) to identify and eliminate tobacco-related disparities in specific populations identified as of special vulnerability or with above-normal tobacco use patterns; and
- (4) to eliminate exposure to secondhand smoke.

The structure of Alaska's tobacco program is based on recommendations from the CDC's Best Practices for Comprehensive Tobacco Control Programs. The statewide program is organized, funded, and managed as program components designed to accomplish and measure the TPC Program goals. The program components include:

- (1) community-based programs to reduce tobacco use;
- (2) enforcement (in Division of Behavioral Health);
- (3) statewide programs that increase the capacity of local programs by providing technical assistance on evaluating programs, promoting media advocacy, implementing smoke free policies, and reducing minors' access to tobacco;
- (4) cessation programs;
- (5) media/counter-marketing;
- (6) surveillance and evaluation; and
- (7) administration and management.

**Target Group:** Alaskans who are affected by tobacco use.

**Resource Allocation:** Tobacco prevention and control community-based grants are funded through State of Alaska Tobacco Use Education and Cessation funds.

**Criteria:** Local grantees must:

- 1) demonstrate broad-based community involvement in their local tobacco control alliance, and
- 2) submit an action plan that includes long-term policy interventions.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Epidemiology

## Tobacco Use Cessation in Health Care Centers

**Authority:** AS 44.29, AS 47.050.010 and 7AAC 78 DHSS Grant Programs

**Priorities:** The mission of the Tobacco Prevention and Control (TPC) Program is to improve the health of all Alaskans by decreasing death, disability and economic burden caused by tobacco use and exposure to second hand smoke. Tobacco use continues to be Alaska's number-one public health problem. The purpose of these grants is to implement the systems interventions recommended by the U.S. Public Health Service Clinical Practice Guideline Treating Tobacco Use and Dependence to enable identification and treatment of tobacco users within health care systems.

The Alaska TPC Program has developed four major public health goals:

- (1) to prevent initiation of tobacco use among young people;
- (2) to promote quitting among adults and young people;
- (3) to identify and eliminate tobacco-related disparities in specific populations identified as of special vulnerability or with above-normal tobacco use patterns; and
- (4) to eliminate exposure to secondhand smoke.

The structure of Alaska's tobacco program is based on recommendations from the CDC's Best Practices for Comprehensive Tobacco Control Programs. The statewide program is organized, funded, and managed as program components designed to accomplish and measure the TPC Program goals. The program components include:

- (1) community-based programs to reduce tobacco use;
- (2) enforcement (in Division of Behavioral Health);
- (3) statewide programs that increase the capacity of local programs by providing technical assistance on evaluating programs, promoting media advocacy, implementing smoke free policies, and reducing minors access to tobacco;
- (4) cessation programs;
- (5) media/counter-marketing;
- (6) surveillance and evaluation; and
- (7) administration and management.

**Target Group:** All Alaskans affected or potentially affected by tobacco use.

**Resource Allocation:** Grant awards of up to \$100,000 are available for regional health care centers. This program is funded through Tobacco Use Education and Cessation Funds, appropriated annually by the State legislature.

**Criteria:** Grantees must:

- 1) Adhere to the Clinical Practice Guidelines for Treating Tobacco Use and Dependence, and
- 2) Implement a State approved project evaluation plan.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Tobacco Prevention and Control

### Tobacco Use Cessation in Health Care Centers

<b>Total Awards: \$282,750</b>						

### Tuberculosis Control

**Authority:** Section 301 and 317 of the Public Health Services Act, as amended; AS 44.29.020 and 7 AAC 78 DHSS Grant Programs

**Priorities:** Services required from the organization receiving this grant include the following: 1) Provide comprehensive tuberculosis (TB) medical care for indigent TB clients; 2) Provide written clinical consultation and advice to clinicians statewide regarding management of patients with suspected or documented active TB or with latent TB infection (LTBI).

**Target Group:** Target groups include TB patients, their close contacts, and other high-risk populations. Services are Statewide; an estimated 1,500 Alaskans are served annually.

**Resource Allocation:** Funding levels are based on the needs experienced by or projected for an area, federal priorities, and the amount of federal funds received.

**Criteria:** The grantee is asked to demonstrate a history of providing services to persons with TB, and is required to specify goals, objectives, activities, and timelines for implementation, an itemized budget and evaluation mechanisms to measure success. Quarterly progress and financial reports are required, along with any specified deliverables. The Division may require changes in project activities based on project evaluation, and methodologies for implementing such changes will be developed in consultation with the grantee.

**Appropriation:** Grant funds are appropriated to the Division of Public Health.

**RDU:** Public Health

**Total Awards: \$63,000**

### Community Developmental Disabilities Grants

**Authority:** AS 47.80 and Department of Health & Social Services; and 7 AAC 78 DHSS Grant Programs

**Priorities:** The Community Developmental Disabilities Grant Program (CDDG) addresses the needs of individuals with developmental disabilities for Habilitation, which is the acquisition or maintenance of skills to live with independence and improved capacity. CDDGs strengthen and sustain the capacity of rural and remote communities to provide services to all members of their community. Equally important is the ability for individuals to remain with their natural families, while being able to access the support they need to participate in the social and economic lives of their community; thereby minimizing institutionalization. CDDGs help provide care in the local community for people having severe disabling conditions such as mental retardation, autism, or cerebral palsy.

Services vary depending upon the persons age and unique needs; and may include supported employment, respite care, care coordination, day habilitation, case management, specialized equipment. In some situations, the Program may provide residential care in a group living or independent living arrangement. For those who qualify by meeting the diagnostic and income limits, the Home and Community Based Waiver Program may provide similar services. However for those who are not eligible or who do not need the long-term residential care that the MRDD Waiver is designed to provide, CDDGs allow cost effective services to be tailored to each individual recipient, particularly to those whose families act as primary caregivers. Core Services, limited to \$3,000 per person, are also offered through the CDDGs to individuals on the waitlist who receive no other services from the Division. This is done with the intent that the early availability of Core Services may alleviate crisis until individuals are in need of long-term care and are selected from the waitlist.

**Target Group:** Services are provided statewide to persons who meet specific criteria outlined in the State of Alaska's definition of developmental disabilities (AS 47.80.900). Since the program participant is authorized to choose their provider from a list of qualified providers, individuals currently receive services in nearly 90 communities across the state. Services in some areas of the state are limited to grantees that operate in a specific community.

**Resource Allocation:** Grant funds are allocated to purchase expertise in serving people with developmental disabilities consistent with the state plan described in AS 47.80.090 (5). Since the needed expertise is not equally divided on the basis of population or regional characteristics, the plan directs funds for specific needs of persons with developmental disabilities wherever they may live.

**Criteria:** Grant funds are distributed through the Department's grant process. Each grantee is required to be reviewed regularly by the Division's Quality Assurance review team, and by an independent financial auditor. A Division-approved action plan is required from each grantee responding to any recommendations made by the review team. Standards of care are expressed as Service Principles stated in AS 47.80.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Services

**Component:** Community Developmental Disabilities Grants

## Home & Community Based Care

**Authority:** Federal Title III-E Family Caregiver Support Program, The Older American's Act; AS 44.21 & 47.65, and 7 AAC 78 Grant Programs.

**Priorities:** Alaska's Family Caregiver Support Program offers a system of caregiver support. Services are implemented through partnerships between state, tribal, and local governments, and community service providers to provide relief from emotional, physical and financial stress experienced by family caregivers. Services include: information; assistance; individual counseling, support groups and caregiver training; respite care; and supplemental services.

Senior In-Home Services provide Care Coordination, Chore, Respite, and Extended Respite Care services to individuals of any age with Alzheimer's Disease or Related Disorders (ADRD), and individuals 60 years and older who are frail, have physical disabilities and/or mental health issues. Flexible, wrap-around services in the home are targeted toward individuals at risk for institutional placement, who have the greatest social and economic need, are Alaska native, or reside in a rural area.

Adult Day services provide an organized program of daytime services in community group settings to support adults' personal independence, and promote social, physical and emotional well-being. Activities are designed to meet individual needs and interests of participants, and referral to and assistance in using appropriate community resources. Services often help stabilize individuals after a health crisis, providing assistance in daily living activities.

ADRD Education, Support and Mini-Grants provide statewide education and support services to people with Alzheimer's Disease and Related Disorders and their caregivers, and provide education about ADRD to the general public, health care professionals, professional caregivers, agencies and organizations. Services include a statewide toll-free number (Helpline); individual and group education and family consultations; participation in the Safe Return program; and a lending library of ADRD books, videos and printed materials. This program is also responsible for statewide mini-grants to individuals with ADRD, for supplies or services to remove or reduce barriers to an individual's ability to function independently.

**Target Group:** Grantees must target seniors at or below the 100% of poverty level. Services support Alaskans over sixty years of age, and caregivers.

**Resource Allocation:** Based on the Federally approved State plan for services.

**Criteria:** Eligibility is dependant on several factors including funding source(s), staffing levels, and appropriateness of placement for those individuals who require assistance and supervision due to physical, emotional, or cognitive impairments.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Services

**Component:** Senior Community Based Grants

**Nutrition, Transportation & Support**

**Authority:** Older Americans Act; AS47.45 & 47.65; 7 AAC 78 Grant Programs.

**Priorities:** The Nutrition, Transportation and Support Services (NTS) program, authorized under the Title III of the Older Americans Act, provides grants to support services for seniors 60 and over in their communities. Services are provided to seniors through local community organizations such as senior centers, non-profit agencies, and tribal or local governments in order to meet the needs of Alaska's aging population. The NTS program provides services that enable seniors to remain independent and stay healthy in their communities. Services are targeted to those with the greatest economic and social need through a State Plan funding formula developed by Alaska Commission on Aging in collaboration with the Department of Health and Social Services. Services provided through this program include information and assistance, congregate meals, home delivered meals, assisted and unassisted transportation, homemaker, legal assistance, health promotion and prevention, senior companion, foster grandparent and Retired Senior Volunteer Programs.

**Target Group:** These services are available to Alaskans 60 years of age and over. In addition, the target populations include those seniors who live in poverty, rural areas, are members of minority groups and are physically frail. These categories for targeting services are based on requirements in the Federal Older Americans Act.

**Resource Allocation:** Funding is allocated through the Intra State Funding Formula approved in the State Plan for Services using the most current U.S. Census data. Each of six regions in the state receive an allocation for funds based on 60 years old and over population, and the target populations stated above with specific weighting factors.

**Criteria:** Applicants must meet the requirements for program delivery. Proposals are evaluated based on the criteria in the Request for Proposals and prior year performance.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Services

**Component:** Senior Community Based Grants

**Protection of Rights & Investigation of Abuse**

**Authority:** Programmatic: Public Law 106-402 DD Act; Americans with Disabilities Act; AS 47.80. Grant Regulations: 7 AAC 78.

**Priorities:** The Protection of Rights & Investigation of Abuse program provides people with developmental disabilities (DD) and their families training and assistance in methods to resolve grievances they may have with providers of community developmental disability services. Services funded by the program range from information and referral, negotiation and mediation, various interventions in line with administrative recourse and, as a last resort, legal consultation and remedies. Under the Federal DD Act, the state must have a system of protection and advocacy that has the capacity to provide administrative and legal remedies to civil rights concerns for people with developmental disabilities. The program exists to assist eligible individuals, sometimes through their families and guardians to engage in their own advocacy. In collaboration with the Division of Senior Services, this grant has been used to emphasize training to recipients in such areas as special education, social security and the Americans with Disabilities Act.

**Target Group:** In order to receive this grant, an organization must have the capacity to provide the Department with an immediate statewide response to complaints of abuse and neglect by persons meeting the definition developmentally disabled as described in AS 47.80.900.

**Resource Allocation:** A single agency provides statewide Protection and Advocacy Services. This award incorporates and makes maximum use of other federal, state, and private funds, which are awarded directly to the sole provider to establish and maintain protection and advocacy services to Alaskans with mental illness and other unique populations with concerns similar to those of persons with developmental disabilities. The Disability Law Center has continuously performed these unique services for 25 years.

**Criteria:** The grantee must have the unique legal authority under state and federal law to investigate complaints by vulnerable people with developmental disabilities, of abuse and neglect in institutions. Additionally, the grantee must assist and train the target population statewide in identifying and obtaining needed services from generic public benefits and entitlement programs, and special education for adolescents with developmental disabilities. The Disability Law Center (DLC) was created in 1977 to meet the requirements of Alaska Statute 47.80.020 to have a system of protection and advocacy for people experiencing developmental disabilities (DD).

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disability Services.

**RDU:** Senior and Disabilities Services

**Component:** Community Developmental Disabilities Grants

Disability Law Center	Statewide	Statewide	99	Protection & Advocacy for DD people	GF/MH	\$150,000

**Grant Award 607-06-099 Total: \$150,000**

**Total Awards: \$150,000**

## Resource and Development

**Authority:** Programmatic: AS 47.80. Grant Regulations: 7 AAC 78.095(a)(2).

**Priorities:** As required by AS 47.80.100, the Department must, within the limits of appropriation, implement a comprehensive system of services and facilities dispersed throughout the state. The services required under this statute are specialized and directed towards addressing minimal habilitation and crisis needs of people with developmental disabilities (DD). This program addresses the severe statewide shortage of qualified direct care staff and professionals with critical expertise necessary to deliver services to people with DD.

**Target Group:** Grant funds support people with DD statewide. Any training or support provided by these grants must be accessible to direct service staff, school paraprofessionals, family member of people with disabilities, and other interested students, in their home communities.

**Resource Allocation:** Funds are allocated to provide services statewide through a single provider with specialized expertise and capability.

**Criteria:** To receive a grant under this program, the organization must demonstrate that they have the required infrastructure and necessary expertise to accomplish the goals for each grant. Additionally, the grantee must incorporate and make maximum use of other federal, state, and private funds to advance to goals for each project. Under the federal Developmental Disabilities Act, the Center for Human Development/UCED receives federal funds to connect specifically to research information from other states and adapt it for optimal delivery of services and training in Alaska.

**Appropriation:** Grant funding is appropriated to the Division of Senior & Disability Services.

**RDU:** Senior and Disabilities Services

**Component:** Community Developmental Disabilities Grants

### Resource and Development

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Center for Psychosocial Development	Statewide	Statewide	99	Behavioral Risk Management	GF/MH	\$150,000

**Grant Award 607-06-098 Total: \$150,000**

**Total Awards: \$150,000**

**Senior Residential Services**

**Authority:** AS 47.65 Service Programs for Older Alaskans; AS 47.33 & 7 AAC 75 Assisted Living Homes; 7 AAC 78 Grant Programs.

**Priorities:** The Division of Senior and Disabilities Services oversees grants that support assisted living facilities for elders in Tanana and Kotzebue. DSDS monitors and licenses both residences as Assisted Living Facilities. By definition, assisted living facilities provide meals and assistance with daily activities to enable seniors to remain in or near their community of choice.

**Target Group:** These grants fund Assisted Living Facilities in Tanana and Kotzebue for seniors from those communities and surrounding villages.

**Resource Allocation:** Funds are allocated to the regions served by Tanana Tribal Council and Maniilaq Association.

**Criteria:** Grantees must meet the standards for assisted living facilities, licensed and monitored by the Department.

**Appropriation:** Grant funding is appropriated to the Division of Senior & Disabilities Services.

**RDU:** Senior and Disabilities Services

**Component:** Senior Residential Services

### Senior Residential Services

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Tanana Tribal Council	Tanana	Interior	6	Senior Residential	Gen Fund	\$304,000

**Grant Award 607-06-329 Total: \$304,000**

**Total Awards: \$304,000**

**Short-Term Assistance & Referral Programs STAR and Mini-Grants**

**Authority:** AS 47.80; 7 AAC 78 Grant Programs.

**Priorities:** The STAR program exists to assist people with developmental disabilities (DD) and their families by addressing short-term needs before a crisis occurs, and to defer the need for more expensive residential services or long-term care. Many people who are on the DD waitlist access STAR services. Allowable costs under the STAR program include, but are not limited to: environmental modifications, adaptive equipment, and services that assist the family (such as behavioral training, personal care, or medical appointments). Assistance with basic living needs necessary to avert a crisis that are not covered by another public or private program such as emergency transportation and clothing may be approved on a limited basis. Mini-Grants are a one-time awards made to individuals, not to exceed \$2,500 per recipient, for health and safety needs not covered by grants or other programs, to help beneficiaries attain and maintain healthy and productive lifestyles. The kinds of supplies or services the Mental Health Trust considers appropriate for Mini-Grants include, but are not limited to: therapeutic devices, access to medical, dental and vision care, and special health-care needs. Adult dental care is the service most frequently requested Mini-grant recipients.

**Target Group:** People with developmental disabilities and their families may access STAR services. Alaska Mental Health Trust Beneficiaries who have a developmental disability or receive Infant Learning Program Services may apply for Mini-grants through local non-profit agencies. Funds are distributed across the state, and amounts assigned by geographic census area.

**Resource Allocation:** STAR grants, geographically allocated and capped in the amount of \$85,000 each, are awarded through the Department's grant process. Awards provide adequate personnel and operating costs to enable each grantee to serve people within their census area. Mini-Grants are distributed to the agencies with STAR Programs, according to the percentage of population in the agency's designated area.

**Criteria:** These 2 programs were designed to be flexible and to respond immediately to meet the needs of consumers who are on the wait list for services. In so doing, the STAR and Mini-grant programs have been an effective way to prevent crisis situations and to provide necessary supports, reducing the need for more intensive services. These programs address the type of needs of the designated beneficiary group intended by the Mental Health Trust Authority.

**Appropriation:** STAR Program funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Services

**Component:** Community Developmental Disabilities Grants

### Human Services Community Matching Grants

**Authority:** Authority for these grants derives both from AS 29.60.600-650, Human Services Community Matching Grants and 7AAC 78 DHSS Grant Programs.

**Priorities:** The provisions of AS 29.60.600 et. Seq. mandates that these grants be used for essential human services. AS 29.60.650 (1) defines essential human services as follows: Essential human services and services have the meaning given social services in AS 47.75.060 except that they include only services whose unavailability would subject persons needing the services to serious mental or physical hardship.

**Target Group:** The geographical areas that currently qualify under AS 29.60.600 are the Municipality of Anchorage, the Matanuska-Susitna Borough and the Fairbanks North Star Borough. Target groups are persons in need of essential human services.

**Resource Allocation:** The amount allocated for this program is appropriated annually by the Alaska Legislature and allocated according to the most recent population figures, certified annually by the Department of Labor.

**Criteria:** The Human Services Community Matching Grants are designated grants to municipalities with a population base minimum required for participation in this program. Applications are due from eligible municipalities prior to October 1st of the preceding year.

**Appropriation:** Grant funding is appropriated to Finance and Management Services.

**RDU:** Human Services Community Matching Grant

**Component:** Human Services Community Matching Grant

### Multi-Program Grants to Regional Native Health Organizations

**Authority:** AS 44.29.020, AS 18.08.010, AS 18.28.010, AS 47.30.056, AS 47.30.520, AS 47.05.015, AS 47.37, and 7AAC 78 DHSS Grant Programs.

**Priorities:** Each grantee receives funds to provide a wide range of health and social services in the region it serves. The grants range in scope and cover varying target populations. Program services are managed by the same standards with those provided in other areas of the state through grants awarded by the Office of Children's Services, and the Divisions of Public Health, Senior & Disabilities Services, and Behavioral Health. Staff in the divisions provide programmatic oversight of the services included in each program in these grants to regional native health organizations.

**Target Group:** The individual programs establish the target groups for the services delivered to the rural populations served by each regional health corporation.

**Resource Allocation:** The areas served are:

Region VI: Kotzebue/Northwest Arctic (Maniilaq Association);

Region VI: Nome/Norton Sound (Norton Sound Health Corporation);

Region IX: Southeast Alaska (Southeast Alaska Regional Health Consortium);

Region II: Interior Alaska (Tanana Chiefs Conference, Inc.); and

Region I,II: Bethel, Yukon-Koyukuk, Wade Hampton (Yukon-Kuskokwim Health Corporation).

**Criteria:** These funds help to leverage services to the entire populations of the regions served by the native health corporations named above. Continuing grant support is dependent on compliance with service standards of the individual programs and the criteria mandated in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to Finance & Management Services; the Divisions of Behavioral Health, Public Health, Senior & Disabilities Services; and the Office of Children's Services.

### Small Hospital Improvement Program

**Authority:** Health Insurance Portability and Accountability Act of 1996 (HIPAA); AS 44.29 and 7 AAC 78 DHSS Grant Programs

**Priorities:** The purpose of this grant is to assist rural hospitals with under 50 beds to make changes necessary to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and/or to improve the quality of care.

**Target Group:** Services are targeted to rural hospitals under 50 beds. There are 18 hospitals in rural Alaska that qualify for SHIP. One hospital network, the Alaska Small Hospital Performance Improvement Network (ASHPIN), also qualifies to receive grant funds when designated as the recipient by eligible hospitals.

**Resource Allocation:** The State Office of Rural Health (SORH) receives the grant from the Office of Rural Health Policy (ORHP), Bureau of Primary Health Care. The SORH determines which hospitals meet the eligibility criteria and subgrants the funds to the Alaska State Hospital and Nursing Home Association (ASHNHA). ASHNHA disperses these funds through equal allocation to each eligible hospital.

**Criteria:** The grantee is the single entity in the state that represents the State's hospitals, and was identified in the federal grant as the entity that would disperse these funds to eligible hospitals and the network.

**Appropriation:** Grant funding is appropriated to Finance and Management Services.

**RDU:** Departmental Support Services

**Component:** Health Planning and Infrastructure

### Small Hospital Improvement Program

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

**Grant Award 605-06-058 Total: \$168,120**

**Total Awards: \$168,120**

### Alaska Childrens Trust (ACT)

**Authority:** ART III, Sec. 23 of the Alaska Constitution; and in accordance with AS 37.14.200, and DHSS Grant Regulations 7 AAC 78.

**Priorities:** The Alaska Children's Trust (ACT) grant program funds creative and community-initiated projects with the potential to prevent and eliminate child abuse and neglect in Alaska.

**Target Group:** The ACT places special emphasis on funding proposals which provide home visitation services for parents (including expectant parents) in underserved areas, parent education and support, programs engaging fathers/adult males in parenting, crisis nurseries and respite care for families with children with disabilities, mentoring and peer counseling, and education projects ensuring that children are eager and ready to learn.

**Resource Allocation:** The annual funding level for the ACT is based upon annual income earnings from the trust fund. Grant awards are contingent upon legislative appropriations of funds to the ACT. The ACT also relies on gifts, bequests, and contributions of cash or other assets from individuals, corporate entities, and federal funds.

**Criteria:** Grantees are required to submit proposals in response to an competitive Request for Proposals. Awards recommendations are based on the priorities of AS 37.14.200 and the criteria contained in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Children's Trust Programs

### Alaska Food Coalition Program

**Authority:** AS 47.27.005-990 and 7AAC 78 Grant Programs.

**Priorities:** One of the Department's goals is to provide assistance to low-income individuals and families. This grant project goal is to support emergency food programs, which serve Alaskans who are needy and hungry, many of who are not on public assistance but would qualify if they applied.

**Target Group:** The areas and communities with organized food bank programs serving needy Alaskans.

**Resource Allocation:** Allocation of funding is based on cost of food and the need for emergency food services.

**Criteria:** A request for an alternative method of solicitation was approved under 7AAC 78.095(a), to allow an award to the existing Alaska Food Coalition as the single agency most capable of meeting the goals of the project, to benefit food banks statewide .

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Women, Infants and Children

**Alaska Food Coalition Program**

**Total Awards: \$105,000**

### Alaska Transition Training Initiative

**Authority:** U.S. Department of Education (DOE) funding is awarded to the Alaska Department of Education and Early Development and is passed through to the Department of Health & Social Services. Funds are awarded to a non-profit agency chosen by both departments for the provision of services under AS 44.29, AS 47.05.015, and 7 AAC 78.

**Priorities:** The US Department of Education provides funding for the training of providers who help families, whose children have disabilities, with transition from the home based Early Intervention/Infant Learning Programs (EI/ILP) to the local school district or Head Start program at the age of three. Training occurs at the community level with the local school district, parent representatives, EI/ILP and other relevant health, social service and educational agencies present. The funding covers the costs of substitute teachers, so all involved personnel can attend training without added expense to the district or infant learning program. The Governor's Council on Disabilities and Special Education has identified this transition as a major concern for families in Alaska.

**Target Group:** The target populations are children with disabilities and their families in school districts, Head Start and EI/ILP programs and other related agencies statewide. It is anticipated that trainings will be held in at least five communities with total of 12 community-based teams receiving training during the year. Follow-up and technical assistance will be provided to communities trained in prior years on an as-needed basis.

**Resource Allocation:** A single agency is funded to provide training services statewide to all EI/ILP grantees and other local agencies on rotating-bases.

**Criteria:** Funds are awarded to a single agency most capable of meeting the goals and objectives of the grant project. The grantee is chosen in a collaborative selection process by the Departments of Health and Social Services and Education and Early Development as the entity that best meets the needs of departments, the school districts, and the EI/ILP and Head Start programs for this very specific type of training.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Children's Medicaid Services  
Infant Learning Program Grants

### Alaska Transition Training Initiative

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
REACH, Inc.	Statewide	Statewide	99	Transition Svc for Kids w/Disabilities	Fed Rcpts	\$50,000
					G/F Match	\$48,065

**Grant Award 603-06-902 Total: \$98,065**

**Total Awards: \$98,065**

**Child And Family Visitation Center**

**Authority:** AS 47.17.010, AS 47.17.290; and DHSS Grant Regulations 7 AAC 78.

**Priorities:** The grant is awarded for the purpose of developing a Child and Family Visitation Center in the Anchorage Region to provide safe, conflict free supervision in a space specifically designed for a family setting. Children in out-of-home care are very vulnerable. Children that are removed from their homes due to abuse or neglect have no control over the separation, it occurs in the middle of trauma, they often have little understanding about why they are being separated from their families, and they do not have the ability to control the resources that could maintain contact. A child and family visitation center is a location where a child and parent separated by a court order can meet. The meeting is monitored by a trained worker who is either in the room with the parent and child, or standing nearby. This allows for supervision that can provide parent-child contact when it would otherwise be impossible, both ensuring child safety and protecting rights to visitation. Visitation centers offer a teaching and therapeutic potential, by observing, correcting, and providing feedback. Successful visitation centers offer clear expectations, a variety of homelike activities, and immediate feedback to the social worker and foster parents. It is important that visitation center staff, OCS staff, and foster parents provide a supportive team approach to visitation. Supervised visitation is designed to protect the child from harm, strengthen family relationships, and move the family toward unsupervised visitation, reunification, or an alternative permanent placement. The Center also communicates with OCS workers and foster parents, birth parents, and family members; and provides transportation to and from the visits. The Center provides information through court testimony when appropriate.

**Target Group:** Services provided through this grant category are designed for families who require supervised visitation services when children are removed from the home due to abuse and/or neglect. There are also instances when a parent is involved with alcohol or drug abuse, violence, is incarcerated, or OCS has intervened in a custody battle that has aroused serious concerns regarding the safety of the child.

**Resource Allocation:** The Office of Children's Services has funded the Family Visitation Center in the area where the target population is most dense.

**Criteria:** Awards are based on competitive solicitation through a Request for Proposals. Criteria includes requirements for qualified and sufficient staff levels, hours of operation, accessibility to the target population as well as other program specific needs and the criteria contained in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

### Child And Family Visitation Center

### Children's Advocacy Centers

**Authority:** Federal Authority: Juvenile Justice and Delinquency Prevention Act of 1974, Public Law 93-415. State Authority: AS 47.17.010-AS 47.17.290, Child Protection, outlines the Office of Children's Services responsibility to protect children and investigate cases of abuse and neglect; 7 AAC 78 DHSS Grant Programs

**Priorities:** Through the Office of Juvenile Justice and Delinquency Prevention (OJJDP), the State of Alaska is funding Child Advocacy Centers (CAC). This grant program targets the major communities throughout Alaska to establish child-friendly advocacy centers that provide comprehensive investigations for children suspected of being abused, using a Multi-Disciplinary Team (MDT) approach.

**Target Group:** Child Advocacy Centers and the associated Multi Disciplinary Teams are intended to serve children suspected of being physically and sexually abused.

**Resource Allocation:** Through the Office of Juvenile Justice and Delinquency Prevention (OJJDP) the State of Alaska was awarded funding to continue the operation of existing CACs and MDTs.

**Criteria:** Proposals are evaluated based on criteria established in the solicitation.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

<b>Total Awards: \$1,579,817</b>						

**Commodity Supplemental Food Program**

**Authority:** Federal Regulations - 7 CFR Part 247; CSFP State Plan (2003); DHSS Grant Regulations 7AAC 78

**Priorities:** Commodity Supplemental Foods Program (CSFP) grants fund local administration of the CSFP program, which increases the access of nutritious foods, increases food security, and provides nutrition education to low income women, infants, children and seniors. This goal is in compliance with federal and state regulations and policies. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining the percentage of women, infants, and children whose income is below 185% of federal poverty guidelines and seniors whose income is 130% of the federal poverty level.

**Target Group:** Those low income persons include: pregnant, breast-feeding, and postpartum women; infants and children up to 6 years old; and seniors over the age of 60. The target area is Anchorage and Fairbanks currently. The projected number of clients to be served is 3,000 per month. Counts are kept on the number of women, infants, children and seniors served.

**Resource Allocation:** The first priority for funding is for the continuation of services to enrolled families and seniors. Criteria include: staffing needed to provide program services; number of satellite clinics; other necessary expenses; and in-kind contribution/resources available to the local agency. Budgets are based on assigned caseload slots.

**Criteria:** Grantees must have the capability to warehouse commodity foods shipped directly to/from the USDA, package foods into individual monthly allotments, distribute foods to certified program participants, or box foods and transport to distributions sites. These grants are evaluated with the requirements of 7ACC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Women, Infants and Children

### Commodity Supplemental Food Program

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Fairbanks Community Food Bank Service Inc.	Fairbanks	Interior	7 - 11	Supplemental Food Program for Women, Infants and Children (WIC)	Fed Rcpts	\$44,905
<b>Grant Award 603-06-822 Total: \$44,905</b>

<b>Grant Award 603-06-821 Total: \$77,513</b>						
<b>Total Awards: \$122,418</b>						

## Differential Response

**Authority:** AS 47.17.030 Termination of parental rights, describes the responsibilities the Office of Children's Services has to investigate reports of harm on children. DHSS Grant Regulations 7AAC 78

**Priorities:** This program is a differential response system that accepts low-risk 'Priority 3' reports of harm referred by the Office of Children's Services(OCS) for assessment. The OCS conducts an initial screening following receipt of a report of harm and, if considered a Priority 3 low-risk referral, the OCS refers the report to the Differential Response Program for a family assessment and possible services.

**Target Group:** The Differential Response program is designed to investigate low-risk referrals. The program assesses the family situation and risk to the child. Family Assessment Workers provide direct services, as needed, or provide referrals for families who could benefit from community-based programs. All services are geared to ameliorate the conditions leading to the report of harm. If child protection issues appear more serious upon assessment, the case will be referred back to the OCS for a full investigation.

**Resource Allocation:** The Differential Response program was established in the Matanuska-Susitna Valley as a result of the high number of referrals of child abuse and neglect.

**Criteria:** Proposals are evaluated based on criteria established in the solicitation. Criteria include evaluation of the applicant's access to the target population and ability to provide the services defined in the grant solicitation. All applicants must have an operational differential response program. Eligible applicants must provide assessment and referral services to families referred from Office of Children's Services on Priority 3 Reports of Harm involving children ages birth to 18. (Priority 3 is families who are considered low risk).

**Appropriation:** Funds are appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

### Differential Response

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Cook Inlet Tribal Council	Anchorage	Anchorage	17 - 32	Differential Response to Reports of Harm	Fed Rcpts	\$111,420
					G/F Match	\$7,000
					Gen Fund	\$59,580
<b>Grant Award 603-06-213 Total: \$178,000</b>						
Kawerak, Inc.	Nome	Kotzebue/ Norton Sound	39	Differential Response to Reports of Harm	Fed Rcpts	\$21,773
					Gen Fund	\$35,697
<b>Grant Award 603-06-215 Total: \$57,470</b>						
Matanuska Community Health Care	Matsu	Southcentral	12 - 16	Differential Response to Reports of Harm	Fed Rcpts	\$103,568
					Gen Fund	\$63,962
<b>Grant Award 603-06-214 Total: \$167,530</b>						
<b>Total Awards: \$403,000</b>						

**Early Intervention/ Infant Learning Program**

**Authority:** Federal Part C of IDEA (PL 105-17); 7AAC 23.010 - 7AAC 23.100 & AS 47.20; DHSS Grant Regulations 7AAC 78

**Priorities:** The purpose of the Early Intervention / Infant Learning Program (EI/ILP) is to enhance the developmental potential of children from birth to three who experience developmental delays or are at risk for them. The program integrates the early intervention services that are crucial in the first three years of life for children with special needs.

**Target Group:** The program serves families of infants who experience disabilities or special needs as well as those who are at risk for developmental delays. Services are available statewide. In addition to itinerant services provided from hub communities, programs based in Anchorage provide statewide services for hearing and visually impaired children. Approximately 1,800 children will be enrolled for comprehensive services with about 1,700 additional children receiving screening, evaluation and referral services annually.

**Resource Allocation:** Allocation of funds is based on the population of children under the age of three in the region, the number of eligible children enrolled who are underserved or waiting for services, caseload characteristics such as the numbers who qualify for Part C, non Part C and at-risk services, the cost of travel and service delivery in the region, size of the caseload and expansion of service areas, and the availability of a community-based team for multi-disciplinary evaluations. Grantees and their contractors bill families and third party payers (health insurance and Medicaid) for some services.

**Criteria:** Grant applications require measurable goals and objectives, the proximity of the applicant to the population to be served, and the applicant's ability to employ early intervention providers. All grants are reviewed according to the requirements of 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Infant Learning Program Grants

**Family Preservation**

**Authority:** Under AS 47.10 Children in Need of Aid; AS 47.17 Child Protection; AS 47.05.010 Administration; Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a); DHSS Grant Regulations 7 AAC 78; Adoptions and Safe Families Act (ASFA 11/19/97) to protect children by preventing and remedying repeated abuse, neglect and exploitation.

**Priorities:** Services are provided for OCS referred clients and are designed to help children and families to reduce out-of-home placements and ease the reunification process where there has been an out-of-home placement. Services include intensive preventive services programs designed to help children at risk of foster care placement remain safely with their families. Other services include follow-up care to families where a child has been returned after a foster care placement or after a child abuse and neglect investigation has been substantiated.

**Target Group:** This program provides services for OCS referred children and families (including adoptive, foster and extended families) at high risk for out-of-home placement or in crisis.

**Resource Allocation:** Funding allocations for the Family Preservation grants are based on population, numbers of family services clients, numbers of youth services clients, and community resources.

**Criteria:** Grants are awarded through a competitive Request for Proposals process. The RFP stipulated that only one Family Preservation program would be awarded in any given village or city in Alaska, with the exception of Anchorage, Juneau, Fairbanks, and Palmer/Wasilla. In each of these four cities, a maximum of two programs may be awarded. Funding is determined on a regional basis with at least one rural area in each of the Northern, Southcentral and Southeast regions.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Family Support**

**Authority:** Under AS 47.17 Children in Need; AS 47.17 Child Protection; AS 47.05.010 Administration; Federal Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a); Adoptions and Safe Families Act (ASFA 11/19/97) to support the development of community-based services that are prevention-oriented.

**Priorities:** Family Support services allow children to remain in their homes from birth to onset of their teens, and grow in a healthy home environment. Services are intended to be preventative in nature. Preventative is defined as the prevention of child abuse and neglect by teaching parents to develop healthy life skills and relationships. Community-based services promote the safety and well-being of children and families to increase the strength and stability of families, to increase parents' confidence and competence in their parenting abilities, to afford children a safe, stable and supportive family environment, and otherwise enhance child development. Services provided to families include solving immediate crises, budgeting, stress management, positive discipline, transportation, child development, resource referrals and other skills needed to maintain family integrity independently and prevent out-of-home placements.

**Target Group:** Services provided through this grant category are direct services for high-risk parents and their children (including adoptive, foster and extended families). Services focus on children from birth to age 12 to provide early intervention.

**Resource Allocation:** Funding allocations for the Family Support grants are based on population, numbers of family services clients, numbers of youth services clients, and community resources.

**Criteria:** Grants are awarded through a competitive RFP process. The RFP stipulated that only one Family Support program would be awarded in any given village or city in Alaska, with the exception of Anchorage, Juneau, Fairbanks, and Palmer/Wasilla. ## Healthy Families Alaska

**Authority:** AS 44.29, AS 47.05.015; and 7 AAC 78 Grant Programs

**Priorities:** Healthy Families Alaska is designed to improve child health outcomes, including the prevention of child abuse and neglect. The program incorporates screening pregnant women and parents of newborns for risk factors and providing intensive home visiting for three to five years for families whose life situation places their children at risk. Services provided to families who voluntarily agree to participate in the program, focus on supporting the parent, supporting positive parent-child interaction and child development. Healthy Families Alaska programs collaborate with other agencies in order to utilize scarce resources, provide a comprehensive array of services to families, and avoid duplication of services.

**Target Group:** Eligible families will be identified during the systematic screening of all new parents during pregnancy or at delivery in communities with a Healthy Families Alaska program. Families in these communities will be eligible if they are identified as having life circumstances that place them at increased risk of providing less than a nurturing environment for their child.

**Resource Allocation:** Funds are allocated based on grantee needs to deliver required services that meet the Healthy Families Program goals and objectives, to maintain program caseloads, and based on available funding for the program

**Criteria:** The criteria for awarding funds includes an evaluation of the applicants understanding of the services to be provided, a description of the organization, details of budget, population to be served, program plans with measurable goals and objectives, previous experience, demonstrated effectiveness, and documentation of community support. Applications are reviewed and evaluated by Department staff and a Proposal Evaluation Committee. Final award decisions are determined by the Commissioner.

**Appropriation:** Funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Children's Services Management

## Independent Living

**Authority:** Under AS 47.10 and AS 47.17 to support youth transition from foster care to self-sufficiency; 7 AAC 78 Grant Programs .

**Priorities:** The purpose of this mentoring program is to establish long-term relationships between youth in state custody and adults who will help those youth develop self-sufficiency skills necessary for independent living. The overall goal of this program is to support youth in state custody, age 14 and older, to make successful transitions from foster care to independent living as young adults. Youth will have opportunities to access services and supports according to their individual needs as described in a personal transition and exit plan while they are in foster care.

**Target Group:** Youth age 14 and older who are currently in OCS custody, youth no longer in custody, but who were in custody on or after their 16th birthday may be eligible for support services to help them transition from custody to self-sufficiency.

**Resource Allocation:** OCS has allocated funds to four different areas of the state: Northern, Southeast, South Central, and the Anchorage areas.

**Criteria:** The grantee must make services available throughout their region, not just in the local community. Applications are evaluated based on demonstrated need and the agency's ability to provide regional services.

**Appropriation:** Grant funding is to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

### Independent Living

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Covenant House	Anchorage	Anchorage	17 - 32	Independent Living Case Management	Fed Rcpts	\$90,000

**Grant Award 603-06-301 Total: \$90,000**

**Total Awards: \$90,000**

## Residential Child Care

**Authority:** AS 47.40.011 Purchase of Services for minors for whom the state has assumed responsibility under AS 47.10; 7 AAC 78 DHSS Grant Programs, 7 AAC 81 Grant Services for Individuals; and AS 47.12.

**Priorities:** The primary focus of Residential Child Care (RCC) grants has been to protect and treat children who are victims of child abuse and neglect as well as to rehabilitate juvenile offenders. Services provided are intended to achieve both immediate and long term solutions to family problems; promote the preservation, rehabilitation, and reunification of families to the extent possible; and to promote independence and the use of least restrictive alternatives. The major emphasis is to provide Behavioral Rehabilitation Services (BRS) to children in their own communities whenever possible. Programs include emergency shelter, day treatment, specialized residential care; staffed secure care, residential diagnostic treatment, and residential sex offender treatment. Length of stay in care ranges from one day up to two years.

One additional grant funds a statewide training program for residential providers, to provide forums for the ongoing training of line staff. This includes Managing Aggressive Behaviors, Residential Child and Youth Care Professional Skill Development, and Train the Trainers workshops. It also provides access to Fetal Alcohol Syndrome curricula, Effects of Abuse and Neglect on Child Development training, as well as additional staff and program support.

**Target Group:** Services are provided in communities across the state to children who are victims of child abuse and neglect, and to juvenile offenders.

**Resource Allocation:** OCS guarantees a grant for Core Capacity amount, per bed per day, to ensure availability for the Division clients. The award amounts listed include only the Core Capacity Grants. Additional funding is earned through Behavioral Rehabilitation Services (BRS) based on actual utilization, payable through Provider Agreements under 7 AAC 81. Funding amounts are also based on service need and treatment under each level of care: Level II - Emergency Shelter, Level III - Specified Residential Treatment, Level IV - Residential Diagnostic Treatment.

Behavioral Rehabilitation Services (BRS) were developed by the Department to provide a minimum level of operating funds to grantees while setting up an incentive funding structure to encourage maximum utilization of available treatment beds; and increasing grantees RCC daily rates, while setting higher standards for residential child care. BRS are provided by the RCC grantees and billed through the Office of Children's Services (OCS).

**Criteria:** Facilities operating under this grant program are required to be in compliance with state licensing requirements following AS 47.35 and 7 AAC 50.005 - 7 AAC 50.990.

**Appropriation:** Grant funds are appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Children's Medicaid Services

### Resource Family Training and Support

**Authority:** Under Federal Authority: Title IV B Sub-part II; Title IV-E training and State Authority: AS 47.35.037 Orientation and training; 7 AAC 50.250 Orientation and training.

**Priorities:** The grantee will provide training to all resource families referred, either through OCS staff, other community providers, or self-referrals from the families themselves. Training will be provided through on-line resources, self-study packets, video and audio provisions, and teleconferences. Training and support will be provided to the rural communities via the Indian Child Welfare Workers (ICWA) or other identified community members located in those communities. The grantee will also provide pre- and post- adoptive services, including family preparation training and special needs training; access to information and service providers where families can request material service, health benefits information, and support for temporary placement of children into psychiatric in-patient or residential care.

**Target Group:** The grantee will plan, develop and implement on-site trainings in both urban and rural areas for adoptive and foster care families. A strong emphasis on successful training and support of rural resource families is an expectation for this grant.

**Resource Allocation:** Funding is provided through Federal IV-B Sub-part II, Title IV-E training funds and state general funds.

**Criteria:** Agency must provide statewide services through collaborative methods with tribal entities, local communities and DHSS.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation  
Foster Care Special Need

### Resource Family Training and Support

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Northwest Resource Associates	Statewide	Statewide	99	Family Counseling, Support & Referral	Fed Rcpts	\$571,875
				Foster Care and Adoption Support and Training	G/F Match	\$46,875
<b>Grant Award 603-06-150 Total: \$618,750</b>						

**Total Awards: \$618,750**

### **Rural Social Service Program**

**Authority:** AS 47.05.011, AS 47.10 and 7 ACC 78 Grants Program.

**Priorities:** Rural Social Services are services designed to help children and families at risk of out-of-home placement or in crisis.

**Target Group:** Target groups are the regional population served by the grantees and established by the individual programs.

**Resource Allocation:** The geographical areas served are within Southeast Alaska, Nome and communities in the Bering Straits area, and Kotzebue and the Northwest Arctic area.

**Criteria:** Criteria include evaluation of the applicant's access to the target population and ability to provide the services defined in the grant solicitation. Proposals are evaluated based on criteria established in the solicitation. Continuing grant support is dependent on compliance with services standards of the individual program.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

### Rural Social Service Program

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

### Senior Farmers Market Nutrition

**Authority:** 15 U.S.C. 714c(e) Sec. 5(e), 7 AAC 78 Grant Programs.

**Priorities:** The purpose of the Senior Farmers Market Nutrition Program is to provide low-income senior citizens in Alaska with coupons to obtain fresh Alaskan-grown produce at local farmers markets and farm stands.

**Target Group:** Target group and geographic areas include senior citizens, aged 60 and older, with incomes at or below 185% poverty level, in the Fairbanks, Anchorage and Mat-Su Valley areas. Disabled adults, under age 60 and qualified for Medicaid, are also eligible to participate in the Senior Farmers Market Nutrition Program.

**Resource Allocation:** Funding for these awards is based on the anticipated coupon redemption by participating senior citizens.

**Criteria:** Grantees are awarded grants to pay farmers involved in this program for redeemed coupons. No administrative funding is provided to these agencies willing to provide this service. These two regions were the only regions of the state interested in this venture. Funding was awarded by the United States Department of Agriculture based on an application from the state to do a joint venture with the United Way of Mat-Su and the North Star Council on Aging.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Women, Infants and Children

### Senior Farmers Market Nutrition

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

<b>Total Awards: \$63,293</b>						

**Supplemental Food Program for Women, Infants and Children (WIC)**

**Authority:** Federal Regulations - 7 CFR Part 246; WIC State Plan (1998); 7AAC 78 DHSS Grant Regulations

**Priorities:** Women, Infant and Children (WIC) grants fund local administration of the WIC program, which provides supplemental nutritious foods to alleviate specific health problems to low income women, infants and children. This goal is in compliance with federal and state regulations and policies. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining: 1) the incidence of low birth weight among newborn infants; 2) the rate of infant mortality; 3) the percentages of births to women under 19 years of age; 4) the rate of participation in the Food Stamp Program; 5) the rate of employment; and 6) the percentage of people whose income is below 185% of federal poverty guidelines. Families enrolled in Denali Kid Care with incomes above 185% of the federal poverty level are adjunctively WIC income-eligible.

**Target Group:** Those persons served by the programs administered by these grantees include: pregnant and breast-feeding women, infants and children up to 5 years old at nutritional risk, and postpartum women. The target area is statewide. The projected number of clients to be served is 26,000 per month. Counts are kept on the number of women, infants and children served.

**Resource Allocation:** The first priority for funding is for the continuation of services to enrolled families. Criteria include: staff needed to provide program services; number of satellite clinics; other necessary expenses; and in-kind contribution/resources available to the local agency. Budgets are considered individually in order to meet local agency needs and compared to ensure equity.

**Criteria:** Grant applications require description of organization, details of budget, population to be served, a program plan with measurable goals and objectives, previous experience, and documentation of community support. Department staff and a Proposal Evaluation Committee review and evaluate applications.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Women, Infants and Children

### Supplemental Food Program for Women, Infants and Children (WIC)

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

## Supported Parenting Grants

**Authority:** Under AS 47.17.010 - AS 47.17.290; 7 AAC 78 Grant Programs to provide direct parenting support services.

**Priorities:** The services obtained through the Supported Parenting grants are for parents with developmental disabilities, mental health illness, or severe alcohol problems, who often need support in fulfilling their parenting responsibilities. Without support, these parents are often referred for child protection services to the Office of Children's Services. Beneficiary parent groups are at a disadvantage since many of them have life long disabilities. Adult services to these beneficiary parent groups focus on treatment services to help the individual and many do not have the funding necessary for services that address the important role of parenting.

**Target Group:** Services provided through this grant category are direct services for beneficiaries of the Alaska Mental Health Trust Authority. These are Alaskans who experience mental illness; mental retardation or similar disabilities; chronic alcoholism with psychosis; or Alzheimer's disease or related dementia. The services focus on providing direct parenting support services to these special-needs parents who may have increased risk of their children being removed from their homes.

**Resource Allocation:** Grants are awarded to the Southeast, Northern, and Anchorage Regions of the state.

**Criteria:** FY 06 is the last year of MHTAAR funding for this program. Grantees will develop an exit strategy which may allow for the continuation of these programs without MHTAAR funding.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

### Supported Parenting Grants

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

<b>Total Awards: \$150,000</b>						

**Time Limited Family Reunification**

**Authority:** Under AS 47.10 Children in Need of Aid; AS 47.17 Child Protection; Title IV-B Subpart 2 Sec. 430.[42.U.S.C. 629](a) to develop and establish, or expand and to operate a program of family preservation services, community-based family support services, time-limited family reunification services, and adoption promotion and support services. Adoptions and Safe Families Act (ASFA 11/19/97) ASFA amended Title IV-B subpart 2 by adding two new services: Time Limited Family Reunification Services and Adoption Promotion and Support Services.

**Priorities:** Time Limited Family Reunification grants provide services to families whose children have been in foster care 15 out of 22 months with the goal of finding a permanent placement for the child. These services are geared toward either reunifying families or moving towards guardianship or adoption. Safety is always deemed paramount when reunification is the goal. The services accomplished through this program include supervised visitations, transportation, parenting education and support services, anger management counseling, case management services with an outcome based case plan, information and referral services, structured parent-child activities, respite care, pre-school individual skill development for SED children, mental health services, drug and alcohol treatment/referral services, and individual and family therapy.

**Target Group:** Time Limited Family Reunification grants provide services to families whose children have been in foster care 15 out of 22 months. Clients must be referred by OCS. The goal is to find a permanent placement for the child. Services are also provided to the parents or primary caregivers of such children, in order to facilitate the reunification of the children safely and appropriately in a timely fashion, but only during the 15-month period that begins on the date the child enters foster care. Services include in-home services, supervised visitation, transportation, substance abuse treatment, counseling, mental health services, and counseling and education for victims of domestic violence.

**Resource Allocation:** Funding allocations for the Timed Limited Family Reunification Services grants are based on population, numbers of family services clients, numbers of youth services clients, and community resources.

**Criteria:** Grants are awarded through a competitive RFP process. The RFP stipulated that only one Time Limited Family Reunification (TLFR) program would be awarded in any given village or city in Alaska, with the exception of Anchorage, Juneau and Fairbanks. In each of these three cities, a maximum of two TLFR programs may awarded.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

**Time Limited Family Reunification**

**Tribal Title IV-E**

**Authority:** FEDERAL: The Adoption Assistance and Child Welfare Act (PL96-272); Adoption and Safe Families Act (PL 10589); 45 CFR 1356.60 (b) and (c); and Part E Title IV of the Social Security Act.

AS 47.05.010 015, the Department of Health and Social Services shall (7) cooperate with the federal government, its agencies or instrumentalities in establishing, extending and strengthening services for the protection and care of homeless, dependent and neglected children. AS 44.20.020. Duties of Department, (a) The Department of Health and Social Services shall administer the state programs of public health and social services. (12) Child welfare services. 7 AAC 78 Grant Programs.

**Priorities:** The purpose of this grant is to pass IV-E funds through Office of Children's Services (OCS) to grantees in order to provide a higher level of foster care related services to IV-E eligible native children. The grantees will facilitate cooperation between the division, tribes and tribal organizations; provide for the best interest of Alaska Native American Indian children; meet the policies and goals of the Indian Child Welfare Act of 1978 (ICWA); assure compliance with the Adoption and Safe Families Act; and provide the council with access to federal funding under the Title IV-E administration and training regulations.

**Target Group:** The target groups include tribes and tribal organizations throughout Alaska providing services to Title IV-E eligible children. Projects are located in the Anchorage, Fairbanks, Juneau, Bethel, Nome, Bristol Bay, Aleutian Pribilof, and Sitka service areas. Services also include coordination and communication between Office of Children's Services, tribes, and tribal organizations statewide.

**Resource Allocation:** The funding level is based on a cash or in-kind contributions by the tribal council. Contributions by grantees will be reimbursed through IV-E. The allowable administration cost incurred by the grantees will be cost allocated based on: The percentage (%) of all children statewide in foster care who are in OCS custody and who are Title IV-E eligible times (x) 50 percent (Federal Financial Participation for administration costs), if available; The percentage (%) of all Native American children statewide in foster care who are in OCS custody and who are Title IV-E eligible times (x) 50 percent (Federal Financial Participation for administration costs).

**Criteria:** Federal funding is designated to tribes providing adoption and foster care services. Grantees are required to sign a Title IV-E agreement. This agreement also requires approval by the Federal Administration for Children and Family Services.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

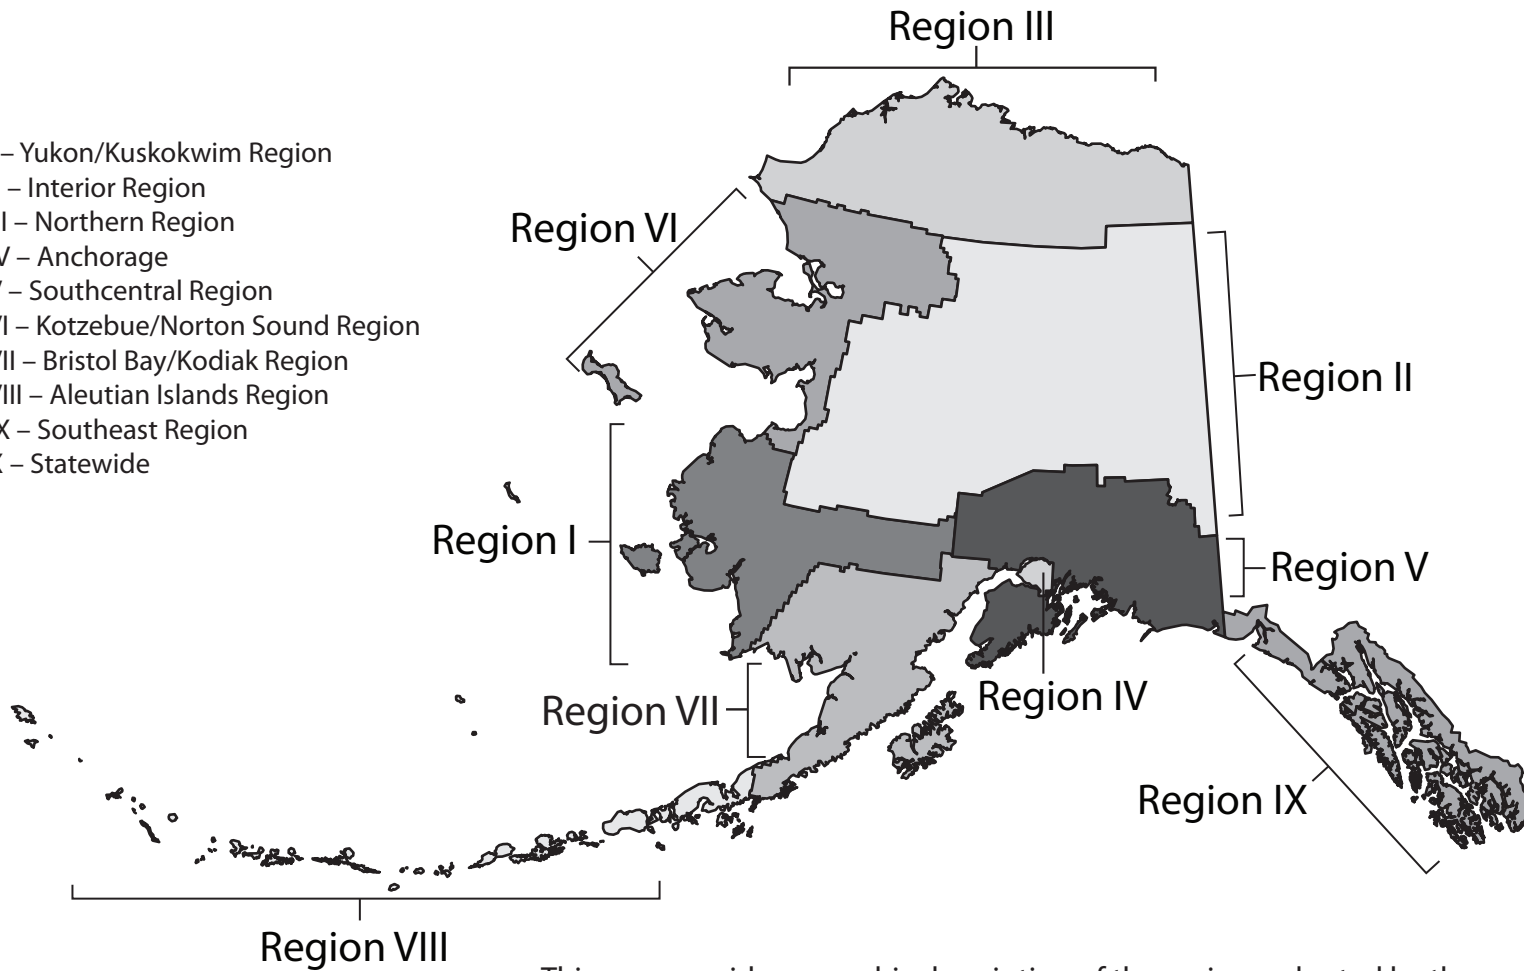

### Tribal Title IV-E

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

# DHSS Service Regions

- Region I – Yukon/Kuskokwim Region
- Region II – Interior Region
- Region III – Northern Region
- Region IV – Anchorage
- Region V – Southcentral Region
- Region VI – Kotzebue/Norton Sound Region
- Region VII – Bristol Bay/Kodiak Region
- Region VIII – Aleutian Islands Region
- Region IX – Southeast Region
- Region X – Statewide

This map provides a graphic description of the regions adopted by the Department of Health and Social Services to aid in the assessment of the distribution of services and resources across the state.

# Election District Reports

## ELECTION DISTRICT REPORTS

### Table of Contents

The election districts shown in the following reports indicate service delivery areas. Services are often provided across multiple election districts. Districts are grouped into primary and secondary designations.

**1–5 Southeast Alaska**

1	Ketchikan Gateway & Eastern Prince of Wales.....	205
2	Sitka, Petersburg & Wrangell.....	206
3–4	Juneau.....	208
5	Rural Southeast Communities & Cordova.....	209
1–5	Southeast Areawide.....	211

**6–11 Interior Alaska**

6	Rural Interior Communities.....	213
7–11	Fairbanks North Star & Denali .....	214
6–11	Interior Areawide .....	217

**12–16 Mat-Su and Southcentral Alaska**

12	Glennallen & Valdez .....	219
13	Palmer .....	220
14	Tanaina & Wasilla.....	221
16	Chugiak.....	222
12–16	Mat-Su, Southcentral Areawide.....	223

**17–32 Anchorage**

17-32	Anchorage.....	225
-------	----------------	-----

**33–37 Southwestern Alaska**

33	Kenai & Soldotna.....	230
34	Nikiski & Sterling .....	231
35	Homer, Seldovia & Seward .....	232
33–35	Kenai Peninsula Borough Areawide .....	233
36	Kodiak Island, Northern Lake & Peninsula .....	235
37	Bristol Bay, Dillingham, Southern Lake & Peninsula & Aleutians.....	237
36–37	West-Southwestern Areawide.....	240

**38–40 Western and Northern Alaska**

38	Bethel, Lower Kuskokwim, & Nunivak Island .....	241
39	Nome, Norton Sound & Lower Yukon Communities .....	243
40	Northwest Arctic & North Slope Borough.....	246
38–40	Western and Northern Alaska Areawide .....	249
