Governor

Karleen K. Jackson  
Commissioner

Alaska State Library, Alaska Dept. of Health & Social Services Photograph Collection, P143-1077

## *Introduction*

Grants make up a significant proportion of the State of Alaska Department of Health and Social Services' effort to promote and protect the health and well-being of Alaskans. From the Child Care Assistance Program to Nutrition, Transportation and Support for Seniors, the Department of Health and Social Services manages nearly 700 grants. Priorities are focused on providing direct services to clients and protecting vulnerable populations.

In alliance with the Rasmuson Foundation and grantee representatives, the Department has created the Grantee Partnership Project to improve the grant-making process. One of the initiatives of which we are particularly proud is eGrants, DHSS' online grant reporting system. eGrants supports the objectives identified by the Grantee Partnership Project by decreasing the administrative burden of grantees, increasing grantee satisfaction, and improving communications between the State of Alaska and the service providers in our communities.

The department also continues to work toward ever-increasing accountability and service improvement. Grants for Behavioral Health services listed in this book reflect the most recent advances in the application of outcome based grant awards.

In Fiscal Year 2008, more than \$137 million of the Department's annual budget is estimated for award through grants, with additional services supported through contracts and provider agreements, where those mechanisms better serve the targeted populations. The Department and its employees continue their commitment to the management and provision of responsive and effective community-based services.

Sincerely,

Karleen K. Jackson, Ph.D.

Commissioner

Division of Behavioral Health

Alcohol Safety Action Program (Adult & Juvenile)

**Authority:** AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** Priorities of the program are alcohol and substance abuse screening, referral, and monitoring education or treatment requirements of alcohol-related misdemeanor cases. Quarterly reports and program reviews demonstrating performance and Advisory Board recommendations are also considerations. Each program has an adult component and may have a juvenile component.

**Target Group:** Adult ASAP: Services are intended for clients who have a current or pending DUI misdemeanor criminal case. Most clients are referred directly from the court as a condition of their sentence, although they may be assigned prior to their conviction as a condition of release.

Juvenile ASAP: Services are intended for clients who are referred for adolescent assessment, referral, and treatment related to underage drinking and drug offenses. Juvenile ASAP serves clients aged 14-21 who have been convicted of a minor consuming, minor in possession, or tobacco violation. Most clients are referred directly from the court as a condition of their sentence, although they may be assigned prior to their conviction as a condition of release.

**Resource Allocation:** Criteria for allocation of funds for these services are 1) cost per case; 2) size of caseload and; 3) support of the local justice system. Geographic consideration is based on the number of cases in each court location. Award of Juvenile Alcohol Safety Action Program funding is made only to grantees that currently have an adult ASAP infrastructure in place. A 25% match is required except where reduced by approved exemption.

**Criteria:** Criteria for awarding grants are derived from statute and regulation and include evaluation of component costs, budget summary and narrative, program narrative, and goals and objectives. Recommendations are made by an evaluation of statistical data reported from the courts and the information provided in applications.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Alcohol Safety Action Program

**Division of Behavioral Health**

**Behavioral Health Provider Association**

**Authority:** AS 47.30.520 - 620 Community Mental Health Services Act and AS 47.376 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** To enhance behavioral health services and quality of life for all Alaskans by providing leadership, which ensures high quality, affordable behavioral health services.

**Target Group:** This grant targets primary providers of behavioral health services in Alaska.

**Resource Allocation:** Funds for this grant are identified in the Division of Behavioral Health Federal Block Grant.

**Criteria:** The Alaska Behavioral Health Association is the only statewide association eligible under 7 AAC 78.030, whose members are the primary providers of behavioral health services in Alaska.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

<b>Grant Award 602-08-923 Total:</b>						<b>\$67,676</b>
<b>Total Awards:</b>						<b>\$67,676</b>

Division of Behavioral Health

Bridge Home - Housing and Housing Retention Support Services

**Authority:** AS 37.14.041 and AS 47.30.056 Use of the Mental Health Trust Settlement Income Account; 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** The Alaska Mental Health Trust Authority allocated funding for grants to provide rental subsidies and related housing costs, as well as residential support services, for up to 40 adult individuals. Participants will receive intensive, on-site residential support services and living skills development, as well as supportive employment training. 24-hour outreach services will be available to respond in time of need.

This program provides funding to address a critical gap in our system for long-term housing assistance to a population that is excluded from current programs. Clients are offered a chance to demonstrate the ability to remain in stable housing and reestablish eligibility for the HUD Housing Choice Voucher program.

**Target Group:** The pilot Bridge Home program targets adults who are exiting institutions with a serious, chronic mental illness and a history of cycling from the Department of Corrections, Alaska Psychiatric Institute and homelessness.

**Resource Allocation:** This is a demonstration project to begin in the Anchorage area with a single grant to provide services to the highest density target population. The pilot is anticipated to be made available to other Alaska communities in the future.

**Criteria:** The successful proposal must demonstrate a thorough understanding of the goals and outcomes anticipated by the Department and the project must meet or exceed the anticipated outcomes. Program goals include: ensuring public safety; reducing criminal and clinical recidivism; providing a supported housing alternative to corrections; assisting clients to achieve self-sufficiency by accessing mainstream resources, such as a social security benefits and federal housing subsidies; and demonstrating the overall cost savings to the State of Alaska for the use of supported housing vs. institutionalization.

**Appropriation:** Funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Svcs/Seriously Mentally Ill

### Bridge Home - Housing and Housing Retention Support Services

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Anchorage Community Mental Health Services, Inc.	Anchorage	Anchorage	17 - 32	Supported Housing	MHTAAR	\$750,000

**Grant Award 602-08-980 Total: \$750,000**

**Total Awards: \$750,000**

Division of Behavioral Health

Bring The Kids Home

**Authority:** AS 18.08.010 Emergency Medical Services - Administration; AS 47.30.477 Grant-in-aid program regulations; AS 47.30.520 - 620 Community Mental Health Services Act, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, and 7 AAC 71.010 - 71.300 Community Mental Health Services; 7 AAC 29 Uniform Substance Abuse Treatment Standards for Facilities and Programs; and 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** The program goal is to enhance or establish an array of services statewide through pilot projects to ensure that all children in out-of-state custody have appropriate treatment options within their community or close to their families. Having treatment options and family support within their own community enhances the child's likelihood of success for returning home. Pilot projects include enhancing in-home treatment services and resources for the prevention of crisis situations; crisis nursery/treatment preschool; individualized support services for transitional aged youth 16-21; mental health respite/stabilization homes; treatment resource homes; therapeutic group homes; and individualized high risk therapeutic group homes.

**Target Group:** The program serves children in out-of-state treatment care; children aged 1-10 in need of crisis treatment, and transitional aged youth, aged 16-21, in need of individualized support services. The program also provides in-state treatment facilities and programs to enable children currently in out-of-state treatment to return and to avoid further out-of-state placements due to the lack of appropriate programs.

**Resource Allocation:** Programs and funding have been allocated statewide.

**Criteria:** Eligibility criteria for this program includes the criteria found in 7 AAC 78.100, and requires the applicant have the ability to bill Medicaid. Applicants, as well as their proposed project partners must have prior experience providing similar services.

**Appropriation:** Grant funds for this program were allocated to the Division of Behavioral Health from the Alaska Mental Health Trust Authority.

**RDU:** Behavioral Health

Division of Behavioral Health

**Chemical Dependency Professionals Certification**

**Authority:** AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** This grant provides a certification process in Alaska for substance abuse counselors. The grantee also reviews and approves all trainings required for the certification process.

**Target Group:** The grant serves individuals desiring certification for the provision of substance abuse services within the state of Alaska.

**Resource Allocation:** Resources are specifically directed for the support of the certification process.

**Criteria:** The grantee is the only entity statewide providing substance abuse certification services.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

## Division of Behavioral Health

## Comprehensive Behavioral Health Prevention and Early Intervention Services

**Authority:** AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; AS 47.37.045 Community Action Against Substance Abuse; AS 47.30.475 Grant-in-aid program; AS 47.30.470-AS 47.30.500; Article 4 Alcoholics; Public Health Service Act, as amended, Title V, Part B, Section 501(d)(5), 42 U.S.C. 290aa; 7AAC 78 Grant Programs. The suicide prevention funding is based on recommendations contained in the March 1988 report of the Senate Special Committee on Suicide Prevention.

**Priorities:** The goal of this program is to provide comprehensive, integrated behavioral health prevention and early intervention services related to substance use and abuse, suicide, fetal alcohol spectrum disorders, youth development and resiliency, and promotion of community, family and individual wellness across Alaska. This program is representative of the new focus of Division of Behavioral Health on a broader behavioral health direction to integrate social and health services into intertwined holistic services that will lead to improvement in our suicide rates, family wellness, reduced drinking among teens and adults, healthy pregnancies free of alcohol-related disabilities, and stronger and healthier communities, families and individuals.

**Target Group:** Statewide, focusing on prevention and early intervention services across the life span (all ages). Primary focus will be on the individuals we know are at higher risk including children whose parents have a problem with alcohol and/or drug addiction and dependency. Attention will be given to regional location of grant programs, making sure there is a fair distribution of grant funds across the state and among rural and urban populations.

**Resource Allocation:** Funding is from a combination of federal funding, general funds and alcohol tax funds. A 10% match is required except where reduced by approved exemption.

**Criteria:** Eligible applicants include nonprofit organizations; municipalities and Regional Educational Attendance Areas or other political subdivisions of the state; other State agencies; Alaska Native Tribes; or a combination of these entities. Funding is issued through a statewide competitive solicitation process. Proposals are solicited that address the goal of promoting communities utilizing effective practices and partnerships.

Proposals are categorized in four (4) categories based on community size and agencies offering multi-programs or programs to multi-communities. Proposals must contain tangible evidence of participation in community association, partnership or collaborative agreements that will enhance the applicants ability to achieve program goals and desired outcomes.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

Division of Behavioral Health

**Comprehensive Behavioral Health Treatment and Recovery Program**

**Authority:** AS 47.520, Community Mental Health Services Act; AS 47.37.130, Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Grant Programs

**Priorities:** Grants are intended to support integrated treatment through community coalitions of providers, across the spectrum of behavioral health services including: psychiatric emergency services; services to adults with serious mental illness; services to seriously emotionally disturbed youth; services for individuals with co-occurring mental health and substance use disorders; individuals with substance abuse disorders - including pregnant women, IV drug users, women with dependent children, youth, and other persons and families whose presenting problem is addiction to, dependency on, or chronic disabling use/abuse of alcohol and other drugs, including prescribed and over-the-counter medications and household/general use products that contain inhalant chemicals and substances.

**Target Group:** Statewide, focusing on treatment across the life span (all ages).

**Resource Allocation:** Programs and funding are allocated statewide.

**Criteria:** Proposals are evaluated for the criteria contained in 7 AAC 78.100, as well as the grant in aid process as provided for in AS 47.30.475 Grant-in-aid program and AS 47.30.540 Eligible local community entities.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants  
Psychiatric Emergency Svcs  
Svcs/Seriously Mentally Ill  
Svcs/Severely Emotion Dst Yth

## Division of Behavioral Health

### Evidence Based Practices

**Authority:** AS 47.30 Mental Health; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** Evidence Based Practices (EBP) are those programs that are scientifically tested to demonstrate that they improve client outcomes. Integration of mental health and substance abuse treatment services, an EBP, was the first major step in developing a phased statewide behavioral health system. Pilot projects under this program represent additional steps towards implementing program designs that current evidence suggest will be the most successful therapeutic and cost effective program models.

**Target Group:** Women and Children programs deliver services for addressing special treatment needs of women with children, for women with substance abuse problems: health services, mental health treatment, child care, transportation, safe housing and parenting skills training, as well as problems arising from histories of domestic violence and sexual assault.

Youth with Families programs deliver services for adolescents and their families, addressing unique treatment needs of adolescents and issues that play significant roles in their lives, such as cognitive, emotional, physical, social and moral development, and family and peer environment.

Illness Self-Management & Recovery refers to peer-facilitated services to help people cope with mental illness more effectively and facilitate their ability to care for themselves. Collaboration between consumer organizations and community mental health centers are encouraged to maximize resources, and share expertise.

Supported Employment - Competitive work in integrated work settings, consistent with the resources, priorities, abilities, and informed choice of individuals for whom competitive employment has not traditionally occurred, has been interrupted or intermittent as a result of a significant disability.

SED Children and Youth with FASD program promotes development of an Alaskan model, combining promising practices in wraparound for children and youth with SED, with research contributing to the evidence base of best practices for treating children with FASD. This project is intended to provide needed individualized services, and add to the evidence base for promising practices for children and youth with these multiple diagnoses.

**Resource Allocation:** Funding is allocated statewide.

**Criteria:** Grantees provide independent project evaluation to assess the process and outcome of Evidence Based Practices delivered. Evidence Based Practices are those practices for which there is consistent scientific evidence showing that they improve client outcomes.

**Appropriation:** Grant funds are appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Behavioral Health Grants

**Division of Behavioral Health****Independent Case Management and Flexible Supports**

**Authority:** AS 47.30.520-620 Community Mental Health Services Act; 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** Independent Case Management offers an option, especially in larger communities, of case management services by independent entities as an alternative to services from local community mental health centers. This allows consumer choice for this crucial service, in turn promoting increased accountability in the system of care. Independent case managers help initiate and attain appropriate housing, and employment services, along with other community support services.

Flexible Support Services are linked with the Recovery by Choice concept, which was designed to reduce recidivism at the Alaska Psychiatric Institute. The intention is to bring intensive services in a community setting to people identified as at risk of re-hospitalization and is an adaptation of assertive community treatment models across the nation. Flexible Support Services are also designed to validate consumers' recognition of their need and understanding of necessary and effective services prior to the existence of an emergency situation. Funding for these services would be available only if other sources are not available in a timely manner. Eligible services could include medications, psychiatric care, counseling, peer support, medical care, housing or other emergent necessities.

**Target Group:** Serious mentally ill person means a person who is 18 years of age or older and who satisfies both of the following criteria:

1. Must be diagnosed as having a major Psychotic or Mood Disorder or another serious persistent mental disorder; and
2. Must have impaired role functioning, consisting of at least two of the following:
  - a. Social role: an inability to function independently in the role of worker, student, or homemaker;
  - b. Daily living skills: an inability to engage independently in personal care (grooming, personal hygiene, etc.) or community living activities (handling personal finances, using community resources, performing household chores, etc.); or
  - c. Social acceptability: an inability to exhibit appropriate social behavior, which results in demand for intervention by the mental health and/or judicial system.

**Resource Allocation:** Independent Case Management funds requested are for startup costs, which will transition to Medicaid billing as agencies establish operations.

**Criteria:** The intent of this project is prevention of institutionalization, promoting service effectiveness, choice, recovery, and accountability, all within a consumer-centric perspective.

**Appropriation:** Funds are appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Svcs/Seriously Mentally Ill

Division of Behavioral Health

**Integrated Treatment of Children and Families with Trauma History**

**Authority:** AS 47.30.520 - 620 Community Mental Health Services Act; 7AAC 78 Grant Programs

**Priorities:** The program services will directly address trauma as the core issue for all presenting behavioral, learning and emotional problems. All presenting problems, emotional disturbances, and diagnosed disorders including (but not limited to) substance abuse and dependence, delinquent activity and conduct disorders, shall be addressed wholly within an integrated treatment paradigm.

**Target Group:** The program services requested shall be designed as a Pilot Project established upon current literature, research and existing evidence based practices for trauma specific screening, assessment, and treatment services to children and their families identified as having an immediate, recurring or past history of trauma experiences.

**Resource Allocation:** This program is open to providers statewide without regional allocations. The intention of the Division of Behavioral Health is to fund one project for an agency to pilot a new and innovative approach to trauma treatment.

**Criteria:** Proposals are evaluated based on the criteria established in the solicitation. The providers must propose their own service delivery strategies as an innovative approach to service delivery.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health from the Federal Mental Health Block grant.

**RDU:** Behavioral Health

**Component:** Svcs/Severely Emotion Dst Yth

Division of Behavioral Health

Palmer Therapeutic Court Dual Diagnosis Treatment Services

**Authority:** AS 47.30.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7 AAC 71.010-73.300 Community Mental Health Services; 7 AAC 29.010-940 State Standards for Alcoholism in Programs; 7 AAC 78 Grant Programs

**Priorities:** To provide timely access to appropriate treatment services in the Palmer-Wasilla area for Palmer Therapeutic Court participants who experience co-occurring disorders; to reduce recidivism.

**Target Group:** Participants in the Palmer Therapeutic Court with co-occurring mental health and substance abuse disorders from the Mat-Su region, including Palmer, Wasilla and other communities in the DBH catchment area.

**Resource Allocation:** This is a program funded through the Alaska Mental Health Trust Authority. Resources are allocated to to the Palmer Wasilla area. Alaska Family Services was determined to be the sole qualified provider in the region.

**Criteria:** Services are evaluated based on the criteria established in the solicitation, as well as according to the criteria required in 7 AAC 78.100.

**Appropriation:** \$150,000 of MHTAAR were appropriated to the Division of Behavioral Health

**RDU:** Behavioral Health

**Division of Behavioral Health**

**Rural Human Service System**

**Authority:** AS 47.30.470-500 Mental Health; 7 AAC 78 Grant Programs.

**Priorities:** The program was developed in response to the critical need for a stable system of behavioral health providers in rural Alaska by hiring, training, supporting, and supervising culturally competent village-based counselors, and counselors that serve relocated villagers. The program provides the opportunity for rural people to achieve their goal of helping their own people. Training is provided through the Rural Human Services Training Program in the University of Alaska College of Rural Alaska from one of its designated RHS campuses.

**Target Group:** Eligible applicants include substance abuse programs, community mental health centers, and other human social service programs whose service areas include villages, usually with a predominantly Alaska Native population.

**Resource Allocation:** Resources will be designated according to the following service priorities:

- 1) Programs currently funded and adequately performing.
- 2) Expansion to new regions of the state.
- 3) Expansion of existing grantees to allow for the addition of villages not currently serviced by RHS counselors.
- 4) Funds to non-rural agencies for tuition, room/board, and travel costs related to attending training.

**Criteria:** Criteria for allocation of funds for these services are: 1) Those programs working to fulfill the goal of a counselor in every village of rural Alaska; 2) Those programs sending RHS graduates to the RHS II training program; 3) Those urban programs serving people relocated from rural Alaska.

Criteria for awarding grants are derived from statute and regulation. Evaluation of applications includes proposed costs, project description and goals. Recommendations are based on evaluation of the information provided in applications.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

Division of Behavioral Health

Supported Employment

**Authority:** AS 47.30.520 - 620 and 7 AAC 78 Grant Programs.

**Priorities:** Grants are intended to implement Supported Employment as an Evidence Based Practice which is defined as competitive work in integrated work settings, consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice of the individuals. It is for individuals with the most significant disabilities for whom competitive employment has not traditionally occurred; or for whom competitive employment has been interrupted or intermittent as a result of a significant disability. The Department's goal is to implement Supported Employment pilot projects (SAMHSA/Evidenced Based Practices model), provide training in the model, and evaluate the effectiveness of the projects.

**Target Group:** Adults with a serious mental illness; many of the clients may also have a co-occurring disorder related to substance abuse.

**Resource Allocation:** This program funded through the federal CMHC block grant and the Alaska Mental Health Trust Authority and is an Evidenced Based Practice (EBP) that is outcome based on scientific evidence to promote recovery and self-sufficiency to this population.

**Criteria:** Proposals are evaluated for the criteria contained in 7 AAC 78.100, as well as the grant in aid process as provided for in AS 47.30.475 and AS 47.30.540.

**Appropriation:** Grant funding is appropriated to the Division of Behavioral Health.

**RDU:** Behavioral Health

**Component:** Svcs/Seriously Mentally Ill

**Division of Juvenile Justice**

**DJJ Mentoring Partnership**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The purpose of the grant is to provide and enhance aftercare and community re-entry services to serious, high-risk offenders upon release from long-term treatment in juvenile justice facilities. If the Division is awarded the OJJDP federal Mentoring Initiative grant, funding will expand to develop front-end mentoring services to reduce the number of youth moving further into the juvenile justice system in both rural and urban Alaska.

**Target Group:** This program is directed to youth referred to DJJ probation and/or detained in a juvenile justice facility, as well as offenders being released from long-term treatment in juvenile justice facilities.

**Resource Allocation:** The targeted region is statewide, although demographics and juvenile justice facility locations lend an emphasis to high utilization of services in Anchorage.

**Criteria:** Grantees are required to partner with the division to develop, strengthen and expand mentoring services to targeted groups. Grant awards are made under a waiver of competitive solicitation as provided for by 7 AAC 78.095(a)(2).

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### DJJ Mentoring Partnership

Big Brothers Big Sisters of Alaska	Statewide	Statewide	99	Mentoring, Community ReEntry and Youth At Risk	Fed Rcpts	\$40,000

**Grant Award 609-08-030 Total: \$40,000**

**Total Awards: \$40,000**

**Division of Juvenile Justice**

**Enforcing Underage Drinking Laws Program**

**Authority:** AS 47.05.010(7) Duties of the department - Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** The program's priority is to support a reduction in underage drinking. The method of accomplishment is to educate and mobilize youth in addressing underage drinking, including training of youth on state and federal policy with respect to underage drinking; environmental prevention strategies; media literacy and advocacy; and peer mentoring.

**Target Group:** The division seeks statewide delivery of services.

**Resource Allocation:** Resources are allocated based on a demonstration of need, program capacity, and level of youth-led involvement.

**Criteria:** Prior experience in youth education and mobilization specific to underage drinking is required. Mobilization plans must include development of statewide media campaigns; in-school peer presentations; community presentations; and a cooperative working relationship with the Department of Public Safety, Alcohol Beverage Control Board investigators.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Enforcing Underage Drinking Laws Program

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

**Division of Juvenile Justice**

**Federal Formula Native American Pass-Through Grants**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The Division of Juvenile Justice receives and administers the Formula Grant through the Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP Act). The priority is compliance with the JJDP Act's four core mandates: de-institutionalization of status offenders; sight and sound separation of juvenile and adult offenders; removal of juveniles from adult jails and lockups; and addressing disproportionate minority contact with the juvenile justice system.

**Target Group:** The target group is delinquent youth offenders or youth at risk of becoming delinquent.

**Resource Allocation:** The proportion of funds to be made available to eligible tribes is based on the proportion of the state youth population under age 18 residing in the geographic area in which the tribe performs law enforcement functions.

**Criteria:** Eligibility for these non-competitive grants is limited to Alaska Native organizations that provide law enforcement functions. The organizations must be in compliance with the four core mandates of the JJDP Act and must identify the juvenile justice needs to be served by the funds.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Division of Juvenile Justice**

**Federal Formula Non-Secure Attendant Shelter Care Grants**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The Division of Juvenile Justice receives and administers the Formula Grant through the Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP Act). Formula Grant funds support a variety of grant programs that assist the State in maintaining compliance with the core requirements of the JJDP Act, i.e., de-institutionalization of status offenders; sight and sound separation of juvenile and adult offenders; removal of juveniles from adult jails and lockups; and addressing disproportionate minority contact with the juvenile justice system. Non-secure attendant care shelters assist the State in complying with the first three mandates by providing short-term staff-secure placement and facilities for youth who do not require secure detention. This provides an alternative to incarceration until a parent or legal guardian can be located or until the youth can be transported to another facility.

**Target Group:** The target group is youth who are in need of protective custody and/or youth who do not require secure detention.

**Resource Allocation:** Allocations are made to communities according to the service demand in each area.

**Criteria:** Whenever possible, applicants should be licensed youth centers. If a care facility is not available, applicants from other facilities that meet detailed service parameters established by DJJ may be acceptable.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

**Federal Formula Non-Secure Attendant Shelter Care Grants**

**Division of Juvenile Justice**

**Reclaiming Futures Pilot Program**

**Authority:** 7 AAC 78

**Priorities:** This program supports the Reclaiming Futures model to improve the juvenile justice system by focusing on a strength-based approach to ensure a greater level of support is available to youth within the juvenile justice system and their families. It is a priority to support the addressing of resource issues for juvenile offenders with substance abuse and co-occurring disorders. The program will provide a case management approach that facilitates greater opportunity for culturally relevant, strengths-based treatment that matches the needs of juvenile offenders.

**Target Group:** Services are targeted to youth ages 12 to 17 who enter the juvenile justice system for crimes exacerbated by substance abuse and mental health issues.

**Resource Allocation:** Services to be delivered in the Anchorage area and resources allocation is based upon a single potential grantee.

**Criteria:** This program is part of a nationwide initiative with award to the agency selected as part of that initiative. Funds awarded under a waiver of competition as provided for under 7 AAC 78.095(a)(2).

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice. The funding source is the federal Office of Juvenile Justice and Delinquency Prevention.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

**Total Awards: \$40,000**

**Division of Juvenile Justice**

**Title V Local Delinquency Prevention Grants**

**Authority:** Juvenile Justice and Delinquency Prevention Act of 1974; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The 1992 reauthorization of the Juvenile Justice and Delinquency Prevention Act of 1974 (JJDP Act) added Sections 501-506, the Title V Local Delinquency Prevention Incentive Grants program. The purpose of these grants is to support delinquency prevention and early intervention programs in communities that comply with the core mandates of the JJDP Act: de-institutionalization of status offenders; sight and sound separation of juvenile and adult offenders; removal of juveniles from adult jails and lockups; and addressing disproportionate minority contact with the juvenile justice system.

**Target Group:** The target group is at-risk youth.

**Resource Allocation:** Consideration is given for geographic distribution of services.

**Criteria:** Eligible entities are restricted to city and borough governments, and Indian tribes that provide law enforcement functions and are recognized by the Secretary of the Interior. Applicants must have convened a local Policy Prevention Board and developed a comprehensive three-year Delinquency Prevention Plan. They must also provide a 50% cash or in-kind match. Awards are granted based on a statewide competitive process utilizing the guidelines set out in the Request For Proposals and evaluated according to the criteria contained in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

### Title V Local Delinquency Prevention Grants

<b>Total Awards: \$78,303</b>						

**Division of Juvenile Justice**

**Youth Courts/Community Panels**

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Services for the protection and care of homeless, dependent, and neglected children in danger of becoming delinquent; and 7 AAC 78, Grant Programs.

**Priorities:** The program's priorities are to prevent and control delinquent behavior, and to reduce further delinquent behavior. The means are through a broadened range of accountability-based services for youth who commit nonviolent first or second misdemeanor offenses.

**Target Group:** The target group is nonviolent juvenile offenders with no more than two misdemeanor offenses.

**Resource Allocation:** The Division is seeking service delivery statewide. Resources will be allocated based on demonstrated need and available data. Grant funding recommendations will be made based on an equitable distribution of services throughout Alaska, taking into account the significant geographic and demographic extremes across the state. Allocations are made to communities with active youth courts/community panels, to communities developing youth courts/community panels, and also to providers of training and technical assistance to existing and new youth courts/community panels programs.

**Criteria:** Existing providers of direct services to communities that identify a need for development of local youth courts and community panels are eligible to submit applications. Direct services include screening, adjudication, disposition and case management. Grants to providers are awarded through competitive proposal solicitation. Project services must include the provision of training and technical assistance services, materials and expertise on beginning and effectively maintaining a youth court or community panel.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Delinquency Prevention

Division of Juvenile Justice

Youth Courts/Community Panels Training and Technical Assistance

**Authority:** AS 47.14.010(6), General powers of department over juvenile institutions; AS 47.05.010(7), Duties of the department, Establishing, extending and strengthening services for the protection and care of homeless, dependent and neglected children in danger of becoming delinquents; and 7 AAC 78, Grant Programs.

**Priorities:** The program's first priority is to provide training and technical assistance to youth courts and community panels statewide. The second program priority is to expand the Alaska Youth Court and Community Panel program to interested communities based on community need and supported by available data. The tertiary priority of the program is the establishment of sustainable funding statewide.

**Target Group:** The target group is all Alaska youth courts and community panels that are receiving referrals from the Division of Juvenile Justice, as well as any emerging courts or panels requesting assistance.

**Resource Allocation:** Resource allocation is based upon a single grantee providing statewide services.

**Criteria:** This is a non-competitive procurement based upon there being only a single potential grantee with the knowledge, capability and expertise necessary to accomplish the goals of program.

**Appropriation:** Grant funding is appropriated to the Division of Juvenile Justice.

**RDU:** Juvenile Justice

**Component:** Youth Courts

**Adult Basic Education Tutors**

**Authority:** 7 AAC 78 DHSS Grant Regulations; Workforce Investment Act of 1998, Title II, Adult Education and Family Literacy and Alaska; and 8 AAC 99.200, Adult Basic Education (ABE) Grants.

**Priorities:** To provide increased access to and supports for Adult Basic Education services, especially tutoring for persons seeking a General Education Diploma in rural communities. In these areas many adults cannot meet the minimum educational requirements (High school diploma or GED) for jobs available in their community.

**Target Group:** Adult Temporary Assistance recipients within the communities of the Northwest Arctic, Bristol Bay, Nome Census Borough and North Slope Boroughs.

**Resource Allocation:** The Federal TANF High Performance Bonus award, places some restraints on the availability of funds.

**Criteria:** Available funding is awarded to three agencies that are designated by Department of Labor as the Adult Basic Education providers for their regions.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Work Services

Division of Public Assistance

Commodity Supplemental Food Program

**Authority:** Federal Regulations - 7 CFR Part 247 Commodity Supplemental Food Program (CSFP); CSFP State Plan (2003); DHSS Grant Regulations 7AAC 78

**Priorities:** Commodity Supplemental Foods Program (CSFP) grants fund local administration of the CSFP program, which increases the access to nutritious foods, increases food security, and provides nutrition education to low income women, infants, children and seniors. This goal is in compliance with federal and state regulations and policies. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining the percentage of women, infants, and children whose income is below 185% of federal poverty guidelines and seniors whose income is 130% of the federal poverty level.

**Target Group:** Those low income persons include: pregnant, breast-feeding, and postpartum women; infants and children up to 6 years old; and seniors over the age of 60. The target area is Anchorage and Fairbanks currently. The projected number of clients to be served is 3,000 per month. Counts are kept on the number of women, infants, children and seniors served.

**Resource Allocation:** The first priority for funding is for the continuation of services to enrolled families and seniors. Criteria include: staffing needed to provide program services; number of satellite clinics; other necessary expenses; and in-kind contribution/resources available to the local agency. Budgets are based on assigned caseload slots and payment is made to grantees on a reimbursement basis.

**Criteria:** Grantees must have the capability to warehouse commodity foods shipped directly to/from the USDA, package foods into individual monthly allotments, distribute foods to certified program participants, or box foods and transport to distributions sites. These grants are evaluated with the requirements of 7ACC 78.100.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Women, Infants and Children

**Authority:** Federal Authority: 42 U.S.C. 601 Grants to States for Aid and Services to Needy Families with Children and for Child Welfare Services; PL 104-193 Personal Responsibility and Work Opportunity Reconciliation Act of 1996.  
State Authority: AS 47.27.005-990 Alaska Temporary Assistance Program; 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** This grantee will provide quality child care services on a drop-in basis for families using the Gambell Job Center services. This service, is the first of its kind in an Alaskan Job Center. It is expected that the provision of child care services will enhance service delivery for people looking for jobs, interested in job training, or needing Temporary Assistance.

**Target Group:** The target group includes children of Alaska Temporary Assistance Program (ATAP) recipients, ATAP applicants, and others using the services of the Gambell Job Center in Anchorage.

**Resource Allocation:** Allocation is based on the availability of funds, the projected child care needs at the Job Center, and the anticipated costs of providing this service.

**Criteria:** Funds were awarded through a Request for Letters of Interest. Interested organizations were required to submit specific documentation as evidence of their ability to provide the requested services. Grant proposals are evaluated by the criteria contained in 7 AAC 78.100 and by compliance with service standards.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

Native Family Assistance Program

**Authority:** Federal Authority: 42 U.S.C. 601 and 612, PL 104-193; State Authority: AS 47.27. 005-990 Alaska Temporary Assistance Program; 7 AAC 78 Grant Programs.

**Priorities:** These grantees are authorized by the federal government to administer Native Family Assistance Programs as defined by PL 104-193. Grantees receive direct funding from the federal government in the form of a Tribal Family Assistance Grant. This grant supplements federal funds and is used by grantees to pay benefits directly to eligible Native families to assist them in moving from reliance on welfare to self-sufficiency through employment.

**Target Group:** The target population includes all families within the service area defined by the boundaries of each of the Alaska Native Regional Non-Profit Corporation responsible for the administration of the Program. In some areas, grantee will operate a regional program that includes all families eligible for assistance, regardless of race, when this is the most efficient approach and there is agreement between the State and the Native Organization.

**Resource Allocation:** Resources are allocated based on the projections of how much the division would expend in Temporary Assistance benefits for each service population covered by each Native Family Assistance Program.

**Criteria:** The criteria for the award of funds is that the grantee administers a Native Family Assistance Program, approved and authorized by the federal government.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Public Assistance Admin

Division of Public Assistance

Senior Farmers Market Nutrition

**Authority:** 15 U.S.C. 714c(e) Sec. 5(e), 7 AAC 78 DHSS Grant Regulations.

**Priorities:** The purpose of the Senior Farmers Market Nutrition Program is to provide low-income senior citizens in Alaska with coupons to obtain fresh Alaskan-grown produce at local farmers markets and farm stands.

**Target Group:** Target group and geographic areas include senior citizens, aged 60 and older, with incomes at or below 185% poverty level, in the Fairbanks, Anchorage and Mat-Su Valley areas. Disabled adults, under age 60 and qualified for Medicaid, are also eligible to participate in the Senior Farmers Market Nutrition Program.

**Resource Allocation:** Funding for these awards is based on the anticipated coupon redemption by participating senior citizens and payment is made to grantees on a reimbursement basis.

**Criteria:** Grantees are awarded grants to pay farmers involved in this program for redeemed coupons. No administrative funding is provided to these agencies willing to provide this service. These two regions were the only regions of the state interested in this venture. Funding was awarded by the United States Department of Agriculture based on an application from the state to do a joint venture with the United Way of Mat-Su and the North Star Council on Aging.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Women, Infants and Children

## Supplemental Food Program for Women, Infants and Children (WIC)

**Authority:** Federal Regulations - 7 CFR Part 246; WIC State Plan (1998); 7AAC 78 DHSS Grant Regulations

**Priorities:** Women, Infant and Children (WIC) grants fund local administration of the WIC program, which provides supplemental nutritious foods to alleviate specific health problems to low income women, infants and children. This goal is in compliance with federal and state regulations and policies. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining: 1) the incidence of low birth weight among newborn infants; 2) the rate of infant mortality; 3) the percentages of births to women under 19 years of age; 4) the rate of participation in the Food Stamp Program; 5) the rate of employment; and 6) the percentage of people whose income is below 185% of federal poverty guidelines. Families enrolled in Denali Kid Care with incomes above 185% of the federal poverty level are adjunctively WIC income-eligible.

**Target Group:** Those persons served by the programs administered by these grantees include: pregnant and breast-feeding women, infants and children up to 5 years old at nutritional risk, and postpartum women. The target area is statewide. The projected number of clients to be served is 26,000 per month. Counts are kept on the number of women, infants and children served.

**Resource Allocation:** The first priority for funding is for the continuation of services to enrolled families. Criteria include: staff needed to provide program services; number of satellite clinics; other necessary expenses; and in-kind contribution/resources available to the local agency. Budgets are considered individually in order to meet local agency needs and compared to ensure equity.

**Criteria:** Grant applications require description of organization, details of budget, population to be served, a program plan with measurable goals and objectives, previous experience, and documentation of community support. Department staff and a Proposal Evaluation Committee review and evaluate applications.

**Appropriation:** As of July 1, 2007, grant funding is appropriated to the Division of Public Assistance.

Transportation Services

**Authority:** Federal Authority: 42 U.S.C. 601, PL 104-193; State Authority: AS 47.27.005-900 Alaska Temporary Assistance Program; 7 AAC 78 DHSS Grant Regulations

**Priorities:** Accessible, reliable transportation remains out of reach for many of Alaska's Temporary Assistance clients. This is particularly true for Matanuska-Susitna Borough, Kenai, and Fairbanks Temporary Assistance families. In Mat-Su and Kenai, grant funding under this program will assist local non-profit transportation entities develop the necessary match for two earmarked federal Job Access and Reverse Commute (JARC) grants. The intent of these federal grants is to promote more systematic approaches to alleviate transportation barriers by the expansion of existing, or the creation of new transportation systems.

**Target Group:** Alaska Temporary Assistance families who live in the Matanuska-Susitna Borough, Kenai Peninsula, and the Fairbanks North Star Borough.

**Resource Allocation:** Allocation in the Mat-Su Borough and Kenai Peninsula is based on providing 20% of the anticipated operating costs for one year of services. In Fairbanks, allocation is based on providing funding for a full-time transportation coordinator, 30% funding for a program manager, and costs for hotline and voice mail software.

**Criteria:** A request for alternative method of solicitation was approved to allow an award to Mat-Su Community Transit, the only public transportation service available in the Matanuska-Susitna Borough eligible to receive JARC funds; Central Area Rural Transport System, the only public transportation service on the Kenai Peninsula eligible for JARC funding; and Love INC in Fairbanks, the only organization in the area that provides free transportation services to Temporary Assistance clients.

**Appropriation:** Grant funding is appropriated to the Division of Public Assistance.

**RDU:** Public Assistance

**Component:** Work Services

Division of Public Health

Alaska Trauma Registry

**Authority:** AS 18.08 Emergency Medical Services; 7AAC 26.745 Trauma Registry; and 7 AAC 78 Department of Health and Social Services Grant Program  
Guidelines include publication: Alaska EMS Goals: A Guide for Developing Alaska's Emergency Medical Services System, and the Alaska Trauma Registry User Manual.

**Priorities:** The Alaska Trauma Registry is used for the development of injury prevention strategies statewide, injury prevention education, program planning, quality improvement efforts in hospitals and ambulance services, and to review the quality and effectiveness of the statewide trauma care system. The grantee is required to focus on recording data on injured patients admitted to a hospital and to use the data to review quality of trauma care in hospitals and ambulance services. Grant activities are administered by a single grantee.

**Target Group:** Grant activities are statewide, including the abstracting of trauma data at all acute care hospitals in the state. Approximately 5,000 records of hospitalized injuries are abstracted yearly.

**Resource Allocation:** Statewide services are provided by a single coordinating agency to include trauma data at more than 20 acute care hospitals in the state.

**Criteria:** The grantee must have the technology, knowledge and expertise to effectively accomplish the goals of the project.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Community Health/EMS Services

### Alaska Trauma Registry

**Division of Public Health****Breast & Cervical Health**

**Authority:** AS 44.29.020 Duties of the department (2) Preventative Medical Services; AS 47.05.015 Contracts & Grants; and 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** Services required from the organizations receiving these grants must include a variety of outreach efforts that are creatively specific to the community. All activities are designed to bring women of the target population to screening for breast and cervical cancer.

**Target Group:** The target groups include income eligible women who are at or below 250% of the poverty level and who are under or uninsured and are not covered by Medicare for these services. Income eligible women age 18 to 64 receive breast and cervical cancer screening checks. This check includes a clinical breast exam, pelvic exam and, as age and clinically appropriate, a Pap test and a screening mammogram. Geographic areas served include those towns or cities where one or more medical providers with a signed Breast and Cervical Health Check (BCHC) Provider Agreement are operating, and which have the capacity to accept referrals for screening into their clinical practice; and where BCHC one-to-one outreach projects are currently operational.

**Resource Allocation:** Grant funds are awarded to communities who have a BCHC screening provider who has indicated a willingness to accept women into their clinical practice recruited through outreach. Resources are allocated based on screening provider capacity, community need and available funding from the Centers for Disease Control and Prevention.

**Criteria:** Criteria for awarding funds are based on the needs experienced by or projected for an area, federal priorities, and the amount of federal funds received. Grantees must demonstrate knowledge of community assessment and successful one-to-one outreach methods which allow the grantee to find, refer and provide assistance in getting hard to reach women into screening services. Quarterly progress and financial reports are required, along with any specified deliverables. The Division may require changes in project activities based on project evaluation, and will develop methodologies for implementing such changes in consultation with the grantee.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

### Breast & Cervical Health

**Division of Public Health**

**Breast and Cervical Health Care: Client Navigation and 800 Line**

**Authority:** AS 44.29.020 Department of Health and Social Services (duties of the department), AS 47.05.015 DHSS Contracts and Grants, and 7 AAC 78 DHSS Grant Programs

**Priorities:** Services required are maintenance and staffing of the toll free BCHC line and navigation services to assist women in identifying and applying for financial resources for any necessary Breast and Cervical services and treatment assistance. Both services are designed to bring women of the target population to screening for breast and cervical cancer and to ensure cost of treatment, if needed, are met.

**Target Group:** The target groups include income eligible women who are at or below 250% of the poverty level and who are under or uninsured and are not covered by Medicare for these services.

**Resource Allocation:** With competition waived for this procurement under 7 AAC 78.095 (a)(3), resources are allocated to YWCA of Anchorage.

**Criteria:** With competition waived for this procurement under 7 AAC 78.095 (a)(3), resources are allocated to YWCA of Anchorage.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

**Breast and Cervical Health Care: Client Navigation and 800 Line**

<b>Grantee</b>	<b>Area(s) Serviced</b>	<b>Region(s)</b>	<b>Election District(s)</b>	<b>Service(s)</b>	<b>Fund Source(s)</b>	<b>Award Amount(s)</b>

**Total Awards: \$22,801**

**Division of Public Health****Clinical Family Planning Services**

**Authority:** Title X, Family Planning; AS 44.29.020 Duties of department (1) Maternal & Child Health; and 7 AAC 78 Department of Health & Social Services Grant Programs

**Priorities:** The program priority is the provision of clinical family planning services to low-income women and men in compliance with Title X policies and procedures in determining client eligibility and enrollment. Services include clinical breast examinations, Pap smear screening and pelvic examination, counseling and screening for sexually transmitted diseases and a contraceptive method. Client education and referral to other local agencies regarding infant adoption, abstinence education and other risk-reduction counseling may also be provided.

**Target Group:** This program serves low-income women and men residing in communities of the lower Kenai Peninsula. Based on Alaska Pregnancy Risk Assessment Monitoring data, the Kenai Peninsula census area has the third highest number of unintended births in the state. Although the incidence of unintended births is higher in the Anchorage and Fairbanks census areas, non-profit providers in those areas identify and utilize other funding sources. The target group is narrowed to the lower Kenai Peninsula as communities of the upper Peninsula are served through another non-profit agency with a clinic in Soldotna (not part of this grant program).

**Resource Allocation:** Family planning funds are awarded to a single agency serving the target group.

**Criteria:** To be awarded, a family planning services provider will offer low cost, high quality clinical family planning and related preventive health services to the identified target population. The agency will demonstrate its ability to meet all federal and state requirements for the administration of Title X Family Planning Services while meeting program objectives as determined annually by state and federal priorities, federal legislative mandates, and key issues outlined by the Office of Population Affairs (OPA).

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

**Community Health Aide Training and Supervision**

**Authority:** AS 44.29 Department of Health & Social Services; AS 18.28.010 Community Health Aid Grants; and 7AAC 78 Department of Health & Social Services Grant Programs

**Priorities:** Services are for the training and supervision of Community Health Aides (CHAs) and Community Health Practitioners (CHPs). The training is established by and monitored by the Academic Review Committee and the Review and Approval Committee; committees established by and under the direction of the Community Health Aide Director's Association.

**Target Group:** CHA/Ps are located predominantly in the rural areas where more advanced medical personnel are unavailable. These grants target the CHA/Ps themselves and the rural population they serve. All regional and local health organizations that receive contract funds from the federal government for a community health aide program are eligible for funding through this program. The program provides funding for CHAs to complete approximately 2,500 training courses, including CHA training, ETT/EMT training, and continuing medical education. Additionally, CHA supervisors are expected to make over 15,000 contacts with CHAs as part of training and supervision. Finally, CHAs are expected to have close to 300,000 patient encounters during each fiscal year. These projections are based on required self-reporting.

**Resource Allocation:** The funding level is derived from a formula established during the 1985 legislative session. It is adjusted based on the amount of funding appropriated.

**Criteria:** The potential grantee must have a contract with the Indian Health Service for community health aide services.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Community Health Grants

Division of Public Health

Diabetes

**Authority:** AS 44.29.020 Duties of the department and 7 AAC 78 Department of Health & Social Services Grant Programs

**Priorities:** Required services include: 1) Facilitate the development, implementation, and evaluation of evidence-based community Diabetes project; 2) Facilitate ongoing diabetes educational updates to translate current scientific knowledge into clinical practice; 3) Support community interventions to prevent or postpone the onset of diabetes; 4) Facilitate culturally appropriate interventions to reduce the health disparities among the racial/ethnic minorities at higher risk for development of diabetes and its complications; and 5) Provide ongoing statewide monitoring of diabetes, its risk factors, and complications.

**Target Group:** Target groups are people with diagnosed diabetes and people at high risk of developing diabetes. Geographic areas and project boundaries are specified in the grant agreements. The potential service area is statewide. It is estimated that we will annually serve approximately 22,600 Alaskan adults with diabetes and another 90,000 Alaskan adults at increased risk for diabetes.

**Resource Allocation:** Funding levels are based on the needs experienced by, or projected for an area, federal priorities, and the amount of federal funds received.

**Criteria:** Applicants for grants are asked to demonstrate a history of: 1) involvement in developing/implementing community-based diabetes intervention projects; 2) providing diabetes services to minorities, medically underserved and/or elderly known to be at high risk for developing diabetes and its complications; and 3) monitoring health outcomes.

**Appropriation:** Grant funds are appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Chronic Disease Prev/Hlth Promo

**Authority:** AS 18.08 Emergency Medical Services; and 7AAC 26 Emergency Medical Services.

Alaska EMS Goals: A Guide for Developing Alaska's Emergency Medical Services System. 7 AAC78 DHSS Grant Programs

**Priorities:** The EMS regional grant-in-aid program helps to accomplish the goals and objectives of the EMS system, as recommended in the State EMS planning guide, Alaska EMS Goals, A Guide for Developing Alaska's EMS System. Two primary services are received from the grants:

- 1) planning, development and coordination of regional EMS systems; and
- 2) training and certification testing for emergency medical personnel, including those working with ground and air medical services.

A statewide system of local, regional, and state EMS councils has been organized for client input. The councils provide direct input regarding the needs and abilities of each respective community and region. Because an EMS system is highly complex, involving many disciplines, the councils traditionally are composed of knowledgeable people in many different fields, from physicians and nurses to pre-hospital EMS providers and communications experts.

**Target Group:** Services are targeted to the entire state population through regional providers. Whenever a life or limb threatening injury or illness strikes suddenly, the EMS system serves to stabilize and transport a patient to the most appropriate treatment facility as quickly as possible. Prompt stabilization and timely transportation are often the keys to saving a life. The EMS program also provides specialized emergency medical training to physicians, mid-level practitioners, and nurses in the pre-hospital, rural clinic, and hospital settings. EMS grants to regions will result in approximately 4,000 pre-hospital emergency medical providers being trained or certified. These emergency medical providers will transport an estimated 40,000 patients to hospitals by ground ambulance during the year and perform several thousand emergency air ambulance transports. Based on a history of required self-reports, approximately 2,000 additional people will be provided Emergency Trauma Technician (ETT), Cardio Pulmonary Resuscitation (CPR), and first aid training during the year. In addition, councils work with local communities to identify, prioritize and seek funding for essential equipment. Finally, councils operate injury prevention programs, which provide information and materials regarding injury prevention activities to many thousands of persons each year.

**Resource Allocation:** Resources are allocated statewide, through regional organizations, which include three native organizations that provide Emergency Medical Services under their multi-program grants.

**Criteria:** Grantees are required to address all 14 nationally and state recognized components of an EMS system in terms of goals, objectives, and methodology for achieving those goals. The 14 components of an EMS system include personnel, training, communications, patient transport/transfer, facilities/equipment/supplies, coordination with public safety agencies, accessibility to care, coordinated record keeping, public education and information, evaluation, disaster response, mutual aid agreements, medical direction, and injury prevention. In addition, grantees are required to show what has been achieved in the first six months of each respective year in terms of their stated goals and objectives.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Emergency Medical Svcs Grants

## Division of Public Health

## HIV/AIDS Care/Ryan White

**Authority:** Public Health Service Act, Section 317 Preventative Health Services; AS 44.29.020 Duties of department and 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** The following are required: 1) Provide case management services to persons living with HIV and their families; 2) Purchase high priority outpatient medical/dental and supportive services as well as health insurance for eligible HIV positive individuals, and purchase FDA approved medications for eligible individuals not covered by the AIDS Drug Assistance Program (ADAP); 3) Assist the States ADAP contractor with eligibility determination for the AIDS Drug Assistance Program; 4) Establish/maintain HIV Care Consortia in areas most heavily affected by HIV to determine priority services to be purchased with HIV Care funds and to facilitate access to comprehensive outpatient health and support services. Priority services are established annually, based on federal requirements and state/local needs.

**Target Group:** Target populations include HIV positive individuals and their families. Geographic areas and project boundaries may be specified based on morbidity and/or other needs. The potential service area is statewide. It is estimated that these funds will serve 300-375 HIV positive individuals annually.

**Resource Allocation:** Funding levels are determined based upon the relative number of HIV positive people projected to be served in each area, federal priorities, and the amount of federal HIV Care funds received by the State.

**Criteria:** Potential grantees must: demonstrate a history of providing services to persons with HIV and AIDS; identify services to be provided/purchased; specify objectives, activities, and timelines for implementation; identify evaluation mechanisms; and provide an itemized budget to address the area(s) identified in the Request for Proposals. Grantees provide quarterly progress, data and financial reports; complete federal data forms annually; and provide any specified deliverables. The Division may require changes in project activities based on project evaluation, and will develop methodologies for implementing such changes in consultation with the grantee.

**Appropriation:** Grant funds are appropriated to the the Division of Public Health.

**RDU:** Public Health

**Component:** Epidemiology

## Division of Public Health

## HIV/AIDS Prevention

**Authority:** Public Health Service Act, Section 301, 42 U.S.C. 241 Chronic Disease Research, Control & Prevention; 2007-2009 Alaska HIV Prevention Plan; AS 44.29.020 Duties of the department ; and 7 AAC 78 Department of Health & Social Services Grant Programs

**Priorities:** Required services include one or more of the following, depending upon the populations for which they are proposed: 1) partner notification services for newly reported cases of HIV, AIDS and STDs; 2) targeted street and community outreach; 3) community-level intervention; 4) single or multiple session group health education/risk reduction interventions, using interactive approaches and based on curricula shown to be effective; 5) individual health education/risk reduction counseling; 6) non-clinic HIV counseling and testing; 7) prevention case management; and 8) health communications/public information activities. Priorities are established biannually by the Division of Public Health in conjunction with the Alaska HIV Prevention Planning Group, based on federal requirements and state needs.

**Target Group:** Priority target populations are specified in the 2007-2009 Alaska HIV Prevention Plan and include HIV positive persons, men who have sex with men, incarcerated individuals, Alaska Native and other ethnic minority heterosexual women whose sexual partners are HIV positive or at high risk of HIV infection, youth at increased risk of infection, and injecting drug users. The potential service area is statewide. An estimated 10,000 Alaskans will be served through these funds annually.

**Resource Allocation:** Funding levels are determined based on priorities established collaboratively with the Alaska HIV Prevention and Planning Group, federal funding agency requirements, state needs, the quality of the proposed interventions, and the amount of federal funds available.

**Criteria:** A potential grantee is required to demonstrate capacity to reach the target population and carry out the activities proposed; to specify objectives, activities, and timelines for implementing interventions likely to be effective; to specify evaluation mechanisms; and provide an itemized budget to address the area(s) identified in the Request for Proposals. Quarterly progress, data, and financial reports are required along with any specified deliverables. The Division may require changes in project activities based on project evaluation, and will develop methodologies for implementing such changes in consultation with the grantee.

**Appropriation:** Grant funds are appropriated to the Division of Public Health.

**RDU:** Public Health

**Division of Public Health**

**K-12 Tobacco Prevention**

**Authority:** AS 44.29 Department of Health & Social Services; and 7AAC 78 Department of Health & Social Services Grant Programs

**Priorities:** The primary objective of the K-12 Tobacco Prevention grant program is the creation, implementation, and enforcement of strong tobacco-free school policies. A comprehensive tobacco-free school policy does more than deter individual tobacco use. It benefits everyone by reducing exposure to secondhand smoke and reinforcing tobacco-free norms and attitudes. Research on youth-directed education efforts has shown that they are most successful when used in conjunction with community-wide tobacco prevention efforts such as tobacco taxation or smoke-free policies.

Successful school-based tobacco prevention programs incorporate key components adapted from the Center for Disease Control's (CDC) Guidelines for School Health Programs to Prevent Tobacco Use and Addictions,

**Target Group:** Alaska Public School Districts serving K-12 students, statewide

**Resource Allocation:** K-12 Tobacco Prevention grants are funded through State of Alaska Tobacco Use Education and Cessation funds.

**Criteria:** Grantees must be:

- 1) public school districts in Alaska, with a primary program objective of the creation, implementation and enforcement of strong tobacco-free school policies.

Grantees are required to:

- 1) implement a program that incorporates the key components, adapted by the Tobacco Prevention & Control program, of the CDC's Guidelines for School Health Programs to Prevent Tobacco Use and Addiction;
- 2) coordinate with the Tobacco Prevention and Control, Community Grantee in the same community as the school district, who are working on tobacco prevention in the community.

**Appropriation:** Grant funding is appropriated to the Division of Public Health

**RDU:** Public Health

**Component:** Tobacco Prevention and Control

Division of Public Health

Parent Navigation

**Authority:** AS 47.04.020; and 7 AAC 78 DHSS Grant Programs

**Priorities:** The purpose of this project is to develop, implement and evaluate parent navigation services at state-sponsored cleft lip and palate (CL/P) clinics. This project was initiated in response to feedback from families attending CL/P clinics. In addition, this project will further at least one of the core outcomes outlined by the Maternal, Child Health Bureau, Children with Special Health Care Needs program, the funding source for this project. The goal states that community-based services systems will be organized so families can use them easily. These Clinics offer clients, many who are first-time visitors and unfamiliar with clinic flow, the opportunities to ask questions and request clarification on issues identified by providers at the clinic.

**Target Group:** The Cleft Palate Program serves Alaska families of children ages 0 to 21 years who experience a cleft lip and/or palate. Services are available statewide through clinics held in Anchorage, Bethel, Fairbanks and Juneau.

**Resource Allocation:** Available funding is provided to one agency to provide services statewide, coordinating state-sponsored Cleft Lip and Palate clinics.

**Criteria:** To maximize the use of limited resources and efficiency of services, funds were awarded to a single entity in the state that has developed and delivered a statewide Parent Navigation Service model exclusively for medical settings; and is an effective change agent/system-builder collaborating with various agencies around Alaska to assist in developing family-centered systems of care for children with disabilities and their families.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Women, Children and Family Health

**Parent Navigation**

<b>Grantee</b>	<b>Area(s) Serviced</b>	<b>Region(s)</b>	<b>Election District(s)</b>	<b>Service(s)</b>	<b>Fund Source(s)</b>	<b>Award Amount(s)</b>

**Total Awards: \$21,000**

**Division of Public Health****Public Health Nursing**

**Authority:** AS 44.29.020, AS 47.05.015 and 7 AAC 78 Grant Programs.

**Priorities:** The grantees are expected to provide a range of public health nursing services to area residents with emphasis given to the areas of vaccine preventable diseases, infectious disease control, maternal child health services, and community mobilization/interagency coordination on public health emergency preparedness and response activities. Services include: infectious and chronic disease prevention and control; childhood immunizations; tuberculosis prevention and control services; sexually transmitted disease services; health risk reduction education; teen pregnancy prevention; health & development screening of high-risk children; support and case management for high risk pregnant women and children; family planning education and services; public health emergency preparedness planning and response activities; and continuous assessment and evaluation of population-based public health needs and concerns.

**Target Group:** MUNICIPALITY OF ANCHORAGE:

City of Anchorage and the Eagle River/Chugiak community. Services are available to all residents, with medically underserved and/or high-risk populations targeted.

**NORTH SLOPE BOROUGH:**

Public health nursing services are provided in the community of Barrow and on an itinerant basis to the villages of Atqasuk, Kaktovik, Nuiqsut, Point Lay, and Wainwright.

**Resource Allocation:** Funds are awarded based on the amount of funds available from State and Federal sources. Historical allocations, division priorities, as well as the grantees request are also considered. In addition to these grants, services are provided under the Multi-Program grants to Regional Native Health Organizations.

**Criteria:** These grants are awarded under 7 AAC 78.095(a). Grantees are required to provide a detailed description of their projects including goals, objectives, work plans, evaluation plans, as well as detailed budgets. Quarterly financial and activity reports are also required. The Municipality of Anchorage has provided a full range of public health services to area residents for over 20 years. The North Slope Borough has received support from the State to provide a full range of public health nursing services to Barrow and the surrounding villages since the early 1980s. The North Slope Borough is the governmental agency for the region and the region's only nonfederal health agency. Grants with the Municipality of Anchorage and the North Slope Borough are deemed the most effective means of providing area-wide public health nursing services.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Nursing

**Division of Public Health****Public Health Preparedness and Response for Bioterrorism**

**Authority:** AS 44.29.020 (Department Authority) and 7 AAC 78 (Grant Programs)

**Priorities:** Organizations receiving grants will participate in development of a statewide assessment of needs, communication plans and targeted communication strategies. Services provided will increase preparedness for and response to bioterrorism, outbreaks of infectious disease, and other public health threats and emergencies with three specific areas of focus.

The Alaska Native Health system focus will develop a plan describing the role of the Alaska Native health system in a bioterrorist attack; ensure Native health system issues and resources are identified in and coordinated with the State of Alaska plans; promote participation of the Native health system organizations and personnel in preparedness training, and federal drills and exercises; and surveil for key infectious disease syndromes.

The greater Anchorage area focus will enhance direct surveillance activities; increase capacity for planning and coordinating activities, including pharmaceutical caches; coordinate testing the Emergency Response Plan of the Municipality Health Department; participate in development and implementation of the Health Alert Network; and develop a training plan for public health staff and assist in continued participation in the Alaska Public Health Training Network.

The healthcare facilities focus will develop and implement regional preparedness plans and protocols for hospitals, outpatient facilities, EMS systems and poison control centers in collaborative statewide or regional models. Preparedness services will also address non-terrorist epidemics of rare diseases, exposure to chemical toxins and radiological materials, and mass casualties due to explosions.

**Target Group:** Target groups, respective to the areas of program focus are: Alaska Native healthcare facilities and those they serve; Municipality of Anchorage health department staff and other healthcare professionals in Anchorage, as well as the population in and around the Municipality of Anchorage; and hospitals, emergency medical systems, poison control centers, community health centers, rural health clinics, federally qualified health centers, tribally-owned health care facilities, and other outpatient facilities known to be vital points of entry into the health care system.

**Resource Allocation:** Funding levels are based on federal priorities and the amount of federal funds available to the State.

**Criteria:** Awarded proposals must provide a work plan for enhancing public health infrastructure and coordinate planning, exercises, and response efforts with the State of Alaska, Division of Public Health. The work plan must specify goals, objectives, activities, and timelines for implementation.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**Public Health Preparedness and Response for Bioterrorism: Federally Qualified Health Centers**

**Authority:** 7 AAC 78; AS 44.29.020; PHS 309(A)317(K)(1)(2)319; 42 USC 241(A); 42 USC 247d-3a; PHS 319(C-4)

**Priorities:** Organizations receiving grant awards will, at the level of primary care facilities, increase levels of preparedness for and response to bioterrorism, outbreaks of infectious disease, and other public health threats and emergencies. This priority includes the enhancement and strengthening of preparedness response and medical surge capabilities specifically as applied to Federally Qualified Health Centers and affiliated community-based healthcare clinics.

**Target Group:** Federally Qualified Health Centers and affiliated community health centers statewide.

**Resource Allocation:** Funding levels are based upon federal priorities and the amount of federal funds available to the State of Alaska.

**Criteria:** Grantee work plan must address, at the level of community-based healthcare clinics, the enhancement of preparedness for and response to outbreaks of infectious disease, bioterrorism, and other public health threats and emergencies.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**Rural School Tobacco Prevention Demonstration Project**

**Authority:** AS 44.29 and 7AAC 78 DHSS Grant Programs

**Priorities:** The rural/frontier school districts will, through a gradual progression, develop the infrastructure to support the 5 key components of a comprehensive school-based tobacco program, including policy, classroom instruction, cessation support, parental involvement, and community linkages.

**Target Group:** Rural School Districts that serve a single community, in a community that is a current grantee in the Tobacco Prevention & Control Community grant program.

**Resource Allocation:** Rural School Tobacco Prevention grants are funded through State of Alaska Tobacco Use Education and Cessation funds.

**Criteria:** Grantees must be rural/frontier school districts in Alaska. In this demonstration project grantees will identify needs, develop action plans, implement tobacco prevention and control activities and monitor/evaluate progress. Specifically, grantees are expected to work towards 1) implementing and enforcing comprehensive tobacco prevention policies within schools; 2) implementing effective tobacco prevention classroom instruction; 3) providing assistance to students who want to quit smoking or using tobacco projects; 4) involving parents and families in support of school-based tobacco prevention programs; and 5) creating and maintaining linkages to community-based tobacco prevention activities/events that target children/youth.

**Appropriation:** Grant funding is appropriated to the Division of Public Health

**RDU:** Public Health

**Division of Public Health****Tobacco Prevention and Control (Community Based Grants)**

**Authority:** AS 44.29, AS 47.050.010 and 7AAC 78 DHSS Grant Programs

**Priorities:** The mission of the Tobacco Prevention and Control (TPC) Program is to improve the health of all Alaskans by decreasing death, disability and economic burden caused by tobacco use and exposure to second hand smoke. Tobacco use continues to be Alaska's number-one public health problem. This grant program provides funding to communities that are actively involved in population-based, policy-focused tobacco prevention and control strategies.

The Alaska TPC Program has developed four major public health goals:

- (1) to prevent initiation of tobacco use among young people;
- (2) to promote quitting among adults and young people;
- (3) to identify and eliminate tobacco-related disparities in specific populations identified as of special vulnerability or with above-norm tobacco use patterns; and
- (4) to eliminate exposure to secondhand smoke.

The structure of Alaska's tobacco program is based on recommendations from the CDC's Best Practices for Comprehensive Tobacco Control Programs. The statewide program is organized, funded, and managed as program components designed to accomplish and measure the TPC Program goals. The program components include:

- (1) community-based programs to reduce tobacco use;
- (2) enforcement (in Division of Behavioral Health);
- (3) statewide programs that increase the capacity of local programs by providing technical assistance on evaluating programs, promoting media advocacy, implementing smoke free policies, and reducing minors' access to tobacco;
- (4) cessation programs;
- (5) media/counter-marketing;
- (6) surveillance and evaluation; and
- (7) administration and management.

**Target Group:** Alaskans who are affected by tobacco use.

**Resource Allocation:** Tobacco prevention and control community-based grants are funded through State of Alaska Tobacco Use Education and Cessation funds.

**Criteria:** Local grantees must:

- 1) demonstrate broad-based community involvement in their local tobacco control alliance, and
- 2) submit an action plan that includes long-term policy interventions.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Division of Public Health****Tobacco Use Cessation in Health Care Centers**

**Authority:** AS 44.29, AS 47.050.010 and 7AAC 78 DHSS Grant Programs

**Priorities:** The mission of the Tobacco Prevention and Control (TPC) Program is to improve the health of all Alaskans by decreasing death, disability and economic burden caused by tobacco use and exposure to second hand smoke. The purpose of these grants is to implement systems interventions recommended by the U.S. Public Health Service Clinical Practice Guideline Treating Tobacco Use and Dependence to enable identification and treatment of tobacco users within health care systems.

The Alaska TPC Program has developed four major public health goals:

- (1) to prevent initiation of tobacco use among young people;
- (2) to promote quitting among adults and young people;
- (3) to identify and eliminate tobacco-related disparities in specific populations identified as of special vulnerability or with above-normal tobacco use patterns; and
- (4) to eliminate exposure to secondhand smoke.

The structure of Alaska's tobacco program is based on recommendations from the CDC's Best Practices for Comprehensive Tobacco Control Programs. The statewide program is organized, funded, and managed as program components designed to accomplish and measure the TPC Program goals. The program components include:

- (1) community-based programs to reduce tobacco use;
- (2) enforcement (in Division of Behavioral Health);
- (3) statewide programs that increase the capacity of local programs by providing technical assistance on evaluating programs, promoting media advocacy, implementing smoke free policies, and reducing minors access to tobacco;
- (4) cessation programs;
- (5) media/counter-marketing;
- (6) surveillance and evaluation; and
- (7) administration and management.

**Target Group:** All Alaskans affected or potentially affected by tobacco use.

**Resource Allocation:** Grant awards of up to \$100,000 are available for regional health care centers. This program is funded through Tobacco Use Education and Cessation Funds, appropriated annually by the State legislature.

**Criteria:** Grantees must: 1) Adhere to the Clinical Practice Guidelines for Treating Tobacco Use and Dependence, and 2) Implement a State approved project evaluation plan.

**Appropriation:** Grant funding is appropriated to the Division of Public Health.

**RDU:** Public Health

**Component:** Tobacco Prevention and Control

**Division of Senior and Disabilities****Adult Day Services**

**Authority:** The Older Americans Act; AS 47.65 Service Programs for Older Alaskans & Other Adults; and 7 AAC 78 DHSS Grant Regulations; and the provisions of Adult Day Services standards adopted by the Division of Senior and Disabilities Services.

**Priorities:** Adult Day Services is the provision of an organized program of services during the day in a community group setting, for the purpose of supporting adults personal independence and promoting their social, physical and emotional well-being. Adult Day Services provide a variety of program activities designed to meet the individual needs and interests of the participants and referral to and assistance in using appropriate community resources. Services allow families and other caregivers to continue caring for them so that individuals can continue to live at home. Adult Day Services often help stabilize individuals after a health crisis, and by providing assistance in daily living activities, help clients remain in their communities. For persons with Alzheimers Disease and Related Disorders (ADRD) Adult Day programs provide an environment that helps individuals maintain function even while the disease progresses. Adult Day programs in Alaska strive to promote the individuals level of functioning and independence in a therapeutic setting; provide support, respite and education for families and other caregivers; provide opportunities for social interaction; and serve as an integral part of the community service network.

**Target Group:** The target group are individuals who require assistance with supervision due to physical, emotional, or cognitive impairments who are 60 years or older, 55 years or older who are at risk for institutional placement, persons of any age with Alzheimers Disease or Related Disorders, or Adults 18 years or older with similar disabilities and service needs as Older Alaskans. The service area is statewide.

**Resource Allocation:** The funding methodology takes into account basic costs of operation and performance. Each site is given the same base grant and a percentage of remaining funds based upon an average of hours of service provided over a four year period.

**Criteria:** Grantees must be a certified Adult Day Care provider under the most current DSDS Medicaid Waiver regulations. In addition, all Adult Day Care providers must meet and maintain standards as set forth in the 2003 Division of Senior and Disabilities Services Adult Day Program Standards.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Senior Community Based Grants

**Division of Senior and Disabilities****Aging and Disabilities Resource Centers**

**Authority:** AS 47.24 PROTECTION OF VULNERABLE ADULTS; AS 47.65 SERVICE PROGRAMS FOR OLDER ALASKANS AND OTHER ADULTS; 7 AAC 78 GRANT PROGRAMS

**Priorities:** Aging and Disability Resource Centers provide comprehensive statewide information and assistance about independent living and long term care services in Alaska. There are five ADRC's statewide whose main goal is to streamline a consumer's ability to access sufficient long-term care services by consolidating information and referral information, accessing information specific to their needs about housing, in-home services, Medicaid, public assistance, Medicare Part D, home modifications, transportation, disability determination, SSDI, SSI, APA, long term care planning, PCA, and other home and community based services. The Aging and Disability Resource Centers will work in concert with the Rural Long Term Care (RLTC) Coordinator to develop and improve access for Trust beneficiaries, their families, and other care providers to long term care services so that they do not have to leave their homes and communities.

**Target Group:** Services are targeted to seniors and individuals of any age with a disability.

**Resource Allocation:** Project management is handled by the Statewide Independent Living Council (SILC) and the delivery of direct services is provided by Alaska's five regional Centers for Independent Living (CIL). There are currently five Aging and Disability Resource Centers operating through Alaska's Independent Living Centers in Anchorage, Juneau, Kenai, Fairbanks and Kotzebue.

**Criteria:** The Administration on Aging (AOA) and the Centers for Medicare and Medicaid Services (CMS) launched the Aging and Disability Resource Center (ADRC) initiative in 2003 as part of a nationwide effort to restructure services and supports for older adults and younger persons with disabilities to enhance access to community living. Alaska became an ADRC grantee in 2004 with federal funding for this project ending in 2007. In 2008, partial supplemental funding was received from the Administration on Aging. The additional funding from this grant was approved by the Alaska Mental Health Trust to continue the development of a comprehensive information, assistance and referral system until the transition to other funding sources is secured. This is one year grant will allow the federally supported initiative to continue through a grant to the Statewide Independent Living Council.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services, Senior and Disabilities Services Administration Component.

**RDU:** Senior and Disabilities Svcs

**Component:** Senior/Disabilities Svcs Admin

### Aging and Disabilities Resource Centers

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

**Division of Senior and Disabilities****Alzheimers Disease & Related Disorders - Education Support and Mini-Grants**

**Authority:** AS 47.65 Service Programs for Older Alaskans & Other Adults; 47.30.056 Use of money in the mental health trust authority settlement income account; and 7 AAC 78 Department of Health and Social Services Grant Regulations.

**Priorities:** The Alzheimers Disease & Related Disorders (ADRD) Education, Support and Mini Grants program provides statewide education and support services to people with Alzheimers Disease and Related Disorders and their caregivers as well as providing education about ADRD to the general public, healthcare professionals, professional caregivers, agencies and organizations. This program will be responsible for the statewide distribution of mini grants to individuals who experience ADRD. These mini grants can include, but are not limited to, therapeutic devices, access to medical, vision and dental, and special health-care, and other supplies or services that might remove or reduce barriers to individuals ability to function in the community and become as self-sufficient as possible. Scope of project includes: Support to families which assists them to maintain the ADRD client at home, forestalling or preventing institutionalization; Dissemination of information to families and the general public regarding the process, prevalence and research findings of ADRD; Promotion of general awareness statewide of ADRD and the impact on families and communities; Advocacy for services for persons with ADRD; and Statewide Distribution of ADRD mini-grants. ADRD also includes, but is not limited to, Vascular Dementia, Parkinsons Disease, Picks disease, Huntingtons disease, Lewy Bodies, HIV and alcohol related dementia and others. The grantee must maintain staff and offices in Anchorage, Fairbanks, and Juneau.

**Target Group:** The target Group for ADRD Education and Support are individuals with Alzheimers Disease and Related Disorders, their caregivers, health care professionals, professional caregivers, agencies, organizations, and the general public. The target group for ADRD Mini-Grants is Individuals with Alzheimers Disease and Related Disorders.

**Resource Allocation:** Resource allocation is based on the Federally approved State Plan for Services and the Alaska Mental Health Trust Authority beneficiary group definition. Services are provided Statewide.

**Criteria:** The grantee must meet requirements as stated in the Request for Proposals and have demonstrated knowledge and expertise in providing education, training and support to caregivers, individuals, services providers and the community at large about Alzheimers Disease and Related Disorders. Grantees must also maintain outreach offices in Anchorage, Fairbanks, Juneau, and the Mat-su regions.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Senior Community Based Grants

<b>Total Awards: \$375,743</b>						

**Division of Senior and Disabilities****Community Developmental Disabilities Grants**

**Authority:** AS 47.80 Persons with Disabilities; and 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** The Community Developmental Disabilities Grant Program (CDDG) addresses the needs of individuals with developmental disabilities for Habilitation, which is the acquisition or maintenance of skills to live with independence and improved capacity. CDDGs strengthen and sustain the capacity of rural and remote communities to provide services to all members of their community. Equally important is the ability for individuals to remain with their natural families, while being able to access the support they need to participate in the social and economic lives of their community; thereby minimizing institutionalization. CDDGs help provide care in the local community for people having severe disabling conditions such as mental retardation, autism, or cerebral palsy.

Services vary depending upon the persons age and unique needs; and may include supported employment, respite care, care coordination, day habilitation, case management, specialized equipment. In some situations, the Program may provide residential care in a group living or independent living arrangement. For those who qualify by meeting the diagnostic and income limits, the Home and Community Based Waiver Program may provide similar services. However for those who are not eligible or who do not need the long-term residential care that the MRDD Waiver is designed to provide, CDDGs allow cost effective services to be tailored to each individual recipient, particularly to those whose families act as primary caregivers. Core Services, limited to \$3,000 per person, are also offered through the CDDGs to individuals on the waitlist who receive no other services from the Division. This is done with the intent that the early availability of Core Services may alleviate crisis until individuals are in need of long-term care and are selected from the waitlist.

**Target Group:** Services are provided statewide to persons who meet specific criteria outlined in the State of Alaska's definition of developmental disabilities (AS 47.80.900). Since the program participant is authorized to choose their provider from a list of qualified providers, individuals currently receive services in nearly 90 communities across the state.

**Resource Allocation:** Grant funds are allocated to purchase expertise in serving people with developmental disabilities consistent with the state plan described in AS 47.80.090 (5). Since the needed expertise is not equally divided on the basis of population or regional characteristics, the plan directs funds for specific needs of persons with developmental disabilities wherever they may live.

**Criteria:** Grant funds are distributed through the Department's grant process. Each grantee is required to be reviewed regularly by the Division's Quality Assurance review team, and by an independent financial auditor. A Division-approved action plan is required from each grantee responding to any recommendations made by the review team. Standards of care are expressed as Service Principles stated in AS 47.80.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Community DD Grants

**Division of Senior and Disabilities****National Family Caregiver Support Program**

**Authority:** Federal Title III-e of the reauthorized Older American Act; AS 47.65 Service Programs for Older Alaskans & Other Adults; and 7 AAC 78 DHSS Grant Regulations.

**Priorities:** The Older Americans Act programs have long recognized caregivers as key players in meeting the needs of Older Persons in the community. The creation of the National Family Caregiver Support Program (NFCSP) in the 2000 Reauthorized Older Americans Act for the first time, requires all State units on aging to focus on the caregiver rather than the Older Consumer, and to provide service primarily for the benefit of caregivers themselves. The NFCSP is intended to offer a multi-faceted system of caregiver support that includes, at a minimum, the following services: information to caregivers about available services; Assistance to caregivers in gaining access to support services; Individual counseling, Support groups and Training to caregivers to assist the caregivers in making decisions and solving problems related to their care giving roles; Respite care to enable caregivers to be temporarily relieved from their care giving responsibilities; and Supplemental Services, on a limited basis, to complement care provided by eligible caregivers. These services are implemented through partnerships between State, Tribal, and Local Governments, both Public and Private organizations, and Community Service providers in order to develop programs whose sole purpose is to provide relief from emotional, physical and financial stress experienced by Family Caregivers.

**Target Group:** Two population groups are to be served by the program: Family Caregivers of adults 60 and older, and grandparents and relative caregivers aged 60 and over of children not more than 18 years of age, are eligible to received support services offered by Alaska's Family Caregiver programs.

**Resource Allocation:** Allocation of resources is based on the Federally approved State Plan for Services and funding limitations as indicated in Title III-e.

**Criteria:** Grantees must meet the criteria as stated in the Request for Proposals and have demonstrated knowledge and experience in providing services to the target population.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Senior Community Based Grants

**Division of Senior and Disabilities****Nursing Facility Transition Program**

**Authority:** Americans with Disabilities Act; Olmstead Decision; New Freedom Initiative; and 7 AAC 78 DHSS Grant Regulations

**Priorities:** The Nursing Facility Transition Program provides services for people with disabilities or the elderly to move from nursing facilities into the community in order that they might live in the least restrictive setting and integrate into and participate in their community. Grantee Transition Coordinators work closely with nursing facility social workers and discharge planners and the DSDS-LTCU staff for timely and efficient discharge and transition. Funds from these grants may provide services as diverse as security deposits (no rent payments); groceries; trial visits to home or to an Assisted Living Home; or transportation, room and board for a caregiver from a rural area to an urban area for training in the care of the recipient.

Services to be provided: outreach and counseling, assessment of consumer for appropriateness of transition, peer counseling, home assessment for safety, transition planning and implementation of the plan. Funding for: home or environment modifications, Travel/Room/Board for rural caregivers to receive client specific training, trial trips to home or assisted living home, short-term payment for an appropriate worker of skill level needed, security deposits, one-time initial cleaning of home, basic furnishings necessary to set up a livable home, transportation to a new home, other needed items or services as may be approved by State Program Coordinator, ongoing follow-up and counseling as needed, evaluation of effectiveness of services, evaluation of continuing quality of life for consumer.

**Target Group:** The Nursing Facility Transition Program targets any Alaska resident over the age of 21 who resides in a nursing facility and who wants to transition back into the community. Clients must have, or be expected to have, Medicaid Waiver approval within six months. This program is available to any resident of a nursing facility in Alaska. Alaska residents residing in a facility outside the state will be considered on a case-by-case basis.

**Resource Allocation:** Priority is given to applicants who document that they can provide staff time as matching in-kind funds and/or other resources necessary to deliver and coordinate services statewide.

**Criteria:** Proposers must have a statewide network specific to the type of services requested and the capability to coordinate activities with satellite agencies or through agreements with like agencies. Applicants must submit a map showing the location of satellite offices or agreement agencies. The description of proposed services through satellite agencies and/or coordination with like agencies must be fully supported by the Agreements.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Senior Community Based Grants

**Division of Senior and Disabilities****Nutrition, Transportation & Support Services**

**Authority:** Older Americans Act; AS47.45 & 47.65; 7 AAC 78 Grant Programs.

**Priorities:** The Nutrition, Transportation and Support Services (NTS) program, authorized under Title III of the Older Americans Act, provides grants to local community organizations such as senior centers, non-profit agencies, and tribal or local governments, in order to meet the needs of Alaska's aging population. NTS program services to Seniors age 60 and over, help them to remain independent and healthy in their communities. Services are targeted to those with the greatest economic and social need through a State Plan funding formula developed by the Alaska Commission on Aging in collaboration with the Department of Health and Social Services. Services provided through this program include Information and Assistance, Outreach, Congregate and Home Delivered Meals, Assisted and Unassisted Transportation, Homemaker, Health Promotion and Disease Prevention, Senior Companion, Foster Grandparent/Elder Mentor, and Retired Senior Volunteer Programs. Also funded are Statewide Media and Legal Service providers.

**Target Group:** These services are available to Alaskans 60 years of age and over. In addition, the target populations include those Seniors whose incomes are below the poverty guidelines, live in rural areas, are members of minority groups, and are physically frail. These categories for targeting services are based on requirements in the Federal Older Americans Act.

**Resource Allocation:** Funding is allocated through the Intra State Funding Formula approved in the State Plan for Services using the most current U.S. Census data. Each of six regions in the state receive an allocation of funds based on the number of individuals 60 years old and over, and the target populations stated above with specific weighting factors.

**Criteria:** Applicants must meet the requirements for program delivery. Proposals are evaluated based on the criteria in the Request for Proposals and prior year performance.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**Division of Senior and Disabilities****Protection of Rights & Investigation of Abuse**

**Authority:** Programmatic: Public Law 106-402 DD Act; Americans with Disabilities Act; AS 47.80. Grant Regulations: 7 AAC 78.

**Priorities:** The Protection of Rights & Investigation of Abuse program provides people with developmental disabilities (DD) and their families training and assistance in methods to resolve grievances they may have with providers of community developmental disability services. Services funded by the program range from information and referral, negotiation and mediation, various interventions in line with administrative recourse and, as a last resort, legal consultation and remedies. Under the Federal DD Act, the state must have a system of protection and advocacy that has the capacity to provide administrative and legal remedies to civil rights concerns for people with developmental disabilities. The program exists to assist eligible individuals, sometimes through their families and guardians to engage in their own advocacy. In collaboration with the Division of Senior and Disabilities Services, this grant has been used to emphasize training to recipients in such areas as special education, social security and the Americans with Disabilities Act.

**Target Group:** In order to receive this grant, an organization must have the capacity to provide the Department with an immediate statewide response to complaints of abuse and neglect by persons meeting the definition developmentally disabled as described in AS 47.80.900.

**Resource Allocation:** A single agency provides statewide Protection and Advocacy Services. This award incorporates and makes maximum use of other federal, state, and private funds, which are awarded directly to the sole provider to establish and maintain protection and advocacy services to Alaskans with mental illness and other unique populations with concerns similar to those of persons with developmental disabilities. The Disability Law Center has continuously performed these unique services for 25 years.

**Criteria:** The grantee must have the unique legal authority under state and federal law to investigate complaints by vulnerable people with developmental disabilities, of abuse and neglect in institutions. Additionally, the grantee must assist and train the target population statewide in identifying and obtaining needed services from generic public benefits and entitlement programs, and special education for adolescents with developmental disabilities. The Disability Law Center (DLC) was created in 1977 to meet the requirements of Alaska Statute 47.80.020 to have a system of protection and advocacy for people experiencing developmental disabilities (DD).

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Community DD Grants

**Protection of Rights & Investigation of Abuse**

<b>Grantee</b>	<b>Area(s) Serviced</b>	<b>Region(s)</b>	<b>Election District(s)</b>	<b>Service(s)</b>	<b>Fund Source(s)</b>	<b>Award Amount(s)</b>

**Grant Award 607-08-099 Total: \$150,000**

**Total Awards: \$150,000**

**Division of Senior and Disabilities**

**Resource and Development**

**Authority:** Programmatic: AS 47.80. Grant Regulations: 7 AAC 78.095(a)(2).

**Priorities:** As required by AS 47.80.100, the Department must, within the limits of appropriation, implement a comprehensive system of services and facilities dispersed throughout the state. The services required under this statute are specialized and directed towards addressing minimal habilitation and crisis needs of people with developmental disabilities (DD). This program addresses the severe statewide shortage of qualified direct care staff and professionals with critical expertise necessary to deliver services to people with DD.

**Target Group:** Grant funds support people with DD statewide. Any training or support provided by these grants must be accessible to direct service staff, school paraprofessionals, family member of people with disabilities, and other interested students, in their home communities.

**Resource Allocation:** Funds are allocated to provide services statewide through a single provider with specialized expertise and capability.

**Criteria:** To receive a grant under this program, the organization must demonstrate that they have the required infrastructure and necessary expertise to accomplish the goals for each grant. Additionally, the grantee must incorporate and make maximum use of other federal, state, and private funds to advance to goals for each project. Under the federal Developmental Disabilities Act, the Center for Human Development/UCED receives federal funds to connect specifically to research information from other states and adapt it for optimal delivery of services and training in Alaska.

**Appropriation:** Grant funding is appropriated to the Division of Senior & Disabilities Services.

**Division of Senior and Disabilities**

**Senior In-Home Services**

**Authority:** The Older Americans Act; AS 47.65 Service Programs for Older Alaskans & Other Adults; 47.30.056 Use of money in the mental health trust authority settlement income account; and 7 AAC 78 DHSS Grant Regulations.

**Priorities:** The goal for DSDS Senior Grants is to provide a flexible delivery system that best meets the needs of seniors in their homes and communities statewide and to provide a safety net to seniors and their caregivers who do not meet level of care for the HCB Medicaid Waiver. Senior In-Home Services is the provision of Care Coordination, Chore, Respite Care and Extended Respite Care services to individuals of any age with Alzheimers Disease or Related Disorders (ARD) and individuals 60 years of age and older, who are frail, have physical disabilities or mental health issues. These services will be targeted toward individuals who are at risk for institutional placement, have greatest social and economic need, are Alaska Native or are residing in a rural area. The intent of this program is to provide in-home services to help recipients remain independent in their homes and communities for as long as possible.

**Target Group:** Persons of any age with Alzheimers disease or related disorders, Frail/Elderly, physically or mentally disabled persons 60 years of age or older, Adults 18 years of age or older with similar disabilities and service needs to older Alaskans.

**Resource Allocation:** Resource allocation is based on the funding formula in the Alaska State Plan on Aging. Service area is statewide.

**Criteria:** Grantees must be a certified Care Coordination, Respite and/or Chore provider agency under the most current DSDS Medicaid Waiver regulations. In addition, all Care Coordination and Respite providers must meet Care Coordination and Respite standards adopted by the Division of Senior and Disabilities Services.

**Appropriation:** Grant funding is appropriated to the Division of Senior and Disabilities Services

**RDU:** Senior and Disabilities Svcs

**Component:** Senior Community Based Grants

**Division of Senior and Disabilities**

**Senior Residential Services**

**Authority:** AS 47.65 Service Programs for Older Alaskans; AS 47.33 & 7 AAC 75 Assisted Living Homes; 7 AAC 78 Grant Programs.

**Priorities:** The Division of Senior and Disabilities Services oversees grants that support assisted living facilities for elders in Tanana and Kotzebue. DSDS monitors and licenses both residences as Assisted Living Facilities. By definition, assisted living facilities provide meals and assistance with daily activities to enable seniors to remain in or near their community of choice.

**Target Group:** These grants fund Assisted Living Facilities in Tanana and Kotzebue for seniors from those communities and surrounding villages.

**Resource Allocation:** Funds are allocated to the regions served by Tanana Tribal Council and Maniilaq Association.

**Criteria:** Grantees must meet the standards for assisted living facilities, licensed and monitored by the Department.

**Appropriation:** Grant funding is appropriated to the Division of Senior & Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Senior Residential Services

### Senior Residential Services

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)
Tanana Tribal Council	Tanana	Interior	6	Senior Residential	Gen Fund	\$152,000

**Grant Award 607-08-329 Total: \$152,000**

**Total Awards: \$152,000**

**Division of Senior and Disabilities****Short-Term Assistance & Referral Programs STAR and Mini-Grants**

**Authority:** AS 47.80; 7 AAC 78 Grant Programs.

**Priorities:** The STAR program exists to assist people with developmental disabilities (DD) and their families by addressing short-term needs before a crisis occurs, and to defer the need for more expensive residential services or long-term care. Many people who are on the DD waitlist access STAR services. Allowable costs under the STAR program include, but are not limited to: environmental modifications, adaptive equipment, and services that assist the family (such as behavioral training, personal care, or medical appointments). Assistance with basic living needs necessary to avert a crisis that are not covered by another public or private program such as emergency transportation and clothing may be approved on a limited basis. Mini-Grants are a one-time awards made to individuals, not to exceed \$2,500 per recipient, for health and safety needs not covered by grants or other programs, to help beneficiaries attain and maintain healthy and productive lifestyles. The kinds of supplies or services the Mental Health Trust considers appropriate for Mini-Grants include, but are not limited to: therapeutic devices, access to medical, dental and vision care, and special health-care needs. Adult dental care is the service most frequently requested Mini-grant recipients.

**Target Group:** People with developmental disabilities and their families may access STAR services. Alaska Mental Health Trust Beneficiaries who have a developmental disability or receive Infant Learning Program Services may apply for Mini-grants through local non-profit agencies. Funds are distributed across the state, and amounts assigned by geographic census area.

**Resource Allocation:** STAR grants, geographically allocated and capped in the amount of \$85,000 each, are awarded through the Department's grant process. Awards provide adequate personnel and operating costs to enable each grantee to serve people within their census area. Mini-Grants are distributed to the agencies with STAR Programs, according to the percentage of population in the agency's designated area.

**Criteria:** These 2 programs were designed to be flexible and to respond immediately to meet the needs of consumers who are on the wait list for services. In so doing, the STAR and Mini-grant programs have been an effective way to prevent crisis situations and to provide necessary supports, reducing the need for more intensive services. These programs address the type of needs of the designated beneficiary group intended by the Mental Health Trust Authority.

**Appropriation:** STAR Program funding is appropriated to the Division of Senior and Disabilities Services.

**RDU:** Senior and Disabilities Svcs

**Component:** Community DD Grants

**Compassion Alaska**

**Authority:** Section 1110 of the Social Security Act governing Social Services Research and Demonstration Activities. Public Law 109-149 Alaska Departments of Labor, Education and Health and Social Services Appropriation Act, 2006.

**Priorities:** There are eight priority populations defined in the federal abstract and RFP:

1. Addressing the needs of homeless
2. Prisoners re-entering the community
3. Children of prisoners
4. At-risk youth, particularly those facing the specific risk of gang influence and involvement
5. Addicts
6. Elders in need
7. Families in transition from welfare to work
8. Couples who choose marriage for themselves to develop the skills and knowledge to form and sustain healthy marriages.

**Target Group:** Faith-based and/or grassroots community organizations with an annual operating budget of less than \$500,000 and fewer than ten employees.

**Resource Allocation:** Compassion Alaska is to be awarded on a regional basis while maintaining a separate control and treatment group for this demonstration project as mandated by the federal government.

**Criteria:** Must meet the qualifications listed in Target Groups and have one or more years experience in serving one or more of the populations listed under Priorities.

**Appropriation:** Grant funding is appropriated to the Office of Faith Based and Community Initiatives.

**RDU:** Boards and Commissions  
Departmental Support Services

**Component:** Cncl/Faith Based&Comm Initiative  
Commissioner's Office

**Finance and Management Services**

**Health Care Strategies**

**Authority:** 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** Services will provide assistance and facilitation on the development of a statewide health care action plan. Building capacity among health systems and assuring access to quality health care services is at the heart of the Department's mission to "promote and protect the health and well-being of Alaskans". While many studies and plans have been done along this line the state lacks a statewide action plan that will guide the department and state in future endeavors in assuring health care access to all Alaskans.

**Target Group:** Statewide Health Care interested parties.

**Resource Allocation:** Statewide

**Criteria:** The grantee agency must have the knowledge and expertise necessary to achieve the goals and objectives of the grant project.

**Appropriation:** Grant Funding is appropriated to the Division of Finance and Management Services.

**RDU:** Departmental Support Services

**Component:** Assessment and Planning

**Finance and Management Services**

**Human Services Community Matching Grants**

**Authority:** Authority for these grants derives both from AS 29.60.600-650, Human Services Community Matching Grants and 7AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** The provisions of AS 29.60.600 et. Seq. mandates that these grants be used for essential human services. AS 29.60.650 (1) defines essential human services as follows: Essential human services and services have the meaning given social services in AS 47.75.060 except that they include only services whose unavailability would subject persons needing the services to serious mental or physical hardship.

**Target Group:** The geographical areas that currently qualify under AS 29.60.600 are the Municipality of Anchorage, the Matanuska-Susitna Borough and the Fairbanks North Star Borough. Target groups are persons in need of essential human services.

**Resource Allocation:** The amount allocated for this program is appropriated annually by the Alaska Legislature and allocated according to the most recent population figures, certified annually by the Department of Commerce, Cummunity & Economic Development.

**Criteria:** The Human Services Community Matching Grants are designated grants to municipalities with a population base minimum required for participation in this program. Applications are due from eligible municipalities prior to October 1st of the preceding year.

**Appropriation:** Grant funding is appropriated to Finance and Management Services.

**RDU:** Human Svcs Comm Matching Grant

**Component:** Human Svcs Comm Matching Grant

**Finance and Management Services**

**Medicaid Reform Initiative**

**Authority:** AS 44.29 Department of Health and Social Services, 7AAC 78 Department of Health and Social Services Grant Programs and Ch 10, SLA 07, (SB 61)

**Priorities:** The Pacific Health Policy Group (PHPG) January 2007 report to Senate Finance offered several recommendations for Medicaid reform. These included but were not limited to long term care and the tribal health care system . The intent is to create efficiencies leading to decreased general fund growth in the Medicaid program. The PHGP report resulted in a \$2.3 million Legislative appropriation for the Department to further define and implement the recommendations in the PHGP report on defining the future of Medicaid in Alaska. The Department's work plan to implement the key provisions of the Medicaid Review Report will result in coordinating with primary agencies to fund essential activities through both grants and contracts issued by the Department.

**Target Group:** Alaska Medicaid, the Alaska Native Tribal Health Consortium (ANTHC) on behalf of tribal health providers, and the Yukon Kuskokwim Health Corporation (YKHC), as the largest regional health care provider.

**Resource Allocation:** Specific Legislative appropriation to the Commissioner's office, authorizing funds for the operating costs for a comprehensive program associated with designing, planning, and implementing the Legislative Medicaid Program Review Report dated February 2007.

**Criteria:** Grantees are 2 specific entities in the State. The grantees' active participation is identified in the project description of roles and deliverables.

**Appropriation:** Grant funding is appropriated to the Office of the Commissioner.

**RDU:** Departmental Support Services

**Component:** Legislative Medicaid Program Review

**Finance and Management Services**

**Medicare Rural Hospital Flexibility Program**

**Authority:** AS 44.29 Department of Health & Social Services; and 7AAC 78 Department of Health & Social Services Grant Programs

**Priorities:** The purpose of this grant is to provide support for the Medicare Rural Hospital Flexibility Program, specifically the program goals related to designation of Critical Access Hospitals, development and strengthening rural health networks, integration of emergency medical services, and improving the quality of health care. The over-arching purpose of the program is to stabilize and strengthen small, rural hospitals and the health care networks in which they play a primary role.

**Target Group:** Hospitals and communities in rural Alaska, which serve the approximately 250,000 Alaskans who live outside of Anchorage, Fairbanks, and Juneau.

**Resource Allocation:** The state receives the grant from the Federal Office of Rural Health Policy, and subgrants a portion of the funds to the Alaska State Hospital and Nursing Home Association.

**Criteria:** The grantee is the single entity in the state that represents the state's hospitals. The grantee's active participation is identified in the federal grant criteria and in Alaska's grant application as crucial to the success of the Medicare Rural Hospital Flexibility program in Alaska.

**Appropriation:** Grant funding is appropriated to the Office of the Commissioner.

**RDU:** Departmental Support Services

**Component:** Health Planning & Infrastructure

**Medicare Rural Hospital Flexibility Program**

<b>Grantee</b>	<b>Area(s) Serviced</b>	<b>Region(s)</b>	<b>Election District(s)</b>	<b>Service(s)</b>	<b>Fund Source(s)</b>	<b>Award Amount(s)</b>
Alaska State Hospital & Nursing Home Association	Statewide	Statewide	99	Develop Rural Health Networks	Fed Rcpts	\$60,000

**Finance and Management Services****Multi-Program Grants to Regional Native Health Organizations**

**Authority:** AS 44.29.020, AS 18.08.010, AS 18.28.010, AS 47.30.056, AS 47.30.520, AS 47.05.015, AS 47.37, and 7AAC 78 DHSS Grant Programs.

**Priorities:** Each grantee receives funds to provide a wide range of health and social services in the region it serves. The grants range in scope and cover varying target populations. Program services are managed by the same standards with those provided in other areas of the state through grants awarded by the Office of Children's Services, and the Divisions of Public Health, Senior & Disabilities Services, and Behavioral Health. Staff in the divisions provide programmatic oversight of the services included in each program in these grants to regional native health organizations.

**Target Group:** The individual programs establish the target groups for the services delivered to the rural populations served by each regional health corporation.

**Resource Allocation:** The areas served are:

Region VI: Kotzebue/Northwest Arctic (Maniilaq Association);  
 Region VI: Nome/Norton Sound (Norton Sound Health Corporation);  
 Region IX: Southeast Alaska (Southeast Alaska Regional Health Consortium);  
 Region II: Interior Alaska (Tanana Chiefs Conference, Inc.); and  
 Region I,II: Bethel, Yukon-Koyukuk, Wade Hampton (Yukon-Kuskokwim Health Corporation).

**Criteria:** These funds help to leverage services to the entire populations of the regions served by the native health corporations named above. Continuing grant support is dependent on compliance with service standards of the individual programs and the criteria mandated in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Divisions of Behavioral Health, Public Health, Senior & Disabilities Services; and the Office of Children's Services.

**Finance and Management Services**

**Small Hospital Improvement Program**

**Authority:** Health Insurance Portability and Accountability Act of 1996 (HIPAA); AS 44.29 and 7 AAC 78 DHSS Grant Programs

**Priorities:** The purpose of this grant is to assist rural hospitals with under 50 beds to make changes necessary to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and/or to improve the quality of care.

**Target Group:** Services are targeted to rural hospitals under 50 beds. There are 17 hospitals in rural Alaska that qualify for SHIP. One hospital network, the Alaska Small Hospital Performance Improvement Network (ASHPIN), also qualifies to receive grant funds when designated as the recipient by eligible hospitals.

**Resource Allocation:** The State Office of Rural Health (SORH) receives the grant from the Office of Rural Health Policy (ORHP). The SORH determines which hospitals meet the eligibility criteria and subgrants the funds to the Alaska State Hospital and Nursing Home Association (ASHNHA). ASHNHA disperses these funds through equal allocation to each eligible hospital.

**Criteria:** The grantee is the single entity in the state that represents the State's hospitals, and was identified in the federal grant as the entity that would disperse these funds to eligible hospitals and the network.

**Appropriation:** Grant funding is appropriated to Finance and Management Services.

**RDU:** Departmental Support Services

**Component:** Health Planning & Infrastructure

### Small Hospital Improvement Program

**Total Awards: \$152,065**

Office of Children's Services

ACT - Alaska Children's Trust FY08

**Authority:** ART III, Sec. 23 of the Alaska Constitution; and in accordance with AS 37.14.250 Grants (Alaska Children's Trust), and Department of Health and Social Services Grant Programs 7 AAC 78.

**Priorities:** The Alaska Children's Trust (ACT) grant program funds creative and community-initiated projects with the potential to prevent and eliminate child abuse and neglect in Alaska. The intent is to fund community based prevention and family programs that address the root causes of child abuse and neglect: alcohol and other drug abuse, sexual abuse, and domestic violence.

**Target Group:** The ACT places special emphasis on funding proposals which provide home visitation services for parents (including expectant parents) in underserved areas, parent education and support, programs engaging fathers/adult males in parenting, crisis nurseries and respite care for families with children with disabilities, mentoring and peer counseling, and education projects ensuring that children are eager and ready to learn.

**Resource Allocation:** Grantees are required to submit proposals in response to a competitive Request for Proposals. Awards recommendations are based on the priorities of AS 37.14.200-270 and the criteria contained in 7 AAC 78.100.

**Criteria:** The annual funding level for the ACT is based upon annual income earnings from the trust fund and Federal allocations. Grant awards are contingent upon legislative appropriations of funds to the ACT. The ACT also relies on gifts, bequests, and contributions of cash or other assets from individuals, corporate entities, and federal funds.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Office of Children's Services**

**Alaska Food Coalition Program**

**Authority:** AS 47.27.005-990 and 7AAC 78 Grant Programs.

**Priorities:** One of the Department's goals is to provide assistance to low-income individuals and families. This grant project goal is to support emergency food programs, which serve Alaskans who are needy and hungry, many of who are not on public assistance but would qualify if they applied.

**Target Group:** The areas and communities with organized food bank programs serving needy Alaskans.

**Resource Allocation:** Allocation of funding is based on cost of food and the need for emergency food services.

**Criteria:** A request for Letters of Interest as a method of solicitation was approved under 7AAC 78.095(c), to determine the agency most capable of meeting the goals of the project, to benefit food banks statewide.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

**Alaska Food Coalition Program**

<b>Grantee</b>	<b>Area(s) Serviced</b>	<b>Region(s)</b>	<b>Election District(s)</b>	<b>Service(s)</b>	<b>Fund Source(s)</b>	<b>Award Amount(s)</b>
Food Bank of Alaska	Statewide	Statewide	99	Food Program	Fed Rcpts	\$105,000

**Grant Award 603-08-820 Total: \$105,000**

**Total Awards: \$105,000**

**Office of Children's Services****Alaska Transition Training Initiative**

**Authority:** U.S. Department of Education (DOE) funding is awarded to the Alaska Department of Education and Early Development and is passed through to the Department of Health & Social Services. Funds are awarded to a non-profit agency chosen by both departments for the provision of services under AS 44.29 Department of Health and Social Services, AS 47.05.015 (Grants), and 7 AAC 78 Department of Health and Social Services Grant Programs.

**Priorities:** The US Department of Education provides funding for the training of providers who help families, whose children have disabilities, with transition from the home based Early Intervention/Infant Learning Programs (EI/ILP) to the local school district or Head Start program at the age of three. Training occurs at the community level with the local school district, parent representatives, EI/ILP and other relevant health, social service and educational agencies present. The funding covers the costs of substitute teachers, so all involved personnel can attend training without added expense to the district or infant learning program. The Governor's Council on Disabilities and Special Education has identified this transition as a major concern for families in Alaska.

**Target Group:** The target populations are children with disabilities and their families in school districts, Head Start and EI/ILP programs and other related agencies statewide. It is anticipated that trainings will be held in at least five communities with total of 12 community-based teams receiving training during the year. Follow-up and technical assistance will be provided to communities trained in prior years on an as-needed basis.

**Resource Allocation:** A single agency is funded to provide training services statewide to all EI/ILP grantees and other local agencies on rotating-bases.

**Criteria:** Funds are awarded to a single agency most capable of meeting the goals and objectives of the grant project. The grantee is chosen in a collaborative selection process by the Departments of Health and Social Services and Education and Early Development as the entity that best meets the needs of departments, the school districts, and the EI/ILP and Head Start programs for this very specific type of training.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Infant Learning Program Grants

### Alaska Transition Training Initiative

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

<b>Grant Award 603-08-902 Total:</b>						<b>\$60,000</b>
<b>Total Awards:</b>						<b>\$60,000</b>

**Office of Children's Services****Child And Family Visitation Center**

**Authority:** AS 47.17 Child Protection; and Department of Health and Social Services Grant Regulations 7 AAC 78.

**Priorities:** The grant is awarded for the purpose of developing a Child and Family Visitation Center in the Anchorage Region to provide safe, conflict free supervision in a space specifically designed for a family setting. Children in out-of-home care are very vulnerable. Children that are removed from their homes due to abuse or neglect have no control over the separation. They are usually removed from their homes in the middle of trauma, often with little understanding about why they are being separated from their families and do not have the ability to foster or maintain any kind of contact with their families. A child and family visitation center is a location where a child and parent, separated by a court order, can meet. The meeting is monitored by a trained worker who is either in the room with the parent and child, or standing nearby. This allows for supervision that can provide parent-child contact when it would otherwise be impossible, both ensuring child safety and protecting rights to visitation. Visitation centers offer a teaching and therapeutic potential, by observing, correcting, and providing feedback. Successful visitation centers offer clear expectations, a variety of homelike activities, and immediate feedback to the social worker and foster parents. It is important that visitation center staff, OCS staff, and foster parents provide a supportive team approach to visitation. Supervised visitation is designed to protect the child from harm, strengthen family relationships, and move the family toward unsupervised visitation, reunification, or an alternative permanent placement. The Center also communicates with OCS workers and foster parents, birth parents, and family members; and provides transportation to and from the visits. The Center provides information through court testimony when appropriate.

**Target Group:** Services provided through this grant category are designed for families who require supervised visitation services when children are removed from the home due to abuse and/or neglect. There are also instances when a parent is involved with alcohol or drug abuse, violence, is incarcerated, or OCS has intervened in a custody battle that has aroused serious concerns regarding the safety of the child.

**Resource Allocation:** The Office of Children's Services has funded the Family Visitation Center in the area where the target population is most dense.

**Criteria:** Awards are based on competitive solicitation through a Request for Proposals. Criteria includes requirements for qualified and sufficient staff levels, hours of operation, accessibility to the target population as well as other program specific needs and the criteria contained in 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

**Office of Children's Services**

**Children's Advocacy Centers**

**Authority:** Federal Authority: Juvenile Justice and Delinquency Prevention Act of 1974, Public Law 93-415.  
State Authority: AS 47.17 Child Protection, outlines the Office of Children's Services responsibility to protect children and investigate cases of abuse and neglect; and 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** Through the Office of Juvenile Justice and Delinquency Prevention (OJJDP), the State of Alaska is funding Child Advocacy Centers (CAC). This grant program targets the major communities throughout Alaska to establish child-friendly advocacy centers that provide comprehensive investigations for children suspected of being abused, using a Multi-Disciplinary Team (MDT) approach.

**Target Group:** Child Advocacy Centers and the associated Multi Disciplinary Teams are intended to serve children suspected of being physically and sexually abused.

**Resource Allocation:** Through the Office of Juvenile Justice and Delinquency Prevention (OJJDP) the State of Alaska was awarded funding to continue the operation of existing CACs and MDTs.

**Criteria:** Proposals are evaluated based on criteria established to advance the model of a coordinated response to child sexual and physical abuse and on the criteria required for grant programs under 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

**Office of Children's Services**

**Differential Response**

**Authority:** AS 47.17.030 Termination of parental rights, describes the responsibilities the Office of Children's Services has to investigate reports of harm on children. DHSS Grant Regulations 7AAC 78

**Priorities:** This program is a differential response system that accepts low-risk 'Priority 3' reports of harm referred by the Office of Children's Services(OCS) for assessment. The OCS conducts an initial screening following receipt of a report of harm and, if considered a Priority 3 low-risk referral, the OCS refers the report to the Differential Response Program for a family assessment and possible services.

**Target Group:** The Differential Response program is designed to investigate low-risk referrals. The program assesses the family situation and risk to the child. Family Assessment Workers provide direct services, as needed, or provide referrals for families who could benefit from community-based programs. All services are geared to ameliorate the conditions leading to the report of harm. If child protection issues appear more serious upon assessment, the case will be referred back to the OCS for a full investigation.

**Resource Allocation:** Funds are allocated regionally corresponding with the highest number of priority three reports of harm.

**Criteria:** Proposals are evaluated based on criteria established in the solicitation. Criteria include evaluation of the applicant's access to the target population and ability to provide the services defined in the grant solicitation. All applicants must have an operational differential response program. Eligible applicants must provide assessment and referral services to families referred from Office of Children's Services on Priority 3 Reports of Harm involving children ages birth to 18. (Priority 3 is defined as families who are considered low risk).

**Appropriation:** Funds are appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

<b>Total Awards: \$403,000</b>						

**Office of Children's Services**

**Early Intervention/ Infant Learning Program**

**Authority:** Federal Part C of Individuals with Disabilities Education Act (IDEA) (PL 105-17); AS 47.20 special Services for Certain Children; 7AAC 23 Programs for Children with Disabilities; and 7 AAC 78 DHSS Grant Programs

**Priorities:** The purpose of the Early Intervention / Infant Learning Program (EI/ILP) is to enhance the developmental potential of children from birth to three who experience developmental delays or are at risk for them. The program integrates the early intervention services that are crucial in the first three years of life for children with special needs.

**Target Group:** The program serves families of infants who experience disabilities or special needs as well as those who are at risk for developmental delays. Services are available statewide. In addition to itinerant services provided from hub communities, programs based in Anchorage provide statewide services for hearing and visually impaired children. Approximately 1,800 children will be enrolled for comprehensive services with about 1,700 additional children receiving screening, evaluation and referral services annually.

**Resource Allocation:** Allocation of funds is based on the population of children under the age of three in the region, the number of eligible children enrolled who are underserved or waiting for services, caseload characteristics such as the numbers who qualify for Part C, non Part C and at-risk services, the cost of travel and service delivery in the region, size of the caseload and expansion of service areas, and the availability of a community-based team for multi-disciplinary evaluations. Grantees and their contractors bill families and third party payers (health insurance and Medicaid) for some services.

**Criteria:** Grant applications require measurable goals and objectives, the proximity of the applicant to the population to be served, and the applicant's ability to employ early intervention providers. All grants are reviewed according to the requirements of 7 AAC 78.100.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Infant Learning Program Grants

**Office of Children's Services**

**Family Preservation**

**Authority:** Under AS 47.10 Children in Need of Aid; AS 47.17 Child Protection; AS 47.05.010 Administration; Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a); DHSS Grant Regulations 7 AAC 78; Adoptions and Safe Families Act (ASFA 11/19/97) to protect children by preventing and remedying repeated abuse, neglect and exploitation.

**Priorities:** Services are provided for OCS referred clients and are designed to help children and families to reduce out-of-home placements and ease the reunification process where there has been an out-of-home placement. Services include intensive preventive services programs designed to help children at risk of foster care placement remain safely with their families. Other services include follow-up care to families where a child has been returned after a foster care placement or after a child abuse and neglect investigation has been substantiated.

**Target Group:** This program provides services for OCS referred children and families (including adoptive, foster and extended families) at high risk for out-of-home placement or in crisis.

**Resource Allocation:** Funding allocations for the Family Preservation grants are based on population, numbers of family services clients, numbers of youth services clients, and community resources.

**Criteria:** Grants are awarded through a competitive Request for Proposals process. The RFP stipulates that only one Family Preservation program would be awarded in any given village or city in Alaska, with the exception of Anchorage, Juneau, Fairbanks, and Palmer/Wasilla. In each of these four locations, a maximum of two programs may be awarded. Funding is determined on a regional basis with at least one rural area in each of the Northern, Southcentral and Southeast regions.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

Office of Children's Services

Family Support

**Authority:** Under AS 47.17 Children in Need; AS 47.17 Child Protection; AS 47.05.010 Administration; Federal Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a); Adoptions and Safe Families Act (ASFA 11/19/97) to support the development of community-based services that are prevention-oriented.

**Priorities:** Family Support services allow children to remain in their homes from birth to onset of their teens, and grow in a healthy home environment. Services are intended to be preventative in nature. Preventative is defined as the prevention of child abuse and neglect by teaching parents to develop healthy life skills and relationships. Community-based services promote the safety and well-being of children and families to increase the strength and stability of families, to increase parents' confidence and competence in their parenting abilities, to afford children a safe, stable and supportive family environment, and otherwise enhance child development. Services provided to families include solving immediate crises, budgeting, stress management, positive discipline, transportation, child development, resource referrals and other skills needed to independently maintain family integrity and prevent out-of-home placements.

**Target Group:** Services provided through this grant category are direct services for high-risk parents and their children (including adoptive, foster and extended families). Services focus on children from birth to age 12 to provide early intervention.

**Resource Allocation:** Funding allocations for the Family Support grants are based on population, numbers of family services clients, numbers of youth services clients, and community resources.

**Criteria:** Grants are awarded through a competitive RFP process. The RFP stipulates that only one Family Support program would be awarded in any given village or city in Alaska, with the exception of Anchorage, Juneau, Fairbanks, and Palmer/Wasilla. In each of these four locations, a maximum of two Family Support programs may be awarded. Funding is determined on a regional basis with at least one rural area in each of the Northern, Southcentral and Southeast regions.

Office of Children's Services

Independent Living

**Authority:** Under AS 47.10 Children in Need of Aid; AS 47.17 Child Protection, to support youth transition from foster care to self-sufficiency; and 7 AAC 78 Department of Health and Social Services Grant Programs

**Priorities:** The purpose of this mentoring program is to establish long-term relationships between youth in state custody and adults who will help those youth develop self-sufficiency skills necessary for independent living. The overall goal of this program is to support youth in state custody, age 14 and older, to make successful transitions from foster care to independent living as young adults. Youth will have opportunities to access services and supports according to their individual needs as described in a personal transition and exit plan while they are in foster care.

**Target Group:** Youth age 14 and older who are currently in OCS custody, youth no longer in custody, but who were in custody on or after their 16th birthday may be eligible for support services to help them transition from custody to self-sufficiency.

**Resource Allocation:** OCS has allocated funds statewide, to four different areas of the state: Northern, Southeast, South Central, and the Anchorage areas.

**Criteria:** The grantee must make services available throughout their region, not just in the local community. Applications are evaluated based on demonstrated need and the agency's ability to provide regional services.

**Appropriation:** Grant funding is to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

### Independent Living

Grantee	Area(s) Serviced	Region(s)	Election District(s)	Service(s)	Fund Source(s)	Award Amount(s)

				Independent Living Case Management	I/A Rcpts	\$39,000
<b>Grant Award 603-08-301 Total: \$134,000</b>						
<b>Total Awards: \$134,000</b>						

**Office of Children's Services****Permanent Families for Adoptive/Guardianship Children.**

**Authority:** Under the authority of AS 25.23.100 - AS 25.23.150 and AS 47.10.080 - AS 47.10.088, the Department of Health and Social Services.

**Priorities:** The primary focus of Permanent Families for Adoptive/Guardianship Children Grants is to provide completed adoption and guardianship homestudies for children in the custody of the Office of Children's Services (OCS). These homestudies are a necessary service component in the OCS adoption or guardianship finalization process. No adoption or guardianship can be finalized without an approved homestudy on the adoptive or guardianship family. Given the federal and state statutory requirements, the Permanent Families program will have a high number of adoption or guardianship referrals for children who are residing with relatives and/or tribal families. Thus, coordination and collaboration with the tribal agencies is a requirement of this grant.

**Target Group:** The Permanent Families Grant will serve children in the out-of-home care system of the Office of Children's Services, who have permanency goals of adoption or guardianship. Based on previous referrals statistics, it is anticipated that at least 50% of the referrals for each service region will be for children of Alaska Native heritage and who are eligible for legal protections and placement preferences of the Indian Child Welfare Act of 1978.

**Resource Allocation:** Funding allocations for homestudies are provided through federal funds. Eligible applicants include nonprofit organizations, municipalities and Regional Educational Attendance Areas or other political subdivisions of the state; State agencies; Alaska Native Tribes, or a combination of these entities.

**Criteria:** Grants are awarded through a competitive RFP process. The RFP stipulated that the grants are awarded regionally and no more than one grant will be awarded in each of the four designated regions, Anchorage, Northern, Southcentral and Southeast.

**Appropriation:** Grant funds are appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Subsidized Adoptions/Guardians

**Permanent Families for Adoptive/Guardianship Children.**

**Office of Children's Services****Residential Child Care**

**Authority:** AS 47.40.011 Purchase of Services for minors for whom the state has assumed responsibility under AS 47.10; 7 AAC 78 DHSS Grant Programs, 7 AAC 81 Grant Services for Individuals; and AS 47.12.

**Priorities:** The primary focus of Residential Child Care (RCC) grants has been to protect and treat children who are victims of child abuse and neglect as well as to rehabilitate juvenile offenders. Services provided are intended to achieve both immediate and long term solutions to family problems; promote the preservation, rehabilitation, and reunification of families to the extent possible; and to promote independence and the use of least restrictive alternatives. The major emphasis is to provide Behavioral Rehabilitation Services (BRS) to children in their own communities whenever possible. Programs include emergency shelter, day treatment, specialized residential care; staffed secure care, residential diagnostic treatment, and residential sex offender treatment. Length of stay in care ranges from one day up to two years.

**Target Group:** Services are provided in communities across the state to children who are victims of child abuse and neglect, and to juvenile offenders.

**Resource Allocation:** OCS guarantees a grant for Core Capacity amount, per bed per day, to ensure availability for the Division clients. The award amounts listed include only the Core Capacity Grants. Additional funding is earned through Behavioral Rehabilitation Services (BRS) based on actual utilization, payable through Provider Agreements under 7 AAC 81. Funding amounts are also based on service need and treatment under each level of care: Level II - Emergency Shelter, Level III - Specified Residential Treatment, Level IV - Residential Diagnostic Treatment.

Behavioral Rehabilitation Services (BRS) were developed by the Department to provide a minimum level of operating funds to grantees while setting up an incentive funding structure to encourage maximum utilization of available treatment beds; and increasing grantees RCC daily rates, while setting higher standards for residential child care. BRS are provided by the RCC grantees and billed through the Office of Children's Services (OCS).

**Criteria:** Facilities operating under this grant program are required to be in compliance with state licensing requirements following AS 47.35 and 7 AAC 50.005 - 7 AAC 50.990.

**Appropriation:** Grant funds are appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Children's Medicaid Services

**Office of Children's Services**

**Residential Child Care Training Program**

**Authority:** AS 47.40.011 Purchase of Services for minors for whom the state has assumed responsibility under AS 47.10; 7 AAC 78 DHSS Grant Programs, 7 AAC 81

**Priorities:** Training for Residential Child Care staff through this grant helps residential providers improve the quality of services by increasing the level of skills for direct care staff through an effective training program that includes the delivery of new and promising practices.

Additional projects include: 1) Implementation of a web-based learning management system to allow access to training in compliance issues, clinical issues and general training associated with working with children and adolescents; and 2) Updating necessary "core" training curriculum and provision of the training for direct care staff.

**Target Group:** Child Care Providers and training is targeted to line staff providing direct services to children.

**Resource Allocation:** Services are provided to Residential Child Care Providers and their staff statewide.

**Criteria:** The criteria for selection of a grantee includes special expertise in the field of training for residential child care staff.

**Appropriation:** Grant funds are appropriated to the Office of Children's Services

**RDU:** Children's Services

**Component:** Residential Child Care

### Residential Child Care Training Program

**Office of Children's Services**

**Resource Family Training and Support**

**Authority:** Under Federal Authority: Title IV B Sub-part II; Title IV-E training and State Authority: AS 47.35.037 Orientation and training; 7 AAC 50.250 Orientation and training.

**Priorities:** The grantee will provide training to all resource families referred, either through OCS staff, other community providers, or self-referrals from the families themselves. Training will be provided through on-line resources, self-study packets, video and audio provisions, and teleconferences. Training and support will be provided to the rural communities via the Indian Child Welfare Workers (ICWA) or other identified community members located in those communities. The grantee will also provide pre- and post- adoptive services, including family preparation training and special needs training; access to information and service providers where families can request material service, health benefits information, and support for temporary placement of children into psychiatric in-patient or residential care.

**Target Group:** The grantee will plan, develop and implement on-site trainings in both urban and rural areas for adoptive and foster care families. A strong emphasis on successful training and support of rural resource families is an expectation for this grant.

**Resource Allocation:** Funding is provided through Federal IV-B Sub-part II, Title IV-E training funds and state general funds.

**Criteria:** Agency must provide statewide services through collaborative methods with tribal entities, local communities and DHSS.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Office of Children's Services****Time Limited Family Reunification**

**Authority:** Under AS 47.10 Children in Need of Aid; AS 47.17 Child Protection; Title IV-B Subpart 2 Sec. 430.[42.U.S.C. 629](a) to develop and establish, or expand and to operate a program of family preservation services, community-based family support services, time-limited family reunification services, and adoption promotion and support services. Adoptions and Safe Families Act (ASFA 11/19/97) ASFA amended Title IV-B subpart 2 by adding two new services: Time Limited Family Reunification Services and Adoption Promotion and Support Services.

**Priorities:** Time Limited Family Reunification grants provide services to families whose children have been in foster care 15 out of 22 months with the goal of finding a permanent placement for the child. These services are geared toward either reunifying families or moving towards guardianship or adoption. Safety is always deemed paramount when reunification is the goal. The services accomplished through this program include supervised visitations, transportation, parenting education and support services, anger management counseling, case management services with an outcome based case plan, information and referral services, structured parent-child activities, respite care, pre-school individual skill development for SED children, mental health services, drug and alcohol treatment/referral services, and individual and family therapy.

**Target Group:** Time Limited Family Reunification grants provide services to families whose children have been in foster care 15 out of 22 months. Clients must be referred by OCS. The goal is to find a permanent placement for the child. Services are also provided to the parents or primary caregivers of such children, in order to facilitate the reunification of the children safely and appropriately in a timely fashion, but only during the 15-month period that begins on the date the child enters foster care. Services include in-home services, supervised visitation, transportation, substance abuse treatment, counseling, mental health services, and counseling and education for victims of domestic violence.

**Resource Allocation:** Funding allocations for the Timed Limited Family Reunification Services grants are based on population, numbers of family services clients, numbers of youth services clients, and community resources.

**Criteria:** Grants are awarded through a competitive RFP process. The RFP stipulated that only one Time Limited Family Reunification (TLFR) program would be awarded in any given village or city in Alaska, with the exception of Anchorage, Juneau and Fairbanks. In each of these three cities, a maximum of two TLFR programs may be awarded.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

**Component:** Family Preservation

## Office of Children's Services

## Tribal Title IV-E

**Authority:** FEDERAL: The Adoption Assistance and Child Welfare Act (PL96-272); Adoption and Safe Families Act (PL 10589); 45 CFR 1356.60 (b) and (c); and Part E Title IV of the Social Security Act.

AS 47.05.010 015, the Department of Health and Social Services shall (7) cooperate with the federal government, its agencies or instrumentalities in establishing, extending and strengthening services for the protection and care of homeless, dependent and neglected children. AS 44.20.020. Duties of Department, (a) The Department of Health and Social Services shall administer the state programs of public health and social services. (12) Child welfare services. 7 AAC 78 Grant Programs.

**Priorities:** The purpose of this grant is to pass IV-E funds through Office of Children's Services (OCS) to grantees in order to provide a higher level of foster care related services to IV-E eligible native children. The grantees will facilitate cooperation between the division, tribes and tribal organizations; provide for the best interest of Alaska Native American Indian children; meet the policies and goals of the Indian Child Welfare Act of 1978 (ICWA); assure compliance with the Adoption and Safe Families Act; and provide the council with access to federal funding under the Title IV-E administration and training regulations.

**Target Group:** The target groups include tribes and tribal organizations throughout Alaska providing services to Title IV-E eligible children. Projects are located in the Anchorage, Fairbanks, Juneau, Bethel, Nome, Bristol Bay, Aleutian Pribilof, and Sitka service areas. Services also include coordination and communication between Office of Children's Services, tribes, and tribal organizations statewide.

**Resource Allocation:** The funding level is based on a cash or in-kind contributions by the tribal council. Contributions by grantees will be reimbursed through IV-E. The allowable administration cost incurred by the grantees will be cost allocated based on: The percentage (%) of all children statewide in foster care who are in OCS custody and who are Title IV-E eligible times (x) 50 percent (Federal Financial Participation for administration costs), if available; The percentage (%) of all Native American children statewide in foster care who are in OCS custody and who are Title IV-E eligible times (x) 50 percent (Federal Financial Participation for administration costs).

**Criteria:** Federal funding is designated to tribes providing adoption and foster care services. Grantees are required to sign a Title IV-E agreement. This agreement also requires approval by the Federal Administration for Children and Family Services.

**Appropriation:** Grant funding is appropriated to the Office of Children's Services.

**RDU:** Children's Services

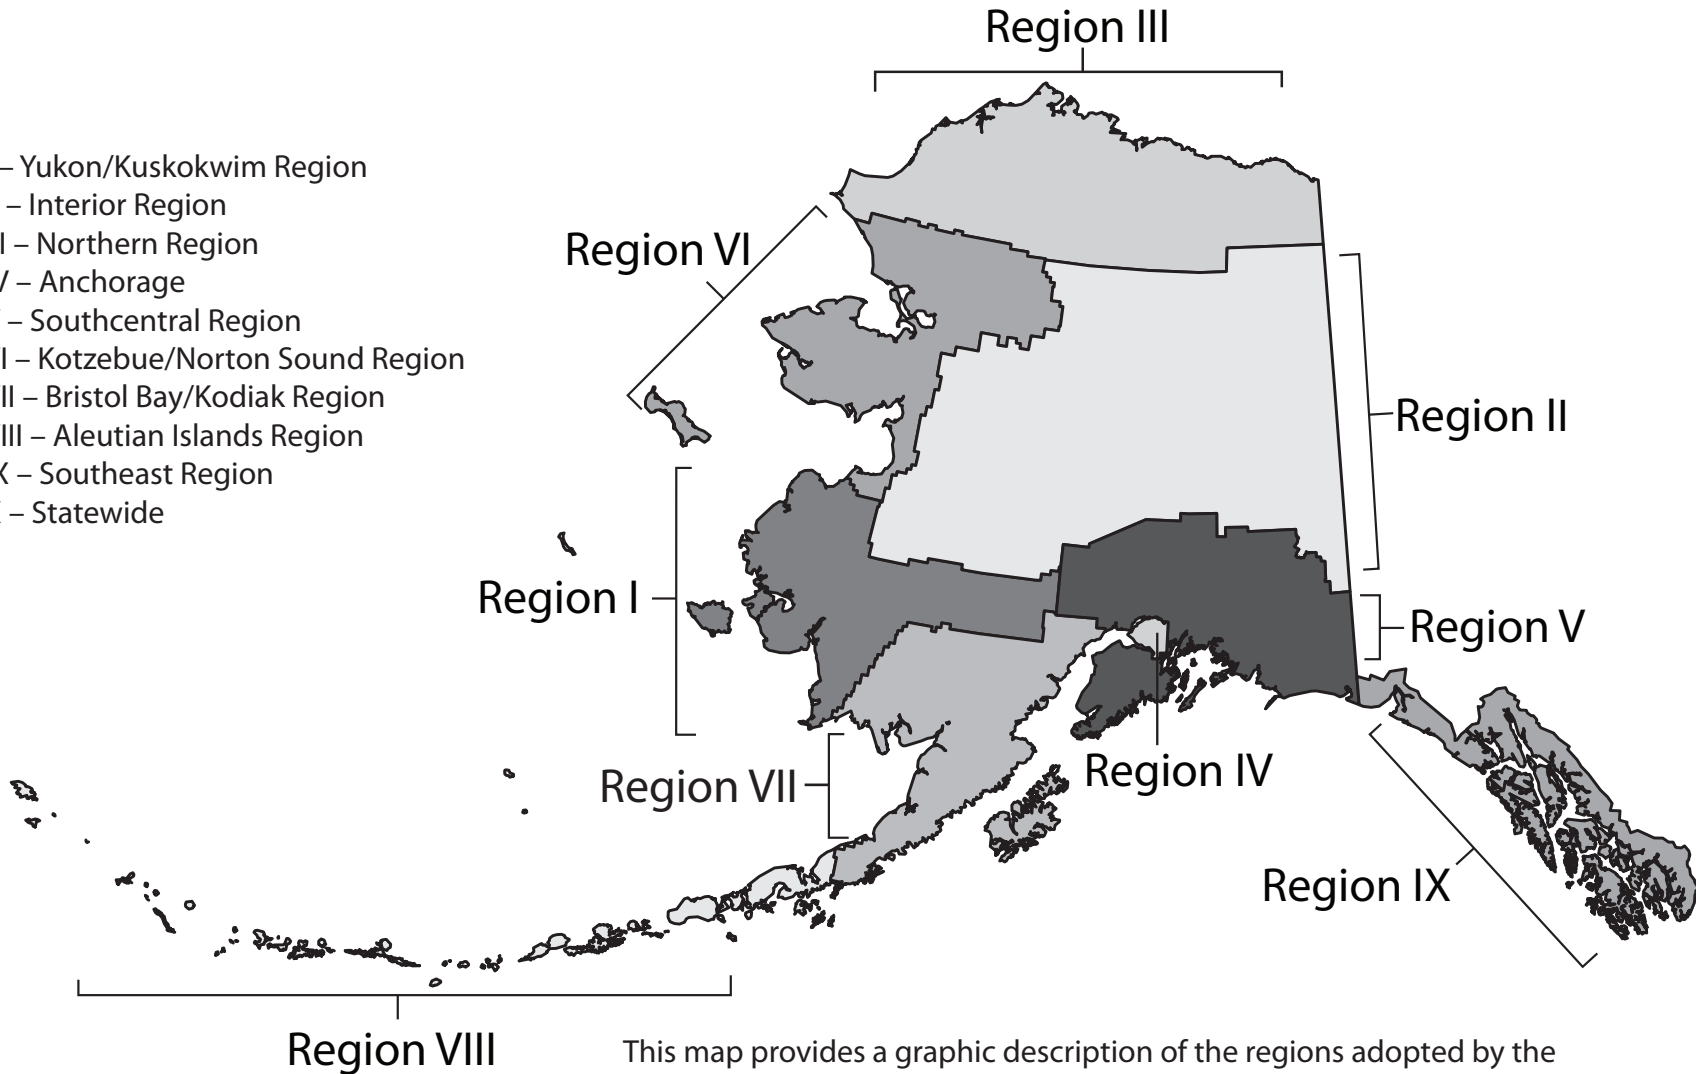

**Component:** Family Preservation

# DHSS Service Regions

- Region I – Yukon/Kuskokwim Region
- Region II – Interior Region
- Region III – Northern Region
- Region IV – Anchorage
- Region V – Southcentral Region
- Region VI – Kotzebue/Norton Sound Region
- Region VII – Bristol Bay/Kodiak Region
- Region VIII – Aleutian Islands Region
- Region IX – Southeast Region
- Region X – Statewide

This map provides a graphic description of the regions adopted by the Department of Health and Social Services to aid in the assessment of the distribution of services and resources across the state.

# Election District Reports

## ELECTION DISTRICT REPORTS

### Table of Contents

The election districts shown in the following reports indicate service delivery areas. Services are often provided across multiple election districts and districts are grouped into primary and secondary designations to indicate that distribution as follows:

**1–5 Southeast Alaska**

- 1 Ketchikan Gateway and Eastern Prince of Wales..... 233
- 2 Sitka, Petersburg and Wrangell..... 234
- 3–4 Juneau..... 236
- 5 Rural Southeast Communities and Cordova..... 238
- 1–5 Southeast Alaska Areawide..... 239

**6–11 Interior Alaska**

- 6 Rural Interior Communities..... 242
- 7–11 Fairbanks North Star and Denali..... 244
- 6–11 Interior Alaska Areawide ..... 247

**12–16 Mat-Su and Southcentral Alaska**

- 12 Glennallen and Valdez..... 249
- 13 Palmer ..... 249
- 14 Tanaina & Wasilla..... 250
- 16 Chugiak..... 250
- 12–16 Mat-Su, Southcentral Alaska Areawide..... 251

**17–32 Anchorage**

- 17-32 Anchorage..... 253

**33–37 Southwestern Alaska**

- 33 Kenai and Soldotna..... 258
- 34 Nikiski and Sterling..... 258
- 35 Homer, Seldovia and Seward..... 259
- 33–35 Kenai Peninsula Borough Areawide ..... 260
- 36 Kodiak Island and Northern Lake & Peninsula ..... 262
- 37 Bristol Bay, Dillingham,  
Southern Lake & Peninsula and Aleutians ..... 264
- 36–37 West-Southwestern Alaska Areawide..... 267

**38–40 Western and Northern Alaska**

- 38 Bethel, Lower Kuskokwim, and Nunivak Island ..... 268
- 39 Nome, Norton Sound &  
Lower Yukon Communities ..... 270
- 40 Northwest Arctic and North Slope Borough..... 272
- 38–40 Western and Northern Alaska Areawide ..... 275

**99 Statewide or Multi-Regional**

- 99 Statewide or Multi-Regional ..... 276

**Election District(s): 1**

**Southeast Alaska**

**Ketchikan Gateway and Eastern Prince of Wales**
