State of Alaska Department of Health and Social Services

Fiscal Year 2021 Operating Grants

Mike Dunleavy
Governor

Adam Crum
Commissioner

Introduction

This publication provides detailed information on the operating grants awarded by the Department of Health and Social Services in Fiscal Year 2021. Through these grant programs, the department partners with approximately 203 agencies across the state to provide a variety of health and social services to promote and protect the health and well-being of Alaskans. In Fiscal Year 2021, the department awarded over \$228 million through grants and manages over 520 operating grants.

As part of the State's response to the ongoing COVID-19 pandemic, approximately \$87.9 million in Federal Funding was awarded to grantees under eight different programs spread across three Divisions. Those Divisions are the Division of Behavioral Health (DBH), Finance Management Services (FMS) and the Division of Senior and Disabilities Services (SDS). The four DBH programs receiving COVID-19 funding are Comprehensive Behavioral Health Prevention and Early Intervention, Comprehensive Behavioral Health Treatment and Recovery, Emergency Grants to Address Mental Health and SUD During COVID, and Sobering Center, Withdrawal Management and Residential SUD Treatment. The two FMS programs receiving COVID-19 funding are DHSS COVID and the DHSS COVID Funding to Support Hospitals and Skilled Nursing Facilities. The two SDS programs receiving COVID-19 funding are Aging and Disability Resource Centers and Nutrition Transportation Support Services.

Details provided for each grant program include a brief narrative, Results Based Budgeting Framework, grantee name, service area, fund source and award amount. Included in this publication, is a DHSS Services Regions map providing a graphic description of the regions adopted by the department, which helps assess distribution of services and resources across the state. Lastly, an Election District report is included to delineate grant services provided in each election district.

Grant programs are managed collaboratively with each of the department's divisions and Finance Management Services, Grants Section. We welcome your suggestions regarding the Department's response to the needs of Alaskans and how we can improve our services through our grant programs.

Amy Burke, Chief

Behavioral Health

Adult Rural Peer Support

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 The Community Mental Health Services Act; and AS 47.376, Uniform Alcoholism and Treatment Act.

Description of Services: Support existing organizations seeking to expand into rural areas, or to allow for community mental health centers in rural areas to add peer support to their existing service delivery system, or maintain peer support organizations developed through the Beneficiary Project Initiative. The intent is to promote growth and institutionalization of peer support in behavioral health systems outside Anchorage, Juneau, and Fairbanks areas. The Division anticipates the following outcomes: increased number of peer support organizations actively serving members/individuals in rural communities and improved client quality of life outcomes for individuals engaged in peer support services.

Assessment of Need: Peer support is a recognized best practice in behavioral health. Individuals who have completed treatment or are successfully managing their recovery are often very successful in engaging and supporting their peers in the recovery process. Having trained peer support workers in rural areas would help alleviate the workforce issues faced by rural areas in the recruitment and retention of qualified behavioral health staff from other areas. These positions would also provide local, meaningful employment for peers, an important component of recovery.

Service Delivery Area: Statewide other than Anchorage, Juneau and Fairbanks.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

Adult Rural Peer Support

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount

Behavioral Health

Alcohol Safety Action Program (Adult and Juvenile)

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.31 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: The Alcohol Safety Action Program services are intended for adult and juvenile clients who have a current or pending misdemeanor criminal case with the Alaska Court System for driving while intoxicated and/or other alcohol and drug related misdemeanor cases. Services provide case management and accountability to clients by: 1) screening criminal cases referred from the district court into drinker classification categories and; 2) managing misdemeanor alcohol offender cases to ensure their required substance abuse education or treatment program are completed, as prescribed by the courts.

Assessment of Need: The Alcohol Safety Action Program is an integral part of the Alaska Court System and the Behavioral Health continuum of care, providing invaluable and necessary substance abuse services in all major communities throughout Alaska. Maintaining our current Alcohol Safety Action Program system of service in our major Alaskan communities is vital to our goal of reducing alcohol use, abuse and dependency across our state.

Service Delivery Area: Service areas include Juneau, Ketchikan, Kodiak, Fairbanks, Dillingham, Copper River, Bethel, Palmer/Wasilla, Anchorage, Kenai/Homer, Seward, Nome, Kotzebue, and Barrow.

Behavioral Health

Bethel Community Service Patrol and Sobering Center

Granting Authority: 7AAC 78 - Grant Programs,

AS 18.08.010, AS 44.29.150, AS 47.30.477, AS 47.30.520 - 620, AS 47.37, and 7 AAC 71.010 - 71.300 Community Mental Health Services, and 7 AAC 29 State Standards for Alcoholism Programs.

Description of Services: Bethel's Community Service Patrol (CSP) will patrol the town, picking up inebriated individuals and deliver them to the appropriate facility for assessment. If needed, CSP will transport them to the Yukon Kuskokwim Health Corporation (YKHC) Sobering Center where they can sober up in an environment that provides monitoring and protection. Individuals taken to the YKHC Sobering Center will also be screened and receive case management services that connect them to services, such as referrals for Substance Abuse or Mental Health assessments and treatment.

Assessment of Need: The Bethel region has been identified by the Alaska Mental Health Trust Authority (AMHTA) as a target area for specialized chronic inebriate services due to the large number of Title 47 protective holds that result in people being taken to local correctional facilities or hospital emergency rooms. Neither of these facilities have the capacity to provide services for those needing care. The CSP is an integral part of a multi-faceted service system designed to provide protection, identification, and referral for treatment for the targeted population. The YKHC Sobering Center provides a more appropriate and preferable setting, than the local correctional facility or emergency room.

Service Delivery Area: Bethel Service Area. Available data documenting incarcerations associated with protective custody holds demonstrates that the City of Bethel has one of the highest incidences of protective holds in the State. Because of this, the AMHTA and DBH have identified the region as a priority for additional program efforts.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Bring the Kids Home

Granting Authority: 7AAC 78 - Grant Programs, AS 47.30.520 – 620 Community Mental Health Services Act; AS 47.30.655 - .915 Alaska Civil Commitment Statutes; AS 47.37 Uniform Alcoholism & Intoxication Treatment Act

Description of Services: Bring the Kids Home (BTKH) serves a high-risk population of Seriously Emotionally Disturbed Youth (SEDY) and their families. The goal, when appropriate, is for the division to provide funding until an agency is self-sufficient. Service strategies and models will vary as needed to keep children from out-of-state placements and/or to maintain children in their communities or homes.

Assessment of Need: This program continues the success of keeping children from being placed in out-of-state residential psychiatric treatment centers (RPTC) or outside of their communities and homes.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Behavioral Health

Comprehensive Behavioral Health Prevention and Early Intervention Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.37.030 Uniform Alcoholism and Intoxication Treatment Act and AS 47.30.470-500 Alcoholism and Drug Abuse.

Description of Services: Program services will assist and support efforts to reduce and prevent substance use and abuse, suicide, and self-destructive behavior. The overall goal of this program is to support coalition-lead community-based activities across Alaska by reducing risk factors and harmful consequences of substance abuse and poor mental health, and to promote protective factors to empower communities to create population-level change in behavioral health conditions. Increasingly, integrated Behavioral Health services requires a broader view of substance use and mental health problems and to look more holistically and to partner with initiatives that target interpersonal violence, trauma, primary care and physical health issues.

Assessment of Need: The Comprehensive Behavioral Health Prevention and Early Intervention (CBHPEI) program is an integral part of the Behavioral Health continuum of care. This program funds coalitions to initiate and support community based training, education and other behavioral health strategies throughout Alaska to increase shared protective factors among individuals, families, and communities in order to reduce substance abuse and misuse, and local challenges. This network of coalition-lead initiatives operates at the local, regional, and state levels and is vital for promoting a safe and healthy environment for children and families across the state and results in reduced health care costs and a lower burden on the legal and criminal justice system.

Behavioral Health

Comprehensive Behavioral Health Treatment and Recovery

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes, AS 47.30.011-.061 Alaska Mental Health Trust Authority.

Description of Services: The Comprehensive Behavioral Health Treatment and Recovery (CBHTR) program is operated to ensure Alaskans have access to a statewide continuum of behavioral health (mental health and substance use disorder) services across the lifespan. The CBHTR program coordinates community-based, person-centered services and supports for abstinence and improved health, wellness, and quality of life for those with, or at risk of behavioral health issues. CBHTR may include all behavioral health program service types supported with grant funds, across settings, in the following categories: Psychiatric Emergency Services; Withdrawal Management (Detoxification) Services; Residential Treatment Services; Outpatient Treatment Services; Housing Services; Peer & Consumer Supports.

Assessment of Need: In the 2015 Behavioral Risk Factor Surveillance Survey (BRFSS), 15.3% of Alaskans reported frequent mental distress (14 or more days per month). 18.2% of Alaska Native adults reported frequent mental distress. Alaska's 2015 suicide rate of 27.1/100,000 was over twice the 12.32/100,000 U.S. rate. Alaska Natives complete suicide at 2.4 times the rate of non-Alaska Natives. 15.7% of all Alaskan adults and 22.6% of Alaska Native adults reported active marijuana use. Of Alaskans 12 years and older, 1.23% reported heroin use in the past year. Alaska Native youth ages 10-17 years old are 2.7 times more likely to be hospitalized for unintentional alcohol poisoning than a non-Alaska Native peer.

Alaska has the 10th highest prevalence rate of adult binge drinking in the U.S. and the fifth highest rate of intensity of adult binge drinking. The Alaska Native adult rate of alcohol-related mortality is 3.5 times (71.4/100,000) that of all Alaskan adults (20.4/100,000) and is 8.4 times the national rate (8.5/100,000). 22% of the SFY 2012 correctional population experienced a mental health disorder and 19% experienced a chronic substance use disorder. 66% of Alaskan adults report one or more Adverse Childhood Experiences (ACEs) growing up with one or more adults experiencing behavioral health issues, which for children translates to more expensive acute care and chronic conditions later in life.

Service Delivery Area: Statewide, by DHSS Regions, or by Alaska Medicaid Section 1115 Behavioral Health Demonstration Waiver Regions according to need.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

Comprehensive Behavioral Health Treatment and Recovery

Emergency Grants to Address Mental Health and Substance Use Disorders During COVID 19

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes, AS 47.30.011-.061 Alaska Mental Health Trust Authority.

Description of Services: The purpose of this program is to provide crisis intervention services, mental and substance use disorder treatment, crisis counseling, and other related supports for children and adults impacted by the pandemic. Funding will specifically address the needs of individuals with serious mental illness, substance use disorders, and/or individuals with co-occurring serious mental illness and substance use disorders.

Assessment of Need: The current national crisis of COVID-19 has greatly impacted the ability of individuals with serious mental illness, substance use disorders and/or co-occurring serious mental illness and substance use disorder to obtain treatment. In addition, this crisis is expected to contribute to the growth in the number of individuals struggling with depression, anxiety, trauma and grief.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

First Episode Psychosis

Granting Authority: 7AAC 78 - Grant Programs, AS 47.30.520-.620, AS 47.30.655-.915 and AS 47.30.011-.061

Description of Services: The First Episode Psychosis (FEP) program is an evidence-based practice to identify and serve individuals in their teen years or during early adulthood who have had or are at risk of having their first episode of a psychotic disorder. Research has demonstrated that early, appropriate treatments and supports can help to prevent the full onset of illness for persons in a high-risk state, and improve long-term outcomes for those who have already had a first episode of psychosis. Services are a team based, multi-modality approach to treating FEP. Component interventions include community outreach, assertive case management, individual or group psychotherapy, supported employment and education services, family education and support, and low doses of select antipsychotic agents.

Assessment of Need: National research has demonstrated that approximately 100,000 adolescents and young adults experience FEP each year.

Service Delivery Area: Resources will be allocated to a single service area with a population sufficiently large enough to support the program (approx. 100,000).

RBB Framework: Department Priorities

Independent Case Management and Flexible Supports

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act

Description of Services: Behavioral health rehabilitation service that assists adults with a serious mental illness in obtaining skills and services that are medically necessary to improve their daily functioning. Core agency service requirements include client assessment, outreach and case finding, case management support services, and psycho-social rehabilitation services.

Assessment of Need: Individuals most severely impacted by mental illness are highly reluctant to obtain treatment from comprehensive behavioral health agencies. The Independent Case Management program is essential in supporting these individuals in obtaining services to ensure they will successfully remain in the community and lead productive and fulfilling lives.

Service Delivery Area: Anchorage, Juneau, and Soldotna

RBB Framework: Department Priorities

Permanent Supportive Housing- ACT

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act, AS 47.376 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-915 Alaska Civil Commitment Statutes, and AS 47.30.011-061 Alaska Mental Health Trust Authority.

Description of Services: Permanent Supportive Housing (PSH) is a specific Evidence Based Practice characterized by availability of comprehensive support services in integrated community settings (coupled with affordable rent) and is a crucial resource for many people with a behavioral health diagnosis that has interfered with successful housing tenancy and community integration. Housing with supports provides a stable base for recovery, which can be difficult for individuals who are experiencing homelessness, living in unnecessary restricted/segregated settings, and re-entering the community from institutional settings. The comprehensive array of active treatment services provided through this grant program include, but are not limited to: assertive outreach and engagement to bring individuals into services including camp outreach to homeless individuals; inreach to individuals with multiple admissions to API and/or other institutions, linkage to affordable housing and housing stability services, employment support/job skills training; substance abuse treatment and coordination; mental health treatment and coordination; referral to primary care services; activities of daily living services and training; medication management and monitoring; detoxification services; relapse prevention and recovery planning; and illness management and recovery.

PSH-Assertive Community Treatment (ACT) will provide treatment, services and supports through a multi-disciplinary team and in accordance with the evidence based practice of ACT as demonstrated by meeting fidelity through regular fidelity reviews to individuals who are high users of institutionalization and other intensive levels of care. This differs from the Projects for Assistance in Transition from Homelessness (PATH) program in that PATH only provides outreach and engagement. Hence a separate program is needed.

Assessment of Need: Individuals with physical or mental illness and substance use are highly represented in the chronically homeless population. One criteria of the Department of Housing and Urban Development (HUD) definition of chronic homelessness is that the individual has a disability in addition to experiencing homelessness. Alaska participates annually in the nation Point in Time Count (PIT) which uses surveys of people in encampments, homeless shelters, soup kitchens, etc. to estimate the number of homeless people in communities and nationwide. The 2018 PIT count for Anchorage identified 1,094 individuals who were homeless with 43% of families identifying as Alaska Native and 20% self-identified as experiencing serious mental illness and/or substance use disorders. The Balance of State (BOS) which includes counts from outside of Anchorage identified 922 homeless individuals with 53% of homeless families identifying as Alaska Native and 37% self-identified as experiencing serious mental illness and/or substance use disorders.

Service Delivery Area: Anchorage

Permanent Supportive Housing- PATH

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act, AS 47.376 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-915 Alaska Civil Commitment Statutes, and AS 47.30.011-061 Alaska Mental Health Trust Authority.

Description of Services: Permanent Supportive Housing (PSH) is a specific Evidence-Based Practice characterized by availability of comprehensive support services in integrated community settings (coupled with affordable rent) and is a crucial resource for many people with a behavioral health diagnosis that has interfered with successful housing tenancy and community integration. Housing with supports provides a stable base for recovery, which can be difficult for individuals who are experiencing homelessness, living in unnecessary restricted/segregated settings, and re-entering the community from institutional settings. The comprehensive array of active treatment services provided through this grant program include, but are not limited to: assertive outreach and engagement to bring individuals into services including camp outreach to homeless individuals; linkage to affordable housing and housing stability services; linkage to employment support services/job skills training; substance abuse treatment and coordination; linkage to mental health treatment and coordination; referral to primary care services; activities of daily living services and training; linkage to medication management and monitoring; referral detoxification services; relapse prevention and recovery planning; and illness management and recovery.

Projects for Assistance in Transition from Homelessness (PATH) is a federal grant program under the Substance Abuse and Mental Health Services Administration (SAMHSA)'s Homeless Division. As such these funds can only be used as per the purpose and requirements of the SAMHSA PATH program.

Assessment of Need: Individuals with physical or mental illness and substance use are highly represented in the chronically homeless population. One criteria of the Department of Housing and Urban Development (HUD) definition of chronic homelessness is that the individual has a disability in addition to experiencing homelessness. Alaska participates annually in the nation Point in Time Count (PIT) which uses surveys of people in encampments, homeless shelters, soup kitchens, etc. to estimate the number of homeless people in communities and nationwide. The 2018 PIT count for Anchorage identified 1,094 individuals who were homeless with 43% of families identifying as Alaska Native and 20% self-identified as experiencing serious mental illness and/or substance use disorders. The Balance of State (BOS) which includes counts from outside of Anchorage identified 922 homeless individuals with 53% of homeless families identifying as Alaska Native and 37% self-identified as experiencing serious mental illness and/or substance use disorders.

This grant funding provides outreach and engagement to our most vulnerable individuals who are homeless. This is an activity that is not reimbursable though Medicaid but facilitates access to housing and treatment services, as well as providing assertive outreach activities that have been proven to reduce hospitalizations and incarcerations.

Pregnant and Parenting Women SUD Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act; AS 47. 37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: The Division of Behavioral Health (DBH) will provide funding and oversight for Case Management with linkages to Assessment, Treatment and Recovery Services for pregnant women and parenting women with substance use disorders (SUD) in the Anchorage and Mat-Su Borough. This ensures quick access and linkage to screening, assessment, admission to substance use and co-occurring disorder treatment, primary health care, employment, housing, etc.

Assessment of Need: Pregnant women and parenting women often have significant substance use histories with little access to intervention or treatment services. Some have Office of Children's Services (OCS) involvement and are in need of residential and/or outpatient SUD treatment in order to stabilize and maintain or regain custody of their children. Pregnant women with SUD's need treatment during their pregnancy to protect the unborn child and following birth of the child to maintain their recovery and practice good parenting skills. All pregnant and parenting women with substance use issues need guidance, support and linkage to relevant services and resources.

Service Delivery Area: Services will be provided in Anchorage and the Matanuska-Susitna Borough.

Recidivism Reduction

Granting Authority: 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs, 620 Community Mental Health Services Act, and 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: Grants under the Division of Behavioral Health's (DBH) Recidivism Reduction program will address high recidivism rates by utilizing evidence-based best practices to increase access to treatment and transitional supports for formerly incarcerated individuals. Grantees will provide services through one of three reinvestment focus areas: (1) enhanced coordination, referral, and case management efforts of established community reentry coalitions; (2) expanded capacity for emerging community reentry coalitions; and (3) strategic planning, assessment of community resources, and resource development for communities that are interested in building a community reentry coalition and have a Department of Corrections (DOC) facility in their service area.

Assessment of Need: Services are needed to improve and enhance the quality of life for formerly incarcerated individuals statewide by expanding access and referral to treatment and support services.

Service Delivery Area: Statewide

Residential Care for Children and Youth

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.40.011 Purchase of Services for Minors; AS 47.10 Children in Need of Aid; AS 47.12 Delinquent Minors; AS 47.14.100 Power and Duties of Department Over Care of Child; 7 AAC 50.100 Community Care Licensing

Description of Services: Crisis Recovery Services are short-term, family-focused, residentially-based emergent care designed to provide a safe, supervised, therapeutic alternative to more restrictive levels of care including but not limited to acute longer-term residential (psychiatric) or juvenile detention of youth with serious emotional disturbance.

Residential Care for Children and Youth (RCCY) Program services include emergency shelter, day treatment, specialized residential care, staffed secure care, residential diagnostic treatment and residential sex offender treatment. Lengths of stay range from one day to approximately a year or more. A strong emphasis is placed on delivery of Behavioral Rehabilitation Services (BRS) to children in their own communities whenever possible. Services are intended to achieve immediate and long term solutions to family problems; promote the preservation, rehabilitation, and reunification of families to the extent possible; and to promote independence and the use of least restrictive alternatives. The services are provided for children and youth with behavioral health residential treatment needs, including the rehabilitation of juvenile offenders and the treatment of victims of child abuse and neglect.

Assessment of Need: Under AS 47.14.100, the Department must arrange for the care of every child committed to its custody by placing the child in a foster home or in the care of an agency or institution providing care for children inside or outside the state. The same statute allows the Department to pay necessary costs to ensure adequate care.

Residential Care for Children and Youth Training

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.14.100 Powers and Duties of Department Over Care of Child; AS 47.10 Children in Need of Aid; and AS 47.12 Delinquent Minors

Description of Services: Program services include the provision of a training program and forums for ongoing training to line staff at agencies awarded Residential Care for Children and Youth (RCCY) program grants. The awarded agency must be amenable to planning and coordination of a Department-wide training integration effort including the Division of Behavioral Health, Division of Juvenile Justice, and Office of Children's Services.

Assessment of Need: Hiring and retention of qualified personnel at facilities providing residential child care services to children and youth in Department custody are long-standing issues. Training for staff through this grant helps to maximize resources available to the providers in assuring the highest quality of services for all children who receive services from RCCY facilities.

Rural Human Service System

Granting Authority: 7AAC 78 - Grant Programs, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: This program offers grants to rural substance abuse, mental health, behavioral health, and human services agencies, and to urban agencies serving people who are traveling or have relocated from rural areas. The program was developed in response to the critical need for a stable system of behavioral health providers in rural Alaska by hiring, training, supporting, and supervising culturally competent village-based counselors and counselors that serve relocated villagers. This program provides the opportunity for rural people to achieve their goal of helping their own people. Training is provided through the Rural Human Services Training Program in the University of Alaska College of Rural Alaska from one of its designated Rural Human Services campuses and supports a range of degree programs from a two-year certificate to Masters Degree of Social Work.

Assessment of Need: This program seeks to address the problem of scarcity of counseling and crisis intervention resources in the villages of rural Alaska and to reduce the costly reliance on itinerant service providers and employees who come from outside of a community, only to stay a year or less. The goal of the project is to ensure there is "a counselor in every village" as well as secondary behavioral health specialists where needed to provide continuity of care and consistency in community-level services.

Service Delivery Area: Eligible applicants include rural substance abuse programs, community mental health centers, and other human services agencies, and to urban agencies serving people who have relocated from rural areas.

Behavioral Health

Sobering Center, Withdrawal Management and Residential SUD Treatment Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act; 7AAC 70 Behavioral Health Services; 7AAC 135 Medicaid Coverage for Behavioral Health Services; and AS 47.37 Uniform Alcoholism and Intoxication Treatment Act. This program includes Capital grant funds.

Description of Services: Under the Sobering Center, Withdrawal Management and Residential Substance Use Disorder (SUD) Treatment Services program, applicants must address one of three services in their proposal:

1) Sobering Center Services– Sobering centers are a safe, supportive, environment for publicly intoxicated individuals to become sober. These are staffed 24 hours a day, 7 days/week.

2) Residential Withdrawal Management (Detoxification) Services– Residential withdrawal management programs provide detoxification facilities to adult patients who, due to their misuse of alcohol and/or other drugs including opioids, are frequent users of emergency medical services, public safety services, the emergency rooms of acute care hospitals, or Alaska Psychiatric Institute (API).

3) Residential Substance Use Disorder Treatment Services– Residential SUD treatment programs serve individuals with dependence on alcohol or other drugs, who need 24 hour services and supports. These programs must be Level 3.5 Clinically Managed High-Intensity Residential Services 7 AAC 70.120 (a-e; h) which requires 20 or more hours of clinical and rehabilitation services weekly.

4) Crisis Stabilization Center- Medically staffed and psychiatrically supervised SUD/ Co-Occurring Serious Mental Illness (SMI) facility that would function as an alternative to an emergency room visit for those individuals experiencing a temporary or situational behavioral health crisis. The average length of stay would range from 24 to 72 hours, although in certain cases individuals could be retained for up to 5 days

5) Ambulatory Withdrawal Management (AWM) without Extended On-Site Monitoring- This is an organized outpatient service which may be delivered in an office setting, health care or addiction treatment facility, or in a patient's home by trained clinicians. They will provide medically supervised evaluation, withdrawal management and referral services according to a predetermined schedule, for individuals who do not require inpatient withdrawal management services.

6) Housing Services- Inclusive of all short term housing services that are focused on supporting individuals through transitions of care from an acute/subacute setting, residential program, correctional facility and/or for individuals who are making efforts to maintain their recovery and are in need of a short term stable living environment. Housing services can include vouchers, rental support or service supports for those placed in housing who would potentially otherwise not succeed in housing placements.

Assessment of Need: There is a substantial unmet need for Sobering centers, leading to nearly 4000 protective custody incarceration events annually. Currently, Withdrawal Management (detoxification) services are limited to Fairbanks (16 beds) and Anchorage (14 beds). In FY15, only 840 Alaskans received Residential SUD Treatment as there is a lack of ready access to any of these three services.

Service Delivery Area: Statewide. Geographic considerations can be made in the selection of the grantees based on statewide assessment of need. A minimum of two projects will be funded, each up to a maximum of \$1,000,000 per year for 3 years.

Amended to fund additional Residential Withdrawal Management services, Residential SUD Treatment services, a Crisis Stabilization Center, Ambulatory Withdrawal Management services, and/or Housing Services beginning in FY19.

Behavioral Health

State Opioid Response: Peer Support Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475 Grant-in-Aid Program; AS 47.30.500-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7AAC 10.930 Request for a Variance; 7AAC 70 Behavioral Health Services; and 7AAC 135 Medicaid Coverage for Behavioral Health Services

Description of Services: The intent of the State Opioid Response: Peer Support Services program is to increase access to a full range of recovery services through the provision of peer support. Up to three qualified peer support specialists will be available within each of the six service delivery areas to support beneficiaries at every level of service, including emergency departments, residential treatment, intensive outpatient services, outpatient clinics, recovery residences, independent living, employment and education. The primary function of the peer support specialists will be to provide support for transitioning from one level of care to another, and to provide ongoing recovery support and coaching. Peer support specialists will develop relationships with organizations providing services in order to coordinate services and facilitate access to care.

Assessment of Need: Over the last several years, Alaska has seen a dramatic rise in opioid misuse and deaths related to opioid overdose. In 2017, 144 drug overdose deaths occurred in Alaska, 100 of which were opioid-related. Trends in the number of opioid overdose deaths over the past five years show an increase, year over year, from 72 deaths in 2013 to 100 in 2017.

Service Delivery Area: 1) Municipality of Anchorage, 2) Fairbanks North Star Borough, 3) Kenai Peninsula Borough, 4) Matanuska-Susitna Borough, 5) Southeast Alaska, and 6) Southwest Alaska, as identified in the Public Health Regions map.

RBB Framework: Department Priorities

State Opioid Response: Recovery Housing

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620. Community Mental Health Services Act, AS 47.30.655-.915. Civil Commitment Statutes, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, 7 AAC 10.930. Request for a Variance

Description of Services: The intent of State Opioid Response – Recovery Housing is to increase the number of recovery housing options across the state for individuals with an Opioid Use Disorder, or at risk of an Opioid Use Disorder. The program will expand the operations of recovery residences and develop a standard under which they will operate, to include the establishment of up to ten new houses within the targeted regions. Funds will be awarded to support the operations of houses including but not limited to rent, utilities, and basic supplies for residents. Grant projects will be expected to address fiscal, operation, recovery supports, property, and good neighbor standards.

Assessment of Need: Over the last several years, Alaska has seen a dramatic rise in opioid misuse and opioid overdose related deaths. In 2017, 144 drug overdose deaths occurred in Alaska, 100 of which were opioid related. Opioid overdose deaths over the past 5 years show an increase trending from 72 deaths in 2013 to 100 in 2017. The service areas targeted have been identified with the highest prevalence of opioid use disorders, opioid death rates, and opioid related emergency room visits. Individuals who complete treatment are often unable to find affordable housing in an environment which supports their recovery. Outcome studies show the longer an individual remains in a treatment or recovery environment, the greater their chances of sustaining long-term recovery. Recovery housing is associated with numerous positive outcomes including decreased substance use, reduced probability of relapse, lower rates of incarceration, higher income, increased employment, and improved family functioning.

Service Delivery Area: 1) Municipality of Anchorage, 2) Fairbanks North Star Borough, 3) Kenai Peninsula Borough, 4) Matanuska-Susitna Borough, 5) Southeast Alaska, and 6) Southwest Alaska, as identified on the Public Health Regions map.

State Opioid Response: Supported Employment

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475 Grant-in-Aid Program; AS 47.30.500-620 Community Mental Health Services Act; 7AAC 70 Behavioral Health Services; 7AAC 135 Medicaid Coverage for Behavioral Health Services; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; and 7AAC 10.930 Request for a Variance.

Description of Services: The intent of State Opioid Response – Supported Employment is to improve access to Supported Employment/Supported Education programs across the state for individuals recovering from a substance use disorder, particularly opioid use disorder. The philosophy of the Individual Placement and Support (IPS) Model will be used to support employment and education recovery services.

Assessment of Need: Over the last several years, Alaska has seen a dramatic rise in opioid misuse and opioid overdose related deaths. In 2017, 144 drug overdose deaths occurred in Alaska, 100 of which were opioid related. Opioid overdose deaths over the past 5 years show an increase trending from 72 deaths in 2013 to 100 in 2017. The service areas targeted by this program have been identified with the highest risk for opioid use disorders. Employment is an essential part of recovery. Being productive is a basic human need. Working can both be a way out of poverty and prevent entry into the disability system. Competitive employment has a positive impact on self-esteem and life satisfaction.

Service Delivery Area: 1) Municipality of Anchorage, 2) Fairbanks North Star Borough, 3) Kenai Peninsula Borough, 4) Matanuska-Susitna Borough, 5) Southeast Alaska, and 6) Southwest Alaska, as identified on the Public Health Regions map.

The two projects that will be solicited for mid-year FY21 and FY22 will target the Matanuska-Susitna Valley and Juneau only.

Behavioral Health

Strategic Prevention Framework Partnerships for Success

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.37.030, AS 47.30.470

Description of Services: The Strategic Prevention Framework Partnerships for Success Grant (SPF-PFS) will build a solid foundation for delivering and sustaining effective substance abuse prevention services in Alaska. It will implement the Substance Abuse and Mental Health Services Administration's (SAMHSA) Strategic Prevention Framework (SPF) with the following goals:

- Enhance the state's established prevention system and infrastructure to prevent the onset and reduce the progression of the substance abuse priority areas across the state of Alaska
- Support and increase the infrastructure of high need communities' capacity to implement, sustain, and improve effective substance abuse prevention efforts at the local level
- Support and enhance the continuum of prevention services through data-driven practices in Alaska

The SPF is a data-driven planning model that will assist both the state and, in turn, community grantees to assess substance use data and capacity; develop a strategic plan to address those substance use issues; explore the consumption patterns, consequences, and related risk and protective factors contributing to the substance use/abuse; and implement evidence-based strategies to address the issues. This program will focus on data collection and assessment; coalition building; developing community and regional prevention capacity and infrastructure; monitoring and evaluation; and sustainability at the community and state levels beyond the federal grant.

Assessment of Need: Prescription drug misuse and abuse has increased and expanded across Alaska. Those unable to obtain prescription opioids may turn instead to heroin. Heroin is less expensive than purchasing pills illegally, and in some parts of the state heroin is much more accessible. The state will use data from the National Survey on Drug Use and Health and Youth Risk Behavior Survey, in addition to pertinent data on related consequences, to frame the SPF-PFS strategic plan.

Service Delivery Area: Statewide.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

Behavioral Health

Supported Employment

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act.

Description of Services: This is an evidence-based program funded with GF/MH. Services provided promote self-sufficiency among adults experiencing severe mental illness (SMI) and/or a co-occurring disorder related to substance abuse. Supported Employment is characterized by rapid placement into integrated employment settings of an individual's choosing and capabilities, with commensurate wages and long term supports as needed and wanted by an individual.

Assessment of Need: Supported Employment is an evidence-based best practice with robust research demonstrating a correlation between employment and recovery from the most serious mental illnesses. Through this program, employment services have been developed to increase the number of clients engaging in supportive employment activities. It helps them attain independence, improve their quality of life, and attain employment that is beneficial to themselves, their families, and the community.

Service Delivery Area: Statewide

Behavioral Health

Therapeutic Court

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: Under the Therapeutic Court Program, the agency provides a range of services integrating behavioral treatment, sanctions, and incentives with case processing. The focus is on a high-risk population of chronically dependent clients and/or individuals with a co-occurring mental health disorder.

Assessment of Need: The Therapeutic Court Program seeks to solve underlying problems that generate repeated encounters with the criminal justice and behavioral health system. In a 2007 report, Criminal Recidivism in Alaska, the Alaska Judicial Council found that graduates of therapeutic courts were rearrested and re-convicted far less frequently than comparison offenders. In the study, the Council followed graduates for one year after they completed their program and a comparison group of offenders for one year after they were released from serving their sentence.

Service Delivery Area: The service areas and communities to be served are primarily Anchorage, Bethel, Fairbanks, Juneau, Ketchikan, and Matanuska-Susitna Borough, and may include outreach to other communities seeking to establish a therapeutic court program locally. Individuals receiving services will be referred by the Therapeutic Courts.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Finance & Management Services

Community Initiative Matching Grants

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Community Initiative Matching Grants (CIMG) provide essential human services in close alignment with those of the Human Services Community Matching Grants (HSCMG). CIMG favors very basic essential human services: homeless shelters; soup kitchens and food banks; non-residential emergency shelters; outreach to homeless/homeless find; distribution centers for essential items such as sleeping bags and cold weather gear; and transportation vouchers/services supporting access to basic essential services and medical providers.

Assessment of Need: Program services are essential, mirroring the HSCMG definition in AS 29.60.650(1): lack of availability would subject persons needing the services to serious mental or physical hardship. The target population consists of families and individuals in need.

Service Delivery Area: Statewide, excluding those areas statutorily eligible for HSCMG: Municipality of Anchorage, and the Fairbanks North Star and Matanuska-Susitna Boroughs.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.2 Protect Vulnerable Alaskans

DHSS COVID Funding to Support Hospitals and Skilled Nursing Facilities

Granting Authority: 7AAC 78 - Grant Programs,

Per U.S. Treasury Coronavirus Relief Fund for State, Territorial, Local, and Tribal Governments as subject to the restrictions outlined as set forth in section 601(d) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Description of Services: Under this program grantees will use federal funds for medical, public health, payroll, compliance, economic support or other costs reasonably necessary to the function of hospitals and skilled nursing facilities impacted by the COVID-19 pandemic.

Assessment of Need: The COVID-19 pandemic and resulting shut down of schools and business within the State in an attempt to slow the spread of the virus has impacted our economy and many hospitals and skilled nursing facilities are struggling to recover. Program funding will assist hospitals and skilled nursing facilities so they may continue providing much needed health and social services to Alaskans. Costs that are covered, include but not limited to:

- Expenditures that were/are incurred and actions taken to respond to the public health emergency.
- Costs that were not accounted for in the State budget most recently approved as of March 27, 2020 but incurred during the period that begins on March 1, 2020 and ends on December 30, 2020.

Service Delivery Area: Statewide

RBB Framework: Not applicable for this program.

DHSS COVID Program

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Under this program grantees will use federal funds for medical, public health, payroll, compliance, economic support or other costs reasonably necessary to the function of non-profit agencies impacted by the COVID-19 pandemic. Grantees may accomplish this by taking sole responsibility for the funding and program or may partner with organizations to solicit and manage sub-awards/sub-contracts to other eligible non-profits. The sub-awards/sub-contracts will support the nonprofits' to mitigate and prevent negative impacts on the economy, jobs, families and children effected by the current public health crisis.

Assessment of Need: The COVID-19 pandemic and resulting shut down of schools and business within the State in an attempt to slow the spread of the virus has impacted our economy and many Alaskans and non-profit agencies are struggling to recover. Program funding will assist non-profits so they may continue providing much needed health and social services to Alaskans.

Finance & Management Services

Human Services Community Matching Grants

Granting Authority: 7AAC 78 - Grant Programs, AS 29.60.600 - 650

Description of Services: The Human Services Community Matching Grants, in accordance with AS 29.60.600, provide for essential human services. Essential human services are those defined as "social services" in AS 47.75.060, except that they include only services whose unavailability would subject persons needing the services to serious mental or physical hardship.

Assessment of Need: Per AS 29.60.600 each eligible political subdivision of the state will carry out a needs assessment to prioritize the proposed services and will consult with a citizens' advisory group in consideration of services to be obtained under subawards. Applicants are required to demonstrate that services provided under subawards are essential as statutorily defined.

Service Delivery Area: AS 29.60.650 restricts eligibility to cities with populations greater than 20,000; unified municipalities with populations greater than 100,000; and second class boroughs with populations greater than 65,000. Population is determined by the Department of Commerce, Community, & Economic Development (DCCED). The Municipality of Anchorage, and the Matanuska-Susitna and Fairbanks North Star Boroughs are currently eligible.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.2 Protect Vulnerable Alaskans

Juvenile Justice

Federal Formula Non-Secure Attendant Care Shelter

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010(7), AS 47.14.010(6)

Description of Services: Non-secure attendant care shelters provide short-term staff-secure placement for referred youth and youth placed into protective custody until they can be safely released to a parent/guardian or transferred to a residential or juvenile detention facility. Referrals are made by the Division of Juvenile Justice's (DJJ) juvenile probation officers, by local judicial and law enforcement officers, as well as by schools. Shelter attendants provide one-to-one, same gender supervision to referred youth in staff-secure settings. Shelter service is available 24 hours per day and is provided within 45 minutes of notification of need. Shelter placements may not exceed 16 hours unless an extension is authorized. Agencies will use funds under the Grant Agreement to pay for limited administrative and operating costs associated with program readiness. As a condition of receiving an award, the provider will also enter into a Provider Agreement. The State of Alaska will utilize Provider Agreements to pay for the cost of services provided to the youth.

Assessment of Need: The Federal Formula Grant Program makes funds available to states to improve juvenile justice systems and implement delinquency prevention and intervention strategies as mandated in the Juvenile Justice and Delinquency Prevention Act. In FY89, DJJ began using a portion of its Formula grant to support a statewide network of non-secure shelters. A strong and viable statewide system of non-secure shelters has been instrumental in reducing violations of the first three core mandates by providing temporary placement for youth placed in protective custody.

Service Delivery Area: Anchorage and Fairbanks.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

Federal Formula Non-Secure Attendant Care Shelter

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount
Covenant House Alaska	Anchorage	Anchorage	16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28	Fed Rcpts	\$5,000.00

				Program Total:	\$10,000.00

Juvenile Justice

Formula Title II Grant Program

Granting Authority: 7AAC 78 - Grant Programs, AS 47.14.010(6) General Powers of Department over Juvenile Institutions; AS 47.05.010(7) Duties of Department

Description of Services: Program services consist of the solicitation and administration of pass through sub-awards. Administration includes technical assistance to communities in post-award project development, grant management, and reporting. Direct services are sub-awarded to Alaska Native tribal partners in rural communities. Through positive, culturally based youth development projects, at-risk youth gain self-worth, a sense of belonging, and community and cultural membership.

Assessment of Need: Services are necessary to the State's adherence to core mandates of the Office of Juvenile Justice and Delinquency Prevention (OJJDP). Alaska Native youth are disproportionately referred to the Division of Juvenile Justice: 38% of all referrals, though only 17.2% of the statewide population. With prevention services, Alaska Native youth referral rates are reduced, as is the degree of disproportionate minority contact. The program further meets the division's intention to work effectively with tribal partners in support of cultural and community based delinquency prevention projects supporting at risk youth.

The target population for end services is Alaska Native youth in rural communities.

Service Delivery Area: Program services will be provided statewide, administered by a single program grantee, Rural Community Action Program, Inc. (RurAL CAP).

RBB Framework: Department Priorities

Grant Award 609-237-21001 Total:					\$125,000.00
Program Total:					\$125,000.00

Juvenile Justice

Supervision of Temporary Secure Juvenile Hold

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Services consist of the administrative functions necessary to maintain sufficient direct services staff for the temporary supervision of juveniles in custody in Sitka. Administrative services include all aspects necessary for the recruitment, background checks, training, and on-call costs to ensure the availability of staff within 45 minutes of notification of need, 24 hours a day, for periods of unknown duration. The program's direct services, however, are procured under the program's Provider Agreement component.

Assessment of Need: Grant-supported administrative services address a challenge to the division's successful procurement of direct supervision services: grantee ability to maintain sufficient on-call staff. The need for supervision services, not presently available in Sitka, is driven by the increasing number of youth in custody in Sitka requiring services. Except in those rare instances where two supervisors are necessary, the program will free Sitka's one Juvenile Probation Officer for tasks other than supervision.

Although this procurement specifically targets Youth Advocates of Sitka, in combination with the program's Provider Agreement the program's target population is juveniles in custody in Sitka awaiting transfer to the Johnson Youth Center in Juneau for secure detention.

Service Delivery Area: Services will be provided in Sitka.

Juvenile Justice

Youth Courts/Community Panels

Granting Authority: 7AAC 78 - Grant Programs, AS 47.14.010(6) and (7); AS 04.16.050(b)(1) and AS 47.12.400

Description of Services: Program services include case screening, adjudication, disposition, and case management for youth who are referred for non-violent first or second time misdemeanor offenses, and/or status offenses. Cases are tried with representation and adjudication by the defendant's peers. Referral sources are DJJ field offices, local school districts, and District Courts.

Assessment of Need: The program's early intervention and diversion services supplement and broaden the range of accountability-based restorative justice services for youth. Benefiting victims and communities, program services allow for the swift application of graduated responses, proven to be effective in preventing, controlling, and reducing further delinquent behaviors.

Service Delivery Area: Statewide. Resources will be allocated based on demonstrated need for services as supported by available data.

Office of Children's Services

Children's Advocacy Centers

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Children's Advocacy Centers (CACs) help to identify maltreated children and protect them from further harm. CAC's provide referrals to treatment and follow up, hold offenders accountable, and provide community outreach and education regarding child abuse. A comprehensive, child-centered response in suspected cases of child abuse includes the coordinated efforts of a multidisciplinary team (MDT) including law enforcement, district attorneys and the assistant attorney general's office, child protection, victim advocates, as well as mental and medical health professionals.

Assessment of Need: Centers accept referrals of suspected sexual abuse and other severe abuse of children up to age 18. Most also accept referrals of developmentally disabled young adults and those with cognitive impairments such as Fetal Alcohol Spectrum Disorder.

Referrals continue to increase due to the State's broad support for effective CACs and increased community awareness regarding child abuse and child sexual abuse. Current centers are stable but not self-sustaining. Emerging projects (i.e. planning grants) will build capacity by expanding the number of locales served and increasing the number of children receiving services in or near their home communities. This will also offer some cost savings to CACs currently serving children from outside the center's locale.

Office of Children's Services

Circles of Support

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Under this program, grantees will provide family services for two categories of clients based upon the level of risk. Category 1 clients are families whose children are currently safe but at a high risk of future maltreatment. For these clients, Office of Children's Services (OCS) will close their case and turn over case management to the grantee who will be responsible for providing in-home services which may include substance abuse assessment, urinalysis testing, support for the parents to eliminate any health or safety hazards in the child's physical surroundings, assistance with seeking a protective order if domestic violence is a factor, mental health evaluation or stabilization as well as close supervision and frequent monitoring. Category 2 clients are families whose children are currently unsafe and OCS will retain responsibility of the case but work with grantee's to coordinate services that often involve intensive intervention, involuntary service provision, and court involvement.

Assessment of Need: Federal requirements outline that the caseworkers need to visit homes on a frequent basis to reassess the safety of the child at every contact, work with providers and ensure the children's needs are also being met while the parent is addressing their identified areas of need. OCS anticipates 10 - 50 families will be served under this program at any given time.

Service Delivery Area: Services are sought in each of the OCS regions: Anchorage, Northern, Southcentral, Southeast, and Western.

Emergency Shelter Services for Youth

Granting Authority: 7AAC 78 - Grant Programs, AS 47.40.011 Purchase of Services for Minors, AS 47.14.100 Powers and Duties of Department Over Care of Child, AS 47.10.011 Children in Need of Aid, 7 AAC 50.100 Community Care Licensing, and 7 AAC 50.615 Emergency Shelter Care for Runaway Children

Description of Services: Emergency Shelter Services are needed for homeless runaways and at-risk youth, ages 13–20. Services provided will consist of basic needs and will offer help with education, employment, health services, counseling and family mediation. Each youth in the program will be provided with a case manager.

Assessment of Need: Under AS 47.14.100 Powers and Duties of Department Over Care of Child, the Department must arrange for the care of every child committed to its custody by placing the child in a foster home or in the care of an agency or institution providing care for children inside or outside the state. The same statute allows the Department to pay necessary costs to ensure adequate care. Approval of this request will ensure that critical Emergency Shelter Services will continue to be available to the Department.

Service Delivery Area: Anchorage

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.10 Children in Need of Aid, AS 47.17 Child Protection, AS 47.05.010 Administration, Title IV-B Subpart 2 Sec. 430 [42.U.S.C 629] (a), Adoptions and Safe Families Act (ASFA 11/19/97).

Description of Services: These services are designed to provide ongoing family contact, limited child transportation services and documentation of services for Office of Children's Services (OCS) involved families where the children have been removed from the home. Services can be provided in agency, home or community settings. The program goals are to facilitate ongoing relationships with siblings and parents, and to reunify the child with their biological parent(s).

Assessment of Need: Federal law requires that children in out of home care maintain contact with siblings and parents. OCS statistics currently show 2,289 children in out of home care, of whom 1,402 are located in our major urban areas.

Service Delivery Area: Funds will be allocated in the Municipality of Anchorage, the Matanuska-Susitna Borough, Kenai Peninsula Borough, and the Fairbanks North Star Borough.

Office of Children's Services

Family First Prevention Services by Tribal Title IV-E Agencies

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010-015 Duties of the Department; Adoption Assistance and Child Welfare PL 96-272; Family First Prevention Services Act PL 115-123

Description of Services: The purpose of this grant program is to implement expanded prevention services as mandated by the Family First Prevention Services Act (FFPSA), which was signed into law as part of the Bipartisan Budget Act on February 9, 2018. The act aims to provide a prevention focus within traditional child welfare practice, in order to provide services to children and families in their home and to prevent children from entering foster care. Grantees will identify families in need of prevention services based on the State of Alaska's candidacy definition. The grantee will work with the family to create a Family Services Prevention Plan, refer the family to services, provide case management, and document services through completion of the prevention plan.

Assessment of Need: Prevention services are necessary to support Tribes and Tribal Organizations in protecting the best interest of Indian children by preserving Indian families and preventing, whenever possible, the removal of children from their families. The best interest of Indian children is realized by promoting stability and security of Indian families and Tribes and can only be accomplished by fully including the child's Tribe in all decision-making regarding the future welfare of Tribal children. Services provided under this program provide compliance with the Indian Child Welfare Act (ICWA) and aim to reduce the disproportionate number of Alaska Native children in foster care.

Service Delivery Area: Service delivery area is state-wide as further defined by each Tribal Title IV-E agency's service delivery area based on their definitions of Tribal Membership, Tribal Communities, and/or Geographic Service Area.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

Office of Children's Services

Family Support

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.17 Children in Need; AS 47.17 Child Protection; AS 47.05.010 Administration; Federal Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a); Adoptions and Safe Families Act (ASFA)

Description of Services: Family Support services are community based services that promote the safety and well being of children and families. The focus of the program is on primary and secondary prevention for young parents and families with children age birth to 12 years, or families who have a member who experiences a disability.

Assessment of Need: Office of Children's Services statistics reflects a high number of substantiated allegations for neglect, illustrating that families across the state of Alaska struggle to meet the basic needs of their families and children.

Service Delivery Area: Service areas include within the city limits of Anchorage, Fairbanks North Star Borough, and the Mat-Su Borough.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans
- 3.1 Strengthen Alaska Families
- 3.2 Protect Vulnerable Alaskans

Mentorship for Independent Living

Granting Authority: 7AAC 78 - Grant Programs,

Foster Care Transition Program AS 47.18.300 - 390 and Independent Living 7 AAC 53.350

Description of Services: Under this program, mentors will be recruited to work with foster youth as they transition out of foster care, supporting individual needs as described in personalized case plans.

Assessment of Need: The program supports Office of Children's Services (OCS) in meeting the program objectives described in the 2020-2025 Child and Family Services five-year plan submitted to the US Department of Health & Human Services as required for state Chafee Foster Care Independence Act funding.

Service Delivery Area: Anchorage and Matanuska-Susitna Valley

RBB Framework: Department Priorities

Office of Children's Services

Permanent Families for Adoptive/Guardianship Children

Granting Authority: 7AAC 78 - Grant Programs, Federal Adoptions and Safe Families Act (ASFA, 1997), AS 25.23.100 - AS 25.23.150 and AS 47.10.080 - 10.088

Description of Services: Services are assessment of individuals or families identified as permanent homes for children in the custody of the Office of Children's Services (OCS). Assessments, or home studies, consist of background checks, home visits, interviews with each family member, interviews with collateral sources and references. The assessment also helps the family assess its own readiness and motivations for adoption/guardianship while providing education and preparation. All assessments are reviewed for approval by OCS regional permanency staff.

Assessment of Need: OCS is required to complete a home study when a home is identified as a potential permanent placement and prior to the finalization of an adoption or guardianship of a child in care. At the end of SFY2016 there were 3032 children in out of home placement. OCS completes an average of 350 adoptions and guardianships per year.

Service Delivery Area: Services will be provided Statewide by a single grantee.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Office of Children's Services

Resource Family Training

Granting Authority: 7AAC 78 - Grant Programs,

Federal Title IV B Sub-part II, Federal Title IV-E training, AS 47.32.030 (E) Powers and duties of the department, delegation to municipality and 7 AAC 50.250 Orientation and training

Description of Services: The program provides a point of initial inquiry and contact for prospective resource families in Alaska. Services consist of planning, developing and implementing on-site and distance trainings for Office of Children's Services (OCS) resource families. Trainings utilize self-study packets, video and audio tools, on-line resources and teleconferencing. Culturally appropriate training and support of rural resource families via Indian Child Welfare Act Workers or other community members identified by Tribes and OCS staff is strongly emphasized. Intensive preparation services consisting of one-on-one education, family preparation classes, and matching support for families committed to special needs adoption will be provided in the Southcentral and Anchorage regions only. The program provides, to foster parents in every Resource Family home, accessibility to training to meet minimum annual requirements established by 7 AAC 50.250(g). Program services also include administration of the Resource Family Advisory Board.

Assessment of Need: The program's target populations are Alaska's potential Resource Families and current Resource Families providing foster care and/or pursuing adoption of children in out-of-home placement under OCS custody. The program meets Department needs for training and support of a continuous pool of safe, trained and culturally appropriate families with which to place children.

At the end of State Fiscal Year 2019, there were 3069 children in out-of-home placement. During the same time frame there were 1021 OCS licensed non-child-specific foster homes and group homes. Due to the increasing number of children in out-of-home placement, the Department anticipates a higher demand for new Resource Families as well as for training and support for existing Resource Families.

Office of Children's Services

Services for Adoption Support

Granting Authority: 7AAC 78 - Grant Programs, Federal Title IV B

Description of Services: This program will provide post-adoptive services to include general resource and referral information for adoptive and guardianship families, adoptive/guardianship family support groups, connection to advocacy networks and an optional innovative service to enhance post-adoption services in Alaska. While services are open to all adoptive or guardianship resource families in Alaska, most served will be families who have adopted or become guardians of a child from the Office of Children's Services (OCS) foster care system.

Assessment of Need: The program's target populations are post-adoptive resource families. Families who have adopted children from OCS have special parenting needs due to their children's trauma histories. Children adopted from foster care often have experiences of abandonment, physical maltreatment, neglect and grief over the loss of their birth families. Many children who have been adopted have a significant level of special needs, for which adoptive and guardianship families need support. Families often need services which are sensitive to the adoption and guardianship issues families face. Families who have adopted children from other states as well as privately through domestic or international adoption agencies, may also face special challenges. The program meets Department needs for post-adoption support.

Based on data in the Online Resources for Children of Alaska (ORCA) database, at the end of State Fiscal Year 2016, there were 3330 children in Alaska's subsidized adoption and guardianship program. In FY16, OCS finalized a total of 273 adoptions and legal guardianships for children in foster care.

Office of Children's Services

Statewide Coordination of Parenting and Prevention Services

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Parenting and prevention services are community based services that promote the safety and well being of children and families. The target populations of the parenting education part of this program are young parents, families with children age birth to 12 years, and families who have a member who experiences a disability. The statewide prevention coordination part of this program is to facilitate primary prevention, which is defined by the Child Welfare Gateway and the World Health Organization as programs directed at the general population which are designed to prevent abuse and neglect from occurring for the first time in a family. Under this grant program, Office of Children's Services (OCS) seeks a single grantee to provide the prevention coordination. This grantee will also be responsible for sub-awarding and managing the coordination of the parenting education services.

Assessment of Need: OCS statistics reflect a high number of substantiated allegations of abuse or neglect, illustrating that families across the state of Alaska struggle to appropriately parent their children. A needs assessment identified the need for local programming. OCS determined that the most effective use of funds and personnel to reach the most individuals in the shortest time, and with efficacy, was to fund one of the many existing statewide agencies who already administer similar programs to sub-award and coordinate services in rural areas, combining the funding of both a prevention network, and parenting education in one grant.

Service Delivery Area: Parenting education services sub-awards are sought in Barrow, Bethel, Delta Junction, Homer, Juneau, Kenai, Ketchikan, King Salmon, Kodiak, Kotzebue, Nome, Sitka and Soldotna. The single applicant who will provide prevention coordination and management of the parenting education services sub-awards may be located anywhere within the state.

RBB Framework: Department Priorities

Public Assistance

Alaska Food Coalition

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.27 Alaska Temporary Assistance Program

Description of Services: The Alaska Food Coalition (AFC) program plays a role in national hunger advocacy efforts through education on hunger and good nutrition through Food Stamp, Senior Benefits and Alaska Temporary Assistance Program outreach. The program provides information to potentially eligible low income persons and families about the benefits of the services, screens for eligibility, provides assistance with gathering documents and completing applications. The grantee will also procure food and commodities for nutrition education classes and help feed hungry Alaskans year-round, with a special effort made during the holidays.

Assessment of Need: Alaska's poverty rate is 11.1% and the National Center for Educational Statistics notes that 1 of every 7 children in Alaska lives in poverty. Over 200 communities will benefit from the Alaska Food Coalition program. Population and poverty levels will be used as a guideline to target those in need.

45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25 Public Assistance, AS 47.25.071 Child Care Grant Programs, and 7 AAC 41 Child Care Assistance Program

Description of Services: Grantees will determine eligibility for child care providers and families seeking to participate in the Child Care Assistance Program (CCAP); specifically, the Parents Achieving Self-Sufficiency (PASS) Programs. Grantees will also verify payments to providers participating in PASS I, II and III and monitor compliance with program requirements.

Assessment of Need: Services are provided for low-moderate income eligible families, enabling parents to attain self-sufficiency by subsidizing the cost of child care, and assisting individuals interested in participating as an eligible provider in the CCAP.

Child Care Licensing

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.32.030 Powers of the Department, Delegation to a Municipality, AS 29.10.010 Municipal Charter Adoption, AS 29.35.200 First Class Borough Powers

Description of Services: Child Care Licensing Program services include: recruiting, licensing, monitoring, and providing information and technical assistance to individuals/applicants interested in becoming licensed, and licensed child care facilities within the Municipality of Anchorage (MOA); processing applications for licensing; processing exempt from licensing applications; determining qualifications and eligibility of the child care administrator; obtaining valid criminal history and child protection check results on child care facility staff; completing announced and unannounced provisional, annual, health and safety monitoring, and renewal inspections of child care facilities; conducting investigation procedures for licensed and approved child care facilities, facilities exempt from licensing, and facilities operating illegally within the MOA; and finalizing administrative hearing practices for the child care facilities within the MOA.

The department retains overall responsibility for the management of child care licensing efforts in the state. This involves promulgating rules and regulations governing the program, overseeing the expenditure of funds by the grantee, monitoring services, and ensuring the grantee operates within their scope of work. The Municipality of Anchorage promulgates municipal child care codes that, at a minimum, must meet state regulations.

Assessment of Need: The intent of the Child Care Licensing Program is to reduce the risk of predictable harm to children and support services to child care providers. In accordance with AS 47.32.030, the department may delegate its powers relating to licensure of child care facilities to a municipality that has adopted an ordinance providing for child care licensing under the home rule powers under AS 29.10.010 or as authorized under AS 29.35.200-29.35.210. These powers have been delegated to the Municipality of Anchorage since 1998.

Public Assistance

Child Care Resource and Referral

Granting Authority: 7AAC 78 - Grant Programs, 45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25.001 Day Care Assistance and Child Care Grants

Description of Services: Grant program services include supporting families through the operation of a child care referral and providing consumer education services. Supporting existing and prospective programs that care for and educate children through professional development, technical assistance, and increasing quality. The grant program will support the Child Care Program office (CCPO) in its mission to increase the availability, affordability, and quality of child care. Collaborating with early childhood partners and the public in advancing child care goals Supporting the early care and learning system by strengthening collaborations, managing Learn & Grow, Alaska's Quality Recognition and Improvement System, and Alaska's System for Early Education and Development (SEED).

Assessment of Need: The Department of Health and Social Services receives federal Child Care and Development Funds (CCDF). A portion of these funds are used to improve the quality of child care within the State, through the CCR&R grant. CCR&R is engaged in: Referral services to families seeking child care; Professional development training and technical assistance for child care providers; Consumer education to parents and the public; Increasing child care infrastructure; Increasing the quality of child care programs; and, Supporting Alaska's Early Learning System.

Service Delivery Area: Statewide. In FY08, the State of Alaska moved to a single provider of Child Care Resource and Referral services in order to be consistent with the national trend. Child Care Resource and Referral services are provided statewide by a single grantee either directly or through a contractor.

Commodity Supplemental Food

Granting Authority: 7AAC 78 - Grant Programs,

Federal regulations - 7 CFR Part 247; CSFP State plan

Description of Services: Commodity Supplemental Food services provide an increased access to nutritious foods for the low-income elderly over age 60 through distribution of commodity foods to eligible recipients, as well as providing information about commodity foods, nutrition education, and referrals to other health resources.

Assessment of Need: Low-income senior citizens in Alaska are at a nutritional risk because they may not get enough food to eat. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining the percentage of seniors whose income is 130% of the federal poverty level.

Service Delivery Area: Anchorage, Mat Su Valley, Kenai Peninsula, Fairbanks, Southeast Alaska and some outlying communities when transportation is donated or otherwise provided through in-kind support.

Native Employment Work Services

Granting Authority: 7AAC 78 - Grant Programs, AS 47.27 Alaska Temporary Assistance Program, AS 47.27.50 Grants and Contracts for Services

Description of Services: This grant provides funding to develop work experience opportunities in remote villages, increasing program capacity to support Alaska Temporary Assistance Program (ATAP) Work Services participants as they prepare and engage in work and work experience placements.

Assessment of Need: The Administration for Children and Families (ACF) sets standards for parents receiving Temporary Assistance for Needy Families (TANF) benefits for participating in work or community work experience activities and the hours of participation. States that don't meet the federally mandated participation rate targets are subject to financial penalties; this grant will help avoid significant financial penalties. Families in remote villages outside the central hub communities have very limited opportunities for potential work experience placements and other activities that meet the Federal definition of "countable" towards the mandatory participation rate.

Service Delivery Area: Rural villages located within the Nome census area with the exception of the City of Nome which is currently served by the State Public Assistance office.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.1 Strengthen Alaska Families

AS 47.27.070 - Alaska Native Organizations' Family Assistance Programs; AS 47.27.200 - Alaska Native Family Assistance Grants; and AS 47.27.300 - Regional Public Assistance Programs; 42 U.S.C. 609 - Penalties; 42 U.S.C 619 - Definitions; 42 USC 612(a)(B)(i) - Grants for Indian Tribes, Amount Determined in General; 45 CFR 263.0 – Applicable Definitions; and 45 CFR 263.2 - State expenditures that count toward a State's basic MOE expenditure requirements

Description of Services: Native Family Assistance Program (NFAP) grants are used to augment federal Tribal Temporary Assistance for Needy Families (TANF) funds and comprise a significant portion of Alaska's TANF Maintenance of Effort (MOE) requirement. The NFAP grants will be used by eligible grantees in accordance with state TANF regulations. NFAP grants are primarily used to pay cash benefits directly to TANF eligible families, assisting them in moving from reliance on welfare to self-sufficiency through employment, cash assistance, supportive services, diversion payments, and associated case management services.

Assessment of Need: Tribal organizations receive federal TANF funding based on a States 1994 caseload and expenditure data for Indian families residing in the service area of the eligible Tribal entity. The NFAP grants are needed to supplement the federal TANF funds and satisfy approximately 30 percent of Alaska's historic spending efforts on TANF.

Service Delivery Area: Service areas are defined by the boundaries of each of the eligible Alaska Native entity's responsible for the administration of a Native Family Assistance Program, and are included in their federally approved Tribal Family Assistance Plan.

Public Assistance

SNAP Employment and Training

Granting Authority: 7AAC 78 - Grant Programs, AS 47.27.005 Duties of the Department; AS 47.27.030 Family Self-Sufficiency Services.

Description of Services: Under the Supplemental Nutritional Assistance Program (SNAP) Employment and Training (E&T) grant, agencies already providing E&T services may be reimbursed a portion of their actual costs when serving SNAP recipients who are not currently receiving benefits under the Alaska Temporary Assistance Program (ATAP). The program divides E&T services into three components: Job Search, Education and Vocational Training. Services are designed to further advance the skill set and employability of the trainee. Supportive services such as transportation assistance, supplies, books and expenses directly related to participation may also be provided. It is anticipated that SNAP recipient participation in the E&T program will be voluntary; however, there is the possibility that participation may become mandatory in the future and will greatly increase grantee caseloads.

Assessment of Need: As authorized under the amended Federal Food and Nutrition Act of 2008, the State of Alaska seeks to create a robust employment & training network of services for interested SNAP recipients who wish to increase their financial well-being for themselves and their families by increasing skills, increasing education, obtaining certificate training related to in-demand occupations, and/or participating in job readiness and job search programs.

Service Delivery Area: This new program will be piloted in the Anchorage area for the first three years but may expand into other areas in the future.

Special Supplemental Nutrition Program for Women, Infants and Children (WIC)

Granting Authority: 7AAC 78 - Grant Programs,

USDA Regulations 7 CFR Part 246

Description of Services: The Women, Infants and Children (WIC) program provides nutrition assessment services, nutrition education, breastfeeding guidance and support, free supplemental foods that contain key nutrients often lacking in the diets of the target population, and referral for health and social services. WIC services are combined with pediatric and prenatal services wherever possible. A portion of funds are also issued under this grant procurement authorization to initiate upgrades to equipment, facilities or infrastructure, including piloting new technologies and other United States Department of Agriculture (USDA) priorities, enhancing nutrition education resources, and other projects to enhance and expand services.

Assessment of Need: The WIC Program currently serves approximately 15,000 women, infants and children through 12 grantees at 23 fixed clinic locations with 235 additional communities served on an itinerant basis. With declining federal revenues for the program, and the need to ensure continuing and more effective service delivery with those reduced resources, the WIC program has been implementing changes to help protect the integrity of services. In FY 14, the WIC Program proposed changes to the service infrastructure in order to achieve four primary goals: 1) Attain grantee administrative and service delivery cost efficiencies; 2) Increase grantee staff resources available for direct services; 3) Target underserved populations; and 4) Increase compliance with federal standards on WIC nutrition services.

Public Assistance

Supplemental Nutrition Assistance Program Education

Granting Authority: 7AAC 78 - Grant Programs,

7 CFR 272.2(e) Supplemental Requirements

Description of Services: The Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296), section 241, established the Supplemental Nutrition Assistance Program - Education (SNAP-ED) as the Nutrition Education and Obesity Prevention Grant Program. Activities must be evidenced-based and delivered through individual or group-based strategies, comprehensive multi-level interventions, and/or community and public health approaches. SNAP-ED efforts may also address environmental and policy-level interventions. National, State, and local coordination and collaboration is strongly encouraged and recommended.

Assessment of Need: In an effort to expand activities, leverage limited funding by identifying communities with limited access to health or physical information, and reduce prevalence of obesity in low-income areas, SNAP-ED was incorporated into Family Nutrition Programs. A needs assessment was conducted to recommend best strategies of delivering the nutrition messages.

Service Delivery Area: Statewide

Public Assistance

The Children's Place

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: This program provides drop in child care for parents accessing Division of Public Assistance (DPA) services. It runs as a "parents on site" facility. It also provides consumer education information regarding child care to families, so they have greater access to resources and supports as well as information on accessing quality child care. The program will aim to offer employment opportunities to Alaska Temporary Assistance Program (ATAP) clients seeking employment in the child care industry.

Assessment of Need: In 2000, the Gambell Public Assistance Office was remodeled to include a small drop in child care facility to test the effectiveness of such a program in Alaska's largest DPA office. The original intent was, if successful, the program could be expanded to other DPA offices. The program has exceeded expectations; however, additional funding is not available to expand to other DPA offices at this time. In 2017, many DPA offices closed to serving the public, resulting in heavier foot traffic and longer wait times in the Gambell office. The Division recommends continuation of the program in its current form until, and if, additional funding becomes available, expanding to support other DPA offices serving clients.

Granting Authority: 7AAC 78 - Grant Programs,

42 USC 601 Block Grants to States for Temporary Assistance to Needy Families (TANF), PL 104-193 Personal Responsibility and Work Opportunity Reconciliation Act of 1996, AS 47.27 Alaska Temporary Assistance Program

Description of Services: The Transportation Services Grant Program is designed to provide transportation support to Alaska Temporary Assistance Program (ATAP) clients who need the service to pursue work and other activities that help them toward self-sufficiency.

Assessment of Need: Accessible, reliable transportation remains out of reach for many of Alaska's Temporary Assistance clients. The Kenai and Matanuska-Susitna communities have limited resources to devote towards public transportation and need alternatives for families unable to afford a vehicle for personal use. This grant is to help ATAP clients meet their transportation needs.

Service Delivery Area: Two grants will be funded, one in the Matanuska-Susitna area and one in the Kenai Peninsula area.

Anchorage Project Access

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Nationally, Project Access is a proven program for health care delivery for the uninsured in which health care practitioners provide free care to a limited number of low-income, uninsured individuals each year, improving health outcomes and reducing emergency room charity care costs. Patients are screened for income eligibility and cannot be eligible for other programs.

Assessment of Need: Based on findings from the 2012 Alaska Behavioral Risk Factor Surveillance System Survey, 21.3% of Anchorage/Mat-Su residents 18 years of age and older had no health care coverage as compared to 20.4% statewide.

Public Health

Community Health Centers - Senior Access Program

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: The goal of the Community Health Centers - Senior Access Program (CHC-SAP) is to increase access and delivery of primary care to Alaska seniors (persons age 65 years and older) through Alaska's Community Health Centers (CHCs). Funding is to help alleviate strain on Community Health Centers resulting from medical homes for seniors who have been refused care by private practice physicians due to low Medicare reimbursement rates.

Assessment of Need: In this current and growing primary care crisis for seniors with Medicare as primary insurer, seniors are being refused care by physicians due to Medicare's low reimbursement rate. In some parts of Alaska, Community Health Centers are often the only providers available and/or willing to see Medicare patients. During the 2016-2017 grant years, 9,455 Medicare enrollees (approximately 11.3% of Alaska's Medicare enrollees) received services through the Senior Access Program provided by more than 13 Community Health Centers throughout the state.

Service Delivery Area: Statewide by catchment areas of participating Section 330 Community Health Centers.

Emergency Medical Services

Granting Authority: 7AAC 78 - Grant Programs, AS 18.08.010

Description of Services: Under this program, grantees serve as the regional lead and support in the development, implementation, and maintenance of a statewide comprehensive emergency medical services system. Grantees identify and prioritize regional Emergency Medical Services (EMS) training, testing, and other EMS system development services through input from the State, EMS providers, physicians, medical directors, and other health organizations, as well as communications experts, with the goal of maximizing the availability and quality of emergency medical services.

Assessment of Need: The EMS regional grant program supports EMS services through specialized training and assisting with new and ongoing certification of EMS providers; ensuring accurate and complete data submission critical to quality improvement and needs assessments; performance improvement on targeted performance measures; through development of the EMS continuum of care and specific efforts such as strengthening regional medical direction and integration of the trauma system; and through participation in the EMS and community aspects of disaster planning.

Public Health

HIV Care

Granting Authority: 7AAC 78 - Grant Programs, P.L.114-198 Public Health Services Act, sections 2611-23; and AS 44.29.020.

Description of Services: The State uses these funds to provide grants to community agencies enhancing access to a comprehensive continuum of high quality, community-based care for low-income individuals living with HIV. Services provided by grantees include: 1) medical case management; 2) purchase of high-priority outpatient medical/dental and 3) supportive services.

Assessment of Need: Many individuals and families living with HIV have limited financial and social resources for addressing medical and other needs associated with HIV. The HIV Care Program helps people living with HIV enter and stay in medical care and access services they cannot otherwise afford.

Public Health

HIV/AIDS Prevention

Granting Authority: 7AAC 78 - Grant Programs, Public Health Service Act, Section 201, 42 U.S.C. 241; Alaska HIV Prevention Plan, AS 44.29.020.

Description of Services: Services will impact HIV prevention and diagnosis along the HIV care continuum, including: 1) HIV prevention, 2) HIV testing, 3) linkage to medical care for persons newly diagnosed with HIV, and 4) retention in medical care for persons living with HIV. As this grant is fully funded by the Centers for Disease Control and Prevention (CDC), all program services and interventions must be allowable under the Federal HIV Prevention funding opportunity announcement, and are subject to change based on Federal requirements. Recommended interventions by the CDC may include activities such as promotion of bio-medical HIV prevention services, condom distribution, HIV testing, and prevention with positives. Services which impact HIV prevention and testing at the health systems level may also be implemented.

Assessment of Need: Using epidemiological data, the HIV/STD Program has identified populations at increased risk for acquiring HIV in Alaska, including men who have sex with men, injection drug users, and high-risk heterosexuals. These populations are outlined in the epidemiologic profile of Alaska's 2017-2021 Integrated HIV Prevention and Care Plan, and have been approved by the Alaska Integrated HIV Advisory Group. Grant services will target the priority populations identified by the HIV/STD Program, as well as other priority target populations that may be identified and required by the CDC.

Service Delivery Area: Statewide.

Public Health

Parent Navigation

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Parent Navigation services provide support and assistance to families of children with cleft lip/palate, hearing loss or deafness, or autism and other co-occurring neurodevelopmental disorders. Services support families from the initial screening through diagnostic evaluation and assist with identifying treatment and payment options.

Assessment of Need: Parent Navigation links families with trained parents who have experienced having children with similar conditions. Families benefit from Parent Navigation support and experience improved outcomes for children and youth with special health care needs through facilitated linkage with community providers and resources.

Service Delivery Area: Services are available statewide through clinics held in Anchorage and Fairbanks for cleft lip/palate, and several communities around the state for autism screening. There are no formal clinics for hearing screening.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

Parents as Teachers

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: The Parents as Teacher Program (PAT) uses an evidence-based model to deliver parent education services to eligible children, their parents and caregivers. Trained parent educators visit homes to support and build on parent and caregiver strengths, while teaching about optimal early childhood developmental learning. Grantees will be required to be a PAT Model Affiliate or will complete a plan to become an affiliate in the first grant year. To become an affiliate, agencies must meet the 20 essential components of the PAT model, which ensures each affiliate meets the minimum expectations for program design, infrastructure, and service delivery. Affiliates must also be able to offer all components of the PAT model, which includes personal visits, a resource network, group connections, and developmental screenings.

Assessment of Need: In order to support children as they grow through the most critical stages of development, it is important to help parents increase their knowledge of early childhood development and improve parenting skills. Early detection of developmental delays and health issues can help reduce child abuse and neglect and by investing in early childhood through improved healthy development and prevention of maltreatment, it is possible to improve children's readiness to succeed in school and life.

Positive Youth Development Afterschool Program

Granting Authority: 7AAC 78 - Grant Programs,

In accordance with AS 44.29.020(a), the Department of Health and Social Services is authorized to establish a youth services grant program.

Description of Services: The Positive Youth Development Afterschool Grant Program will fund community-based and state wide prevention programs that reduce initiation of marijuana use by minors, promote cessation of marijuana use among minors, reduce access of minors to marijuana products, reduce exposure of minors to impaired driving dangers from marijuana use, and enhance individual, family, school, and community protective factors that foster healthy development.

Assessment of Need: According to the 2017 Alaska Youth Risk Behavior Survey data, youth state-wide who take part in after-school activities are 29% less likely to have used marijuana in the past month. Extensive research has shown an individual's social condition, personal traits, genetic disposition, and life experience are associated with different types of healthy or unhealthy behavior. These social and personal influences are defined as risk and protective factors. Numerous risk and protective factors affect youth substance abuse, delinquency, and other risk behaviors. The more risk factors an adolescent has at the individual, family, school or community level, the more likely s/he is to engage in risk behaviors. The more protective factors present in an adolescent's life, the more likely s/he is to engage in pro-social and developmentally-healthy behaviors. For example, youth who experience adverse childhood experiences (ACEs), witness family members engaging in substance use, and live in disconnected or transient communities are more likely to engage in risk behaviors themselves. On the other hand, youth who have a positive self-concept, are engaged in meaningful activities, and are connected to their families and other adults in their community are more likely to avoid risk behaviors.

Service Delivery Area: Rural, urban, and state-wide youth serving organizations. Eligible applicants include local governments, schools, nonprofit organizations, state agencies, and institutions of higher education.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions by Alaskans

Public Health

Public Health Emergency Preparedness

Granting Authority: 7AAC 78 - Grant Programs, AS 44.29.020; PHS 309(A) 317(K)(1)(2) 319; 42 USC 241(A); 42 USC 247d-3a

Description of Services: Program services will achieve statewide public health and medical preparedness goals through the maintenance and increase of disaster and public health emergency preparedness, response, and recovery capabilities. Services include participation with the Division in ongoing statewide risk assessment and gap analyses, and the development and implementation of target capabilities identified by the Centers for Disease Control and Prevention (CDC). Target capabilities for healthcare system preparedness and recovery include, though are not limited to: emergency operations coordination; information sharing; mass care; fatality management; volunteer management; responder safety and health; and medical materials management and distribution, including medical surge and dispensing of countermeasures.

Assessment of Need: Alaska's ability to effectively respond to large scale public health emergencies, natural disasters, and man-made hazards is imperative as the public health system plays a critical role in such emergencies. An effective, broadly developed and coordinated emergency response lessens the impact of such incidents and contributes significantly to community and individual resilience following such incidents.

Service Delivery Area: Service delivery is statewide for preparedness services to benefit all Alaskans.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

Public Health Emergency Preparedness

Public Health

Public Health Nursing

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Public health nurses are expected to provide population and systems based health promotion and disease prevention services to communities and regions, and direct clinical preventive services to individuals and families. Services include prevention and control of infectious and non-infectious diseases through immunizations, screening, testing, treatment, contact investigation, education and outreach; public health emergency preparedness and response activities; outreach to families and children at medical and social risk; referral and linking of individuals and families with needed services; and direct provision of health services when they are otherwise unavailable.

Assessment of Need: Currently we do not have state-run public health centers in the proposed service delivery areas. The Municipality of Anchorage, North Slope Borough, and Maniilaq Association are the only organized governing bodies vested with health powers that serve each of these geographical areas. Grants with these three governing bodies are deemed the most effective and appropriate means of providing area-wide public health nursing services. A disruption in the delivery of these services would place residents at increased risk of infectious disease and would reduce preventive health services available to high-risk/medically underserved women and young children.

Service Delivery Area: The Municipality of Anchorage proposed service delivery area includes the Municipality of Anchorage and the Girdwood, Eagle River, and Chugiak communities. The North Slope Borough proposed service delivery area includes the community of Barrow and the villages of Atkasuk, Kaktovik, Nuiqsut, Point Lay, and Wainwright. The Maniilaq Association proposed service delivery area includes populations of the City of Kotzebue, and the villages of Ambler, Buckland, Deering, Kiana, Kivalina, Kobuk, Noatak, Noorvik, Selawick, Point Hope, and Shungnak.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 2.2 Facilitate Access to Affordable Health Care For Alaskans

Public Health

Restore Hope in Linkage to Care Collaboration

Granting Authority: 7AAC 78 - Grant Programs,

Chapter 75 SLA 18, Chapter 97 SLA 18, AS 47.07.036(f), Chapter 3 SLA 20, Public Law 115-271 115th Congress

Description of Services: Restore Hope to Linkage to Care Collaboration grant program will provide funding to implement mobile crisis teams, mental health collaborative models and additional technology for delivery of telehealth to implement these models with a priority of peer integration. The program will increase the amount of linkages to care to substance use disorder treatment and other services for Alaskans, improve capacity in emergency departments, reduce unnecessary arrests, and increase cost-effectiveness of the health care system. By the end of the two year pilot at least four emergency responder agencies will have collaborative initiatives with agencies who provide substance use disorder treatment.

Assessment of Need: One in four patients who present to emergency departments in Alaska have primary or secondary behavioral health diagnoses with 78% related to alcohol and/or drug dependence, while in 2017, Alaska experienced its highest rate of death from overdoses since 2011. Alaskan lives may be less likely to fall victim to overdosing, if those who presented in the emergency department with drug dependence could be linked to immediate substance use disorder treatment through emergency responder mental health collaboration models. Linking people to substance use disorder treatment may reduce the number of people presenting to emergency departments, thereby reducing the overall estimated lost potential earnings, \$24,079,412 in SFY2019, associated with inpatient and emergency department treatment of diseases and conditions attributable to drug misuse.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- Health and Wellness Across the Lifespan
- Health Care Access, Delivery & Value

Department Core Services

- Protect and Promote the Health of Alaskans
- Provide Quality of Life in a Safe Living Environment for Alaskans
- Facilitate Access to Affordable Health Care for Alaskans

Public Health

Teen and Unintended Pregnancy Prevention

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: This program implements non-marital pregnancy prevention projects designed to educate providers and young Alaskans about the prevention of teen and unintended pregnancies using abstinence primary messages as appropriate. Grantees will work collaboratively with health care providers, health educators and Alaskans at risk of unintended pregnancies.

Assessment of Need: Both teen and unplanned pregnancy are closely linked to a host of critical social issues that Temporary Assistance for Needy Families (TANF) aims to address, such as poverty, lack of education, high levels of relationship conflict and family turmoil, father absence, single parenthood, and various negative social, health, and economic outcomes for children born as a result of such pregnancies.

Alaska Pregnancy Risk and Monitoring System (PRAMS) data from 2012-2014 indicates that of women under 20 years old, 71% of pregnancies resulting in a live birth were unintended, compared to 43% of women aged 20-24. Most notably, Alaska consistently ranks highest for Chlamydia rates in the US since 2000 (State of Alaska, Division of Public Health; Section of Epidemiology, 2017). Alaska also has high gonorrhea rates. In 2016, 15-19 year olds accounted for 9.63% or 140 cases per 100,000 persons. Alaska ranks the highest in rape incidence annually in the US (FBI Statistics, 2016). 59% of adult females had a lifetime prevalence of intimate partner or sexual violence (National Coalition Against Domestic Violence, 2015). Intimate partner violence can impact a young woman's reproductive and sexual health, increasing the risk for unintended pregnancies, abortions, miscarriage and HIV or STD infection (Silverman et al., 2001).

Service Delivery Area: Services will continue to be provided by two partner agencies, the Reproductive Health Clinic at the Department of Health and Human Services, Municipality of Anchorage, and The R.E.C. Room (Resource & Enrichment Co-Op) at Kachemak Bay Family Planning Clinic in Homer, working in regions of the state with high percentages of non-marital births.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families and Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions by Alaskans

Teen and Unintended Pregnancy Prevention

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount

Public Health

Title X Clinical Family Planning Services

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Program services offer low-cost, confidential, clinical reproductive health and family planning services to low-income women and men. Services must include, but are not limited to: comprehensive reproductive health exams, breast and cervical cancer screening, pregnancy testing, counseling and screening for sexually transmitted diseases and counseling and provision of contraceptive methods. In addition to clinical services, grantees must offer client education and referral to other local agencies for all primary health care needs and other clinical procedures and screening or diagnostic tests not performed on site. The broad range of services paid for with Title X monies strictly prohibits abortion as a method of family planning. As a recipient of federal Title X funding, the grantee must follow Title X policies and procedures for determining eligibility of clients for discounted services, as well as meeting the Title X Program requirements of a clinical services delivery site.

Assessment of Need: Many regions of the state, rural and urban, contain communities with high rates of teen and unintended pregnancies, due in large part to lack of reliable access to affordable, confidential family planning and women's health services. Although Anchorage and the Kenai Peninsula have historically had the highest demand for program services, this procurement will explore the statewide interest, infrastructure capacity, and cost-effectiveness of providing Title X services in locales not previously served.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

Public Health

Tobacco Prevention and Control (Community Based Grants)

Granting Authority: 7AAC 78 - Grant Programs, AS 44.29.020; AS 47.05.010

Description of Services: Through recommendations in the Centers for Disease Control and Prevention's (CDC) best practices for Comprehensive Tobacco Control Program the Tobacco Prevention and Control (TPC) Community Grant Program is intended to: prevent initiation of tobacco use among youth, eliminate exposure to secondhand smoke, promote tobacco cessation among youth and adults and identify and eliminate tobacco-related disparities. Each grantee will work to provide comprehensive services in their community or region and collaborate with other TPC funded agencies or partners.

The Community Health Investment Initiative (CHII) empowers local communities to strengthen resiliency through protective factors and integrates a community-based intervention system proven to reduce youth health and behavior problems community wide, Communities that Care (CTC). This initiative will help local coalitions develop community-specific prevention plans based on their unique levels of behavioral health problems and risk and protective factors.

Assessment of Need: Comprehensive Tobacco Prevention Cessation programs in communities across the state are a proven effective means to reduce the death, disability and economic burden caused by tobacco use.

Service Delivery Area: Program staff anticipates providing community or regional grants to organizations based on their ability to impact their communities in the four CDC recommended evidence based practices: prevent initiation of tobacco use among youth, eliminate exposure to secondhand smoke, promote tobacco cessation among youth and adults and identify and eliminate tobacco-related disparities.

RBB Framework: Department Priorities

Public Health

Youth Pregnancy and Violence Prevention

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: This grant administers mini grants to youth groups in Alaska designed to strengthen and increase positive experiences that prevent teen pregnancies, promote healthy relationships, and empower young Alaskans to develop into healthy, respectful, caring, and responsible citizens.

Assessment of Need: Teen pregnancy is associated with several adverse outcomes affecting both mother and infant. Teen pregnancy is associated with several critical social issues including poverty and income, overall child well-being, education, child welfare and out-of-wedlock births. In addition, teens who have been victims of child abuse or intimate partner violence are more likely to have an unintended pregnancy and to engage in sexual risk behaviors. In Alaska in 2017, 7.3% of students in traditional high schools reported being physically hurt on purpose at least once by someone they were dating according to the Alaska Youth Risk Behavior Survey. The partner organization must choose grantees who work in regions that have a high incidence of early sexual onset, high rates of teen births or high rates of intimate partner violence as demonstrated by data and/or knowledge of community and population behaviors.

Service Delivery Area: Rural Alaska.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions by Alaskans

Adult Day Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults; 7 AAC 130.200-319 Medicaid Home and Community Based Waiver Services

Description of Services: Adult Day Services (ADS) provide an organized program of services in a facility-based group setting, including supervision and a secure environment for individuals who experience Alzheimer's Disease and Related Disorders (ADRD), physical, emotional and/or other cognitive impairments. Services incorporate person-centered planning approaches in response to an evaluation of the person's functional health, social needs and interests. ADS programs are non-residential and occur during part of a day but less than 24 hours per day.

Assessment of Need: ADS provide supervised care during the day to eligible individuals at risk for institutionalization. Services provide therapeutic activities and supports programs that maintain or increase optimal mental and physical functioning. Additionally, services provide respite to caregivers to support continuing care at home, forestalling or avoiding the need for institutionalization. Expansion of Adult Day Services is needed to meet the needs of the increasing number of seniors with ADRD.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- Health & Wellness Across the Life Span

Senior and Disabilities Services

Aging and Disability Resource Centers

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.24 Protection of Vulnerable Adults, AS 47.65 Service Programs for Older Alaskans and Other Adults, Federal Authorization: PL 101-508 codified at 42 USC 1395b-4, section 4360 of the Omnibus Budget Reconciliation Act of 1990, 7AAC 127.030 (b), and 7AAC 127.190 (12).

Description of Services: The Aging and Disability Resource Centers (ADRC) program serves as an unbiased resource for information and assistance related to long term services and supports to seniors, people with disabilities, and to their caregivers and families. Core functions include information, referral and assistance, options counseling, streamlined benefits screening, person-centered transition support, as well as outreach and training. Additionally, all individuals seeking Medicaid funded support through Senior and Disability Services (SDS) will be required to complete the Person-Centered Intake process through the ADRC program to help streamline the process.

Assessment of Need: As a result of the COVID-19 crisis, federal COVID Cares funding was awarded to the ADRC program in FY21 to cover costs associated with the pandemic.

With a growing senior population and rising costs for long term support services, the need for easily accessible, unbiased information, as well as expertise concerning available options and supported decision making, is an increasingly essential service. As SDS streamlines the process of accessing Medicaid funded services, the ADRC's will play an integral role in completing the person-centered intake form for each person seeking long term assistance. Beginning in FY2019, the ADRCs will serve as the entry point for all SDS Waiver services.

Service Delivery Area: ADRCs currently serve Anchorage, Kenai/Valdez/Cordova, Southeast Alaska, Bristol Bay/Kodiak, and the Matanuska-Susitna Borough. Additionally, in FY2019, the Fairbanks Northstar Borough will also be served by an ADRC.

Senior and Disabilities Services

Alaska State School for Deaf and Hard of Hearing Student Life Program

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

Description of Services: This program provides outreach, transportation, and housing utilizing "host families" for students attending the Alaska State School for Deaf and Hard of Hearing (ASSDHH). Additionally, the Student Life Center (SLC) supports the "host families" by providing training, assistance meeting licensing requirements, stipends, and respite. Services are provided 24 hours a day, seven days a week during the academic year.

Assessment of Need: Students from all over the state attend the Alaska State School for Deaf and Hard of Hearing and the SLC provides essential services to ensure the students from rural areas are able to attend. The SLC provides transportation and housing for students who attend whose families reside in rural areas outside of Anchorage. In addition, the SLC program also identifies "host families" in Anchorage who will provide a home-like environment to students while they are attending the school. The ASSDHH determines a child's needs and must refer the child to the program in order for the child to become a member of the SLC family.

Service Delivery Area: The Student Life Center is located in Anchorage and serves students from all over Alaska.

Alzheimer's Disease and Related Disorders - Education and Support Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 Duties of Department, AS 47.45 Older Alaskans, AS 47.65 Service Programs for Older Alaskans and Other Adult

Description of Services: Alzheimer's Disease and Related Disorders (ADRD) Education and Support provides statewide education and support services to people with Alzheimer's Disease and Related Disorders including Vascular Dementia, Parkinson's disease, Pick's disease, Huntington's disease, Lewy Bodies, HIV and alcohol related dementia and others. Services help families and caregivers to maintain the ADRD client at home, forestalling or preventing institutionalization. The scope of work includes education and dissemination of information about ADRD to the general public, healthcare professionals, professional caregivers, agencies and organizations to increase awareness of ADRD. Additionally, the program links caregivers and agencies with resources available in their area to continue caring for the individual with ADRD in their home and community.

Assessment of Need: People with dementia live an average of eight to ten years after diagnosis and it is estimated that 7 out of 10 people with ADRD live at home. Alzheimer's afflicts 1 in 10 persons over 65 and nearly half of all people over 85, and it is estimated that by 2025 Alaska will have approximately 12,000 individuals diagnosed with Alzheimer's Disease.

Senior and Disabilities Services

Behavioral Risk Management

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

Description of Services: As required by AS 47.80.100, the Department must, within the limits of appropriation, implement a comprehensive system of services and facilities dispersed throughout the state. The services required under this statute are specialized and directed towards addressing habilitation and crises needs of individuals with developmental disabilities.

This program provides wrap-around support interventions for adults with disabilities who have a history of victimization and remain at risk. Among the services provided are assessment, psychosocial skills training, socio-sexual skills training, clinical case management, and case consultation. Personal safety and risk reduction strategies are designed to assist individuals to live safely in their homes and communities. Behavioral risk management services are available for individuals with a history of inappropriate sexual behavior or victimization. Staff provide conference presentations, workshops, technical assistance and support, and are published writers in the area of disability and abuse.

Assessment of Need: Services are for individuals with developmental disabilities who display high risk or inappropriate behaviors and are at risk of institutionalization in corrections facilities, as well as individuals who, because of their disability, are more vulnerable to abuse. Training or support provided by this program must be accessible to direct service staff, school paraprofessionals, family members of people with disabilities, and other interested students in their home communities.

Centers for Independent Living

Granting Authority: 7AAC 78 - Grant Programs,

Title VII, Chapter I, Part B of the Rehabilitation Act, as Amended by the Workforce Innovation and Opportunity Act (WIOA) of 2014; Alaska's State Plan on Independent Living (SPIL), Section 704 of the Rehabilitation Act, as amended, 29 U.S.C 796c(c). 34 CFR 364.1-364.57 and 34 CFR 365.1-365.32.

Description of Services: Centers for Independent Living are community based, cross-disability, non-profit organizations that are designed and operated by people with disabilities. Independent Living Centers provide five core services: 1) Individual systems advocacy, 2) Information and Referral, 3) Peer counseling (including cross-disability peer counseling), 4) Independent living skills training, and 5) Transition Services.

Assessment of Need: Centers for Independent Living provide expertise and assist individuals to live independently through the use of assistive technology, benefits counseling, job skill training, transportation, home and work accommodations, and other modifications.

Service Delivery Area: There are four designated Centers for Independent Living providing services throughout the state.

Southeast Alaska Independent Living: Serving Southeast
Independent Living Center, Inc.: Serving Kenai Peninsula, Valdez, Cordova, and Kodiak
Arctic Access: Serving Northwest Region including Kotzebue and Nome
Access Alaska: Serving Anchorage, Matsu, Fairbanks and Interior

Senior and Disabilities Services

Deaf Navigator

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 (17) Duties of the Department and AS 47.65 Service Programs for Older Alaskans and Other Adults

Description of Services: The Deaf Navigator Program will provide a range of resources and services designed to improve long-term employment and housing outcomes to Alaskans who are deaf or hard of hearing. The program will provide assistance navigating and accessing available resources, coordinate siloed service systems for individuals with multiple disabilities, provide training to employers and service providers on deaf culture values, coordinate with the Division of Vocational Rehabilitation to maximize employment supports, and assist individuals who are deaf and hard of hearing in accessing and maintaining appropriate and affordable housing. The Deaf Navigator Program will coordinate with the Denali Deaf Council and other community programs to promote independence and advocate for the needs of individuals throughout the state who are deaf or hard of hearing.

Assessment of Need: Rates of homelessness, unemployment and incarceration of individuals who are deaf and hard of hearing have increased over the last six years due to the elimination of the Anchorage Deaf and Hard of Hearing Center. Deaf individuals report increasing difficulty accessing available resources, finding and maintaining employment and housing due to lack of understanding of complex systems and communication barriers. Assistance with communication and coordinated service system supports can help ensure positive long term outcomes.

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

Description of Services: The Short-Term Assistance and Referral (STAR) Program provides information and assists individuals who experience developmental disabilities (DD) and their families with learning about and navigating various programs and services. The STAR program serves as the entry point for families into the state's Medicaid Waiver developmental disability service system. STAR programs explain the process and provide assistance to individuals and families completing the DD eligibility application, updating the Registration and Review form, completing Medicaid applications, and coordinating with other state and local programs.

Additionally, the STAR program also provides access to Developmental Disability Safety-Net grant funds for the provision of direct services for those individuals who were previously being served with grants but were not eligible for Waiver services once the grant was discontinued. Stone Soup Group, the sole statewide STAR provider, receives 100% of the funds and manages the program.

Assessment of Need: The STAR program was developed to assist individuals and their families with navigating the multi-tiered application process so they can receive community based supports in the least restrictive environment. The STAR Program navigators are specifically trained to provide access to necessary services in a timely manner.

Senior and Disabilities Services

Early Intervention/Infant Learning Program

Granting Authority: 7AAC 78 - Grant Programs, AS 47.20.060-AS 47.20.290 (Special Services for Certain Children), 7AAC 023 (Programs for Handicapped Children) ; 34 CFR Part 303 (Early Intervention Program for Infants & Toddlers with Disabilities), P.L. 111-320 - (Child Abuse Prevention and Treatment Act, CAPTA)

Description of Services: The purpose of this grant program is to provide early intervention services to families of infants and toddlers (birth to third birthday) with disabilities and/or developmental delays to ensure improved outcomes and the development of natural supports for children and their families. Service delivery performance and program standards comply with the requirements of Part C the Federal Individuals with Disabilities Education Act (IDEA). The Early Intervention/Infant Learning Program (EI/ILP) grantees will provide family-centered, home-based services that include developmental evaluation/assessments, service coordination, development of Individualized Family Service Plans (IFSP), and educational and/or therapeutic services as determined by the EI/ILP team.

Assessment of Need: IDEA requires that comprehensive early intervention services be available to eligible infants and toddlers and their families in all areas of the state. Approximately 3000 infants and toddlers are referred to the Infant Learning Program for services annually. The Child Abuse Prevention and Treatment Act (CAPTA), reauthorized with the enactment of the Keeping Children and Families Safe Act of 2010 (P.L. 111-320), requires referral of infants and toddlers to Part C early intervention who are: (a) The subject of a substantiated case of child abuse or neglect; or (b) Identified as directly affected by illegal substance abuse or withdrawal symptoms resulting from prenatal drug exposure.

Senior and Disabilities Services

Health Promotion and Disease Prevention

Granting Authority: 7AAC 78 - Grant Programs,

Title III Older Americans Act (OAA); AS 47.05.010 Duties of the Department of Health and Social Services; AS 47.65 Service Programs for Older Alaskans and Other Adults

Description of Services: Provision of evidence-based health promotion, disease prevention (HPDP) programs to older Alaskans, aimed at reducing the risk of disease, disability, and injury.

Assessment of Need: The goal of HPDP, funded through Administration on Aging Title III-D, is to improve health and wellbeing of older Alaskan populations and to reduce costs of acute and long term care. Alaska has an increasing population of adults aged 60 and older. Most older adults have at least one chronic condition and many have multiple conditions. Adults over age 60 are increasingly likely to fall, which can result in loss of independence and entry into institutional care. Prevention activities, including self-management of chronic conditions, falls prevention, physical activity, and medication education, improve emotional and physical health, wellbeing, and sustain the ability to carry out activities of daily living so the person is able to remain at home.

Senior and Disabilities Services

Medicare Counseling and Outreach

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.24 Protection of Vulnerable Adults, AS 47.65 Service Programs for Older Alaskans and Other Adults, Federal Authorization: PL 101-508 codified at 42 USC 1395b-4, section 4360 of the Omnibus Budget Reconciliation Act of 1990, 7AAC 127.030 (b), and 7AAC 127.190 (12).

Description of Services: Medicare Counseling and Outreach (MCO) grants provide coordination of Medicare outreach, counseling, referral, and data-entry activities consistent with the State Health Insurance Assistance Program and Senior Medicare Patrol grants. As an extension of the Medicare Information Office, they provide one-on-one Medicare counseling and public media outreach to seniors and people with disabilities. Counseling and referral are performed both on-site and over the phone, and outreach is provided off-site at community locations and events.

Assessment of Need: Availability of Medicare counseling and information for beneficiaries is essential for accessing necessary health care and medications. Demand for Medicaid Counseling and Outreach has increased with the expanding senior population in Alaska. Grants under this program increase the capacity of the Division of Senior and Disabilities Medicare Information Office to the growing population.

Service Delivery Area: Funding will leverage existing certified Medicare counselors to support and assist the State Medicare Information Office in providing information to the largest populated areas of the State, and also to beneficiaries statewide.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Senior and Disabilities Services

National Family Caregiver Support

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 (16) and (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults; Title III E of the Older Americans Act.

Description of Services: The National Family Caregiver Support (NFCS) program provides support to unpaid caregivers of individuals age 60 or older, persons with Alzheimer's disease or related disorders (regardless of age), and grandparents (age 55 or older) raising children no older than 18. NFCS services include providing information about available services, providing assistance in gaining access to services, individual counseling, organization of support groups, caregiver training, respite care, and supplemental services on a limited basis.

Assessment of Need: Family caregivers provide over \$450 billion per year in unpaid long term care services. The value of family caregivers will likely continue to be the largest source of long-term care services in the United States as the population over age 65 increases. Providing support to family caregivers may increase the length of time caregivers are able to care for their loved one at home.

Senior and Disabilities Services

Nutrition, Transportation and Support Services

Granting Authority: 7AAC 78 - Grant Programs,

Title III Older Americans Act (OAA); AS 47.05.010 (16) and (17) Duties of the DHSS; AS 47.65 Service Programs for Older Alaskans and Other Adults; 7 AAC 81 Grant Services for Individuals.

Description of Services: The Nutrition, Transportation and Support Services (NTS) Program grants provide for the following services for older persons in accordance with the Alaska State Plan for Senior Services FY2018-2022:

- Congregate and home delivered meals
- Assisted and unassisted transportation
- Homemaker services
- Outreach, information and assistance
- Legal services
- Media services (provides partial funding for the Senior Voice)
- Community services; senior companion, foster grandparent/elder mentor, and retired senior volunteer programs

The Nutrition Services Incentive Program (NSIP) provider agreement is reimbursement per meal in addition to the grant to enhance the nutrient quality of the meals served under Title III.

The NTS Title III grant and NSIP funds are combined for a Senior Meals through Schools Provider Agreement that reimburses for eligible senior meals served by Lower Kuskokwim School District. This has been determined to be a successful strategy for meeting the nutritional needs of rural elders.

Assessment of Need: Applicants for grants identify the target population as individuals with the greatest economic and social need with particular attention to older persons whose income falls below the guideline, live alone, are minorities, live in rural areas, and are frail as defined in Title III.

Service Delivery Area: Applicants may propose to serve one or more of the nine regions established by the Alaska Department of Health & Social Services, or provide statewide services.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Senior and Disabilities Services

Protection and Advocacy

Granting Authority: 7AAC 78 - Grant Programs, Public Law 106-402 Americans with Disabilities Act; AS 47.80 Persons with Disabilities

Description of Services: The Protection and Advocacy Program provides people with developmental disabilities, and their families, training and assistance in methods to resolve grievances they may have with providers of community developmental disability services. Services funded by the program range from Information and Referral, Negotiation and Mediation, various Interventions in line with Administrative Recourse and, as a last resort, Legal Consultation and Remedies. The program exists to assist eligible individuals, sometimes through their families and guardians, to engage in their own advocacy. In collaboration with the Division of Senior and Disabilities Services, this grant has been used to emphasize training to recipients in such areas as Special Education, Social Security and the Americans with Disabilities Act.

Assessment of Need: Under the Federal Developmental Disabilities Act, the State must have a system of protection and advocacy that has the capacity to provide administrative and legal remedies to civil rights concerns for people with developmental disabilities. Further, the agency must be independent of any service-providing agencies.

Service Delivery Area: Statewide

RBB Framework: Department Priority

- 1 Health & Wellness Across the Life Span

Department Core Service

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Protection and Advocacy

Senior and Disabilities Services

Senior In-Home Services

Granting Authority: 7AAC 78 - Grant Programs, AS 47.05.010 (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults.

Description of Services: Senior In-Home (SIH) Services provide case management and in-home services to eligible seniors who do not qualify for Medicaid Waiver services and need assistance with activities of daily living. The goal of the program is to support Alaskan seniors so that they may remain in their homes and communities for as long as possible thereby forestalling or eliminating more costly institutional care. Services include Case Management, Chore, Respite, Extended Respite and Supplemental Services (up to \$500 per household per year for items or services that support the “low-income” senior in avoiding a crisis that would jeopardize their ability to remain independently in their home).

Assessment of Need: These services offer a safety net for low income seniors who do not meet the level of care for the Home and Community Based Medicaid Waiver program, especially those with Alzheimer’s Disease and related disorders (ADRD). By providing case management and in-home assistance, the SIH program is able to extend the time an individual can live independently in their own home and communities and reduce the need for costly institutional care. This continues to be very important as Alaska’s senior population is now the fastest growing per capita in the U.S.

Senior and Disabilities Services

Senior Residential Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.65 Service Programs for Older Alaskans; AS 47.33 and 7 AAC 75 Assisted Living Homes

Description of Services: This program provides additional funding to agencies who operate assisted living facilities. These facilities are located in rural areas without long-term care facilities or Pioneer Homes. Services provided by the assisted living homes are available to seniors 60 and over, and individuals, who are unable to live alone but can reside in a supervised setting with minimal assistance. Assisted living facilities enable seniors to live in or near their communities, and provide meals and assistance with daily activities such as, bathing, dressing, transferring, and eating.

Assessment of Need: Elders who can no longer care for themselves in their own homes and do not have a caregiver to help them, must typically move to Anchorage or another large community to access assisted living care. Services provided by the assisted living homes in Tanana and Galena provide the necessary support for elders to remain close to their homes and communities. Initially, there were three rural assisted living homes providing services in Galena, Tanana and Dillingham; however, the assisted living home in Dillingham has since closed its doors.

Service Delivery Area: Tanana and Galena

Senior and Disabilities Services

Traumatic and Acquired Brain Injury

Granting Authority: 7AAC 78 - Grant Programs, AS 47.80.500 Statewide Traumatic or Acquired Brain Injury Program.

Description of Services: The Traumatic or Acquired Brain Injury (TABI) Grant Program includes Case Management and Mini-Grant services. Case management supports individuals living with brain injury to utilize a comprehensive array of services including medical, rehabilitative, social, educational, vocational, in-home, and other needed services to improve quality of life and maintain independence. TABI Mini-Grants are intended to quickly respond to the needs of individuals to access services not covered by Medicaid, including medical, dental, behavioral training, and to purchase adaptive equipment and other items to implement compensatory strategies for cognitive disabilities.

Assessment of Need: The DHSS Trauma Registry reports that approximately 2,500 new traumatic brain injury survivors, 640 whom are seriously injured, join an estimated 10,000 to 12,000 Alaskans currently living with brain injury every year. Most people with TABI leaving acute care settings are discharged to home, where they piece together the limited supports available. Individuals who have experienced a brain injury have difficulty gaining access to health care providers who are trained in helping people with TABI. Case Management and Mini-Grant services provide a direct link between individuals with TABI and professionals and paraprofessionals who provide assistance so they can maintain independence in their homes and communities.
