State of Alaska Department of Health and Social Services

Fiscal Year 2022 Operating Grants

Mike Dunleavy
Governor

Adam Crum
Commissioner

Introduction

This publication provides detailed information on the operating grants awarded by the Department of Health and Social Services in Fiscal Year 2022. Through these grant programs, the department partners with approximately 203 agencies across the state to provide a variety of health and social services to promote and protect the health and well-being of Alaskans. In Fiscal Year 2022, the department awarded over \$150 million through grants and manages over 520 operating grants.

Unfortunately, not all grant awards have been executed at the time of this publication due to the outage to our grant system servers earlier this year. Grant staff and grantees had to pivot to process items outside of the grant system causing longer processing times, backlogs, and inevitable delays. This grant book captures only those grant awards that have been executed by the end of December 2021.

As part of the State's response to the ongoing COVID-19 pandemic, approximately \$34.8 million in Federal Funding was awarded to grantees under several different programs spread across all Divisions.

Details provided for each grant program include a brief narrative, Results Based Budgeting Framework, grantee name, service area, fund source and award amount. Included in this publication, is a DHSS Services Regions map providing a graphic description of the regions adopted by the department, which helps assess distribution of services and resources across the state. Lastly, an Election District report is included to delineate grant services provided in each election district.

Grant programs are managed collaboratively with each of the department's divisions and Finance Management Services, Grants Section. We welcome your suggestions regarding the Department's response to the needs of Alaskans and how we can improve our services through our grant programs.

Behavioral Health

Adult Rural Peer Support

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 The Community Mental Health Services Act; and AS 47.376, Uniform Alcoholism and Treatment Act.

Description of Services: Support existing organizations seeking to expand into rural areas, or to allow for community mental health centers in rural areas to add peer support to their existing service delivery system, or maintain peer support organizations developed through the Beneficiary Project Initiative. The intent is to promote growth and institutionalization of peer support in behavioral health systems outside Anchorage, Juneau, and Fairbanks areas. The Division anticipates the following outcomes: increased number of peer support organizations actively serving members/individuals in rural communities and improved client quality of life outcomes for individuals engaged in peer support services.

Assessment of Need: Peer support is a recognized best practice in behavioral health. Individuals who have completed treatment or are successfully managing their recovery are often very successful in engaging and supporting their peers in the recovery process. Having trained peer support workers in rural areas would help alleviate the workforce issues faced by rural areas in the recruitment and retention of qualified behavioral health staff from other areas. These positions would also provide local, meaningful employment for peers, an important component of recovery.

Service Delivery Area: Statewide other than Anchorage, Juneau and Fairbanks.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

Adult Rural Peer Support

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount

Behavioral Health

Alcohol Safety Action Program (Adult and Juvenile)

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.31 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: The Alcohol Safety Action Program services are intended for adult and juvenile clients who have a current or pending misdemeanor criminal case with the Alaska Court System for driving while intoxicated and/or other alcohol and drug related misdemeanor cases. Services provide case management and accountability to clients by: 1) screening criminal cases referred from the district court into drinker classification categories and; 2) managing misdemeanor alcohol offender cases to ensure their required substance abuse education or treatment program are completed, as prescribed by the courts.

Assessment of Need: The Alcohol Safety Action Program is an integral part of the Alaska Court System and the Behavioral Health continuum of care, providing invaluable and necessary substance abuse services in all major communities throughout Alaska. Maintaining our current Alcohol Safety Action Program system of service in our major Alaskan communities is vital to our goal of reducing alcohol use, abuse and dependency across our state.

Service Delivery Area: Service areas include Juneau, Ketchikan, Kodiak, Fairbanks, Dillingham, Copper River, Bethel, Palmer/Wasilla, Anchorage, Kenai/Homer, Seward, Nome, Kotzebue, and Barrow.

Behavioral Health

ASAM Level 3.3 Residential SUD Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.011-.061; AS 47.30.520-.620; AS 47.30.655-.915

Description of Services: The primary goal of American Society of Addiction Medicine (ASAM) Level 3.3 Residential Substance Use Disorder (SUD) Services is to provide a structured environment to meet the needs of individuals with functional limitations, such as severe cognitive impairment and/or traumatic brain injury; and to support recovery from SUD. Individuals presenting for this level of care must be medically stable but will require support to help manage their mental stability as well as their substance use. Level 3.3 programs are generally considered to deliver high-intensity services, which may be provided in a deliberately repetitive fashion to address the special needs of individuals for whom a Level 3.3 program is considered medically necessary. Typically, they need a slower pace of treatment. In addition, reintegration of clients in the Level 3.3 program into the community requires case management activities directed toward networking clients into community-based ancillary or "wrap-around" services such as housing, vocational services, or transportation assistance so that they are able to attend mutual/self-help meetings or vocational activities after discharge.

Assessment of Need: For the typical client in a Level 3.3 program, the effects of the SUD or co-occurring disorder resulting in cognitive impairment on the individual's life are so significant, and the resulting level of impairment so great, that outpatient motivational and/or relapse prevention strategies are not feasible or effective. Similarly, the client's cognitive limitations make it unlikely that he or she could benefit from other levels of residential care. There are currently no Level 3.3 programs in Alaska despite a high level of need, especially considering the high percentage of military veterans and the high percentage of individuals with Fetal Alcohol Spectrum Disorder.

Service Delivery Area: Statewide.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

ASAM Level 3.3 Residential SUD Services

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount
Central Peninsula General Hospital	Kenai Peninsula	Southcentral	29, 30, 31, 32	Fed Rcpts	\$308,376.32
Grant Award 602-257-22001 Total:					\$308,376.32
Program Total:					\$308,376.32

Behavioral Health

Bethel Community Service Patrol and Sobering Center

Granting Authority: 7AAC 78 - Grant Programs,

AS 18.08.010, AS 44.29.150, AS 47.30.477, AS 47.30.520 - 620, AS 47.37, and 7 AAC 71.010 - 71.300 Community Mental Health Services, and 7 AAC 29 State Standards for Alcoholism Programs.

Description of Services: Bethel's Community Service Patrol (CSP) will patrol the town, picking up inebriated individuals and deliver them to the appropriate facility for assessment. If needed, CSP will transport them to the Yukon Kuskokwim Health Corporation (YKHC) Sobering Center where they can sober up in an environment that provides monitoring and protection. Individuals taken to the YKHC Sobering Center will also be screened and receive case management services that connect them to services, such as referrals for Substance Abuse or Mental Health assessments and treatment.

Assessment of Need: The Bethel region has been identified by the Alaska Mental Health Trust Authority (AMHTA) as a target area for specialized chronic inebriate services due to the large number of Title 47 protective holds that result in people being taken to local correctional facilities or hospital emergency rooms. Neither of these facilities have the capacity to provide services for those needing care. The CSP is an integral part of a multi-faceted service system designed to provide protection, identification, and referral for treatment for the targeted population. The YKHC Sobering Center provides a more appropriate and preferable setting, than the local correctional facility or emergency room.

Service Delivery Area: Bethel Service Area. Available data documenting incarcerations associated with protective custody holds demonstrates that the City of Bethel has one of the highest incidences of protective holds in the State. Because of this, the AMHTA and DBH have identified the region as a priority for additional program efforts.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Bethel Community Service Patrol and Sobering Center

Bethel, City of	Bethel	Yukon/Kuskokwim	38	Alch/Drug	\$323,081.00
Grant Award 602-203-22002 Total:					\$323,081.00
Program Total:					\$323,081.00

Behavioral Health

Comprehensive Behavioral Health Prevention and Early Intervention Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.37.030 Uniform Alcoholism and Intoxication Treatment Act and AS 47.30.470-500 Alcoholism and Drug Abuse.

Description of Services: Program services will assist and support efforts to reduce and prevent substance use and abuse, suicide, and self-destructive behavior. The overall goal of this program is to support coalition-lead community-based activities across Alaska by reducing risk factors and harmful consequences of substance abuse and poor mental health, and to promote protective factors to empower communities to create population-level change in behavioral health conditions including those related to COVID 19. Increasingly, integrated Behavioral Health services requires a broader view of substance use and mental health problems and to look more holistically and to partner with initiatives that target interpersonal violence, trauma, primary care and physical health issues.

Assessment of Need: The Comprehensive Behavioral Health Prevention and Early Intervention (CBHPEI) program is an integral part of the Behavioral Health continuum of care. This program funds coalitions to initiate and support community based training, education and other behavioral health strategies throughout Alaska to increase shared protective factors among individuals, families, and communities in order to reduce substance abuse and misuse, and local challenges. This network of coalition-lead initiatives operates at the local, regional, and state levels and is vital for promoting a safe and healthy environment for children and families across the state and results in reduced health care costs and a lower burden on the legal and criminal justice system.

Service Delivery Area: Statewide

Behavioral Health

Comprehensive Behavioral Health Treatment and Recovery

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes, AS 47.30.011-.061 Alaska Mental Health Trust Authority.

Description of Services: The Comprehensive Behavioral Health Treatment and Recovery (CBHTR) program is operated to ensure Alaskans have access to a statewide continuum of behavioral health (mental health and substance use disorder) services across the lifespan. The CBHTR program coordinates community-based, person-centered services and supports for abstinence and improved health, wellness, and quality of life for those with, or at risk of behavioral health issues. CBHTR may include all behavioral health program service types supported with grant funds, across settings, in the following categories: Psychiatric Emergency Services; Withdrawal Management (Detoxification) Services; Residential Treatment Services; Outpatient Treatment Services; Housing Services; Peer & Consumer Supports.

Assessment of Need: In the 2015 Behavioral Risk Factor Surveillance Survey (BRFSS), 15.3% of Alaskans reported frequent mental distress (14 or more days per month). 18.2% of Alaska Native adults reported frequent mental distress. Alaska's 2015 suicide rate of 27.1/100,000 was over twice the 12.32/100,000 U.S. rate. Alaska Natives complete suicide at 2.4 times the rate of non-Alaska Natives. 15.7% of all Alaskan adults and 22.6% of Alaska Native adults reported active marijuana use. Of Alaskans 12 years and older, 1.23% reported heroin use in the past year. Alaska Native youth ages 10-17 years old are 2.7 times more likely to be hospitalized for unintentional alcohol poisoning than a non-Alaska Native peer.

Alaska has the 10th highest prevalence rate of adult binge drinking in the U.S. and the fifth highest rate of intensity of adult binge drinking. The Alaska Native adult rate of alcohol-related mortality is 3.5 times (71.4/100,000) that of all Alaskan adults (20.4/100,000) and is 8.4 times the national rate (8.5/100,000). 22% of the SFY 2012 correctional population experienced a mental health disorder and 19% experienced a chronic substance use disorder. 66% of Alaskan adults report one or more Adverse Childhood Experiences (ACEs) growing up with one or more adults experiencing behavioral health issues, which for children translates to more expensive acute care and chronic conditions later in life.

Service Delivery Area: Statewide, by DHSS Regions, or by Alaska Medicaid Section 1115 Behavioral Health Demonstration Waiver Regions according to need.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Emergency Grants to Address Mental Health and Substance Use Disorders During COVID 19

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-.915 Alaska Civil Commitment Statutes, AS 47.30.011-.061 Alaska Mental Health Trust Authority.

Description of Services: The purpose of this program is to provide crisis intervention services, mental and substance use disorder treatment, crisis counseling, and other related supports for children and adults impacted by the pandemic. Funding will specifically address the needs of individuals with serious mental illness, substance use disorders, and/or individuals with co-occurring serious mental illness and substance use disorders.

Assessment of Need: The current national crisis of COVID-19 has greatly impacted the ability of individuals with serious mental illness, substance use disorders and/or co-occurring serious mental illness and substance use disorder to obtain treatment. In addition, this crisis is expected to contribute to the growth in the number of individuals struggling with depression, anxiety, trauma and grief.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

First Episode Psychosis

Granting Authority: 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs, AS 47.30.520-.620, AS 47.30.655-.915 and AS 47.30.011-.061

Description of Services: The First Episode Psychosis (FEP) program is an evidence-based practice to identify and serve individuals in their teen years or during early adulthood who have had or are at risk of having their first episode of a psychotic disorder. Research has demonstrated that early, appropriate treatments and supports can help to prevent the full onset of illness for persons in a high-risk state, and to improve long-term outcomes for those who have already had a first episode of psychosis. Services are a team-based, multi-modality approach to treating FEP. Component interventions include community outreach, assertive case management, individual or group psychotherapy, supported employment and education services, family education and support, and low doses of select anti-psychotic agents.

Assessment of Need: National research has demonstrated that approximately 100,000 adolescents and young adults experience FEP each year.

Service Delivery Area: Resources will be allocated to a single service area with a population sufficiently large enough to support the program (approx. 100,000).

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

Permanent Supportive Housing- ACT

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act, AS 47.376 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-915 Alaska Civil Commitment Statutes, and AS 47.30.011-061 Alaska Mental Health Trust Authority.

Description of Services: Permanent Supportive Housing (PSH) is a specific Evidence Based Practice characterized by availability of comprehensive support services in integrated community settings (coupled with affordable rent) and is a crucial resource for many people with a behavioral health diagnosis that has interfered with successful housing tenancy and community integration. Housing with supports provides a stable base for recovery, which can be difficult for individuals who are experiencing homelessness, living in unnecessary restricted/segregated settings, and re-entering the community from institutional settings. The comprehensive array of active treatment services provided through this grant program include, but are not limited to: assertive outreach and engagement to bring individuals into services including camp outreach to homeless individuals; inreach to individuals with multiple admissions to Alaska Psychiatric Institute (API) and/or other institutions, linkage to affordable housing and housing stability services, employment support/job skills training; substance abuse treatment and coordination; mental health treatment and coordination; referral to primary care services; activities of daily living services and training; medication management and monitoring; detoxification services; relapse prevention and recovery planning; and illness management and recovery.

PSH-Assertive Community Treatment (ACT) will provide treatment, services and supports through a multi-disciplinary team and in accordance with the evidence based practice of ACT as demonstrated by meeting fidelity through regular fidelity reviews to individuals who are high users of institutionalization and other intensive levels of care. This differs from the Projects for Assistance in Transition from Homelessness (PATH) program in that PATH only provides outreach and engagement. Hence a separate program is needed.

Assessment of Need: Individuals with physical or mental illness and substance use are highly represented in the chronically homeless population. One criteria of the Department of Housing and Urban Development (HUD) definition of chronic homelessness is that the individual has a disability in addition to experiencing homelessness. Alaska participates annually in the nation Point in Time Count (PIT) which uses surveys of people in encampments, homeless shelters, soup kitchens, etc. to estimate the number of homeless people in communities and nationwide. The 2018 PIT count for Anchorage identified 1,094 individuals who were homeless with 43% of families identifying as Alaska Native and 20% self-identified as experiencing serious mental illness and/or substance use disorders. The Balance of State (BOS) which includes counts from outside of Anchorage identified 922 homeless individuals with 53% of homeless families identifying as Alaska Native and 37% self-identified as experiencing serious mental illness and/or substance use disorders.

AS 47.30.520-620 Community Mental Health Services Act, AS 47.376 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-915 Alaska Civil Commitment Statutes, and AS 47.30.011-061 Alaska Mental Health Trust Authority.

Description of Services: Permanent Supportive Housing (PSH) is a specific Evidence-Based Practice characterized by availability of comprehensive support services in integrated community settings (coupled with affordable rent) and is a crucial resource for many people with a behavioral health diagnosis that has interfered with successful housing tenancy and community integration. Housing with supports provides a stable base for recovery, which can be difficult for individuals who are experiencing homelessness, living in unnecessary restricted/segregated settings, and re-entering the community from institutional settings. The comprehensive array of active treatment services provided through this grant program include, but are not limited to: assertive outreach and engagement to bring individuals into services including camp outreach to homeless individuals; linkage to affordable housing and housing stability services; linkage to employment support services/job skills training; substance abuse treatment and coordination; linkage to mental health treatment and coordination; referral to primary care services; activities of daily living services and training; linkage to medication management and monitoring; referral detoxification services; relapse prevention and recovery planning; and illness management and recovery.

Projects for Assistance in Transition from Homelessness (PATH) is a federal grant program under the Substance Abuse and Mental Health Services Administration (SAMHSA)'s Homeless Division. As such these funds can only be used as per the purpose and requirements of the SAMHSA PATH program.

Assessment of Need: Individuals with physical or mental illness and substance use are highly represented in the chronically homeless population. One criteria of the Department of Housing and Urban Development (HUD) definition of chronic homelessness is that the individual has a disability in addition to experiencing homelessness. Alaska participates annually in the nation Point in Time Count (PIT) which uses surveys of people in encampments, homeless shelters, soup kitchens, etc. to estimate the number of homeless people in communities and nationwide. The 2018 PIT count for Anchorage identified 1,094 individuals who were homeless with 43% of families identifying as Alaska Native and 20% self-identified as experiencing serious mental illness and/or substance use disorders. The Balance of State (BOS) which includes counts from outside of Anchorage identified 922 homeless individuals with 53% of homeless families identifying as Alaska Native and 37% self-identified as experiencing serious mental illness and/or substance use disorders.

This grant funding provides outreach and engagement to our most vulnerable individuals who are homeless. This is an activity that is not reimbursable though Medicaid but facilitates access to housing and treatment services, as well as providing assertive outreach activities that have been proven to reduce hospitalizations and incarcerations.

Pregnant and Parenting Women SUD Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: The Division of Behavioral Health (DBH) will provide funding and oversight for Case Management with linkages to Assessment, Treatment and Recovery Services for pregnant women and parenting women (with children under the age of 16) with substance use disorders (SUD) in the Anchorage and Mat-Su Borough. This ensures quick access and linkage to screening, assessment, admission to substance use and co-occurring disorder treatment, primary health care, employment, housing, etc.

Assessment of Need: Pregnant women and parenting women often have significant substance use histories with little access to intervention or treatment services. Some have Office of Children's Services (OCS) involvement and are in need of residential and/or outpatient SUD treatment in order to stabilize and maintain or regain custody of their children. Pregnant women with SUD's need treatment during their pregnancy to protect the unborn child and following birth of the child to maintain their recovery and practice good parenting skills. All pregnant and parenting women with substance use issues need guidance, support and linkage to relevant services and resources.

Service Delivery Area: Services will be provided in Anchorage and the Matanuska-Susitna Borough.

Recidivism Reduction

Granting Authority: 7AAC 78 - Grant Programs,

7AAC 78 - Grant Programs, 620 Community Mental Health Services Act, and 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: Grants under the Division of Behavioral Health's (DBH) Recidivism Reduction program will address high recidivism rates by utilizing evidence-based best practices to increase access to treatment and transitional supports for formerly incarcerated individuals. Grantees will provide services through one of three reinvestment focus areas: (1) enhanced coordination, referral, and case management efforts of established community reentry coalitions; (2) expanded capacity for emerging community reentry coalitions; and (3) strategic planning, assessment of community resources, and resource development for communities that are interested in building a community reentry coalition and have a Department of Corrections (DOC) facility in their service area.

Assessment of Need: Services are needed to improve and enhance the quality of life for formerly incarcerated individuals statewide by expanding access and referral to treatment and support services.

Service Delivery Area: Statewide

Residential Care for Children and Youth

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.40.011 Purchase of Services for Minors; AS 47.10 Children in Need of Aid; AS 47.12 Delinquent Minors; AS 47.14.100 Power and Duties of Department Over Care of Child; 7 AAC 50.100 Community Care Licensing

Description of Services: Crisis Recovery Services are short-term, family-focused, residentially-based emergent care designed to provide a safe, supervised, therapeutic alternative to more restrictive levels of care including but not limited to acute longer-term residential (psychiatric) or juvenile detention of youth with serious emotional disturbance.

Residential Care for Children and Youth (RCCY) Program services include emergency shelter, day treatment, specialized residential care, staffed secure care, residential diagnostic treatment and residential sex offender treatment. Lengths of stay range from one day to approximately a year or more. A strong emphasis is placed on delivery of Behavioral Rehabilitation Services (BRS) to children in their own communities whenever possible. Services are intended to achieve immediate and long term solutions to family problems; promote the preservation, rehabilitation, and reunification of families to the extent possible; and to promote independence and the use of least restrictive alternatives. The services are provided for children and youth with behavioral health residential treatment needs, including the rehabilitation of juvenile offenders and the treatment of victims of child abuse and neglect.

Assessment of Need: Under AS 47.14.100, the Department must arrange for the care of every child committed to its custody by placing the child in a foster home or in the care of an agency or institution providing care for children inside or outside the state. The same statute allows the Department to pay necessary costs to ensure adequate care.

Service Delivery Area: Statewide

Residential Care for Children and Youth Training

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.14.100 Powers and Duties of Department Over Care of Child; AS 47.10 Children in Need of Aid; and AS 47.12 Delinquent Minors

Description of Services: Program services include the provision of a training program and forums for ongoing training to line staff at agencies awarded Residential Care for Children and Youth (RCCY) program grants. The awarded agency must be amenable to planning and coordination of a Department-wide training integration effort including the Division of Behavioral Health, Division of Juvenile Justice, and Office of Children's Services.

Assessment of Need: Hiring and retention of qualified personnel at facilities providing residential child care services to children and youth in Department custody are long-standing issues. Training for staff through this grant helps to maximize resources available to the providers in assuring the highest quality of services for all children who receive services from RCCY facilities.

Rural Human Service System

Granting Authority: 7AAC 78 - Grant Programs, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: This program offers grants to rural substance abuse, mental health, behavioral health, and human services agencies, and to urban agencies serving people who are traveling or have relocated from rural areas. The program was developed in response to the critical need for a stable system of behavioral health providers in rural Alaska by hiring, training, supporting, and supervising culturally competent village-based counselors and counselors that serve relocated villagers. This program provides the opportunity for rural people to achieve their goal of helping their own people. Training is provided through the Rural Human Services Training Program in the University of Alaska College of Rural Alaska from one of its designated Rural Human Services campuses and supports a range of degree programs from a two-year certificate to Masters Degree of Social Work.

Assessment of Need: This program seeks to address the problem of scarcity of counseling and crisis intervention resources in the villages of rural Alaska and to reduce the costly reliance on itinerant service providers and employees who come from outside of a community, only to stay a year or less. The goal of the project is to ensure there is "a counselor in every village" as well as secondary behavioral health specialists where needed to provide continuity of care and consistency in community-level services.

Service Delivery Area: Eligible applicants include rural substance abuse programs, community mental health centers, and other human services agencies, and to urban agencies serving people who have relocated from rural areas.

Rural Recovery Housing

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475 Grant-in-Aid Program, AS 47.30.520-620 Community Mental Health Services Act, AS 47.30.655-.915 Civil Commitment Statutes, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, 7 AAC 10.930 Request for a Variance

Description of Services: The Rural Recovery Housing program will expand the operations of recovery residences and develop a standard under which they will operate, to include the establishment of up to three new residences within the targeted areas. Funds will be awarded to support the operations of recovery housing projects including but not limited to rent, utilities, and basic supplies for residents. All awards under this grant program are operating grants intended to support operations and services; they cannot be used for purchase of real property or facilities, renovations, or purchase of major fixed or movable equipment such as vehicles. Applicants may propose basic household furnishings or equipment with a per unit value of less than \$5000 and a useful life expectancy of more than one year.

Assessment of Need: Over the last several years, Alaska has seen a dramatic rise in opioid misuse and opioid overdose related deaths. In 2017, 144 drug overdose deaths occurred in Alaska, 100 of which were opioid related. Opioid overdose deaths show an increase trending from 72 deaths in 2013 to 100 in 2017. Individuals who complete treatment are often unable to find affordable housing in an environment which supports their recovery. Outcome studies show the longer an individual remains in a treatment or recovery environment, the greater their chances of sustaining long-term recovery. Recovery housing is associated with numerous positive outcomes including decreased substance use, reduced probability of relapse, lower rates of incarceration, higher income, increased employment, and improved family functioning.

Service Delivery Area: Statewide, with preference given to communities that are not on the road system.

State Opioid Response: Peer Support Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475 Grant-in-Aid Program; AS 47.30.500-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act; 7AAC 10.930 Request for a Variance; 7AAC 70 Behavioral Health Services; and 7AAC 135 Medicaid Coverage for Behavioral Health Services

Description of Services: The intent of the State Opioid Response: Peer Support Services program is to increase access to a full range of recovery services through the provision of peer support. Up to three qualified peer support specialists will be available within each of the six service delivery areas to support beneficiaries at every level of service, including emergency departments, residential treatment, intensive outpatient services, outpatient clinics, recovery residences, independent living, employment and education. The primary function of the peer support specialists will be to provide support for transitioning from one level of care to another, and to provide ongoing recovery support and coaching. Peer support specialists will develop relationships with organizations providing services in order to coordinate services and facilitate access to care.

Assessment of Need: Over the last several years, Alaska has seen a dramatic rise in opioid misuse and deaths related to opioid overdose. In 2017, 144 drug overdose deaths occurred in Alaska, 100 of which were opioid-related. Trends in the number of opioid overdose deaths over the past five years show an increase, year over year, from 72 deaths in 2013 to 100 in 2017.

Service Delivery Area: 1) Municipality of Anchorage, 2) Fairbanks North Star Borough, 3) Kenai Peninsula Borough, 4) Matanuska-Susitna Borough, 5) Southeast Alaska, and 6) Southwest Alaska, as identified in the Public Health Regions map.

State Opioid Response: Recovery Housing

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.475. Grant-in-Aid Program, AS 47.30.520-620. Community Mental Health Services Act, AS 47.30.655-.915. Civil Commitment Statutes, 7AAC 70 Behavioral Health Services, 7AAC 135 Medicaid Coverage for Behavioral Health Services, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act, 7 AAC 10.930. Request for a Variance

Description of Services: The intent of State Opioid Response – Recovery Housing is to increase the number of recovery housing options across the state for individuals with an Opioid Use Disorder, or at risk of an Opioid Use Disorder. The program will expand the operations of recovery residences and develop a standard under which they will operate, to include the establishment of up to ten new houses within the targeted regions. Funds will be awarded to support the operations of houses including but not limited to rent, utilities, and basic supplies for residents. Grant projects will be expected to address fiscal, operation, recovery supports, property, and good neighbor standards.

Assessment of Need: Over the last several years, Alaska has seen a dramatic rise in opioid misuse and opioid overdose related deaths. In 2017, 144 drug overdose deaths occurred in Alaska, 100 of which were opioid related. Opioid overdose deaths over the past 5 years show an increase trending from 72 deaths in 2013 to 100 in 2017. The service areas targeted have been identified with the highest prevalence of opioid use disorders, opioid death rates, and opioid related emergency room visits. Individuals who complete treatment are often unable to find affordable housing in an environment which supports their recovery. Outcome studies show the longer an individual remains in a treatment or recovery environment, the greater their chances of sustaining long-term recovery. Recovery housing is associated with numerous positive outcomes including decreased substance use, reduced probability of relapse, lower rates of incarceration, higher income, increased employment, and improved family functioning.

Service Delivery Area: 1) Municipality of Anchorage, 2) Fairbanks North Star Borough, 3) Kenai Peninsula Borough, 4) Matanuska-Susitna Borough, 5) Southeast Alaska, and 6) Southwest Alaska, as identified on the Public Health Regions map.

Behavioral Health

Supported Employment

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.30.520-620 Community Mental Health Services Act.

Description of Services: This is an evidence-based program funded with General Fund/Mental Health. Services provided promote self-sufficiency among adults experiencing severe mental illness (SMI) and/or a co-occurring disorder related to substance abuse. Supported Employment is characterized by rapid placement into integrated employment settings of an individual's choosing and capabilities, with commensurate wages and long term supports as needed and wanted by an individual.

Assessment of Need: Supported Employment is an evidence-based best practice with robust research demonstrating a correlation between employment and recovery from the most serious mental illnesses. Through this program, employment services have been developed to increase the number of clients engaging in supportive employment activities. It helps them attain independence, improve their quality of life, and attain employment that is beneficial to themselves, their families, and the community.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

Behavioral Health

Therapeutic Court

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

Description of Services: Under the Therapeutic Court Program, the agency provides a range of services integrating behavioral treatment, sanctions, and incentives with case processing. The focus is on a high-risk population of chronically dependent clients and/or individuals with a co-occurring mental health disorder.

Assessment of Need: The Therapeutic Court Program seeks to solve underlying problems that generate repeated encounters with the criminal justice and behavioral health system. In a 2007 report, Criminal Recidivism in Alaska, the Alaska Judicial Council found that graduates of therapeutic courts were rearrested and re-convicted far less frequently than comparison offenders. In the study, the Council followed graduates for one year after they completed their program and a comparison group of offenders for one year after they were released from serving their sentence.

Service Delivery Area: The service areas and communities to be served are primarily Anchorage, Bethel, Fairbanks, Juneau, Ketchikan, and Matanuska-Susitna Borough, and may include outreach to other communities seeking to establish a therapeutic court program locally. Individuals receiving services will be referred by the Therapeutic Courts.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Finance & Management Services

Community Initiative Matching Grants

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Community Initiative Matching Grants (CIMG) provide essential human services in close alignment with those of the Human Services Community Matching Grants (HSCMG). CIMG favors very basic essential human services: homeless shelters; soup kitchens and food banks; non-residential emergency shelters; outreach to homeless/homeless find; distribution centers for essential items such as sleeping bags and cold weather gear; and transportation vouchers/services supporting access to basic essential services and medical providers.

Assessment of Need: Program services are essential, mirroring the HSCMG definition in AS 29.60.650(1): lack of availability would subject persons needing the services to serious mental or physical hardship. The target population consists of families and individuals in need.

Service Delivery Area: Statewide, excluding those areas statutorily eligible for HSCMG: Municipality of Anchorage, and the Fairbanks North Star and Matanuska-Susitna Boroughs.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.2 Protect Vulnerable Alaskans

Finance & Management Services

Human Services Community Matching Grants

Granting Authority: 7AAC 78 - Grant Programs,

AS 29.60.600 - 650

Description of Services: The Human Services Community Matching Grants, in accordance with AS 29.60.600, provide for essential human services. Essential human services are those defined as "social services" in AS 47.75.060, except that they include only services whose unavailability would subject persons needing the services to serious mental or physical hardship.

Assessment of Need: Per AS 29.60.600 each eligible political subdivision of the state will carry out a needs assessment to prioritize the proposed services and will consult with a citizens' advisory group in consideration of services to be obtained under subawards. Applicants are required to demonstrate that services provided under subawards are essential as statutorily defined.

Service Delivery Area: AS 29.60.650 restricts eligibility to cities with populations greater than 20,000; unified municipalities with populations greater than 100,000; and second class boroughs with populations greater than 65,000. Population is determined by the Department of Labor and Workforce Development, Research and Analysis Section. The Municipality of Anchorage, and the Matanuska-Susitna and Fairbanks North Star Boroughs are currently eligible.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.2 Protect Vulnerable Alaskans

Human Services Community Matching Grants

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount
Matanuska-Susitna Borough	Mat-Su Borough	Southcentral	6, 7, 8, 9, 10, 11, 12	Gen Fund	\$301,625.00

Grant Award 605-231-22003 Total:					\$273,105.00
Program Total:					\$1,387,000.00

Juvenile Justice

Federal Formula Non-Secure Attendant Care Shelter

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010(7), AS 47.14.010(6)

Description of Services: Non-secure attendant care shelters provide short-term staff-secure placement for referred youth and youth placed into protective custody until they can be safely released to a parent/guardian or transferred to a residential or juvenile detention facility. Referrals are made by the Division of Juvenile Justice's (DJJ) juvenile probation officers, by local judicial and law enforcement officers, as well as by schools. Shelter attendants provide one-to-one, same gender supervision to referred youth in staff-secure settings. Shelter service is available 24 hours per day and is provided within 45 minutes of notification of need. Shelter placements may not exceed 16 hours unless an extension is authorized. Agencies will use funds under the Grant Agreement to pay for limited administrative and operating costs associated with program readiness. As a condition of receiving an award, the provider will also enter into a Provider Agreement. The State of Alaska will utilize Provider Agreements to pay for the cost of services provided to the youth.

Assessment of Need: The Federal Formula Grant Program makes funds available to states to improve juvenile justice systems and implement delinquency prevention and intervention strategies as mandated in the Juvenile Justice and Delinquency Prevention Act. In FY89, DJJ began using a portion of its Formula grant to support a statewide network of non-secure shelters. A strong and viable statewide system of non-secure shelters has been instrumental in reducing violations of the first three core mandates by providing temporary placement for youth placed in protective custody.

Service Delivery Area: Anchorage and Fairbanks.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

Federal Formula Non-Secure Attendant Care Shelter

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount
Covenant House Alaska	Anchorage	Anchorage	16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28	Fed Rcpts	\$5,000.00

				Program Total:	\$10,000.00

Juvenile Justice

Formula Title II Grant Program

Granting Authority: 7AAC 78 - Grant Programs, AS 47.14.010(6) General Powers of Department over Juvenile Institutions; AS 47.05.010(7) Duties of Department

Description of Services: Program services consist of the solicitation and administration of pass through sub-awards. Administration includes technical assistance to communities in post-award project development, grant management, and reporting. Direct services are sub-awarded to Alaska Native tribal partners in rural communities. Through positive, culturally based youth development projects, at-risk youth gain self-worth, a sense of belonging, and community and cultural membership.

Assessment of Need: Services are necessary to the State's adherence to core mandates of the Office of Juvenile Justice and Delinquency Prevention (OJJDP). Alaska Native youth are disproportionately referred to the Division of Juvenile Justice: 38% of all referrals, though only 17.2% of the statewide population. With prevention services, Alaska Native youth referral rates are reduced, as is the degree of disproportionate minority contact. The program further meets the division's intention to work effectively with tribal partners in support of cultural and community based delinquency prevention projects supporting at risk youth.

The target population for end services is Alaska Native youth in rural communities.

Service Delivery Area: Program services will be provided statewide, administered by a single program grantee, Rural Community Action Program, Inc. (RurAL CAP).

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.1 Strengthen Alaska Families
- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

Formula Title II Grant Program

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount
Rural Alaska Community Action Program, Inc.	Statewide	Statewide	99	Fed Rcpts	\$125,000.00
Grant Award 609-237-22001 Total:					\$125,000.00
Program Total:					\$125,000.00

Juvenile Justice

Supervision of Temporary Secure Juvenile Hold

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Services consist of the administrative functions necessary to maintain sufficient direct services staff for the temporary supervision of juveniles in custody in Sitka. Administrative services include all aspects necessary for the recruitment, background checks, training, and on-call costs to ensure the availability of staff within 45 minutes of notification of need, 24 hours a day, for periods of unknown duration. The program's direct services, however, are procured under the program's Provider Agreement component.

Assessment of Need: Grant-supported administrative services address a challenge to the division's successful procurement of direct supervision services: grantee ability to maintain sufficient on-call staff. The need for supervision services, not presently available in Sitka, is driven by the increasing number of youth in custody in Sitka requiring services. Except in those rare instances where two supervisors are necessary, the program will free Sitka's one Juvenile Probation Officer for tasks other than supervision.

Although this procurement specifically targets Youth Advocates of Sitka, in combination with the program's Provider Agreement the program's target population is juveniles in custody in Sitka awaiting transfer to the Johnson Youth Center in Juneau for secure detention.

Service Delivery Area: Services will be provided in Sitka.

RBB Framework: Department Priorities

Program Total:					\$5,000.00

Juvenile Justice

Youth Courts/Community Panels

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.14.010(6) and (7); AS 04.16.050(b)(1) and AS 47.12.400

Description of Services: Program services include case screening, adjudication, disposition, and case management for youth who are referred for non-violent first or second time misdemeanor offenses, and/or status offenses. Cases are tried with representation and adjudication by the defendant's peers. Referral sources are DJJ field offices, local school districts, and District Courts.

Assessment of Need: The program's early intervention and diversion services supplement and broaden the range of accountability-based restorative justice services for youth. Benefiting victims and communities, program services allow for the swift application of graduated responses, proven to be effective in preventing, controlling, and reducing further delinquent behaviors.

Service Delivery Area: Statewide. Resources will be allocated based on demonstrated need for services as supported by available data.

Office of Children's Services

Adoption and Guardianship Home Studies for Resource Families

Granting Authority: 7AAC 78 - Grant Programs,

Federal Adoptions and Safe Families Act (ASFA, 1997), AS 25.23.100 - AS 25.23.150 and AS 47.10.080 - 10.088

Description of Services: Services are assessment of individuals or families identified as permanent homes for children in the custody of the Office of Children's Services (OCS). Assessments, or home studies, consist of background checks, home visits, interviews with each family member, interviews with collateral sources and references. The assessment also helps the family assess its own readiness and motivations for adoption/guardianship, while providing education and preparation. All assessments are reviewed for approval by OCS regional permanency staff.

Assessment of Need: OCS is required to complete a home study when a home is identified as a potential permanent placement and prior to the finalization of an adoption or guardianship of a child in care. At the end of Fiscal Year 2020, there were 3176 children in out of home placement. OCS completes an average of 400 adoptions and guardianships per year.

Office of Children's Services

Children's Advocacy Centers

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Children's Advocacy Centers (CACs) help to identify maltreated children and protect them from further harm. CAC's provide referrals to treatment and follow up, hold offenders accountable, and provide community outreach and education regarding child abuse. A comprehensive, child-centered response in suspected cases of child abuse includes the coordinated efforts of a multidisciplinary team (MDT) including law enforcement, district attorneys and the assistant attorney general's office, child protection, victim advocates, as well as mental and medical health professionals.

Assessment of Need: Centers accept referrals of suspected sexual abuse and other severe abuse of children up to age 18. Most also accept referrals of developmentally disabled young adults and those with cognitive impairments such as Fetal Alcohol Spectrum Disorder.

Referrals continue to increase due to the State's broad support for effective CACs and increased community awareness regarding child abuse and child sexual abuse. Current centers are stable but not self-sustaining. Emerging projects (i.e. planning grants) will build capacity by expanding the number of locales served and increasing the number of children receiving services in or near their home communities. This will also offer some cost savings to CACs currently serving children from outside the center's locale.

Office of Children's Services

Circles of Support

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Under this program, grantees will provide family services for two categories of clients based upon the level of risk. Category 1 clients are families whose children are currently safe but at a high risk of future maltreatment. For these clients, Office of Children's Services (OCS) will close their case and turn over case management to the grantee who will be responsible for providing in-home services which may include substance abuse assessment, urinalysis testing, support for the parents to eliminate any health or safety hazards in the child's physical surroundings, assistance with seeking a protective order if domestic violence is a factor, mental health evaluation or stabilization as well as close supervision and frequent monitoring. Category 2 clients are families whose children are currently unsafe and OCS will retain responsibility of the case but work with grantee's to coordinate services that often involve intensive intervention, involuntary service provision, and court involvement.

Assessment of Need: Federal requirements outline that the caseworkers need to visit homes on a frequent basis to reassess the safety of the child at every contact, work with providers and ensure the children's needs are also being met while the parent is addressing their identified areas of need. OCS anticipates 10 - 50 families will be served under this program at any given time.

Service Delivery Area: Services are sought in each of the OCS regions: Anchorage, Northern, Southcentral, Southeast, and Western.

Emergency Shelter Services for Youth

Granting Authority: 7AAC 78 - Grant Programs, AS 47.40.011 Purchase of Services for Minors, AS 47.14.100 Powers and Duties of Department Over Care of Child, AS 47.10.011 Children in Need of Aid, 7 AAC 50.100 Community Care Licensing, and 7 AAC 50.615 Emergency Shelter Care for Runaway Children

Description of Services: Emergency Shelter Services are needed for homeless runaways and at-risk youth, ages 13–20. Services provided will consist of basic needs and will offer help with education, employment, health services, counseling and family mediation. Each youth in the program will be provided with a case manager.

Assessment of Need: Under AS 47.14.100 Powers and Duties of Department Over Care of Child, the Department must arrange for the care of every child committed to its custody by placing the child in a foster home or in the care of an agency or institution providing care for children inside or outside the state. The same statute allows the Department to pay necessary costs to ensure adequate care. Approval of this request will ensure that critical Emergency Shelter Services will continue to be available to the Department.

Service Delivery Area: Anchorage

Description of Services: These services are designed to provide ongoing family contact, limited child transportation services and documentation of services for Office of Children's Services (OCS) involved families where the children have been removed from the home. Services can be provided in agency, home or community settings. The program goals are to facilitate ongoing relationships with siblings and parents, and to reunify the child with their biological parent(s).

Assessment of Need: Federal law requires that children in out of home care maintain contact with siblings and parents. OCS statistics currently show 2,289 children in out of home care, of whom 1,402 are located in our major urban areas.

Service Delivery Area: Funds will be allocated in the Municipality of Anchorage, the Matanuska-Susitna Borough, Kenai Peninsula Borough, and the Fairbanks North Star Borough.

Office of Children's Services

Family First Prevention Services by Tribal Title IV-E Agencies

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010-015 Duties of the Department; Adoption Assistance and Child Welfare PL 96-272; Family First Prevention Services Act PL 115-123

Description of Services: The purpose of this grant program is to implement expanded prevention services as mandated by the Family First Prevention Services Act (FFPSA), which was signed into law as part of the Bipartisan Budget Act on February 9, 2018. The act aims to provide a prevention focus within traditional child welfare practice, in order to provide services to children and families in their home and to prevent children from entering foster care. Grantees will identify families in need of prevention services based on the State of Alaska's candidacy definition. The grantee will work with the family to create a Family Services Prevention Plan, refer the family to services, provide case management, and document services through completion of the prevention plan.

Assessment of Need: Prevention services are necessary to support Tribes and Tribal Organizations in protecting the best interest of Indian children by preserving Indian families and preventing, whenever possible, the removal of children from their families. The best interest of Indian children is realized by promoting stability and security of Indian families and Tribes and can only be accomplished by fully including the child's Tribe in all decision-making regarding the future welfare of Tribal children. Services provided under this program provide compliance with the Indian Child Welfare Act (ICWA) and aim to reduce the disproportionate number of Alaska Native children in foster care.

Service Delivery Area: Service delivery area is state-wide as further defined by each Tribal Title IV-E agency's service delivery area based on their definitions of Tribal Membership, Tribal Communities, and/or Geographic Service Area.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.17 Children in Need; AS 47.17 Child Protection; AS 47.05.010 Administration; Federal Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a); Adoptions and Safe Families Act (ASFA)

Description of Services: Family Support services are community based services that promote the safety and well being of children and families. The focus of the program is on primary and secondary prevention for young parents and families with children age birth to 12 years, or families who have a member who experiences a disability.

Assessment of Need: Office of Children's Services statistics reflects a high number of substantiated allegations for neglect, illustrating that families across the state of Alaska struggle to meet the basic needs of their families and children.

Service Delivery Area: Service areas include within the city limits of Anchorage, Fairbanks North Star Borough, and the Mat-Su Borough.

Office of Children's Services

Post Adoption and Guardianship Support

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: This program will provide post-adoptive and guardianship support services to include general resource and referral information for adoptive and guardianship families, adoptive/guardianship family support groups, connection to advocacy networks, mini-grants for therapeutic needs, and an optional innovative service to enhance post-adoption/guardianship services in Alaska. While services are open to all adoptive or guardianship resource families in Alaska, most served will be families who have adopted or become guardians of a child from the Office of Children's Services (OCS) foster care system. This grant program was formerly known as Services for Adoption Support.

Assessment of Need: The program's target populations are post-adoptive/guardianship resource families. Families who have adopted or entered a guardianship with children from OCS have special parenting needs due to their children's history of experienced trauma. Children adopted from foster care have history of experienced physical maltreatment and/or neglect and often struggle with feelings of abandonment and grief over the loss of their birth families. Many children who have been adopted have a significant level of special needs, for which adoptive and guardianship families need support. Families often need services which are sensitive to the issues adoption and guardianship families face. Families who have adopted children from other states as well as privately through domestic or international adoption agencies, may also face special challenges. The program meets Department needs for post-adoption support.

Based on data in the Online Resources for Children of Alaska (ORCA) database, at the end of State Fiscal Year 2020, there were 3937 children in Alaska's subsidized adoption and guardianship program. In FY20, OCS finalized a total of 437 adoptions and legal guardianships for children in foster care.

Office of Children's Services

Resource Family Training

Granting Authority: 7AAC 78 - Grant Programs,

Federal Title IV B Sub-part II, Federal Title IV-E training, AS 47.32.030 (E) Powers and duties of the department, delegation to municipality and 7 AAC 50.250 Orientation and training

Description of Services: The program provides a point of initial inquiry and contact for prospective resource families in Alaska. Services consist of planning, developing and implementing on-site and distance trainings for Office of Children's Services (OCS) resource families. Trainings utilize self-study packets, video and audio tools, on-line resources and teleconferencing. Culturally appropriate training and support of rural resource families via Indian Child Welfare Act Workers or other community members identified by Tribes and OCS staff is strongly emphasized. Intensive preparation services consisting of one-on-one education, family preparation classes, and matching support for families committed to special needs adoption will be provided in the Southcentral and Anchorage regions only. The program provides, to foster parents in every Resource Family home, accessibility to training to meet minimum annual requirements established by 7 AAC 50.250(g). Program services also include administration of the Resource Family Advisory Board.

Assessment of Need: The program's target populations are Alaska's potential Resource Families and current Resource Families providing foster care and/or pursuing adoption of children in out-of-home placement under OCS custody. The program meets Department needs for training and support of a continuous pool of safe, trained and culturally appropriate families with which to place children.

At the end of State Fiscal Year 2019, there were 3069 children in out-of-home placement. During the same time frame there were 1021 OCS licensed non-child-specific foster homes and group homes. Due to the increasing number of children in out-of-home placement, the Department anticipates a higher demand for new Resource Families as well as for training and support for existing Resource Families.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

Office of Children's Services

Statewide Coordination of Parenting and Prevention Services

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Parenting and prevention services are community based services that promote the safety and well being of children and families. The target populations of the parenting education part of this program are young parents, families with children age birth to 12 years, and families who have a member who experiences a disability. The statewide prevention coordination part of this program is to facilitate primary prevention, which is defined by the Child Welfare Gateway and the World Health Organization as programs directed at the general population which are designed to prevent abuse and neglect from occurring for the first time in a family. Under this grant program, Office of Children's Services (OCS) seeks a single grantee to provide the prevention coordination. This grantee will also be responsible for sub-awarding and managing the coordination of the parenting education services.

Assessment of Need: OCS statistics reflect a high number of substantiated allegations of abuse or neglect, illustrating that families across the state of Alaska struggle to appropriately parent their children. A needs assessment identified the need for local programming. OCS determined that the most effective use of funds and personnel to reach the most individuals in the shortest time, and with efficacy, was to fund one of the many existing statewide agencies who already administer similar programs to sub-award and coordinate services in rural areas, combining the funding of both a prevention network, and parenting education in one grant.

Service Delivery Area: Parenting education services sub-awards are sought in Barrow, Bethel, Delta Junction, Homer, Juneau, Kenai, Ketchikan, King Salmon, Kodiak, Kotzebue, Nome, Sitka and Soldotna. The single applicant who will provide prevention coordination and management of the parenting education services sub-awards may be located anywhere within the state.

RBB Framework: Department Priorities

Public Assistance

Alaska Food Coalition

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.27 Alaska Temporary Assistance Program

Description of Services: The Alaska Food Coalition (AFC) program plays a role in national hunger advocacy through education on hunger and good nutrition through the Supplemental Nutrition Assistance Program (SNAP), Senior Benefits, and Alaska Temporary Assistance Program outreach. The program provides information about services and benefits to potentially eligible low income persons and families, which includes screening for eligibility, providing assistance with gathering documents, and completing applications. The grantee will also procure food and commodities for nutrition education classes and help feed hungry Alaskans year-round, with a special effort made during the holidays.

Assessment of Need: Alaska's poverty rate is 10.2% and the national average for childhood poverty in Alaska reports that 1 of every 7 children lives in poverty. Over 200 communities will benefit from the Alaska Food Coalition program. Populations and poverty levels will be used as a guideline to target those in need.

Service Delivery Area: SNAP Outreach services will be administered statewide.

Child Care Assistance

Granting Authority: 7AAC 78 - Grant Programs,

45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25 Public Assistance, AS 47.25.071 Child Care Grant Programs, and 7 AAC 41 Child Care Assistance Program

Description of Services: Grantees will determine eligibility for child care providers and families seeking to participate in the Child Care Assistance Program (CCAP); specifically, the Parents Achieving Self-Sufficiency (PASS) Programs. Grantees will also verify payments to providers participating in PASS I, II and III and monitor compliance with program requirements.

Assessment of Need: Services are provided for low-moderate income eligible families, enabling parents to attain self-sufficiency by subsidizing the cost of child care, and assisting individuals interested in participating as an eligible provider in the CCAP.

Child Care Licensing

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.32.030 Powers of the Department, Delegation to a Municipality, AS 29.10.010 Municipal Charter Adoption, AS 29.35.200 First Class Borough Powers

Description of Services: Child Care Licensing Program services include: recruiting, licensing, monitoring, and providing information and technical assistance to individuals/applicants interested in becoming licensed, and licensed child care facilities within the Municipality of Anchorage (MOA); processing applications for licensing; processing exempt from licensing applications; determining qualifications and eligibility of the child care administrator; obtaining valid criminal history and child protection check results on child care facility staff; completing announced and unannounced provisional, annual, health and safety monitoring, and renewal inspections of child care facilities; conducting investigation procedures for licensed and approved child care facilities, facilities exempt from licensing, and facilities operating illegally within the MOA; and finalizing administrative hearing practices for the child care facilities within the MOA.

The department retains overall responsibility for the management of child care licensing efforts in the state. This involves promulgating rules and regulations governing the program, overseeing the expenditure of funds by the grantee, monitoring services, and ensuring the grantee operates within their scope of work. The Municipality of Anchorage promulgates municipal child care codes that, at a minimum, must meet state regulations.

Assessment of Need: The intent of the Child Care Licensing Program is to reduce the risk of predictable harm to children and support services to child care providers. In accordance with AS 47.32.030, the department may delegate its powers relating to licensure of child care facilities to a municipality that has adopted an ordinance providing for child care licensing under the home rule powers under AS 29.10.010 or as authorized under AS 29.35.200-29.35.210. These powers have been delegated to the Municipality of Anchorage since 1998.

Service Delivery Area: Municipality of Anchorage (MOA)

Public Assistance

Child Care Resource and Referral

Granting Authority: 7AAC 78 - Grant Programs, 45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25.001 Day Care Assistance and Child Care Grants

Description of Services: Grant program services include supporting families through the operation of a child care referral and providing consumer education services. Supporting existing and prospective programs that care for and educate children through professional development, technical assistance, and increasing quality. The grant program will support the Child Care Program office (CCPO) in its mission to increase the availability, affordability, and quality of child care. Collaborating with early childhood partners and the public in advancing child care goals. Supporting the early care and learning system by strengthening collaborations, managing Learn & Grow, Alaska's Quality Recognition and Improvement System, and Alaska's System for Early Education and Development (SEED). Receiving applications, making determinations on applications, and issuing payments for COVID-19 support to child care providers.

Assessment of Need: The Department of Health and Social Services receives federal Child Care and Development Funds (CCDF). A portion of these funds are used to improve the quality of child care within the State, through the Child Care Resource and Referral (CCR&R) grant. CCR&R is engaged in: Referral services to families seeking child care; Professional development training and technical assistance for child care providers; Consumer education to parents and the public; Increasing child care infrastructure; Increasing the quality of child care programs; and, Supporting Alaska's Early Learning System.

Service Delivery Area: Statewide. In FY08, the State of Alaska moved to a single provider of Child Care Resource and Referral services in order to be consistent with the national trend. Child Care Resource and Referral services are provided statewide by a single grantee either directly or through a contractor.

Commodity Supplemental Food

Granting Authority: 7AAC 78 - Grant Programs,

Federal Regulation 7CFR Part 247; Commodity Supplemental State Plan; 7AAC 78.

Description of Services: Commodity Supplemental Food Services provide increased access to nutritious foods for low-income elderly over age 60 through distribution of commodity foods, as well as providing information about those commodity foods, general nutrition education, and referrals to other health resources.

Assessment of Need: Low income senior citizens in Alaska are at a nutritional risk because they may not get enough food to eat. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining the percentage of seniors whose income is 130% of the federal poverty level.

Service Delivery Area: Anchorage, Mat Su Valley, Kenai Peninsula, Fairbanks, Southeast Alaska, and some outlying communities when transportation is donated or otherwise provided through in-kind support.

Native Employment Work Services

Granting Authority: 7AAC 78 - Grant Programs, AS 47.27 Alaska Temporary Assistance Program, AS 47.27.50 Grants and Contracts for Services

Description of Services: This grant provides funding to develop work experience opportunities in remote villages, increasing program capacity to support Alaska Temporary Assistance Program (ATAP) Work Services participants as they prepare and engage in work and work experience placements.

Assessment of Need: The Administration for Children and Families (ACF) sets standards for parents receiving Temporary Assistance for Needy Families (TANF) benefits for participating in work or community work experience activities and the hours of participation. States that don't meet the federally mandated participation rate targets are subject to financial penalties; this grant will help avoid significant financial penalties. Families in remote villages outside the central hub communities have very limited opportunities for potential work experience placements and other activities that meet the Federal definition of "countable" towards the mandatory participation rate.

Service Delivery Area: Rural villages located within the Nome census area with the exception of the City of Nome which is currently served by the State Public Assistance office.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 3.1 Strengthen Alaska Families

Description of Services: Native Family Assistance Program (NFAP) grants are used to augment federal Tribal Temporary Assistance for Needy Families (TANF) funds and comprise a significant portion of Alaska's TANF Maintenance of Effort (MOE) requirement. The NFAP grants will be used by eligible grantees in accordance with state TANF regulations. NFAP grants are primarily used to pay cash benefits directly to TANF eligible families, assisting them in moving from reliance on welfare to self-sufficiency through employment, cash assistance, supportive services, diversion payments, and associated case management services.

Assessment of Need: Tribal organizations receive federal TANF funding based on a States 1994 caseload and expenditure data for Indian families residing in the service area of the eligible Tribal entity. The NFAP grants are needed to supplement the federal TANF funds and satisfy approximately 30 percent of Alaska's historic spending efforts on TANF.

Service Delivery Area: Service areas are defined by the boundaries of each of the eligible Alaska Native entity's responsible for the administration of a Native Family Assistance Program, and are included in their federally approved Tribal Family Assistance Plan.

Special Supplemental Nutrition Program for Women, Infants and Children (WIC)

Granting Authority: 7AAC 78 - Grant Programs,

USDA Regulations 7 CFR Part 246

Description of Services: The Women, Infants and Children (WIC) program provides nutrition assessment services, nutrition education, breastfeeding guidance and support, free supplemental foods that contain key nutrients often lacking in the diets of the target population, and referral for health and social services. WIC services are combined with pediatric and prenatal services wherever possible. A portion of funds are also issued under this grant procurement authorization to initiate upgrades to equipment, facilities or infrastructure, including piloting new technologies and other United States Department of Agriculture (USDA) priorities, enhancing nutrition education resources, and other projects to enhance and expand services.

Assessment of Need: The WIC Program currently serves approximately 15,000 women, infants and children through 12 grantees at 23 fixed clinic locations with 235 additional communities served on an itinerant basis. With declining federal revenues for the program, and the need to ensure continuing and more effective service delivery with those reduced resources, the WIC program has been implementing changes to help protect the integrity of services. In FY 14, the WIC Program proposed changes to the service infrastructure in order to achieve four primary goals: 1) Attain grantee administrative and service delivery cost efficiencies; 2) Increase grantee staff resources available for direct services; 3) Target underserved populations; and 4) Increase compliance with federal standards on WIC nutrition services.

Service Delivery Area: Statewide

Granting Authority: 7AAC 78 - Grant Programs,

7 CFR 272.2(e) Supplemental Requirements

Description of Services: The Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296), section 241, established the Supplemental Nutrition Assistance Program - Education (SNAP-ED) as the Nutrition Education and Obesity Prevention Grant Program. Activities must be evidenced-based and delivered through individual or group-based strategies, comprehensive multi-level interventions, and/or community and public health approaches. SNAP-ED efforts may also address environmental and policy-level interventions. National, State, and local coordination and collaboration is strongly encouraged and recommended.

Assessment of Need: In an effort to expand activities, leverage limited funding by identifying communities with limited access to health or physical information, and reduce prevalence of obesity in low-income areas, SNAP-ED was incorporated into Family Nutrition Programs. A needs assessment was conducted to recommend best strategies of delivering the nutrition messages.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

Public Assistance

Transportation Services

Granting Authority: 7AAC 78 - Grant Programs,

42 USC 601 Block Grants to States for Temporary Assistance to Needy Families (TANF), PL 104-193 Personal Responsibility and Work Opportunity Reconciliation Act of 1996, AS 47.27 Alaska Temporary Assistance Program

Description of Services: The Transportation Services Grant Program is designed to provide transportation support to Alaska Temporary Assistance Program (ATAP) clients who need the service to pursue work and other activities that help them toward self-sufficiency.

Assessment of Need: Accessible, reliable transportation remains out of reach for many of Alaska's Temporary Assistance clients. The Kenai and Matanuska-Susitna communities have limited resources to devote towards public transportation and need alternatives for families unable to afford a vehicle for personal use. This grant is to help ATAP clients meet their transportation needs.

Service Delivery Area: Two grants will be funded, one in the Matanuska-Susitna area and one in the Kenai Peninsula area.

RBB Framework: Department Priorities

- 3 Safe & Responsible Individuals, Families & Communities

Public Health

Anchorage Project Access

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Nationally, Project Access is a proven program for health care delivery for the uninsured in which health care practitioners provide free care to a limited number of low-income, uninsured individuals each year, improving health outcomes and reducing emergency room charity care costs. Patients are screened for income eligibility and cannot be eligible for other programs.

Assessment of Need: Based on findings from the 2012 Alaska Behavioral Risk Factor Surveillance System Survey, 21.3% of Anchorage/Mat-Su residents 18 years of age and older had no health care coverage as compared to 20.4% statewide.

Service Delivery Area: Anchorage and Mat-Su

Public Health

Community Health Centers - Senior Access Program

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: The goal of the Community Health Centers - Senior Access Program (CHC-SAP) is to increase access and delivery of primary care to Alaska seniors (persons age 65 years and older) through Alaska's Community Health Centers (CHCs). Funding is to help alleviate strain on Community Health Centers resulting from medical homes for seniors who have been refused care by private practice physicians due to low Medicare reimbursement rates.

Assessment of Need: In this current and growing primary care crisis for seniors with Medicare as primary insurer, seniors are being refused care by physicians due to Medicare's low reimbursement rate. In some parts of Alaska, Community Health Centers are often the only providers available and/or willing to see Medicare patients. During the 2016-2017 grant years, 9,455 Medicare enrollees (approximately 11.3% of Alaska's Medicare enrollees) received services through the Senior Access Program provided by more than 13 Community Health Centers throughout the state.

Service Delivery Area: Statewide by catchment areas of participating Section 330 Community Health Centers.

Public Health

COVID Healthy and Equitable Communities

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Under this pilot program, funding would be used by community health clinics to leverage care coordination to expand community-based health services, including COVID-19 testing and vaccination, social determinants of health assessment and referral, in rural areas. Care coordination and community outreach services may be provided by different staffing roles depending on the clinic, these roles include care coordinator, community outreach coordinator, patient navigator, community health worker, case managers, community outreach coordinators, or patient engagement coordinators. Project would fund grants to non-profit clinics. This project is funded by the Division of Public Health through a cooperative agreement from the Centers for Disease Control and Prevention.

Assessment of Need: Coronavirus disease 2019 (COVID-19) has disproportionately affected populations placed at higher risk and who are medically underserved, including racial and ethnic minority groups, and people living in rural communities who are at higher risk of exposure, infection, hospitalization, and mortality. Additionally, racial and ethnic minority groups and people living in rural communities have disproportionate rates of chronic diseases that increase the severity of COVID-19 infection and might experience barriers to accessing testing, treatment, or vaccination against the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), which causes COVID-19. To reach populations at higher risk, underserved, and disproportionately affected, including racial and ethnic minority groups and people living in rural communities, it is critical to implement a coordinated and holistic approach that builds on culturally, linguistically, and locally tailored strategies and best practices to reduce COVID-19 risk.

Service Delivery Area: Statewide with a focus on rural areas and underserved populations. Threshold for underserved population: A minimum of 30% of patients served are Medicare/Medicaid/Uninsured.

Public Health

Emergency Medical Services

Granting Authority: 7AAC 78 - Grant Programs, AS 18.08.010

Description of Services: Under this program, grantees serve as the regional lead and support in the development, implementation, and maintenance of a statewide comprehensive emergency medical services system. Grantees identify and prioritize regional Emergency Medical Services (EMS) training, testing, and other EMS system development services through input from the State, EMS providers, physicians, medical directors, and other health organizations, as well as communications experts, with the goal of maximizing the availability and quality of emergency medical services.

Assessment of Need: The EMS regional grant program supports EMS services through specialized training and assisting with new and ongoing certification of EMS providers; ensuring accurate and complete data submission critical to quality improvement and needs assessments; performance improvement on targeted performance measures; through development of the EMS continuum of care and specific efforts such as strengthening regional medical direction and integration of the trauma system; and through participation in the EMS and community aspects of disaster planning.

EMS Mobile Integrated Healthcare: Assistance to Decrease Hospital Surge

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: To provide funding to a non-profit agency in the administration of COVID-19 hospital surge mitigation activities through local community Mobile Integrate Health programs. Activities may include diverting emergency room patients and bridging patients with appropriate care after being discharged from hospital.

Assessment of Need: The cities of Fairbanks, Juneau, and Anchorage, as well as the Boroughs of Kenai Peninsula and the Matanuska-Susitna (Mat-Su) have been identified to be the focus areas due hospital COVID-19 surge resulting in lowered capacity to assist in serving patient's advanced care needs across all of Alaska.

Service Delivery Area: Matanuska Susitna Borough, Kenai Peninsula Borough, Anchorage, Fairbanks, Juneau.

Public Health

HIV Care

Granting Authority: 7AAC 78 - Grant Programs, P.L.114-198 Public Health Services Act, sections 2611-23; and AS 44.29.020.

Description of Services: The State uses these funds to provide grants to community agencies enhancing access to a comprehensive continuum of high quality, community-based care for low-income individuals living with HIV. Services provided by grantees include: 1) medical case management; 2) purchase of high-priority outpatient medical/dental and 3) supportive services.

Assessment of Need: Many individuals and families living with HIV have limited financial and social resources for addressing medical and other needs associated with HIV. The HIV Care Program helps people living with HIV enter and stay in medical care and access services they cannot otherwise afford.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

HIV/AIDS Prevention

Granting Authority: 7AAC 78 - Grant Programs, Public Health Service Act, Section 201, 42 U.S.C. 241; Alaska HIV Prevention Plan, AS 44.29.020.

Description of Services: Services will impact HIV prevention and diagnosis along the HIV care continuum, including: 1) HIV prevention, 2) HIV testing, 3) linkage to medical care for persons newly diagnosed with HIV, and 4) retention in medical care for persons living with HIV. As this grant is fully funded by the Centers for Disease Control and Prevention (CDC), all program services and interventions must be allowable under the Federal HIV Prevention funding opportunity announcement, and are subject to change based on Federal requirements. Recommended interventions by the CDC may include activities such as promotion of bio-medical HIV prevention services, condom distribution, HIV testing, and prevention with positives. Services which impact HIV prevention and testing at the health systems level may also be implemented.

Assessment of Need: Using epidemiological data, the HIV/STD Program has identified populations at increased risk for acquiring HIV in Alaska, including men who have sex with men, injection drug users, and high-risk heterosexuals. These populations are outlined in the epidemiologic profile of Alaska's 2017-2021 Integrated HIV Prevention and Care Plan, and have been approved by the Alaska Integrated HIV Advisory Group. Grant services will target the priority populations identified by the HIV/STD Program, as well as other priority target populations that may be identified and required by the CDC.

Service Delivery Area: Statewide.

Parent Navigation

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Parent Navigation services provide support and assistance to families of children with cleft lip/palate conditions, hearing loss or deafness, autism and other co-occurring neurodevelopmental conditions, and fetal alcohol spectrum conditions. Services support families from the initial screening through diagnostic evaluation and assist with identifying treatment and payment options.

Assessment of Need: Parent Navigation links families with trained parents who have experienced having children with similar conditions. Families benefit from Parent Navigation support and experience improved outcomes for children and youth with special health care needs through facilitated linkage with community providers and resources.

Service Delivery Area: Services are available statewide through clinics held in Anchorage and Fairbanks for cleft lip/palate, and several communities around the state for autism and FASD. There are no formal clinics for hearing screening.

Parents as Teachers

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: The Parents as Teacher Program (PAT) uses an evidence-based model to deliver parent education services to eligible children, their parents and caregivers. Trained parent educators visit homes to support and build on parent and caregiver strengths, while teaching about optimal early childhood developmental learning. Grantees will be required to be a PAT Model Affiliate or will complete a plan to become an affiliate in the first grant year. To become an affiliate, agencies must meet the 20 essential components of the PAT model, which ensures each affiliate meets the minimum expectations for program design, infrastructure, and service delivery. Affiliates must also be able to offer all components of the PAT model, which includes personal visits, a resource network, group connections, and developmental screenings.

Assessment of Need: In order to support children as they grow through the most critical stages of development, it is important to help parents increase their knowledge of early childhood development and improve parenting skills. Early detection of developmental delays and health issues can help reduce child abuse and neglect and by investing in early childhood through improved healthy development and prevention of maltreatment, it is possible to improve children's readiness to succeed in school and life.

Positive Youth Development Afterschool Program

Granting Authority: 7AAC 78 - Grant Programs,

In accordance with AS 44.29.020(a), the Department of Health and Social Services is authorized to establish a youth services grant program.

Description of Services: The Positive Youth Development Afterschool Grant Program will fund community-based and state wide prevention programs that reduce initiation of marijuana use by minors, promote cessation of marijuana use among minors, reduce access of minors to marijuana products, reduce exposure of minors to impaired driving dangers from marijuana use, and enhance individual, family, school, and community protective factors that foster healthy development.

Assessment of Need: According to the 2017 Alaska Youth Risk Behavior Survey data, youth state-wide who take part in after-school activities are 29% less likely to have used marijuana in the past month. Extensive research has shown an individual's social condition, personal traits, genetic disposition, and life experience are associated with different types of healthy or unhealthy behavior. These social and personal influences are defined as risk and protective factors. Numerous risk and protective factors affect youth substance abuse, delinquency, and other risk behaviors. The more risk factors an adolescent has at the individual, family, school or community level, the more likely s/he is to engage in risk behaviors. The more protective factors present in an adolescent's life, the more likely s/he is to engage in pro-social and developmentally-healthy behaviors. For example, youth who experience adverse childhood experiences (ACEs), witness family members engaging in substance use, and live in disconnected or transient communities are more likely to engage in risk behaviors themselves. On the other hand, youth who have a positive self-concept, are engaged in meaningful activities, and are connected to their families and other adults in their community are more likely to avoid risk behaviors.

Service Delivery Area: Rural, urban, and state-wide youth serving organizations. Eligible applicants include local governments, schools, nonprofit organizations, state agencies, and institutions of higher education.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions by Alaskans

Public Health

Public Health Emergency Preparedness

Granting Authority: 7AAC 78 - Grant Programs, AS 44.29.020; PHS 309(A) 317(K)(1)(2) 319; 42 USC 241(A); 42 USC 247d-3a

Description of Services: Program services will achieve statewide public health and medical preparedness goals through the maintenance and increase of disaster and public health emergency preparedness, response, and recovery capabilities. Services include participation with the Division in ongoing statewide risk assessment and gap analyses, and the development and implementation of target capabilities identified by the Centers for Disease Control and Prevention (CDC). Target capabilities for healthcare system preparedness and recovery include, though are not limited to: emergency operations coordination; information sharing; mass care; fatality management; volunteer management; responder safety and health; and medical materials management and distribution, including medical surge and dispensing of countermeasures.

Assessment of Need: Alaska's ability to effectively respond to large scale public health emergencies, natural disasters, and man-made hazards is imperative as the public health system plays a critical role in such emergencies. An effective, broadly developed and coordinated emergency response lessens the impact of such incidents and contributes significantly to community and individual resilience following such incidents.

Service Delivery Area: Service delivery is statewide for preparedness services to benefit all Alaskans.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

Public Health Emergency Preparedness

Grantee	Service Area(s)	DHSS Region(s)	Election District(s)	Fund Source	Amount
Alaska Native Tribal Health Consortium	Statewide	Statewide	99	Fed Rcpts	\$303,905.00
				Grant Award 601-299-22001 Total:	\$303,905.00

Public Health

Public Health Nursing

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Public health nurses are expected to provide population and systems based health promotion and disease prevention services to communities and regions, and direct clinical preventive services to individuals and families. Services include prevention and control of infectious and non-infectious diseases through immunizations, screening, testing, treatment, contact investigation, education and outreach; public health emergency preparedness and response activities; outreach to families and children at medical and social risk; referral and linking of individuals and families with needed services; and direct provision of health services when they are otherwise unavailable.

Assessment of Need: Currently we do not have state-run public health centers in the proposed service delivery areas. Grants with the three governing bodies within these proposed areas are deemed the most effective and appropriate means of providing area-wide public health nursing services. A disruption in the delivery of these services would place residents at increased risk of infectious disease and would reduce preventive health services available to high-risk/medically underserved women and young children.

Service Delivery Area: The Municipality of Anchorage proposed service delivery area includes the Municipality of Anchorage and the Girdwood, Eagle River, and Chugiak communities. The North Slope Borough proposed service delivery area includes the community of Barrow and the villages of Atkasuk, Kaktovik, Nuiqsut, Point Lay, and Wainwright. The Maniilaq Association proposed service delivery area includes populations of the City of Kotzebue, and the villages of Ambler, Buckland, Deering, Kiana, Kivalina, Kobuk, Noatak, Noorvik, Selawick, Point Hope, and Shungnak.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 2.2 Facilitate Access to Affordable Health Care For Alaskans

Public Health

Restore Hope in Linkage to Care Collaboration

Granting Authority: 7AAC 78 - Grant Programs,

Chapter 75 SLA 18, Chapter 97 SLA 18, AS 47.07.036(f), Chapter 3 SLA 20, Public Law 115-271 115th Congress

Description of Services: Restore Hope to Linkage to Care Collaboration grant program will provide funding to implement mobile crisis teams, mental health collaborative models and additional technology for delivery of telehealth to implement these models with a priority of peer integration. The program will increase the amount of linkages to care to substance use disorder treatment and other services for Alaskans, improve capacity in emergency departments, reduce unnecessary arrests, and increase cost-effectiveness of the health care system. By the end of the two year pilot at least four emergency responder agencies will have collaborative initiatives with agencies who provide substance use disorder treatment.

Assessment of Need: One in four patients who present to emergency departments in Alaska have primary or secondary behavioral health diagnoses with 78% related to alcohol and/or drug dependence, while in 2017, Alaska experienced its highest rate of death from overdoses since 2011. Alaskan lives may be less likely to fall victim to overdosing, if those who presented in the emergency department with drug dependence could be linked to immediate substance use disorder treatment through emergency responder mental health collaboration models. Linking people to substance use disorder treatment may reduce the number of people presenting to emergency departments, thereby reducing the overall estimated lost potential earnings, \$24,079,412 in SFY2019, associated with inpatient and emergency department treatment of diseases and conditions attributable to drug misuse.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- Health and Wellness Across the Lifespan
- Health Care Access, Delivery & Value

Department Core Services

- Protect and Promote the Health of Alaskans
- Provide Quality of Life in a Safe Living Environment for Alaskans
- Facilitate Access to Affordable Health Care for Alaskans

Teen and Unintended Pregnancy Prevention

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: This program implements non-marital pregnancy prevention projects designed to educate providers and young Alaskans about the prevention of teen and unintended pregnancies using abstinence primary messages as appropriate. Grantees will work collaboratively with health care providers, health educators and Alaskans at risk of unintended pregnancies.

Assessment of Need: Both teen and unplanned pregnancy are closely linked to a host of critical social issues that Temporary Assistance for Needy Families (TANF) aims to address, such as poverty, lack of education, high levels of relationship conflict and family turmoil, father absence, single parenthood, and various negative social, health, and economic outcomes for children born as a result of such pregnancies.

Alaska Pregnancy Risk and Monitoring System (PRAMS) data from 2012-2014 indicates that of women under 20 years old, 71% of pregnancies resulting in a live birth were unintended, compared to 43% of women aged 20-24. Most notably, Alaska consistently ranks highest for Chlamydia rates in the US since 2000 (State of Alaska, Division of Public Health; Section of Epidemiology, 2017). Alaska also has high gonorrhea rates. In 2016, 15-19 year olds accounted for 9.63% or 140 cases per 100,000 persons. Alaska ranks the highest in rape incidence annually in the US (FBI Statistics, 2016). 59% of adult females had a lifetime prevalence of intimate partner or sexual violence (National Coalition Against Domestic Violence, 2015). Intimate partner violence can impact a young woman's reproductive and sexual health, increasing the risk for unintended pregnancies, abortions, miscarriage and HIV or STD infection (Silverman et al., 2001).

Service Delivery Area: Services will continue to be provided by two partner agencies, the Reproductive Health Clinic at the Department of Health and Human Services, Municipality of Anchorage, and The R.E.C. Room (Resource & Enrichment Co-Op) at Kachemak Bay Family Planning Clinic in Homer, working in regions of the state with high percentages of non-marital births.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families and Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions by Alaskans

Public Health

Title X Clinical Family Planning Services

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: Program services offer low-cost, confidential, clinical reproductive health and family planning services to low-income women and men. Services must include, but are not limited to: comprehensive reproductive health exams, breast and cervical cancer screening, pregnancy testing, counseling and screening for sexually transmitted diseases and counseling and provision of contraceptive methods. In addition to clinical services, grantees must offer client education and referral to other local agencies for all primary health care needs and other clinical procedures and screening or diagnostic tests not performed on site. The broad range of services paid for with Title X monies strictly prohibits abortion as a method of family planning. As a recipient of federal Title X funding, the grantee must follow Title X policies and procedures for determining eligibility of clients for discounted services, as well as meeting the Title X Program requirements of a clinical services delivery site.

Assessment of Need: Many regions of the state, rural and urban, contain communities with high rates of teen and unintended pregnancies, due in large part to lack of reliable access to affordable, confidential family planning and women's health services. Although Anchorage and the Kenai Peninsula have historically had the highest demand for program services, this procurement will explore the statewide interest, infrastructure capacity, and cost-effectiveness of providing Title X services in locales not previously served.

Service Delivery Area: Statewide

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 2.2 Facilitate Access to Affordable Health Care For Alaskans

Public Health

Tobacco Prevention and Control (Community Based Grants)

Granting Authority: 7AAC 78 - Grant Programs, AS 44.29.020; AS 47.05.010

Description of Services: Through recommendations in the Centers for Disease Control and Prevention's (CDC) best practices for Comprehensive Tobacco Control Program the Tobacco Prevention and Control (TPC) Community Grant Program is intended to: prevent initiation of tobacco use among youth, eliminate exposure to secondhand smoke, promote tobacco cessation among youth and adults and identify and eliminate tobacco-related disparities. Each grantee will work to provide comprehensive services in their community or region and collaborate with other TPC funded agencies or partners.

The Community Health Investment Initiative (CHII) empowers local communities to strengthen resiliency through protective factors and integrates a community-based intervention system proven to reduce youth health and behavior problems community wide, Communities that Care (CTC). This initiative will help local coalitions develop community-specific prevention plans based on their unique levels of behavioral health problems and risk and protective factors.

Assessment of Need: Comprehensive Tobacco Prevention Cessation programs in communities across the state are a proven effective means to reduce the death, disability and economic burden caused by tobacco use.

Service Delivery Area: Program staff anticipates providing community or regional grants to organizations based on their ability to impact their communities in the four CDC recommended evidence based practices: prevent initiation of tobacco use among youth, eliminate exposure to secondhand smoke, promote tobacco cessation among youth and adults and identify and eliminate tobacco-related disparities.

Youth Pregnancy and Violence Prevention

Granting Authority: 7AAC 78 - Grant Programs

Description of Services: This grant administers mini grants to youth groups in Alaska designed to strengthen and increase positive experiences that prevent teen pregnancies, promote healthy relationships, and empower young Alaskans to develop into healthy, respectful, caring, and responsible citizens.

Assessment of Need: Teen pregnancy is associated with several adverse outcomes affecting both mother and infant. Teen pregnancy is associated with several critical social issues including poverty and income, overall child well-being, education, child welfare and out-of-wedlock births. In addition, teens who have been victims of child abuse or intimate partner violence are more likely to have an unintended pregnancy and to engage in sexual risk behaviors. In Alaska in 2017, 7.3% of students in traditional high schools reported being physically hurt on purpose at least once by someone they were dating according to the Alaska Youth Risk Behavior Survey. The partner organization must choose grantees who work in regions that have a high incidence of early sexual onset, high rates of teen births or high rates of intimate partner violence as demonstrated by data and/or knowledge of community and population behaviors.

Service Delivery Area: Rural Alaska.

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions by Alaskans

Senior and Disabilities Services

Adult Day Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults; 7 AAC 130.200-319 Medicaid Home and Community Based Waiver Services

Description of Services: Adult Day Services (ADS) provide an organized program of services in a facility-based group setting, including supervision and a secure environment for individuals who experience Alzheimer's Disease and Related Disorders (ADRD), physical, emotional and/or other cognitive impairments. Services incorporate person-centered planning approaches in response to an evaluation of the person's functional health, social needs and interests. ADS programs are non-residential and occur during part of a day but less than 24 hours per day.

Assessment of Need: ADS provide supervised care during the day to eligible individuals at risk for institutionalization. Services provide therapeutic activities and supports programs that maintain or increase optimal mental and physical functioning. Additionally, services provide respite to caregivers to support continuing care at home, forestalling or avoiding the need for institutionalization. Expansion of Adult Day Services is needed to meet the needs of the increasing number of seniors with ADRD.

Service Delivery Area: Statewide

Senior and Disabilities Services

Aging and Disability Resource Centers

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.24 Protection of Vulnerable Adults, AS 47.65 Service Programs for Older Alaskans and Other Adults, Federal Authorization: PL 101-508 codified at 42 USC 1395b-4, section 4360 of the Omnibus Budget Reconciliation Act of 1990, 7AAC 127.030 (b), and 7AAC 127.190 (12).

Description of Services: The Aging and Disability Resource Centers (ADRC) program serves as an unbiased resource for information and assistance related to long term services and supports to seniors, people with disabilities, and to their caregivers and families. Core functions include information, referral and assistance, options counseling, streamlined benefits screening, person-centered transition support, as well as outreach and training. Additionally, all individuals seeking Medicaid funded support through Senior and Disability Services (SDS) will be required to complete the Person-Centered Intake process through the ADRC program to help streamline the process.

In FY2022, the ADRCs will take action to expand access to COVID-19 vaccines to serve all populations. Funding will provide resources to activities related to vaccine access, such as, scheduling vaccine appointments, transportation to vaccine sites, direct support services needed to attend to attend vaccine appointments, connection to in-home vaccination options, and providing education to older adults and people with disabilities about the importance of receiving the vaccine. In addition, these funds will enable the aging and disability networks to identify people who are unable to independently travel to vaccination sites and to provide technical assistance to local health departments on improving access to vaccines for people with disabilities and older adults.

Assessment of Need: As a result of the COVID-19 crisis, federal COVID Cares funding was awarded to the ADRC program in FY21 to cover costs associated with the pandemic.

With a growing senior population and rising costs for long term support services, the need for easily accessible, unbiased information, as well as expertise concerning available options and supported decision making, is an increasingly essential service. As SDS streamlines the process of accessing Medicaid funded services, the ADRC's will play an integral role in completing the person-centered intake form for each person seeking long term assistance. Beginning in FY2019, the ADRCs will serve as the entry point for all SDS Waiver services.

As the COVID-19 crisis continues into FY2022, additional federal funding is being provided under the ADRC/NWD COVID-19 Vaccine Access Supplemental Funding program to all ADRCs to ensure all Alaskans have access to the COVID-19 vaccine.

Service Delivery Area: ADRCs currently serve Anchorage, Kenai/Valdez/Cordova, Southeast Alaska, Bristol Bay/Kodiak, and the Matanuska-Susitna Borough. Additionally, in FY2019, the Fairbanks Northstar Borough will also be served by an ADRC.

Senior and Disabilities Services

Alaska State School for Deaf and Hard of Hearing Student Life Program

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

Description of Services: This program provides outreach, transportation, and housing utilizing "host families" for students attending the Alaska State School for Deaf and Hard of Hearing (ASSDHH). Additionally, the Student Life Center (SLC) supports the "host families" by providing training, assistance meeting licensing requirements, stipends, and respite. Services are provided 24 hours a day, seven days a week during the academic year.

Assessment of Need: Students from all over the state attend the Alaska State School for Deaf and Hard of Hearing and the SLC provides essential services to ensure the students from rural areas are able to attend. The SLC provides transportation and housing for students who attend whose families reside in rural areas outside of Anchorage. In addition, the SLC program also identifies "host families" in Anchorage who will provide a home-like environment to students while they are attending the school. The ASSDHH determines a child's needs and must refer the child to the program in order for the child to become a member of the SLC family.

Service Delivery Area: The Student Life Center is located in Anchorage and serves students from all over Alaska.

Alzheimer's Disease and Related Disorders - Education and Support Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 Duties of Department, AS 47.45 Older Alaskans, AS 47.65 Service Programs for Older Alaskans and Other Adult

Description of Services: Alzheimer's Disease and Related Disorders (ADRD) Education and Support provides statewide education and support services to people with Alzheimer's Disease and Related Disorders including Vascular Dementia, Parkinson's disease, Pick's disease, Huntington's disease, Lewy Bodies, HIV and alcohol related dementia and others. Services help families and caregivers to maintain the ADRD client at home, forestalling or preventing institutionalization. The scope of work includes education and dissemination of information about ADRD to the general public, healthcare professionals, professional caregivers, agencies and organizations to increase awareness of ADRD. Additionally, the program links caregivers and agencies with resources available in their area to continue caring for the individual with ADRD in their home and community.

Assessment of Need: People with dementia live an average of eight to ten years after diagnosis and it is estimated that 7 out of 10 people with ADRD live at home. Alzheimer's afflicts 1 in 10 persons over 65 and nearly half of all people over 85, and it is estimated that by 2025 Alaska will have approximately 12,000 individuals diagnosed with Alzheimer's Disease.

Behavioral Risk Management

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

Description of Services: As required by AS 47.80.100, the Department must, within the limits of appropriation, implement a comprehensive system of services and facilities dispersed throughout the state. The services required under this statute are specialized and directed towards addressing habilitation and crises needs of individuals with developmental disabilities.

This program provides wrap-around support interventions for adults with disabilities who have a history of victimization and remain at risk. Among the services provided are assessment, psychosocial skills training, socio-sexual skills training, clinical case management, and case consultation. Personal safety and risk reduction strategies are designed to assist individuals to live safely in their homes and communities. Behavioral risk management services are available for individuals with a history of inappropriate sexual behavior or victimization. Staff provide conference presentations, workshops, technical assistance and support, and are published writers in the area of disability and abuse.

Assessment of Need: Services are for individuals with developmental disabilities who display high risk or inappropriate behaviors and are at risk of institutionalization in corrections facilities, as well as individuals who, because of their disability, are more vulnerable to abuse. Training or support provided by this program must be accessible to direct service staff, school paraprofessionals, family members of people with disabilities, and other interested students in their home communities.

Centers for Independent Living

Granting Authority: 7AAC 78 - Grant Programs,

Title VII, Chapter I, Part B of the Rehabilitation Act, as amended by the Workforce Innovation and Opportunity Act (WIOA) of 2014; Alaska's State Plan on Independent Living (SPIL), Section 704 of the Rehabilitation Act, as amended, 29 U.S.C 796c(c). 34 CFR 364.1-364.57 and 34 CFR 365.1-365.32.

Description of Services: Centers for Independent Living are community based, cross-disability, non-profit organizations that are designed and operated by people with disabilities. Independent Living Centers provide five core services: 1) Individual systems advocacy, 2) Information and referral, 3) Peer counseling (including cross-disability peer counseling), 4) Independent living skills training, and 5) Transition services.

Assessment of Need: Centers for Independent Living provide expertise and assist individuals to live independently through the use of assistive technology, benefits counseling, job skill training, transportation, home and work accommodations, and other modifications.

Service Delivery Area: There are four designated Centers for Independent Living providing services throughout the state.

Southeast Alaska Independent Living serving Southeast Alaska.

Independent Living Center, Inc. serving Kenai Peninsula, Valdez, Cordova, and Kodiak.

Arctic Access serving Northwest Region including Kotzebue and Nome.

Access Alaska serving Anchorage, Mat-Su, Fairbanks and Interior.

Senior and Disabilities Services

Deaf Navigator

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 (17) Duties of the Department and AS 47.65 Service Programs for Older Alaskans and Other Adults

Description of Services: The Deaf Navigator Program will provide a range of resources and services designed to improve long-term employment and housing outcomes to Alaskans who are deaf or hard of hearing. The program will provide assistance navigating and accessing available resources, coordinate siloed service systems for individuals with multiple disabilities, provide training to employers and service providers on deaf culture values, coordinate with the Division of Vocational Rehabilitation to maximize employment supports, and assist individuals who are deaf and hard of hearing in accessing and maintaining appropriate and affordable housing. The Deaf Navigator Program will coordinate with the Denali Deaf Council and other community programs to promote independence and advocate for the needs of individuals throughout the state who are deaf or hard of hearing.

Assessment of Need: Rates of homelessness, unemployment and incarceration of individuals who are deaf and hard of hearing have increased over the last six years due to the elimination of the Anchorage Deaf and Hard of Hearing Center. Deaf individuals report increasing difficulty accessing available resources, finding and maintaining employment and housing due to lack of understanding of complex systems and communication barriers. Assistance with communication and coordinated service system supports can help ensure positive long term outcomes.

Developmental Disabilities Resource Connection

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80 Persons with Disabilities

Description of Services: The Developmental Disabilities Resource Connection (DDRC) (formerly Short-Term Assistance and Referral) Program provides information and assists individuals who experience developmental disabilities (DD) and their families with learning about and navigating various programs and services. The DDRC program serves as the entry point for families into the state's Medicaid Waiver developmental disability service system. DDRC programs explain the process and provide assistance to individuals and families completing the DD eligibility application, updating the Registration and Review form, completing Medicaid applications, and coordinating with other state and local programs.

Additionally, the DDRC program also provides access to Developmental Disability Safety-Net grant funds for the provision of direct services for those individuals who were previously being served with grants but were not eligible for Waiver services once the grant was discontinued. <<<<**Stone Soup Group, the sole statewide STAR provider, receives 100% of the funds and manages the program.**>>>>

Assessment of Need: The DDRC program was developed to assist individuals and their families with navigating the multi-tiered application process so they can receive community based supports in the least restrictive environment. The DDRC Program navigators are specifically trained to provide access to necessary services in a timely manner.

Early Intervention/Infant Learning Program

Granting Authority: 7AAC 78 - Grant Programs, AS 47.20.060-AS 47.20.290 (Special Services for Certain Children), 7AAC 023 (Programs for Handicapped Children) ; 34 CFR Part 303 (Early Intervention Program for Infants & Toddlers with Disabilities), P.L. 111-320 - (Child Abuse Prevention and Treatment Act, CAPTA)

Description of Services: The purpose of this grant program is to provide early intervention services to families of infants and toddlers (birth to third birthday) with disabilities and/or developmental delays to ensure improved outcomes and the development of natural supports for children and their families. Service delivery performance and program standards comply with the requirements of Part C the Federal Individuals with Disabilities Education Act (IDEA). The Early Intervention/Infant Learning Program (EI/ILP) grantees will provide family-centered, home-based services that include developmental evaluation/assessments, service coordination, development of Individualized Family Service Plans (IFSP), and educational and/or therapeutic services as determined by the EI/ILP team.

Assessment of Need: IDEA requires that comprehensive early intervention services be available to eligible infants and toddlers and their families in all areas of the state. Approximately 3000 infants and toddlers are referred to the Infant Learning Program for services annually. The Child Abuse Prevention and Treatment Act (CAPTA), reauthorized with the enactment of the Keeping Children and Families Safe Act of 2010 (P.L. 111-320), requires referral of infants and toddlers to Part C early intervention who are: (a) The subject of a substantiated case of child abuse or neglect; or (b) Identified as directly affected by illegal substance abuse or withdrawal symptoms resulting from prenatal drug exposure.

Senior and Disabilities Services

Health Promotion and Disease Prevention

Granting Authority: 7AAC 78 - Grant Programs,

Title III Older Americans Act (OAA); AS 47.05.010 Duties of the Department of Health and Social Services; AS 47.65 Service Programs for Older Alaskans and Other Adults

Description of Services: Provision of evidence-based health promotion, disease prevention (HPDP) programs to older Alaskans, aimed at reducing the risk of disease, disability, and injury.

Assessment of Need: The goal of HPDP, funded through Administration on Aging Title III-D, is to improve health and wellbeing of older Alaskan populations and to reduce costs of acute and long term care. Alaska has an increasing population of adults aged 60 and older. Most older adults have at least one chronic condition and many have multiple conditions. Adults over age 60 are increasingly likely to fall, which can result in loss of independence and entry into institutional care. Prevention activities, including self-management of chronic conditions, falls prevention, physical activity, and medication education, improve emotional and physical health, wellbeing, and sustain the ability to carry out activities of daily living so the person is able to remain at home.

Senior and Disabilities Services

Medicare Counseling and Outreach

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.24 Protection of Vulnerable Adults, AS 47.65 Service Program for older Alaskans and Other Adults, Federal Authorization: PL 101-508 certified at 42 USC 1395b-4, section 4360 of the Omnibus Budget Reconciliation Act of 1990, 7 AAC 127.030(b), and 7 AAC 127.190(12).

Description of Services: Medicare Counseling and Outreach (MCO) grants provide coordination of Medicare outreach, counseling, referral, and data-entry activities consistent with the State Health Insurance Assistance Program and Senior Medicare Patrol grants. As an extension of the Medicare Information Office, they provide one-on-one Medicare counseling and public media outreach to seniors and people with disabilities. Counseling and referral is performed both on-site and over the phone, and outreach is provided off-site at community locations and events.

Assessment of Need: Availability of Medicare counseling and information for beneficiaries is essential for accessing necessary health care and medications. Demand for Medicare Counseling and Outreach has increased with the expanding senior population in Alaska. Grants under this program increase the capacity of the Division of Senior and Disabilities Medicare Information Office to the growing population.

Service Delivery Area: Funding will leverage existing certified Medicare counselors to support and assist the State Medicare Information Office in providing information to the largest populated areas of the state, and also to beneficiaries statewide.

RBB Framework: Department Priorities

Senior and Disabilities Services

National Family Caregiver Support

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.05.010 (16) and (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults; Title III E of the Older Americans Act.

Description of Services: The National Family Caregiver Support (NFCS) program provides support to unpaid caregivers of individuals age 60 or older, persons with Alzheimer's disease or related disorders (regardless of age), and grandparents (age 55 or older) raising children no older than 18. NFCS services include providing information about available services, providing assistance in gaining access to services, individual counseling, organization of support groups, caregiver training, respite care, and supplemental services on a limited basis.

Assessment of Need: Family caregivers provide over \$450 billion per year in unpaid long term care services. The value of family caregivers will likely continue to be the largest source of long-term care services in the United States as the population over age 65 increases. Providing support to family caregivers may increase the length of time caregivers are able to care for their loved one at home.

Service Delivery Area: Statewide

Senior and Disabilities Services

Nutrition, Transportation and Support Services

Granting Authority: 7AAC 78 - Grant Programs,

Title III Older Americans Act (OAA); AS 47.05.010 (16) and (17) Duties of the DHSS; AS 47.65 Service Programs for Older Alaskans and Other Adults; 7 AAC 81 Grant Services for Individuals.

Description of Services: The Nutrition, Transportation and Support Services (NTS) Program grants provide for the following services for older persons in accordance with the Alaska State Plan for Senior Services FY2018-2022:

- Congregate and home delivered meals
- Assisted and unassisted transportation
- Homemaker services
- Outreach, information and assistance
- Legal services
- Media services (provides partial funding for the Senior Voice)
- Community services; senior companion, foster grandparent/elder mentor, and retired senior volunteer programs

The Nutrition Services Incentive Program (NSIP) provider agreement is reimbursement per meal in addition to the grant to enhance the nutrient quality of the meals served under Title III.

The NTS Title III grant and NSIP funds are combined for a Senior Meals through Schools Provider Agreement that reimburses for eligible senior meals served by Lower Kuskokwim School District. This has been determined to be a successful strategy for meeting the nutritional needs of rural elders.

Assessment of Need: Applicants for grants identify the target population as individuals with the greatest economic and social need with particular attention to older persons whose income falls below the guideline, live alone, are minorities, live in rural areas, and are frail as defined in Title III.

Service Delivery Area: Applicants may propose to serve one or more of the nine regions established by the Alaska Department of Health & Social Services, or provide statewide services.

Senior and Disabilities Services

Protection and Advocacy

Granting Authority: 7AAC 78 - Grant Programs,

Public Law 106-402 Americans with Disabilities Act; AS 47.80 Persons with Disabilities

Description of Services: The Protection and Advocacy Program provides people with developmental disabilities, and their families, training and assistance in methods to resolve grievances they may have with providers of community developmental disability services. Services funded by the program range from Information and Referral, Negotiation and Mediation, various Interventions in line with Administrative Recourse and, as a last resort, Legal Consultation and Remedies. The program exists to assist eligible individuals, sometimes through their families and guardians, to engage in their own advocacy. In collaboration with the Division of Senior and Disabilities Services, this grant has been used to emphasize training to recipients in such areas as Special Education, Social Security and the Americans with Disabilities Act.

Assessment of Need: Under the Federal Developmental Disabilities Act, the State must have a system of protection and advocacy that has the capacity to provide administrative and legal remedies to civil rights concerns for people with developmental disabilities. Further, the agency must be independent of any service-providing agencies.

Service Delivery Area: Statewide

Senior and Disabilities Services

Senior In-Home Services

Granting Authority: 7AAC 78 - Grant Programs, AS 47.05.010 (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults.

Description of Services: Senior In-Home (SIH) Services provide case management and in-home services to eligible seniors who do not qualify for Medicaid Waiver services and need assistance with activities of daily living. The goal of the program is to support Alaskan seniors so that they may remain in their homes and communities for as long as possible thereby forestalling or eliminating more costly institutional care. Services include Case Management, Chore, Respite, Extended Respite and Supplemental Services (up to \$500 per household per year for items or services that support the “low-income” senior in avoiding a crisis that would jeopardize their ability to remain independently in their home).

Assessment of Need: These services offer a safety net for low income seniors who do not meet the level of care for the Home and Community Based Medicaid Waiver program, especially those with Alzheimer’s Disease and related disorders (ADRD). By providing case management and in-home assistance, the SIH program is able to extend the time an individual can live independently in their own home and communities and reduce the need for costly institutional care. This continues to be very important as Alaska’s senior population is now the fastest growing per capita in the U.S.

Senior and Disabilities Services

Senior Residential Services

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.65 Service Programs for Older Alaskans; AS 47.33 and 7 AAC 75 Assisted Living Homes

Description of Services: This program provides additional funding to agencies who operate assisted living facilities. These facilities are located in rural areas without long-term care facilities or Pioneer Homes. Services provided by the assisted living homes are available to seniors 60 and over, and individuals who are unable to live alone but can reside in a supervised setting with minimal assistance. Assisted living facilities enable seniors to live in or near their communities, and provide meals and assistance with daily activities such as, bathing, dressing, transferring, and eating.

Assessment of Need: Elders who can no longer care for themselves in their own homes and do not have a caregiver to help them, must typically move to Anchorage or another large community to access assisted living care. Services provided by the assisted living homes in Tanana and Galena provide the necessary support for elders to remain close to their homes and communities. Initially, there were three rural assisted living homes providing services in Galena, Tanana and Dillingham; however, the assisted living home in Dillingham has since closed its doors. In FY2022, Elders in the Native Village of Unalakleet will need SRS services. For years, the Native Village has been building an ALH and has recently completed their project. The new 10-bed ALH is licensed, certified, and ready to accept Medicaid waiver clients. The new facility has a long waiting list and is in need of funding in order to provide services to the Elders in their community.

Service Delivery Area: Unalakleet, Tanana and Galena

RBB Framework: Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

Senior and Disabilities Services

Traumatic and Acquired Brain Injury

Granting Authority: 7AAC 78 - Grant Programs,

AS 47.80.500 Statewide Traumatic and Acquired Brain Injury Program.

Description of Services: The Traumatic and Acquired Brain Injury (TABI) Grant Program includes Resource Facilitation, Peer Support, & Supplemental Services. TABI Resource Facilitation encompasses the provision of care coordination, navigation to resources, modeling and teaching independent living skills, and case management. TABI Resource Facilitation supports individuals living with brain injury to utilize a comprehensive array of services including medical, rehabilitative, social, educational, vocational, in-home, and other needed services to improve quality of life and maintain independence. TABI Peer Support involves individuals with a brain injury receiving support from trained individuals with lived experience with a brain injury or a family member of an individual with a brain injury. Peer support will be offered by grantees who provide TABI Resource Facilitation services. The TABI Supplemental Services will be provided in the form of mini grants that will be administered by the grantees who provide TABI Resource Facilitation services. The Supplemental Services are intended to quickly respond to the needs of individuals with a brain injury to access services, supports, or items not covered by Medicaid or other funding sources; needs include medical, dental, behavioral health, housing, transportation, adaptive equipment, and other items and supports to assist the individual with improving quality of life and maintaining independence.

Assessment of Need: Alaska has one of the highest rates of brain injury in the nation. The Alaska Trauma Registry reports that every year approximately 2,500 new traumatic brain injury survivors join an estimated 10,000 to 12,000 Alaskans currently living with brain injury. Additionally, each year approximately 610 Alaskans are hospitalized, 150 individuals die, and an estimated 247 become permanently disabled due to a brain injury. Individuals who have experienced a brain injury have varying degrees of physical, cognitive, behavioral, and functional problems that impact their ability to live independently, causing difficulty gaining access to and utilizing health care providers, housing, employment, transportation, rehabilitation, and other home and community-based supports. Most people with TABI who leave acute care settings are discharged to home, where they piece together the limited supports available, and they may need substantial assistance to regain needed skills. TABI Resource Facilitation, Peer Support, and Supplemental Services will provide a direct link between individuals with TABI and the services and supports that they need to maintain independence and achieve quality of life in their homes and communities.

Service Delivery Area: Statewide with a requested physical presence in service areas of need: Anchorage, Mat-Su, Fairbanks, Northwest Arctic/Western remote Alaska, and Southeast Alaska.
